This interactive session includes two presentations: (1) Eligibility; and (2) Investigating and Reporting a Violation. This session is primarily intended for compliance administrators, registrars, faculty athletics representatives, admissions personnel, athletics directors, assistant athletics directors and coaches with a secondary audience of financial aid administrators. Appropriate breaks will be provided throughout the duration of the session.

Eligibility: During this session, NCAA staff will provide a traditional overview of the new Division II progress-toward-degree rules effective in August 2016 and the four-year college transfer rules. Thereafter, participants will apply and analyze the legislation by working through real-life progress-toward-degree and transfer certification scenarios (e.g., nuances of the annual credit-hour requirements, competition in year of transfer). Participants are highly encouraged to review the Division II Path to Graduation Education Toolkit and watch the webisodes for a primer on the rules before arriving at the seminar (www.ncaa.org/division-ii-path-graduation).

Investigating and Reporting a Violation: Ever worry that a violation has occurred? Or that you do not have an effective process in place to investigate? This session will assist participants in understanding how to properly investigate and report violations as well as develop effective policies and procedures to do so. NCAA enforcement and student-athlete reinstatement staff members will be present during this session.
