INDEX TO THE RULES

Official Indoor Rules 215

MODIFICATIONS
For all designated international competitions, the FIVB rules will be fully in effect. In addition, the original FIVB rules are used at the highest levels of competition (such as Adult Opens, PVL and High Performance) unless otherwise noted in the Specific Competitions Regulations. Modifications in the gray boxes apply to all other levels of competition.

EXAMPLE:

USA 1.1a: The free zone may be a minimum of 2 m (6’6 3/4”). It is not required that the free zone be symmetrical.

USA Volleyball recognizes that there are circumstances where grassroots development, sport development, safety or insurance requirements would indicate a need for a temporary rule modification (e.g., the number of substitutions might be expanded to include more participants at a school or recreational level).

Acknowledging that a rule may not be changed, in instances where the USAV member organizations feel that the promotion of the sport would be enhanced by temporary adjustments, they are encouraged to promote the advancement of the sport.

Suggestions for additional changes or temporary adjustments for inclusion in this document may be transmitted through members of the Rules Commission, regional officials chairpersons or commissioners during the season. Explanation and rationale of proposed modifications must be in the chair’s hands before **Feb. 1, 2016**, if they are to be considered at the 2016 annual meeting of the Rules Commission and before **Feb. 1, 2017** if they are to be considered at the 2017 annual meeting.

4.5.3 Compression pads (padded injury protection devices) may be worn for protection or support. For FIVB, World and Official competitions for Seniors, these devices must be of the same color as the corresponding part of the uniform.

6.1.3 Rally and completed rally
A rally is the sequence of playing actions from the moment of the service hit by the server until the ball is out of play. A completed rally is the sequence of playing actions which results in the award of a point. This includes the award of a penalty and loss of service for serving faults outside the time limit.

8.3 BALL "IN"
The ball is "in" if at any moment of its contact with the floor, some part of the ball touches the court, including the boundary lines.

11.3 CONTACT WITH THE NET
11.3.1 Contact with the net by a player between the antennae, during the action of playing the ball, is a fault. The action of playing the ball includes (among others) take-off, hit (or attempt) and landing.

11.4 PLAYER'S FAULTS AT THE NET
11.4.4. A player interferes with play by (amongst others):
- touching the net between the antennae or the antenna itself during his/her action of playing the ball,
- using the net between the antennae as a support or stabilizing aid
- creating an unfair advantage over the opponent by touching the net
- making actions which hinder an opponent’s legitimate attempt to play the ball,
- catching/holding on to the net.
Players close to the ball as it is played, or who are trying to play it, are considered in the action of playing the ball, even if no contact is made with the ball. However, touching the net outside the antenna is not to be considered a fault (except for Rule 9.1.3).
19.1 DESIGNATION OF THE LIBERO
19.1.1. Each team has the right to designate from the list of players on the score sheet up to two specialist defensive players: Liberos.

2015-2016 USAV Rule Changes for Indoor Volleyball

New USAV 4.1.2: One of the players is the team captain, who shall be indicated on the score sheet.

New USAV 4.1.3b: At least 10 minutes before the start of each match, including tournament play, each team shall submit a roster listing the names and uniform numbers of players eligible to participate in the match. The coach or team captain must sign the roster. A roster may be changed at any time during the match, but only to correct a uniform number. However, if the coach or game captain requests such a number change, that team will be charged with a penalty point. A roster may not be changed to add a player at any time after having been signed by the coach or team captain.

New USAV 4.3.3: The players’ jerseys must be numbered in a permanent manner from 1 to 99 using Arabic numerals. Duplicate numbers are not allowed.

New USAV 5: The Libero CAN be team captain, game captain or both.

New USAV 5.1.2: When the team captain is not on the court, the coach or the team captain must assign another player on the court to assume the role of game captain.

New USAV 5.1.2.1: If an explanation of an application or interpretation of a rule is not satisfactory to the game captain, he/she must immediately indicate his/her disagreement and file an official protest prior to the authorization of the next service. If the disagreement with the referees’ explanation involves the last point of the set, the official protest must be recorded within the first 60 seconds of the timed interval between sets. If the final point of the match is disputed, the protest must be recorded within the first 60 seconds after the final point of the match is scored. (Protest is ruled upon by the Championship Committee either immediately or prior to the start of the next set.) It is advisable to have an assigned Protest Committee available to rule upon a protest as soon as possible prior to the first service following the protest. Such action should preclude playing the match over from the point of protest if the protest is upheld. Protests considered by the 1st referee (Protest or Tournament Committee) include: 1) misinterpretation of a playing rule, 2) failure of the 1st referee to apply the correct rule to a given situation, or 3) failure to
charge the correct penalty-sanction for a given fault. Protest facts recorded on the score sheet include the: 1) score of the set at the time of the protest, 2) players and positions at the time of the protest, 3) player substitutions and team substitutions made up to the protest, 4) team time-outs taken up to the protest, 5) situation that caused the protest, and 6) signatures of the scorer, captains and 1st referee, indicating the facts are correct.

**New USAV 5.1.3:** The captain does not sign the score sheet after the match. It is no longer required that either coach sign the score sheet after the match to verify the results.

**Delete USAV 7.2.2c** (USAV 7.2.2 describes suggested warm-up protocols, and sections a and b are still in effect.)

**New USAV 8.4.2f:** If an official, media equipment or personnel or spectator interferes with a player’s legal attempt to play the ball over the playing area, a playover shall be directed.

**New USAV 17.3.2:** For tournament play where a court change is necessitated, the match will be continued from the point of the interruption.

**New USAV 17.3.2.2:** If the match is resumed on another playing court, the interrupted set shall continue normally with the same score, players (except expelled or disqualified ones) and positions. The sets already played will keep their scores.

**New USAV 19.1.1:** Each team has the right to designate from the list of players on the score sheet (roster) up to two specialized defensive players called Liberos. If the team chooses to designate two Liberos at the start of the match, they are designated as Liberos for the entire match. If the team chooses to designate only one Libero (or no Libero) at the start of the match, the team may choose to change the player designated as Libero for each set including playing any set with no Libero, but may not designate a second Libero for any subsequent set in the match.

**New USAV 19.4.2.5:** If the coach requests the team captain to be redesignated as the new Libero, this will be permitted and the team captain retains all leadership privileges.

**New USAV 25.2.3.3:** The 2nd referee is not required to sign the score sheet(s). It is no longer required that either coach sign the score sheet after the match to verify the results.
GAME CHARACTERISTICS

Volleyball is a sport played by two teams on a playing court divided by a net. There are different versions available for specific circumstances in order to offer the versatility of the game to everyone.

The object of the game is to send the ball over the net in order to ground it on the opponent's court, and to prevent the same effort by the opponent. The team has three hits for returning the ball (in addition to the block contact).

The ball is put in play with a service: hit by the server over the net to the opponents. The rally continues until the ball is grounded on the playing court, goes "out" or a team fails to return it properly.

In Volleyball, the team winning a rally scores a point (Rally Point System). When the receiving team wins a rally, it gains a point and the right to serve, and its players rotate one position clockwise.

Philosophy of Rules and Refereeing

Introduction
Volleyball is one of the most successful and popular competitive and recreational sports in the world. It is fast, it is exciting and the action is explosive. Yet Volleyball comprises several crucial overlapping elements whose complementary interactions render it unique among rally games:
In recent years, the FIVB has made great strides in adapting the game to a modern audience. This text is aimed at a broad volleyball public – players, coaches, referees, spectators or commentators – for the following reasons:

• Understanding the rules better allows better play – coaches can create better team structure and tactics, allowing players full rein to display their skills;
• Understanding the relationship between rules allows officials to make better decisions.

This introduction at first focuses on Volleyball as a competitive sport, before setting out to identify the main qualities required for successful refereeing.

**Volleyball is a Competitive Sport**

Competition taps latent strengths. It exhibits the best of ability, spirit, creativity and aesthetics. The rules are structured to allow all of these qualities. With a few exceptions, volleyball allows all players to operate both at the net (in attack) and in the back of the court (to defend or serve).

William Morgan, the game’s creator, would still recognize it because volleyball has retained certain distinctive and essential elements over the years. Some of these it shares with other net/ball/racquet games:

• service
• rotation (taking turns to serve)
• attack
• defense.

Volleyball is, however, unique amongst net games in insisting that the ball is in constant flight – a flying ball – and by allowing each team a degree of internal passing before the ball must be returned to the opponents.

The introduction of a specialist defensive player – the Libero – has moved the game forward in terms of rally length and multi-phase play. Modifications to the service rule have changed the act of service from simply a means of putting the ball in play to an offensive weapon.

The concept of rotation is entrenched to allow for all-around athletes. The rules on player positions must permit teams to have flexibility and to create interesting developments in tactics. Competitors use this framework to contest techniques, tactics and power. The framework also allows players a freedom of expression to enthuse spectators and viewers.

And the image of Volleyball is increasingly a good one. As the game evolves, there is no doubt that it will change – even better, stronger and faster.

**The Referee Within This Framework**

The essence of a good referee lies in the concept of fairness and consistency:

• To **be** fair to every participant;
• To be **viewed** as fair by the spectators.

This demands a huge element of trust – the referee must be trusted to allow the players to entertain:
• by being **accurate** in his/her **judgment**;
• by understanding why the rule is written;
• by being an **efficient organizer**;
• by allowing the competition to flow and by **directing** it to a conclusion;
• by being an **educator** – using the rules to penalize the unfair or admonish the impolite;
• by **promoting** the game – that is, by allowing the spectacular elements in the game to shine and the best players to do what they do best: **entertain** the public.

Finally, we can say that a good referee will use the rules to make the competition a fulfilling experience for **all** concerned.

To those who have read thus far, view the Rules that follow as the current state of development of a great game, but keep in mind why these preceding few paragraphs may be of equal importance to you in your own position within the sport.

**Get involved!**
**Keep the ball flying!**

SECTION I - THE GAME

CHAPTER 1
FACILITIES AND EQUIPMENT

1 PLAYING AREA
The playing area includes the playing court and the free zone. It shall be rectangular and symmetrical.

1.1 DIMENSIONS
The playing court is a rectangle measuring 18 x 9 m (59’ x 29’6”) surrounded by a free zone which is a minimum of 3 m (9’10”) wide on all sides.
The free playing space is the space above the playing area which is free from any obstructions. The free playing space shall measure a minimum of 7 m (23’) in height from the playing surface.

USAV 1.1a: The free zone may be a minimum of 2 m (6’6 3/4”). It is not required that the free zone be symmetrical.
USAV 1.1b: For nationally sanctioned competition and recommended for all other competitions, 7 m (23’) is the minimum free playing space (ceiling height).

For FIVB, World and Official Competitions, the free zone shall measure a minimum of 5 m (16’5”) from the side lines and 6.5 m (21’4”) from the end lines. The free playing space shall measure a minimum of 12.5 m (41’) in height from the playing surface.

1.2 PLAYING SURFACE
1.2.1 The surface must be flat, horizontal and uniform. It must not present any danger of injury to the players. It is forbidden to play on rough or slippery surfaces.

USAV 1.2.1: Players may mop the floor provided the 1st referee does not judge the action to be a delay.

For FIVB, World and Official Competitions, only a wooden or synthetic surface is allowed. Any surface must be previously approved by the FIVB.

USAV 1.2.1: For nationally sanctioned competition, USA Volleyball must approve the surface.

1.2.2 On indoor courts the surface of the playing court must be of a light color.

USAV 1.2.2: It is recommended the surface of the playing court be a light color or that other contrasting colors be used for the playing court and free zone.
For FIVB, World and Official Competitions, white colors are required for the lines. Other colors, different from each other, are required for the playing court and the free zone.

1.2.3 On outdoor courts a slope of 5 mm per meter is allowed for drainage. Court lines made of solid materials are forbidden.

### 1.3 LINES ON THE COURT

1.3.1 All lines are 5 cm (2”) wide. They must be of a light color which is different from the color of the floor and from any other lines.

**USAV 1.3.1:** Lines are not required to be of a light color as long as they contrast with the color of the floor.

1.3.2 Boundary lines

Two side lines and two end lines mark the playing court. Both side lines and end lines are drawn inside the dimensions of the playing court.

1.3.3 Center line

The axis of the center line divides the playing court into two equal courts measuring 9 x 9 m (29’6” x 29’6”) each; however, the entire width of the line is considered to belong to both courts equally. This line extends beneath the net from side line to side line.

1.3.4 Attack line

On each court, an attack line, whose rear edge is drawn 3 m (9’10”) back from the axis of the center line, marks the front zone.

**For FIVB, World and Official Competitions, the attack line is extended by the addition of broken lines from the side lines, with five 15 cm (6”) short lines 5 cm (2”) wide, drawn 20 cm (8”) from each other to a total length of 1.75 m (70”). The “coach’s restriction line” (a broken line which extends from the attack line to the end line of the court, parallel to the side line and 1.75 meters [70”] from it) is composed of 15 cm (6”) short lines drawn 20 cm (8”) apart to mark the limit of the coach’s area of operation.**

**USAV 1.3.4:** For nationally sanctioned competitions, the extensions of the attack lines outside the court are required as described above. These extensions are optional for all other events. The coach’s restriction line is optional for all events.
## 1.4 ZONES AND AREAS

### 1.4.1 Front zone

On each court the front zone is limited by the axis of the center line and the rear edge of the attack line.

The front zone is considered to extend beyond the side lines to the end of the free zone.

### 1.4.2 Service zone

The service zone is a 9 m (29'6") wide area behind each end line.

It is laterally limited by two short lines, each 15 cm (6") long, drawn 20 cm (8") behind the end line as an extension of the side lines. Both short lines are included in the width of the service zone.

In depth, the service zone extends to the end of the free zone.

USAV 1.4.2: **The service zone shall have a minimum depth of 2 m (6'6 3/4"). If this zone is fewer than 2 m (6'6 3/4") [Rule 1.4.2], a line shall be marked on the court to provide the minimum depth. After the service, the line is ignored and becomes part of the court.**

### 1.4.3 Substitution zone

The substitution zone is limited by the extension of both attack lines up to the scorer’s table.

### 1.4.4 Libero Replacement Zone

The Libero Replacement Zone is part of the free zone on the side of the team benches, limited by the extension of the attack line up to the end line.

### 1.4.5 Warm-up area

For FIVB, World and Official Competitions, the warm-up areas, sized approximately 3 x 3 m (9’10” x 9’10”), are located in both of the bench-side corners, outside the free zone.

USAV 1.4.5: **The warm-up area is at the end of the bench or bench area, and no nearer to the court than the front of the team bench. Substitutes must not interfere with play or the officials’ duties.**

### 1.4.6 Penalty Area

A penalty area, sized approximately 1 x 1 m (39” x 39”) and equipped with two chairs, is located in the control area, outside the prolongation of each end line. They may be limited by a 5 cm (2") wide red line.

USAV 1.4.6: **Inclusion of a penalty area is recommended.**
1.5 TEMPERATURE
The minimum temperature shall not be below 10° C (50° F). For FIVB, World and Official Competitions, the maximum temperature shall not be higher than 25° C (77° F) and the minimum not lower than 16° C (61° F).

1.6 LIGHTING
For FIVB, World and Official Competitions, the lighting on the playing area should be 1000 to 1500 lux measured at 1 m (39") above the surface of the playing area.

USAV 1.6: For nationally sanctioned USA Volleyball competition, the lighting on the playing area should be 300 lux (27.9 foot candles) measured at 1 m (39") above the playing surface.

2 NET AND POSTS

2.1 HEIGHT OF THE NET
2.1.1 Placed vertically over the center line there is a net whose top is set at the height of 2.43 m (7'11 5/8") for men and 2.24 m (7'4 1/8") for women.

USAV 2.1: The height of the net may vary for specific age groups as follows:

<table>
<thead>
<tr>
<th>AGE GROUPS</th>
<th>FEMALE/REVERSE CO-ED</th>
<th>MALE/CO-ED</th>
</tr>
</thead>
<tbody>
<tr>
<td>70 years and above</td>
<td>2.19 m (7’2 1/8&quot;)</td>

<td>2.13 m (7’0&quot;)</td>
</tr>
</tbody>
</table>

2.1.2 Its height is measured from the center of the playing court. The net height (over the two side lines) must be exactly the same and must not exceed the official height by more than 2 cm (3/4”).

2.2 STRUCTURE
The net is 1 m (39") wide and 9.50 to 10 meters (31’6”-33’) long (with 25 to 50 cm [10”-19 1/2"] on each side of the side bands), made of 10 cm (4”) square black mesh.

For FIVB, World and Official Competitions, in con-
junction with specific competition regulations the mesh may be modified to facilitate advertising according to marketing agreements.

At its top a horizontal band, 7 cm (2 3/4”) wide, made of two-fold white canvas, is sewn along its full length. Each extreme end of the band has a hole, through which passes a cord, fastening the band to the posts for keeping its top taut.

USAV 2.2: At its top, a horizontal band 5 to 7 cm (2 to 2 3/4”) wide, made of two-fold white canvas, is sewn along its full length.

Within the band, a flexible cable fastens the net to the posts and keeps its top taut.

At the bottom of the net there is another horizontal band, 5 cm (2”) wide, similar to the top band, through which is threaded a rope. This rope fastens the net to the posts and keeps its lower part taut.

2.3 SIDE BANDS

Two white bands are fastened vertically to the net and placed directly above each side line.

They are 5 cm (2”) wide and 1 m (39”) long and are considered as part of the net.

USAV 2.3: The side bands are optional.

2.4 ANTENNAE

An antenna is a flexible rod, 1.80 m (5’11”) long and 10 mm (3/8”) in diameter, made of fiberglass or similar material.

An antenna is fastened at the outer edge of each side band. The antennae are placed on opposite sides of the net.

The top 80 cm (32”) of each antenna extends above the net and is marked with 10 cm (4”) stripes of contrasting color, preferably red and white.

The antennae are considered as part of the net and laterally delimit the crossing space.

2.5 POSTS

2.5.1 The posts supporting the net are placed at a distance of 0.50-1.00 m (20”-39”) outside the side lines. They are 2.55 m (8’4”) high and preferably adjustable.

For all FIVB, World and Official Competitions, the posts supporting the net are placed at a distance of 1 m (39”) outside the side lines.

2.5.2 The posts are rounded and smooth, fixed to the ground without wires. There shall be no dangerous or obstructing devices.

USAV 2.5.2: Ceiling mounted net systems are allowed.
2.6 ADDITIONAL EQUIPMENT

All additional equipment is determined by FIVB regulations. USAV 2.6:

a. If the posts are secured by barrels or other supporting apparatus, there must be some means of clearly identifying the barrels or supporting apparatus. All other dangerous or obstructing devices must be eliminated. Metal cables, tensioning devices and other exposed wires may need to be covered if the referees determine these items may cause injury to players.

b. All wires that support posts from the floor will be eliminated, or if that is not possible, then all exposed wires must be padded with at least 1.25 cm (1/2") thick, resilient, shock absorbing material throughout the entire length. The padding must be clearly recognizable.

c. Posts shall be padded to a minimum height of 1.7 m (5'6") with at least 1.25 cm (1/2") thick, resilient, shock absorbing material.

d. Basic equipment includes a referee stand, which should be adjustable to allow the referee’s eye position to be approximately 50 cm (19") above the top of the net. It should be constructed so that it presents the least potential hazard for participants. Step ladders, jump boxes and other devices not specifically designed as referee stands shall not be used. If an appropriate referee stand cannot be provided, the 1st referee performs his/her functions from the floor.

e. The front and sides of the referee’s stand must be padded in the same manner as the posts to a height of 1.7 m (5'6").

f. The scoreboard must be divided into two parts with numbers that provide the score for each team. The score displayed on the scoreboard is not official and may not be used as a basis of protest.

3 BALLS

3.1 STANDARDS

The ball shall be spherical, made of a flexible leather or synthetic leather case with a bladder inside, made of rubber or a similar material. Its color may be a uniform light color or a combination of colors. Synthetic leather material and color combinations of balls used in International Official competitions should comply with FIVB standards.
Its circumference is 65-67 cm (25.6” to 26.4”) and its weight is 260-280 g (9 to 10 oz).
Its inside pressure shall be 0.30 to 0.325 kg/cm² (4.26 to 4.61 psi) (294.3 to 318.82 mbar or hPa).

**USAV 3.1:** Twelve-and-under competition at the USAV Junior National Championships will be conducted using a ball with the same circumference and inside pressure as listed in Rule 3.1, but with a weight of 198 to 227 g (7 to 8 oz).

### 3.2 UNIFORMITY OF BALLS
All balls used in a match must have the same standards regarding circumference, weight, pressure, type, color, etc.

**FIVB, World and Official Competitions, as well as National or League Championships, must be played with FIVB approved balls, unless by agreement of FIVB.**

**USAV 3.2:** For nationally sanctioned competition, USA Volleyball must approve the game balls.

### 3.3 FIVE-BALL SYSTEM
For FIVB, World and Official Competitions, five balls shall be used. In this case, six ball retrievers are stationed, one at each corner of the free zone and one behind each referee.

**USAV 3.3:** For nationally sanctioned USA Volleyball competitions, the three-ball system is recommended.
CHAPTER 2
PARTICIPANTS

4 TEAMS

4.1 TEAM COMPOSITION

4.1.1 For the match, a team may consist of up to 12 players, plus
- Coaching Staff: one coach, a maximum of two assistant coaches,
- Medical Staff: one team therapist and one medical doctor.

Only those listed on the score sheet may normally enter the Competition/Control Area and take part in the official warm up and in the match.

For FIVB, World and Official Competitions for Seniors, up to 14 players may be recorded on the score sheet and play in a match. The maximum five staff members on the bench (including the coach) are chosen by the coach him/herself but must be listed on the score sheet and be registered on the O-2(bis).

For FIVB, World and Official Competitions, a medical doctor and team therapist should be part of the Delegation and accredited beforehand by the FIVB. However, for FIVB, World and Official Competitions for Seniors, if they are not included as members on the team bench, they must sit against the delimitation fence, inside the Competition-Control Area and may only intervene if invited by the referees to deal with an emergency to the players. The team therapist (even if not on the bench) may assist with the warm up until the start of the official net warm up session.

USAV 4.1.1:  
a. Players are the team members on the team court.  
Substitutes are team members in uniform who are not in the starting line-up of a set.

b. A team may consist of a maximum of 15 players and five coaches/staff personnel (unless modified by the Specific Competition Regulations).
4.1.2 One of the players, other than the Libero, is the team captain, who shall be indicated on the score sheet.

4.1.3 Only the players recorded on the score sheet may enter the court and play in the match. Once the coach and the team captain have signed the score sheet (team list for electronic score sheet), the recorded players cannot be changed.

**USAV 4.1.3**

- **a.** The coach and captain do not need to sign the score sheet before the match except for the Open Division of the USA Volleyball Open National Championships.
- **b.** At least 10 minutes before the start of each match, including tournament play, each team shall submit a roster listing the names and uniform numbers of players eligible to participate in the match. The coach or team captain must sign the roster. A roster may be changed at any time during the match, but only to correct a uniform number. However, if the coach or game captain requests such a number change, that team will be charged with a penalty point. A roster may not be changed to add a player at any time after having been signed by the coach or team captain.

### 4.2 LOCATION OF THE TEAM

4.2.1 The players not in play should either sit on their team bench or be in their warm-up area. The coach and other team members sit on the bench, but may temporarily leave it. The benches for the teams are located beside the scorer’s table, outside the free zone.

4.2.2 Only the team composition members are permitted to sit on the bench during the match and to participate in the official warm-up session.

4.2.3 Players not in play may warm up without balls as follows:
- **4.2.3.1** during play: in the warm-up areas;
- **4.2.3.2** during time-outs and technical time-outs: in the free zone behind their court.

4.2.4 During set intervals, players may warm up using balls **within their own free zone. During the extended interval between sets 2 and 3 (if used), players may use their own court as well.**

**USAV 4.2.4:** During set intervals, players may warm up using balls on their court or in the free zone.
4.3 EQUIPMENT

A player’s equipment consists of a jersey, shorts, socks (the uniform) and sport shoes.

**USAV 4.3:** If undergarments, including but not limited to T-shirts, boxer shorts, tights, leotards, body suits, bicycle shorts, sports bras, etc., are worn in such a manner that they are exposed, they will be considered a part of the uniform. In that case, they must be similar and the same color for any team members (except the Libero) who wear such a uniform. Socks and sport shoes are not part of the uniform.

4.3.1 The color and the design for the jerseys, shorts and socks must be uniform for the team (except for the Libero). The uniforms must be clean.

**USAV 4.3.1:** The color and design for the jerseys and shorts must be uniform for the team (except for the Libero).

4.3.2 The shoes must be light and pliable with rubber or composite soles without heels.

4.3.3 Players’ jerseys must be numbered from 1 to 20.

**USAV 4.3.3:** The players’ jerseys must be numbered in a permanent manner from 1 to 99 using Arabic numerals. Duplicate numbers are not allowed.

4.3.3.1 The number must be placed on the jersey at the center of the front and of the back. The color and brightness of the numbers must contrast with the color and brightness of the jerseys.

**USAV 4.3.3.1**

a. Uniform numbers must be clearly visible and centered (both horizontally and vertically) on the player’s chest and upper back.

b. Each jersey must use the same color and number height for all players, except the Libero’s jersey, which may have different color and size numbers, provided it still meets the minimum criteria stated in USAV 4.3.3.2.

c. Color combinations such as purple/black, dark green/black, navy/black, white/light yellow or navy/maroon are not distinctive enough to comply with the rules.

4.3.3.2 The number must be a minimum of 15 cm (6”) in height on the chest, and a minimum of 20 cm
(8”) in height on the back. The stripe forming the numbers shall be a minimum of 2 cm (3/4”) in width.

**USAV 4.3.3.2:** The numbers must be a minimum of 10 cm (4”) in height on the chest and a minimum of 15 cm (6”) in height on the back. It is recommended that the numbers be a minimum of 15 cm (6”) in height on the chest and a minimum of 20 cm (8”) on the back.

4.3.4 The team captain must have on his/her jersey a stripe of 8 x 2 cm (3.15” x 8/10”) underlining the number on the chest.

**USAV 4.3.4:** It is recommended that the captain have a stripe on his/her jersey underlining the number on the chest.

4.3.5 It is forbidden to wear uniforms of a color different from that of the other players (except for the Liberos), and/or without official numbers.

**USAV 4.3.5:** For nationally sanctioned competition, uniforms must be identical with the exception of sleeve length and the Libero players. An exception will also be made for a single manufacturer’s logo or trademark on the outside of the jerseys or shorts, provided that the logo or trademark does not exceed 14.6 square cm (2 1/4 square inches).

### 4.4 CHANGE OF EQUIPMENT

The 1st referee may authorize one or more players:

- 4.4.1 to play barefoot;
- 4.4.2 to change wet or damaged uniforms between sets or after substitution, provided that the color, design and number of the new uniform(s) are the same,
- 4.4.3 to play in training suits in cold weather, provided that they are of the same color and design for the whole team (except for the Liberos) and numbered according to Rule 4.3.3.

### 4.5 FORBIDDEN OBJECTS

4.5.1 It is forbidden to wear objects which may cause injury or give an artificial advantage to the player.

**USAV 4.5.1:** It is forbidden to wear hats or casts (even if padded). Braces, jewelry, prosthetic limbs or other headgear that may cause an injury or give an
artificial advantage to the player must not be worn. If a brace, prosthetic limb or headgear is used, padding or covering may be necessary. A junior volleyball athlete participating in a junior event may not wear jewelry. An exception will be made for religious or medical medals that are removed from chains and taped or sewn under the uniform.

4.5.2 Players may wear glasses or lenses at their own risk.

USAV 4.5.2: If a player’s equipment falls to the floor and creates a safety hazard, play is stopped and a delay sanction assessed.

4.5.3 Compression pads (padded injury protection devices) may be worn for protection or support.

For FIVB, World and Official Competitions for Seniors, these devices must be of the same color as the corresponding part of the uniform.

5 TEAM LEADERS

Both the team captain and the coach are responsible for the conduct and discipline of their team members. The Liberos cannot be either the team or game captain.

USAV 5: The Libero CAN be team captain, game captain or both.

5.1 CAPTAIN

5.1.1 PRIOR TO THE MATCH, the team captain signs the score sheet and represents his/her team in the toss.

USAV 5.1.1: The captain does not sign the score sheet before the match.

5.1.2 DURING THE MATCH and while on the court, the team captain is the game captain. When the team captain is not on the court, the coach or the team captain must assign another player on the court, but not the Libero, to assume the role of game captain. This game captain maintains his/her responsibilities until he/she is substituted, or the team captain returns to play, or the set ends.

When the ball is out of play, only the game captain is authorized to speak to the referees:

USAV 5.1.2: When the team captain is not on the court the coach or the team captain must assign another player on the court to assume the role of game captain.

5.1.2.1 to ask for an explanation on the application or interpretation of the Rules, and also to submit the requests or questions of his/her team-
mates. If the game captain does not agree with the explanation of the 1st referee, he/she may choose to protest against such decision and immediately indicates to the 1st referee that he/she reserves the right to record an official protest on the score sheet at the end of the match;

**USAV 5.1.2.1:** If an explanation of an application or interpretation of a rule is not satisfactory to the game captain, he/she must immediately indicate his/her disagreement and file an official protest prior to the authorization of the next service. If the disagreement with the referees’ explanation involves the last point of the set, the official protest must be recorded within the first 60 seconds of the timed interval between sets. If the final point of the match is disputed, the protest must be recorded within the first 60 seconds after the final point of the match is scored. (Protest is ruled upon by the Championship Committee either immediately or prior to the start of the next set.) It is advisable to have an assigned Protest Committee available to rule upon a protest as soon as possible prior to the first service following the protest. Such action should preclude playing the match over from the point of protest if the protest is upheld. Protests considered by the 1st referee (Protest or Tournament Committee) include: a) misinterpretation of a playing rule, b) failure of the 1st referee to apply the correct rule to a given situation, or c) failure to charge the correct penalty-sanction for a given fault. Protest facts recorded on the score sheet include the: 1) score of the set at the time of the protest, 2) players and positions at the time of the protest, 3) player substitutions and team substitutions made up to the protest, 4) team time-outs taken up to the protest, 5) situation that caused the protest, and 6) signatures of the scorer, captains and 1st referee, indicating the facts are correct.

5.1.2.2 to ask authorization:

a) to change all or part of the equipment; b) to verify the positions of the teams;
c) to check the floor, the net, the ball, etc.;

**USAV 5.1.2.2:** For nationally sanctioned 14-and-under competition, the coach may act instead of the game captain to perform the functions stated in 5.1.2.1 and 5.1.2.2.

5.1.2.3 in the absence of the coach to request time-outs and substitutions.

**USAV 5.1.2.3:** The captain may request a time-out.

5.1.3 AT THE END OF THE MATCH, the team captain:

5.1.3.1 thanks the referees and signs the score sheet to ratify the result;

5.1.3.2 may, when it has been notified in due time to the 1st referee, confirm and record on the score sheet an official protest regarding the referee’s application or interpretation of the rules.

**USAV 5.1.3:** The captain does not sign the score sheet after the match. It is no longer required that either coach sign the score sheet after the match to verify the results.

### 5.2 COACH

5.2.1 Throughout the match, the coach conducts the play of his/her team from outside the playing court. He/she selects the starting line-ups, the substitutes, and takes time-outs. In these functions his/her contacting official is the 2nd referee.

5.2.2 PRIOR TO THE MATCH, the coach records or checks the names and numbers of his/her players on the score sheet, and then signs it.

**USAV 5.2.2:** The coach does not sign the score sheet before the match.

5.2.3 DURING THE MATCH, the coach:

5.2.3.1 prior to each set, gives the 2nd referee or the scorer the line-up sheet(s) duly filled in and signed;

5.2.3.2 sits on the team bench nearest to the scorer, but may leave it;

5.2.3.3 requests time-outs and substitutions;

**USAV 5.2.3:** During the match the coach is authorized to speak to the referees to verify the positions of the teams.

5.2.3.4 may, as well as other team members, give instructions to the players on the court. The coach may give these instructions while stand-

D1a,
ing or walking within the free zone in front of his/her team's bench from the extension of the attack line up to the warm-up area, without disturbing or delaying the match.

**For FIVB, World and Official Competitions, the coach is restricted to performing his/her function behind the coach's restriction line.**

USAV 5.2.3.4: During play, the coach may give these instructions while standing or walking within the free zone in front of his/her team's bench from the extension of the attack line up to the warm-up area, no closer to the court than 1.75 m (5’10”) from the sideline and its extension without disturbing or delaying the match. The extension of the attack line is drawn to a distance of 1.75 m (5’10”) from the sideline.

### 5.3 ASSISTANT COACH

5.3.1 The assistant coach sits on the team bench, but has no right to intervene in the match.

USAV 5.3.1: One assistant coach at a time may stand to give instructions to the players on the court, but has no right to intervene in the match. During play, this assistant coach may give these instructions while standing or walking within the free zone in front of his/her team's bench from the extension of the attack line up to the warm-up area, and no closer to the court than 1.75 m (5’10”) from the sideline and its extension, without disturbing or delaying the match. The extension of the attack line is drawn to a distance of 1.75 m (5’10”) from the sideline.

5.3.2 Should the coach have to leave his/her team for any reason including sanction, but excluding entering the court as a player, an assistant coach may assume the coach's functions for the duration of the absence, once confirmed to the referee by the game captain.
CHAPTER 3
PLAYING FORMAT

6 TO SCORE A POINT, TO WIN A SET AND THE MATCH

See Rules

6.1 TO SCORE A POINT

6.1.1 Point
A team scores a point:
6.1.1.1 by successfully grounding the ball on the opponent’s court;
6.1.1.2 when the opponent team commits a fault;
6.1.1.3 when the opponent team receives a penalty.

6.1.2 Fault
A team commits a fault by making a playing action contrary to the rules (or by violating them in some other way). The referees judge the faults and determine the consequences according to the Rules:
6.1.2.1 If two or more faults are committed successively, only the first one is counted.
6.1.2.2 If two or more faults are committed by opponents simultaneously, a DOUBLE FAULT is called and the rally is replayed.

6.1.3 Rally and completed rally
A rally is the sequence of playing actions from the moment of the service hit by the server until the ball is out of play. A completed rally is the sequence of playing actions, which results in the award of a point. This includes the award of a penalty point and loss of service for failing to serve within the time limit.

6.1.3.1 If the serving team wins a rally, it scores a point and continues to serve.
6.1.3.2 If the receiving team wins a rally, it scores a point and it must serve next.

6.2 TO WIN A SET
A set (except the deciding 5th set) is won by the team which first scores 25 points with a minimum lead of two points. In the case of a 24-24 tie, play is continued until a two-point lead is achieved (26-24; 27-25; ...).
6.3 TO WIN THE MATCH

6.3.1 The match is won by the team that wins three sets.
6.3.2 In the case of a 2-2 tie, the deciding 5th set is played
to 15 points with a minimum lead of 2 points.

**USAV 6.3:**

*a.* For tournament play, the match is won by the team that
wins two sets out of three. A set (except the deciding third set) is won by the first team to score 25 points with a
minimum lead of two points.

*b.* A playoff set is considered a match and only one set will
be played. The match is won by the team that scores
either 15 or 25 (as specified in the tournament guidelines) with a two-point advantage. Teams change courts
when one team has scored eight or 13 points, respectively.

6.4 DEFAULT AND INCOMPLETE TEAM

6.4.1 If a team refuses to play after being summoned to do
so, it is declared in default and forfeits the match with
the result 0-3 for the match and 0-25 for each set.

6.4.2 A team that, without justifiable reason, does not appear
on the playing court on time is declared in default with
the same result as in Rule 6.4.1.

6.4.3 A team that is declared INCOMPLETE for the set or for
the match, loses the set or the match. The opponent
team is given the points, or the points and the sets,
needed to win the set or the match. The incomplete
team keeps its points and sets.

**USAV 6.4:** Matches that are two sets out of three
would have a default match score of 0-2.

7  STRUCTURE OF PLAY

7.1 THE TOSS

Before the match, the 1st referee carries out a toss to decide
upon the first service and the sides of the court in the first set.
If a deciding set is to be played, a new toss will be carried out.

7.1.1 The toss is taken in the presence of the two team
captains.

7.1.2 The winner of the toss chooses:

**EITHER**

7.1.2.1 the right to serve or to receive the service,

7.1.2.2 the side of the court.

The loser takes the remaining choice.
7.2 OFFICIAL WARM-UP SESSION

7.2.1 Prior to the match, if the teams have previously had a playing court exclusively at their disposal, they are entitled to a 6-minute official warm-up period together at the net; if not, they may have 10 minutes.

For FIVB, World and Official competitions, teams will be entitled to a 10-minute warm up period together at the net.

7.2.2 If either captain requests separate (consecutive) official warm-ups at the net, the teams are allowed 3 minutes each or 5 minutes each.

USAV 7.2.2

a. For adult competition, it is recommended that teams warm up together at the net for 10 minutes if both team captains agree; otherwise, each team will have five minutes separately. For consecutive warm-up periods, the team with first service has the court first.

b. For junior competition, when one team has exclusive use of the court, the other team must either be at its team bench or out of the playing area. Warming up with balls at the team bench or in the spectator walkways is not permitted.

7.2.3 In the case of consecutive official warm-ups, the team that has the first service takes the first turn at the net.

7.3 TEAM STARTING LINE-UP

7.3.1 There must always be six players per team in play. The team’s starting line-up indicates the rotational order of the players on the court. This order must be maintained throughout the set.

USAV 7.3.1: If failure to adhere to Rule 7.3.1 is due to insufficient players on a team to begin a match, the team defaults the first set at match time. After a team defaults the first set of a match, an interval of up to 10 minutes shall be allowed for the team to produce sufficient players to play the next set. If the team has six players present prior to the expiration of this interval, play shall begin immediately. If, after the 10-minute interval a team does not have at least six players present and ready to play, the second set shall be declared a default. If the match consists of the best three out of five sets, an additional 10-minute interval shall be allowed before declaring the match a default.
7.3.2 Before the start of each set, the coach has to present the starting line-up of his/her team on a line-up sheet. The sheet is submitted, duly filled in and signed, to the 2nd referee or the scorer.

**USAV 7.3.2:** At least two minutes before the end of the timed warm-up period and 30 seconds prior to the expiration of the interval between sets, a coach or game captain submits the team’s starting line-up on a signed line-up sheet to the 2nd referee or scorer.

7.3.3 The players who are not in the starting line-up of a set are the substitutes for that set (except the Liberos).

7.3.4 Once the line-up sheet has been delivered to the 2nd referee or scorer, no change in line-up may be authorized without a regular substitution.

7.3.5 Discrepancies between players’ position on court and on the line-up sheet are dealt with as follows:

7.3.5.1 When such a discrepancy is discovered before the start of the set, players’ positions must be rectified according to those on the line-up sheet—there will be no sanction;

7.3.5.2 when, before the start of the set, any player on court is found not to be registered on the line-up sheet of that set, this player must be changed to conform to the line-up sheet—there will be no sanction;

7.3.5.3 however, if the coach wishes to keep such non-recorded player(s) on the court, he/she has to request regular substitution(s), by use of the corresponding hand signal, which will then be recorded on the score sheet. If a discrepancy between players’ positions and the line-up sheet is discovered later, the team at fault must revert to the correct positions. The opponent’s points remain valid and in addition they receive a point and the next service. All points scored by the team at fault from the exact moment of the fault up to the discovery of the fault are cancelled.

7.3.5.4 Where a player is found to be on court but he/she is not registered on the score sheet list of players, the opponent’s points remain valid, and in addition they gain a point and service. The team at fault will lose all points and/or sets (0:25, if necessary) gained from
the moment the non-registered player entered the court, and will have to submit a revised line-up sheet and send a new registered player into the court, in the position of the non-registered player.

7.4 POSITIONS

At the moment the ball is hit by the server, each team must be positioned within its own court in the rotational order (except the server).

7.4.1 The positions of the players are numbered as follows:

7.4.1.1 The three players along the net are front-row players and occupy positions 4 (front-left), 3 (front-center) and 2 (front-right);

7.4.1.2 The other three are back-row players occupying positions 5 (back-left), 6 (back-center) and 1 (back-right).

7.4.2 Relative positions between players:

7.4.2.1 Each back-row player must be positioned further back from the center line than the corresponding front-row player;

7.4.2.2 The front-row players and the back-row players, respectively, must be positioned laterally in the order indicated in Rule 7.4.1.

7.4.3 The positions of players are determined and controlled according to the positions of their feet contacting the ground as follows:

7.4.3.1 Each front-row player must have at least a part of his/her foot closer to the center line than the feet of the corresponding back-row player;

7.4.3.2 Each right- (left-) side player must have at least a part of his/her foot closer to the right (left) side line than the feet of the center player in that row.

USAV 7.4.3: The position of the players is judged according to the position of the foot last in contact with the floor at the time the ball is contacted for service.

7.4.4 After the service hit, the players may move around and occupy any position on their court and the free zone.
7.5 POSITIONAL FAULT

7.5.1 The team commits a positional fault, if any player is not in his/her correct position at the moment the ball is hit by the server. This includes when a player is on court through illegal substitution.

7.5.2 If the server commits a serving fault at the moment of the service hit, the server’s fault is counted before a positional fault.

7.5.3 If the service becomes faulty after the service hit, it is the positional fault that will be counted.

7.5.4 A positional fault leads to the following consequences:
   7.5.4.1 the team is sanctioned with a point and service to the opponent;
   7.5.4.2 players’ positions must be rectified.

7.6 ROTATION

7.6.1 The rotational order is determined by the team’s starting line-up and controlled with the service order and players’ positions throughout the set.

7.6.2 When the receiving team has gained the right to serve, its players rotate one position clockwise: the player in position 2 rotates to position 1 to serve, the player in position 1 rotates to position 6, etc.

7.7 ROTATIONAL FAULT

7.7.1 A rotational fault is committed when the SERVICE is not made according to the rotational order. It leads to the following consequences in order:

   USAV 7.7.1: A rotational fault is committed when a Libero serves in a second rotation position in the same set.

   7.7.1.1 the team is sanctioned with a point and service to the opponent;
   7.7.1.2 the players’ rotational order must be rectified.

7.7.2 Additionally, the scorer should determine the exact moment when the fault was committed, and all points scored subsequently by the team at fault must be cancelled. The opponent’s points remain valid. If that moment cannot be determined, no point(s) cancellation takes place, and a point and service to the opponent is the only sanction.
CHAPTER 4
PLAYING ACTIONS

8 STATES OF PLAY

8.1 BALL IN PLAY
The ball is in play from the moment of the hit of the service authorized by the 1st referee.

8.2 BALL OUT OF PLAY
The ball is out of play at the moment of the fault which is whistled by one of the referees; in the absence of a fault, at the moment of the whistle.

USAV 8.2: In the case of an inadvertent whistle, the rally is ended. The 1st referee must make a ruling that will not penalize either team.

8.3 BALL “IN”
The ball is “in” if at any moment of its contact with the floor, some part of the ball touches the court, including the boundary lines.

8.4 BALL “OUT”
The ball is “out” when:

8.4.1 the part of the ball which contacts the floor is completely outside the boundary lines;

8.4.2 it touches an object outside the court, the ceiling or a person out of play;

USAV 8.4.2: A ball, other than a served ball, shall remain in play if it contacts the ceiling or other overhead objects 4.6 m (15') or more above the playing area.

a. If benches, bleachers, low-hanging baskets or other floor obstructions are fewer than 2 m (6'6 3/4") from the court and interfere with play of the ball, the ball becomes out of play and a playover may be directed at the 1st referee’s discretion.

b. The ball is out of play when:

i. Rule 10.1.2 is not in effect, and the ball makes contact with the ceiling or obstruction above the opponent’s playing area.

ii. Rule 10.1.2 is in effect, and a ball that cannot be legally retrieved from the opponent’s free zone contacts the ceiling or obstruction over the opponent’s playing area.
iii. The ball contacts the ceiling or obstruction above the team’s playing area and crosses the plane of the net into the opponent’s court.

c. A ball, other than a served ball, is out of play and a playover directed if it contacts overhead object(s) or the supports (e.g., basketball backboard) fewer than 4.6 m (15’) above the playing area and would have remained playable if the object had not been present.

d. A ball is out of play if it contacts the ceiling or overhead objects, regardless of height, over non-playing areas.

e. A ball is out of play and a playover is directed if the ball comes to rest on an overhead object above the team’s playing area and is still a playable ball.

f. If an official, media equipment or personnel or spectator interferes with a player’s legal attempt to play the ball over the playing area, a playover shall be directed.

8.4.3 it touches the antennae, ropes, posts or the net itself outside the side bands;

8.4.4 it crosses the vertical plane of the net either partially or totally outside the crossing space, except in the case of Rule 10.1.2;

8.4.5 it crosses completely the lower space under the net.

9 PLAYING THE BALL

Each team must play within its own playing area and space (except Rule 10.1.2). The ball may, however, be retrieved from beyond the free zone.

USAV 9: The ball may be retrieved from beyond the free zone when the surface change is 1.25 cm (1/2”) or less, the secondary surface is lower than the free zone and the area is free of obstructions.

If obstructions or other safety concerns prohibit retrieval from beyond the free zone, the player retrieving a ball over a non-playing area must be in contact with the playing surface when contact with the ball is made.

Non-playing areas are defined as the: (1) walls, bleachers or other spectator seating areas; (2) team benches and any area behind the team benches; (3) area between the scorer’s
The free zone, including the service zone on an adjacent court, is a playing area.

9.1 TEAM HITS
A hit is any contact with the ball by a player in play. The team is entitled to a maximum of three hits (in addition to blocking), for returning the ball. If more are used, the team commits the fault of “FOUR HITS.”

9.1.1 CONSECUTIVE CONTACTS
A player may not hit the ball two times consecutively (except Rules 9.2.3, 14.2 and 14.4.2).

9.1.2 SIMULTANEOUS CONTACTS
Two or three players may touch the ball at the same moment.

9.1.2.1 When two (or three) teammates touch the ball simultaneously, it is counted as two (or three) hits (with the exception of blocking). If they reach for the ball, but only one of them touches it, one hit is counted. A collision of players does not constitute a fault.

USAV 9.1.2.1: When two or more teammates touch the ball simultaneously, it is counted as one hit. Any player may play the ball next if the simultaneous hit is not the third team hit. If teammates collide, no fault is committed.

9.1.2.2 When two opponents touch the ball simultaneously over the net and the ball remains in play, the team receiving the ball is entitled to another three hits. If such a ball goes “out,” it is the fault of the team on the opposite side.

9.1.2.3 If simultaneous hits by two opponents over the net lead to an extended contact with the ball, play continues.

9.1.3 ASSISTED HIT
Within the playing area, a player is not permitted to take support from a teammate or any structure/object.
in order to hit the ball.
However, a player who is about to commit a fault (touch the net or cross the center line, etc.) may be stopped or held back by a teammate.

9.2 CHARACTERISTICS OF THE HIT
9.2.1 The ball may touch any part of the body.
9.2.2 The ball must not be caught and/or thrown. It can re-bound in any direction.
9.2.3 The ball may touch various parts of the body, provided that the contacts take place simultaneously.

Exceptions:
9.2.3.1 at blocking, consecutive contacts may be made by one or more player(s), provided that the contacts occur during one action;
9.2.3.2 at the first hit of the team, the ball may con-tact various parts of the body consecutively, provided that the contacts occur during one action.

9.3 FAULTS IN PLAYING THE BALL
9.3.1 FOUR HITS: a team hits the ball four times before returning it.
9.3.2 ASSISTED HIT: a player takes support from a team-mate or any structure/object in order to hit the ball within the playing area.
9.3.3 CATCH: the ball is caught and/or thrown; it does not rebound from the hit.
9.3.4 DOUBLE CONTACT: a player hits the ball twice in succession or the ball contacts various parts of his/her body in succession.

10 BALL AT THE NET

10.1 BALL CROSSING THE NET
10.1.1 The ball sent to the opponent’s court must go over the net within the crossing space. The crossing space is the part of the vertical plane of the net limited as follows:
10.1.1.1 below, by the top of the net;
10.1.1.2 at the sides, by the antennae, and their imaginary extension;
10.1.1.3 above, by the ceiling.
10.1.2 The ball that has crossed the net plane to the
opponent’s free zone totally or partly through the external space, may be played back within the team hits, provided that:

**USAV 10.1.2:** A minimum of 2 m (6'6 3/4") clearance beyond the court equipment on both sides is required.

10.1.2.1 the opponent’s court is not touched by the player;
10.1.2.2 the ball, when played back, crosses the net plane again totally or partly through the external space on the same side of the court. The opponent team may not prevent such action.

10.1.3 The ball that is heading toward the opponent’s court through the lower space is in play until the moment it has completely crossed the vertical plane of the net.

10.2 BALL TOUCHING THE NET

While crossing the net, the ball may touch it.

10.3 BALL IN THE NET

10.3.1 A ball driven into the net may be recovered within the limits of the three team hits.
10.3.2 If the ball rips the mesh of the net or tears it down, the rally is cancelled and replayed.

11 PLAYER AT THE NET

11.1 REACHING BEYOND THE NET

11.1.1 In blocking, a player may touch the ball beyond the net, provided that he/she does not interfere with the opponent’s play before or during the latter’s attack hit.
11.1.2 After an attack hit, a player is permitted to pass his/her hand beyond the net, provided that the contact has been made within his/her own playing space.

11.2 PENETRATION UNDER THE NET

11.2.1 It is permitted to penetrate into the opponent’s space under the net, provided that this does not interfere with the opponent’s play.
11.2.2 Penetration into the opponent’s court, beyond the center line:
11.2.2.1 to touch the opponent’s court with a foot (feet) is permitted, provided that some part of the penetrating foot (feet) remains either in contact with or directly above the center line;

11.2.2.2 to touch the opponent’s court with any part of the body above the feet is permitted provided that it does not interfere with the opponent’s play.

**USAV 11.2.2:** Encroachment into the opponent’s court with any part(s) of the body is permitted, provided some part of the body remains either in contact with or directly above the center line, and there is no interference with opponents. In addition, completely crossing the center line with the foot, feet, or hands, or encroachment with other body parts, must not present a safety hazard to opponents.

11.2.3 A player may enter the opponent’s court after the ball goes out of play.

11.2.4 Players may penetrate into the opponent’s free zone provided that they do not interfere with the opponent’s play.

### 11.3 CONTACT WITH THE NET

11.3.1 **Contact with the net by a player between the antennae, during the action of playing the ball, is a fault.** The action of playing the ball includes (among others) take-off, hit (or attempt) and landing.

11.3.2 Players may touch the post, ropes, or any other object outside the antennae, including the net itself, provided that it does not interfere with play.

11.3.3 When the ball is driven into the net, causing it to touch an opponent, no fault is committed.

### 11.4 PLAYER’S FAULTS AT THE NET

11.4.1 A player touches the ball or an opponent in the opponent’s space before or during the opponent’s attack hit.

11.4.2 A player interferes with the opponent’s play while penetrating into the opponent’s space under the net.

11.4.3 A player’s foot (feet) penetrates completely into the opponent’s court.

**USAV 11.4.3:** Regarding penetration by a player’s foot (feet), see USAV 11.2.2.

11.4.4 A player interferes with play by (amongst others):
- touching the net between the antennae or the antenna itself during his/her action of playing the ball,
- using the net between the antennae as a support or stabilizing aid,
- creating an unfair advantage over the opponent by touching the net,
- making actions which hinder an opponent’s legitimate attempt to play the ball, or
- catching/holding onto the net.

Players close to the ball as it is played, or who are trying to play it, are considered in the action of playing the ball, even if no contact is made with the ball. However, touching the net outside the antenna is not to be considered a fault (except for Rule 9.1.3).

12 SERVICE
The service is the act of putting the ball into play, by the back-right player, placed in the service zone.

12.1 FIRST SERVICE IN A SET
12.1.1 The first service of the first set, as well as that of the deciding 5th set, is executed by the team determined by the toss.
12.1.2 The other sets will be started with the service of the team that did not serve first in the previous set.

12.2 SERVICE ORDER
12.2.1 The players must follow the service order recorded on the line-up sheet.
12.2.2 After the first service in a set, the player to serve is determined as follows:
   - 12.2.2.1 when the serving team wins the rally, the player (or his/her substitute) who served before, serves again;
   - 12.2.2.2 when the receiving team wins the rally, it gains the right to serve and rotates before actually serving. The player who moves from the front-right position to the back-right position will serve.

12.3 AUTHORIZATION OF THE SERVICE
The 1st referee authorizes the service, after having checked that the two teams are ready to play and that the server is in possession of the ball.
USAV 12.3: The server shall be on the playing surface to receive authorization for service.

12.4 EXECUTION OF THE SERVICE

12.4.1 The ball shall be hit with one hand or any part of the arm after being tossed or released from the hand(s).

12.4.2 Only one toss or release of the ball is allowed. Dribbling or moving the ball in the hands is permitted.

12.4.3 At the moment of the service hit or take-off for a jump service, the server must not touch the court (the end line included) or the floor outside the service zone.

After the hit, he/she may step or land outside the service zone, or inside the court.

USAV 12.4.3: The entire service action must take place on the playing area.

12.4.4 The server must hit the ball within 8 seconds after the 1st referee whistles for service.

USAV 12.4.4: For 14-and-under age groups:

a. The server must contact the ball within 5 seconds after the 1st referee whistles for service.

b. If the ball, after having been tossed or released by the server, lands without touching the player, it is considered a service tossing error.

c. After a service tossing error, the referee must authorize the service again (re-serve) and the server must execute it within the next 5 seconds.

d. One service tossing error is permitted for each service.

12.4.5 A service executed before the referee’s whistle is cancelled and repeated.

USAV 12.4.5: After the whistle for the service, no other actions (requests for line-up check, time-out, substitution, etc.) may be considered until after the ball has been served and the rally completed. This is true even if a request has been made after a server has initiated service action and legally permitted the ball to fall to the floor. A re-serve is considered to be part of a single effort to serve and must be completed before any requests may be considered.
12.5 SCREENING

12.5.1 The players of the serving team must not prevent their opponent, through individual or collective screening, from seeing the server and the flight path of the ball.

12.5.2 A player or group of players of the serving team make(s) a screen by waving arms, jumping or moving sideways, during the execution of the service, or by standing grouped to hide the server and the flight path of the ball.

**USAV 12.5.2:** The factors to be weighed when judging whether a screen has been committed are the: (a) relative positions of the players on the serving team; (b) path of the serve; (c) speed of the serve; and (d) trajectory of the serve. If the players of the serving team are positioned close to each other, the serve passes over these players, is fast and has a low trajectory, the probability is greater that a screen has been committed. The probability that a screen has been committed is lower if the: (a) players of the serving team are not positioned close to each other or are attempting to prevent the commission of a screen (i.e., bending over); (b) path of the serve is not over the players; (c) speed of the serve is slow; or (d) trajectory of the serve is high.

12.6 FAULTS MADE DURING THE SERVICE

12.6.1 Serving faults.
The following faults lead to a change of service even if the opponent is out of position. The server:

12.6.1.1 violates the service order;

12.6.1.2 does not execute the service properly.

**USAV 12.6.1.2:** It is a serving fault if the service toss touches any obstruction before the service contact.

12.6.2 Faults after the service hit.
After the ball has been correctly hit, the service becomes a fault (unless a player is out of position) if the ball:

12.6.2.1 touches a player of the serving team or fails to cross the vertical plane of the net completely through the crossing space;
12.6.2.2 goes “out”;

12.6.2.3 passes over a screen.

**USAV 12.6.2:** After the ball has been correctly hit, the service becomes a fault if the ball touches any overhead obstruction.

### 12.7 SERVING FAULTS AND POSITIONAL FAULTS

12.7.1 If the server makes a fault at the moment of the service hit (improper execution, wrong rotational order, etc.) and the opponent is out of position, it is the serving fault which is sanctioned.

12.7.2 Instead, if the execution of the service has been correct, but the service subsequently becomes faulty (goes out, goes over a screen, etc.), the positional fault has taken place first and is sanctioned.

### 13 ATTACK HIT

### 13.1 CHARACTERISTICS OF THE ATTACK HIT

13.1.1 All actions which direct the ball toward the opponent, with the exception of service and block, are considered as attack hits.

13.1.2 During an attack hit, tipping is permitted only if the ball is cleanly hit, and not caught or thrown.

13.1.3 An attack hit is completed at the moment the ball completely crosses the vertical plane of the net or is touched by an opponent.

### 13.2 RESTRICTIONS OF THE ATTACK HIT

13.2.1 A front-row player may complete an attack hit at any height, provided that the contact with the ball has been made within the player’s own playing space (except Rules 13.2.4 and 13.3.6).

13.2.2 A back-row player may complete an attack hit at any height from behind the front zone:

13.2.2.1 at his/her take-off, the player’s foot (feet) must neither have touched nor crossed over the attack line;

13.2.2.2 after his/her hit, the player may land within the front zone.
13.2.3 A back-row player may also complete an attack hit from the front zone, if at the moment of the contact a part of the ball is lower than the top of the net. 1.4.1, 7.4.1.2, D8 1.4.1

13.2.4 No player is permitted to complete an attack hit on the OPPONENT’S service, when the ball is in the front zone and entirely higher than the top of the net.

13.3 FAULTS OF THE ATTACK HIT

13.3.1 A player hits the ball within the playing space of the opposing team. 13.2.1, D11(20)

13.3.2 A player hits the ball “out.” 8.4, D11(15)

13.3.3 A back-row player completes an attack hit from the front zone, if at the moment of the hit the ball is entirely higher than the top of the net. 1.4.1, 7.4.1.2, 13.2.3, D11(21)

13.3.4 A player completes an attack hit on the opponent’s service, when the ball is in the front zone and entirely higher than the top of the net. 1.4.1, 13.2.4, D11(21)

13.3.5 A Libero completes an attack hit if at the moment of the hit the ball is entirely higher than the top of the net. 19.3.1.2, 23.3.2.3d D11(21)

13.3.6 A player completes an attack hit from higher than the top of the net when the ball is coming from an overhand finger pass by a Libero in his/her front zone. 1.4.1, 19.3.1.4, 23.3.2.3e D11(21)

USA V 13.3 If an attack-hit fault occurs simultaneously with a blocking fault by the opponents, a double fault is committed.

14 BLOCK

14.1 BLOCKING

14.1.1 Blocking is the action of players close to the net to intercept the ball coming from the opponent by reaching higher than the top of the net, regardless of the height of the ball contact. Only front-row players are permitted to complete a block, but at the moment of the contact with the ball, a part of the body must be higher than the top of the net. 7.4.1.1

14.1.2 Block Attempt
A block attempt is the action of blocking without touching the ball.

14.1.3 Completed Block
A block is completed whenever the ball is touched by a blocker. D7
14.1.4 Collective Block
A collective block is executed by two or three players close to each other and is completed when one of them touches the ball.

14.2 BLOCK CONTACT
Consecutive (quick and continuous) contacts with the ball may occur by one or more blockers, provided that the contacts are made during one action.

USAV 14.2: A block is the interception of a ball coming from the opponents. Accordingly, it is a double contact fault if a player has successive contacts while using a blocking action when directing a ball toward the opponent during the execution of the second or third team hit.

14.3 BLOCKING WITHIN THE OPPONENT’S SPACE
In blocking, the player may place his/her hands and arms beyond the net, provided that this action does not interfere with the opponent’s play. Thus, it is not permitted to touch the ball beyond the net until an opponent has executed an attack hit.

USAV 14.3: Blocking the ball beyond the net above the opponent’s team area shall be permitted, provided:

a. the block is made after the opponents have hit the ball in such a manner that the ball would, in the 1st referee’s judgment, clearly cross the net if not touched by a player, and no member of the attacking team is in a position to make a play on the ball.

b. the ball is falling near the net, and no member of the attacking team could, in the 1st referee’s judgment, make a play on the ball.

14.4 BLOCK AND TEAM HITS
14.4.1 A block contact is not counted as a team hit. Consequently, after a block contact, a team is entitled to three hits to return the ball.

14.4.2 The first hit after the block may be executed by any player, including the one who has touched the ball during the block.

14.5 BLOCKING THE SERVICE
To block an opponent’s service is forbidden.

14.6 BLOCKING FAULTS
14.6.1 The blocker touches the ball in the OPPONENT’S
space either before or simultaneously with the opponent’s attack hit.

14.6.2 A back-row player or a Libero completes a block or participates in a completed block.

14.6.3 Blocking the opponent’s service.

14.6.4 The ball is sent “out” off the block.

14.6.5 Blocking the ball in the opponent’s space from outside the antenna.

14.6.6 A Libero attempts an individual or collective block.

**USAV 14.6:** If a blocking fault is committed simultaneously with an attack-hit fault by the opponent, a double fault is committed and the rally shall be replayed.
CHAPTER 5

INTERRUPTIONS, DELAYS AND INTERVALS

15 INTERRUPTIONS
An interruption is the time between one completed rally and the 1st referee’s whistle for the next service. The only regular game interruptions are TIME-OUTS and SUBSTITUTIONS.

15.1 NUMBER OF REGULAR GAME INTERRUPTIONS
Each team may request a maximum of two time-outs and six substitutions per set.

For FIVB, World and Official Competitions for Seniors, the FIVB may reduce, by one, the number of team and/or Technical Time-Outs in accordance with sponsorship, marketing and broadcast agreements.

USAV 15.1: See USAV 15.6 for limitations of substitutions under USAV Domestic Competition Regulations.

15.2 SEQUENCE OF REGULAR GAME INTERRUPTIONS

15.2.1 Request for one or two time-outs, and one request for substitution by either team may follow one another, within the same interruption.

15.2.2 However, a team is not authorized to make consecutive requests for substitution during the same interruption. Two or more players may be substituted at the same time within the same request.

15.2.3 There must be a completed rally between two separate substitution requests by the same team.

USAV 15.2: Rule 15.2.2 limits player(s) substitutions to one request during a game interruption. A subsequent request(s) by the same team during the same game interruption will result in an improper request.

15.3 REQUEST FOR REGULAR GAME INTERRUPTIONS

15.3.1 Regular game interruptions may be requested by the coach, or in the absence of the coach, by the game captain, and only by them.

USAV 15.3.1: The captain may request a time-out.

15.3.2 Substitution before the start of a set is permitted, and should be recorded as a regular substitution in that set.

USAV 15.3.2: Time-outs before the start of a set are permitted.
15.4 TIME-OUTS AND TECHNICAL TIME-OUTS

15.4.1 Time-out requests must be made by showing the corresponding hand signal, when the ball is out of play and before the whistle for service. All requested time-outs last for 30 seconds.

For FIVB, World and Official Competitions it is obligatory to use the buzzer and then the hand signal to request time-out.

15.4.2 For FIVB, World and Official Competitions, in sets 1-4, two additional 60-second “Technical Time-Outs” are applied automatically when the leading team reaches the 8th and 16th points.

15.4.3 In the deciding (5th) set, there are no “Technical Time-Outs”; only two time-outs of 30 seconds duration may be requested by each team.

15.4.4 During all time-outs, the players in play must go to the free zone near their bench.

USAV 15.4.4: The players may remain on the court or go to the free zone near their team bench. Any member of the team listed on the roster may participate in the time-out. Coaches and non-playing team members may not enter the court. Referees may direct teams to move to the free zone near their team bench for administrative purposes. Teams may return to the court when permitted by the referees.

15.5 SUBSTITUTION

15.5.1 A substitution is the act by which a player, other than the Libero or his/her replacement player, after being recorded by the scorer, enters the game to occupy the position of another player, who must leave the court at that moment.

15.5.2 When the substitution is enforced through injury to a player in play this may be accompanied by the coach (or game captain) showing the corresponding hand signal.

15.6 LIMITATION OF SUBSTITUTIONS

15.6.1 A player of the starting line-up may leave the game, but only once in a set, and re-enter, but only once in a set, and only to his/her previous position in the line-up.

15.6.2 A substitute player may enter the game in place of a player of the starting line-up, but only once per set,
and he/she can only be substituted by the same starting player.

**USAV 15.6:**

a. Twelve substitutions are the maximum permitted per team per set. Substitution of one or more players is permitted at the same time.

b. A player in the starting line-up may leave the set and re-enter, but only in his/her previous position in the line-up (Exception 15.7).

c. A substitute may enter a set in the position of a teammate in the starting line-up.

d. Unlimited individual entries by a substitute within the team’s allowable 12 substitutions are permitted. Each entry must be in the same position in the line-up.

e. More than one substitute may enter the set in each position.

**15.7 EXCEPTIONAL SUBSTITUTION**

A player (except the Libero) who cannot continue playing due to injury or illness, should be substituted legally. If this is not possible, the team is entitled to make an EXCEPTIONAL substitution, beyond the limits of Rule 15.6.

An exceptional substitution means that any player who is not on the court at the time of the injury/illness, except the Libero, second Libero or their regular replacement player, may be substituted into the game for the injured/ill player. The substituted injured/ill player is not allowed to re-enter the match. An exceptional substitution cannot be counted in any case as a regular substitution, but should be recorded on the score sheet as part of the total substitutions in the set and the match.

**USAV 15.7a: Priority for exceptional substitution:**

i. by the starter or a substitute who has played in the position of the injured player, or by any substitute who has not already participated in the set;

ii. by any substitute on the bench, regardless of position previously played;

iii. by the Libero.

**15.8 SUBSTITUTION FOR EXPULSION OR DISQUALIFICATION**

An EXPELLED or DISQUALIFIED player must be substituted immediately through a legal substitution. If this is not possible, the team is declared INCOMPLETE.
15.9 ILLEGAL SUBSTITUTION

15.9.1 A substitution is illegal, if it exceeds the limitations indicated in Rule 15.6 (except the case of Rule 15.7), or an unregistered player is involved.

**USAV 15.9.1:** The following substitutes are illegal:
- a. player not on the roster;
- b. player with illegal number or uniform;
- c. exceeds the number of total team substitutions;
- d. player expelled or disqualified;
- e. player replaced by exceptional substitution.

15.9.2 When a team has made an illegal substitution and the play has been resumed the following procedure shall apply, in sequence:

15.9.2.1 the team is penalized with a point and service to the opponent;
15.9.2.2 the substitution must be rectified;
15.9.2.3 the points scored by the team at fault since the fault was committed are cancelled; the opponent’s points remain valid.

**USAV 15.9.2.3:** No substitution will be charged to the team or player(s), even if required to correct the wrong entry. In addition, any player or team substitutions charged at the time of the wrong entry shall be removed from the score sheet as though they had never occurred.

15.10 SUBSTITUTION PROCEDURE

15.10.1 Substitution must be carried out within the substitution zone.

15.10.2 A substitution shall only last the time needed for recording the substitution on the score sheet, and allowing entry and exit of the players.

15.10.3a The actual request for substitution starts at the moment of the entrance of the substitute player(s) into the substitution zone, ready to play, during an interruption. The coach does not need to make a substitution hand signal except if the substitution is for injury or before the start of the set.

15.10.3b If the player is not ready, the substitution is not granted and the team is sanctioned for a delay.

15.10.3c The request for substitution is acknowledged and announced by the scorer or 2nd referee, by
use of the buzzer or whistle respectively. The 2nd referee authorizes the substitution.

**For FIVB, World and Official Competitions, numbered paddles are used to facilitate the substitution.**

15.10.4 If a team intends to make simultaneously more than one substitution, all substitute players must enter the substitution zone at the same time to be considered in the same request. In this case, substitutions must be made in succession, one pair of players after another. If one is illegal, the legal one(s) is/are granted and the illegal is rejected and subject to a delay sanction.

**USAV 15.10.4:** Any significant delay between incoming substitutes entering the substitution zone shall result in the team being limited to one substitute.

### 15.11 Improper Requests

15.11.1 It is improper to request any regular game interruption:

15.11.1.1 during a rally or at the moment of or after the whistle to serve;

15.11.1.2 by a non-authorized team member;

15.11.1.3 for a second substitution by the same team during the same interruption, except in the case of injury/illness of a player in play;

15.11.1.4 after having exhausted the authorized number of time-outs and substitutions.

15.11.2 The first improper request by a team in the match that does not affect or delay the game shall be rejected, but it must be recorded on the score sheet without any other consequences.

**USAV 15.11.2:** If a change in request is due to a referee’s mind change, the request will be honored and no sanction assessed.

15.11.3 Any further improper request in the match by the same team constitutes a delay.

**USAV 15.11:** A request for first or second time-out may be honored immediately subsequent to an improper request for substitution. A proper request for substitution may be honored immediately subsequent to an improper request for time-out.
16  GAME DELAYS

16.1 TYPES OF DELAYS
An improper action of a team that defers resumption of the game is a delay and includes, among others:
16.1.1 delaying regular game interruptions;
16.1.2 prolonging interruptions, after having been instructed to resume the game;
16.1.3 requesting an illegal substitution;
16.1.4 repeating an improper request;
16.1.5 delaying the game by a team member.

USAV 16.1: A request for an illegal substitution or excess time-out shall result in an improper request. However, if such a request is acknowledged (i.e., whistled), a delay sanction shall result. No additional request for game interruption from that team may be made until the next completed rally. Any substitution request that is improper or causes a delay is denied.

16.2 DELAY SANCTIONS
16.2.1 “Delay warning” and “delay penalty” are team sanctions.
16.2.1.1 Delay sanctions remain in force for the entire match.
16.2.1.2 All delay sanctions are recorded on the score sheet.

16.2.2 The first delay in the match by a team member is sanctioned with a “DELAY WARNING.”
16.2.3 The second and subsequent delays of any type by any member of the same team in the same match constitute a fault and are sanctioned with a “DELAY PENALTY”: a point and service to the opponent.
16.2.4 Delay sanctions imposed before or between sets are applied in the following set.

17  EXCEPTIONAL GAME INTERRUPTIONS

17.1 INJURY/ILLNESS
17.1.1 Should a serious accident occur while the ball is in play, the referee must stop the game immediately and permit medical assistance to enter the court. The rally is then replayed.

USAV 17.1.1: If the injured player cannot continue playing within 30 seconds, the player must be replaced by substitution, a legal Libero replacement
(if the Libero is not on the court at the time of the injury), or the team must take a legal time-out.

a. If the referees are informed within 30 seconds that a substitute will replace the injured player, no time-out will be charged regardless of the time required to remove the player safely from the playing area.

b. No substitution requests may be made by the injured player’s team until the injury situation is resolved.

17.1.2 If an injured/ill player cannot be substituted legally or exceptionally, the player is given a 3-minute recovery time, but not more than once for the same player in the match. If the player does not recover, his/her team is declared incomplete.

17.2 EXTERNAL INTERFERENCE

If there is any external interference during the game, the play has to be stopped and the rally is replayed.

USAV 17.2: If an injured player is unable to play and a legal or exceptional substitution cannot be made, the referee must grant a special time-out of up to three minutes. Play will be resumed as soon as the injured player is able to continue. In no case shall the special injury time-out exceed three minutes. After the special time-out, a team may request a legal time-out. If, after three minutes, or at the expiration of time-outs granted subsequent to the special time-out, the injured player cannot continue to play, the team is declared incomplete. No player may be granted more than one three-minute injury time-out during any match. If a player becomes injured to the extent that a second injury time-out would be required, the team is declared incomplete.

17.3 PROLONGED INTERRUPTIONS

17.3.1 If unforeseen circumstances interrupt the match, the 1st referee, the organizer and the Control Committee, if there is one, shall decide the measures to be taken to re-establish normal conditions.

17.3.2 Should one or several interruptions occur, not exceeding 4 hours in total:

17.3.2.1 if the match is resumed on the same playing court, the interrupted set shall continue normally with the same score, players (except expelled or disqualified
ones) and positions. The sets already played will keep their scores;

17.3.2.2 if the match is resumed on another playing court, the interrupted set is cancelled and replayed with the same team members and the same starting line-ups (except expelled or disqualified ones) and the record of all sanctions will be maintained. The sets already played will keep their scores.

**USAV 17.3.2.2:** If the match is resumed on another playing court, the interrupted set shall continue normally with the same score, players (except expelled or disqualified ones) and positions. The sets already played will keep their scores.

17.3.2: For tournament play where a court change is necessitated, the match will be continued from the point of the interruption.

17.3.3 Should one or several interruptions occur, exceeding 4 hours in total, the whole match shall be replayed.

**18 INTERVALS AND CHANGE OF COURTS**

**18.1 INTERVALS**

An interval is the time between sets. All intervals last 3 minutes. During this period of time, the change of courts and line-up registrations of the teams on the score sheet are made.

The interval between the second and the third set can be extended up to 10 minutes by the competent body at the request of the organizer.

**18.2 CHANGE OF COURTS**

18.2.1 After each set, the teams change courts, with the exception of the deciding set.

18.2.2 In the deciding set, once the leading team reaches 8 points, the teams change courts without delay and the player positions remain the same. If the change is not made once the leading team reaches 8 points, it will take place as soon as the error is noticed. The score at the time that the change is made remains the same.
CHAPTER 6
THE LIBERO PLAYER

19  THE LIBERO PLAYER

19.1 DESIGNATION OF THE LIBERO

19.1.1 Each team has the right to designate from the list of players on the score sheet up to two (2) specialist defensive players: Liberos.

**In FIVB, World and Official Competitions for Seniors, if a team has more than 12 players recorded in the score sheet, TWO Liberos are mandatory in the team list.**

**USAV 19.1.1**: Each team has the right to designate from the list of players on the score sheet (roster) up to two specialized defensive players called Liberos. If the team chooses to designate two Liberos at the start of the match, they are designated as Liberos for the entire match. If the team chooses to designate only one Libero (or no Libero) at the start of the match, the team may choose to change the player designated as Libero for each set including playing any set with no Libero, but may not designate a second Libero for any subsequent set in the match.

19.1.2 All Liberos must be recorded on the score sheet in the special lines reserved for this.

19.1.3 The Libero on court is the Acting Libero. If there is another Libero, he/she is the second Libero for the team. Only one Libero may be on court at any time.

19.2 EQUIPMENT

The Libero player(s) must wear a uniform (OR JACKET/BIB FOR THE RE-DESIGNATED Libero) which has a different dominant color from any color of the rest of the team. The uniform must clearly contrast with the rest of the team. The Libero uniforms must be numbered like the rest of the team.

**For FIVB, World and Official Competitions, the re-designated Libero should, if possible, wear the same style and color of jersey as the original Libero, but should keep his/her own number.**

**USAV 19.2:**

a. The Libero and/or his/her teammates shall wear a solid-
19.3 ACTIONS INVOLVING THE LIBERO

19.3.1 The playing actions:

19.3.1.1 the Libero is allowed to replace any player in a back-row position;

19.3.1.2 he/she is restricted to perform as a back-row player and is not allowed to complete an attack hit from anywhere (including playing court and free zone) if at the moment of the contact the ball is entirely higher than the top of the net;

19.3.1.3 he/she may not serve, block or attempt to block;

19.3.1.4 a player may not complete an attack hit when the ball is entirely higher than the top of the net, if the ball is coming from an overhand finger pass by a Libero in his/her front zone. The ball may be

**USAV 19.3.1.3:**

a. The Libero may not block or attempt to block.

b. In one position a Libero may serve after replacing the player in position 1.
freely attacked if the Libero makes the same action from outside his/her front zone.

19.3.2 Libero Replacements

19.3.2.1 Libero Replacements are not counted as substitutions. They are unlimited but there must be a completed rally between two Libero replacements (unless a penalty causes the team to rotate and the Libero to move to position four, or the Acting Libero becomes unable to play, making the rally incomplete).

**USAV 19.3.2.1:** *In one rotation, a Libero can replace the player in position 1 and serve the next rally, even if he/she is already on the court in replacement of an other player. In this situation, the Libero does not have to exit the court before replacing the player in position 1, and there does not need to be a completed rally between Libero replacements.*

19.3.2.2 The regular replacement player may replace and be replaced by either Libero. The Acting Libero can only be replaced by the regular replacement player for that position or by the second Libero.

19.3.2.3 At the start of each set, the Libero cannot enter the court until the 2nd referee has checked the line-up and authorized a Libero replacement with a starting player.

19.3.2.4 Other Libero replacements must only take place while the ball is out of play and before the whistle for service.

19.3.2.5 A Libero replacement made after the whistle for service but before the service hit should not be rejected; however, at the end of the rally, the game captain must be informed that this is not a permitted procedure, and that repetition will be subject to delay sanctions.

19.3.2.6 Subsequent late Libero replacements shall result in the play being interrupted immediately, and the imposition of a delay sanction. The team to serve next will be determined by the level of the delay sanction.
19.3.2.7 The Libero and the replacing player may only enter or leave the court through the Libero Replacement Zone.

19.3.2.8 Libero replacements must be recorded on the Libero Control Sheet (if one is used) or on the electronic score sheet.

19.3.2.9 An illegal Libero replacement can involve (amongst others):
   – no completed rally between Libero replacements;
   – the Libero being replaced by a player other than the second Libero or the regular replacement player.

An illegal Libero replacement should be considered in the same way as an illegal substitution: should the illegal Libero replacement be noticed before the start of the next rally, then this is corrected by the referees, and the team is sanctioned for delay; should the illegal Libero replacement be noticed after the service hit, the consequences are the same as for an illegal substitution.

19.4 RE-DESIGNATION OF A NEW LIBERO

19.4.1 The Libero becomes unable to play if injured, ill, expelled or disqualified.

The Libero can be declared unable to play for any reason by the coach or, in the absence of a coach, by the game captain.

19.4.2 Team with one Libero

19.4.2.1 When only one Libero is available for a team according to Rule 19.4.1, or the team has only one registered, and this Libero becomes or is declared unable to play, the coach (or game captain if no coach is present) may re-designate as Libero for the remainder of the match any other player (replacement player excepted) not on the court at the moment of the re-designation.

19.4.2.2 If the Acting Libero becomes unable to play, he/she may be replaced by the reg-
ular replacement player or **immediately and directly to court** by a re-designated Libero. However, a Libero who is the subject of a re-designation may not play for the remainder of the match. If the Libero is not on court when declared unable to play, he/she may also be the subject of a re-designation. The Libero declared unable to play may not play for the remainder of the match.

19.4.2.3 The coach, or game captain if no coach is present, contacts the second referee informing him/her about the re-designation.

19.4.2.4 Should a re-designated Libero become or be declared unable to play, further re-designations are permitted.

19.4.2.5 If the coach requests the team captain to be re-designated as the new Libero, this will be permitted—but the team captain must in this case relinquish all leadership privileges.

**USAV 19.4.2.5:** If the coach requests the team captain to be re-designated as the new Libero, this will be permitted and the team captain retains all leadership privileges.

19.4.2.6 In the case of a re-designated Libero, the number of the player re-designated as Libero must be recorded on the score sheet remarks section and on the Libero control sheet (or electronic score sheet if one is used).

19.4.3 Team with two Liberos

19.4.3.1 Where a team has registered on the score sheet two Liberos, but one becomes unable to play the team has the right to play with only one Libero. No re-designation will be allowed, however, unless the remaining Libero is unable to continue playing for the match.

**19.5 SUMMARY**

19.5.1 If the Libero is expelled or disqualified, he/she may be replaced immediately by the team’s second Libero. Should the team have only one Libero, then it has the right to make a re-designation.
CHAPTER 7

PARTICIPANTS’ CONDUCT

20 REQUIREMENTS OF CONDUCT

20.1 SPORTSMANLIKE CONDUCT

20.1.1 Participants must know the “Official Volleyball Rules” and abide by them.

*USAV 20.1.1: Participants must also know the “Domestic Competition Regulations” and abide by them.*

20.1.2 Participants must accept referees’ decisions with sportsmanlike conduct, without disputing them. In case of doubt, clarification may be requested only through the game captain.

20.1.3 Participants must refrain from actions or attitudes aimed at influencing the decisions of the referees or covering up faults committed by their team.

20.2 FAIR PLAY

20.2.1 Participants must behave respectfully and courteously in the spirit of FAIR PLAY, not only toward the referees, but also toward other officials, the opponent, teammates and spectators.

20.2.2 Communication between team members during the match is permitted.

21 MISCONDUCT AND ITS SANCTIONS

21.1 MINOR MISCONDUCT

Minor misconduct offenses are not subject to sanctions. It is the 1st referee’s duty to prevent the teams from approaching the sanctioning level. This is done in two stages: Stage 1: by issuing a verbal warning through the game captain; Stage 2: by use of a YELLOW CARD to the team member(s) concerned. This formal warning is not in itself a sanction but a symbol that the team member (and by extension the team) has reached the sanctioning level for the match. It is recorded in the score sheet but has no immediate consequences.

*Note:* Yellow card warnings are assessed to individuals, but are in force for the entire team. This means that each team may only receive one yellow card per match.
21.2 MISCONDUCT LEADING TO SANCTIONS
Incorrect conduct by a team member toward officials, opponents, teammates or spectators is classified in three categories according to the seriousness of the offense.

21.2.1 Rude conduct: action contrary to good manners or moral principles.
21.2.2 Offensive conduct: defamatory or insulting words or gestures or any action expressing contempt.
21.2.3 Aggression: actual physical attack or aggressive or threatening behavior.

21.3 SANCTION SCALE
According to the judgment of the 1st referee and depending on the seriousness of the offense, the sanctions to be applied and recorded on the score sheet are: **Penalty, Expulsion or Disqualification.**

21.3.1 Penalty
The first rude conduct in the match by any team member is penalized with a point and service to the opponent.

21.3.2 Expulsion
21.3.2.1 A team member who is sanctioned by expulsion shall not play for the rest of the set, must be substituted legally and immediately if on court and must remain seated in the penalty area with no other consequences. An expelled coach loses his/her right to intervene in the set and must remain seated in the penalty area.

**USAV 21.3.2.1:** When facility space does not allow for a penalty area, a player or substitute who is sanctioned by expulsion shall not play for the rest of the set and must remain seated on his/her bench for the remainder of the set. Any other team member sanctioned by expulsion must leave the playing area, bench and warm-up area for the remainder of the set.

21.3.2.2 The first offensive conduct by a team member is sanctioned by expulsion with no other consequences.
21.3.2.3 The second rude conduct in the same match by the same team member is sanctioned by expulsion with no other consequences.

21.3.3 Disqualification

21.3.3.1 A team member who is sanctioned by disqualification must be substituted legally and immediately if on court and must leave the Competition-Control Area for the rest of the match with no other consequences.

*USAV 21.3.3.1: As a minimum, the Competition Control Area includes the playing area, bench, warm-up area and spectator area.*

21.3.3.2 The first physical attack or implied or threatened aggression is sanctioned by disqualification with no other consequences.

21.3.3.3 The second offensive conduct in the same match by the same team member is sanctioned by disqualification with no other consequences.

21.3.3.4 The third rude conduct in the same match by the same team member is sanctioned by disqualification with no other consequences.

21.4 APPLICATION OF MISCONDUCT SANCTIONS

21.4.1 All misconduct sanctions are individual sanctions, remain in force for the entire match and are recorded on the score sheet.

21.4.2 The repetition of misconduct by the same team member in the same match is sanctioned progressively (the team member receives a heavier sanction for each successive offense).

21.4.3 Expulsion or disqualification due to offensive conduct or aggression does not require a previous sanction.

21.5 MISCONDUCT BEFORE AND BETWEEN SETS

Any misconduct occurring before or between sets is sanctioned according to Rule 21.3 and sanctions apply in the following set.

SECTION II
THE REFEREES, THEIR RESPONSIBILITIES AND OFFICIAL HAND SIGNALS

CHAPTER 8
REFEREES
22 REFEREEING CORPS AND PROCEDURES

22.1 COMPOSITION
The refereeing corps for a match is composed of the following officials:
- the 1st referee;
- the 2nd referee;
- the scorer;
- four (two) line judges.
Their location is shown in Diagram 10.

For FIVB, World and Official Competitions an assistant scorer is compulsory.

USAV 22.1: For all USAV competition, the assistant scorer is a compulsory member of the referee corps.

22.2 PROCEDURES
22.2.1 Only the 1st and 2nd referees may blow a whistle during the match:

USAV 22.2.1: The scorer may use an audible device, including a whistle, to notify the referees of a rotational fault.

22.2.1.1 the 1st referee gives the signal for the service that begins the rally;

22.2.1.2 the 1st or 2nd referee signals the end of the rally, provided that they are sure that a fault has been committed and they have identified its nature.

22.2.2 They may blow the whistle when the ball is out of play to indicate that they authorize or reject a team request.

22.2.3 Immediately after the referee’s whistle to signal the completion of the rally, they have to indicate with the official hand signals:

22.2.3.1 If the fault is whistled by the 1st referee, he/she will indicate in order:
   a) the team to serve;
   b) the nature of the fault;
c) the player(s) at fault (if necessary).

**USAV 22.2.3.1:** The 2nd referee will follow the 1st referee's hand signals by repeating them.

22.2.3.2 If the fault is whistled by the 2nd referee, he/she will indicate:
   a) the nature of the fault;
   b) the player at fault (if necessary);
   c) the team to serve following the hand signal of the 1st referee.
In this case, the 1st referee does not show either the nature of the fault or the player at fault, but only the team to serve.

22.2.3.3 In the case of an attack hit fault or blocking fault by back-row or Libero players, both referees indicate according to 22.2.3.1 and 22.2.3.2 above.

22.2.3.4 In the case of a double fault both referees indicate in order:
   a) the nature of the fault;
   b) the players at fault (if necessary).
The team to serve next is then indicated by the 1st referee.

23 1ST REFEREE

23.1 LOCATION

The 1st referee carries out his/her functions standing on a referee’s stand located at one end of the net on the opposite side to the scorer. His/her view must be approximately 50 cm (19 1/2") above the net.

23.2 AUTHORITY

23.2.1 The 1st referee directs the match from the start until the end. He/she has authority over all members of the refereeing corps and the members of the teams. During the match his/her decisions are final. He/she is authorized to overrule the decisions of other members of the refereeing corps, if it is noticed that they are mistaken. He/she may even replace a member of the refereeing corps who is not performing his/her functions properly.
23.2.2 He/she also controls the work of the ball retrievers, floor wipers and moppers.

23.2.3 He/she has the power to decide any matters involving the game, including those not provided for in the rules.

23.2.4 He/she shall not permit any discussion about his/her decisions. However, at the request of the game captain, the 1st referee will give an explanation on the application or interpretation of the rules upon which he/she has based the decision. If the game captain does not agree with this explanation and chooses to protest against such decision, he/she must immediately reserve the right to file and record this protest at the conclusion of the match. ZONES: These are sections within the playing area (i.e. playing court and free zone) as defined for a specific purpose (or with special restrictions) within the rule text. These include: Front Zone, Service Zone, Substitution Zone, Free Zone, Back Zone, and Libero Replacement Zone.

AREAS: These are sections of the floor OUTSIDE the free zone, identified by the rules as having a specific function. These include: warm-up area and penalty area.

LOWER SPACE: This is the space defined at its upper part by the bottom of the net and the cord joining it to the posts, at the sides by the posts, and the bottom by the playing surface.

CROSSING SPACE: The crossing space is defined by:
– The horizontal band at the top of the net
– The antennae and their extension
– The ceiling
The ball must cross to the opponent’s COURT through the crossing space.

EXTERNAL SPACE: The external space is in the vertical plane of the net outside of the crossing and lower spaces.

SUBSTITUTION ZONE: This is the part of the free zone through which substitutions are carried out.

UNLESS BY AGREEMENT OF FIVB: This statement recognizes that while there are regulations on the standards and specification of equipment and facilities, there are occasions when special arrangements can be made by FIVB in order to promote the game of volleyball or to test new conditions.

FIVB STANDARDS: The technical specifications or limits as defined by FIVB to the manufacturers of equipment.

PENALTY AREA: In each half of the competition/control area, there is a Penalty Area located behind the prolongation of the end line, outside the free zone, which should be placed a minimum of 1.5 metres behind the rear edge of the bench.

FAULT: a) A playing action contrary to the rules; b) A rule violation other than a playing action.
DRIBBLING: Dribbling means bouncing the ball (usually as a preparation to tossing and serving). Other preparatory actions could include (amongst others) moving the ball from hand to hand.

TECHNICAL TIME-OUT: This special mandatory time-out is, in addition to time-outs, to allow the promotion of volleyball, analysis of the play and to allow additional commercial opportunities. Technical Time-Outs are mandatory for FIVB, World and Official competitions.

BALL RETRIEVERS: These are personnel whose job it is to maintain the flow of the game by rolling the ball to the server between rallies.

RALLY POINT: This is the system of scoring a point whenever a rally is won.

INTERVAL: The time between sets. The change of courts in the 5th (deciding) set is not to be regarded as an interval.

RE-DESIGNATION: This is the act by which a Libero, who cannot continue or is declared by the team “unable to play,” has his/her role taken by any other player (except the regular replacement player) not on the court at the moment of the re-designation.

REPLACEMENT: This is the act by which a regular player leaves the court and either Libero (if more than one) takes his/her place. This can even include Libero for Libero exchanges. The regular player can then replace either Libero. There must be a completed rally between replacements involving any Libero.

INTERFERING: Any action which will create an advantage against the opponent team or any action which prevents an opponent from playing the ball.

O-2bis: An FIVB official form which registers players and team officials. It should be presented during the Preliminary Inquiry.

OUTSIDE OBJECT: An object or a person which while outside the playing court or close to the limit of the free playing space provides an obstruction to the flight of the ball. For example: overhead lights, the referee’s chair, TV equipment, scorer’s table, and net posts. Outside objects do not include the antennae since they are considered as the part of the net.

SUBSTITUTION: This is the act by which one regular player leaves the court and another regular player takes his/her place.
U-VOLLEY RULES

Height Restrictions

All players shall conform to the height restrictions as prescribed by FIVB rules, which are “under 185 centimeters” (approximately 72.83 inches) for men and “under 175 centimeters” (approximately 68.89 inches) for women.

Height measurement will be in stocking feet or bare feet (without shoes). All players close to this limitation are subject to individual measurement prior to competition during pre-tournament check-in and during random checks throughout the tournament.

USAV: For ease of administration, the height of 6’1” for men and 5’9” for women may be used for recreational play.

CO-ED RULES

The following Rules govern co-ed and reverse co-ed competition. The Rules Commission solicits comments and suggestions from volleyball groups and organizations that conduct and sponsor special competitions such as doubles, triples, mixed doubles, etc.

1. CO-ED PLAY
   The Domestic Competition Regulations in general shall govern play for females and males on the same team with the following exceptions:

   1.1 The serving order and positions on the court at service shall be male and female alternated or vice-versa.

   1.1.1 A team may list two specialized defensive players, “Liberos,” per match or one Libero per set. More information can be found under Rule 19 and USAV 19.1.1.1

   1.1.1.1 Alternating male and female service order must be maintained. A female Libero may only replace regular female players. A male Libero may only replace regular male players. All other Libero rules and restrictions apply.

   1.2 When the ball is played more than once by a team, a female player shall make at least one of the contacts. Contact of the ball during blocking shall not constitute playing the ball. There is no
requirement for a male player to contact the ball, regardless of the number of hits by a team.

1.2.1 If a team contacts the ball more than one time during offensive action, one of the contacts must be by a female player, but there is no restriction preventing all three team hits from being made by female players. Contact of the ball during blocking action does not count as one of the three team hits. Therefore, after a block, a male player may play the ball back over the net as such contact would be considered the first team hit.

1.2.2 A ball contacted more than once by a team, without a female player having contacted it, remains live and does not become an illegal hit until it fully crosses the plane of the net or is contacted by an opponent.

1.2.3 An illegally hit ball blocked by an illegal blocker results in a double fault, and a playover is directed.

1.3 Uniforms of players shall be identical within the following provisions:

1.3.1 All female players shall be attired in identical jerseys and shorts or one-piece uniforms.

1.3.2 All male players shall be attired in identical jerseys and shorts or one-piece uniforms.

1.3.3 All uniforms shall be numbered in compliance with USAV Rule 4.3.3. There shall be no duplicate numbers, regardless of color of the jerseys or gender of the player.

1.4 When only one male player is in the front row at service, one male back-row player may be forward of the attack line for the purpose of blocking. The remaining back-row player must be behind the attack line until the ball has been contacted by the blocker(s) or has been hit in such a manner that no block is possible.

1.4 Commentary: If a back-row player is not participating in a block, there is no restriction on both back-row male players being in the attack zone.

1.4.1 The provisions of Rule 13.2.2 shall govern male back-row players when playing the ball in other than blocking actions.

1.4.2 No female back-row player may participate in a block.

1.5 The height of the net for mixed-six play shall be 2.43 m (7'115/8").

1.5.1 Where age group mixed-six competition is conducted, the height of the net shall be that prescribed for men’s competition in the respective age group. In order to protect the safety of the competitors, this shall not be modified.

2. REVERSE CO-ED PLAY

The Domestic Competition Regulations as Presented by USAV in general shall govern play for females and males on the same
team with the following exceptions:

2.1 The serving order and positions on the court at service shall be male and female alternated or vice-versa.

2.2 When the ball is played more than once by a team, a male player shall make at least one of the contacts. Contact of the ball during blocking shall not constitute playing the ball. There is no requirement for a female player to contact the ball, regardless of the number of hits by a team.

   2.2.1 If a team contacts the ball more than one time during offensive action, one of the contacts must be by a male player, but there is no restriction preventing all three team hits from being made by male players. Contact of the ball during blocking action does not count as one of the three team hits. Therefore, after a block, a female player may play the ball back over the net as such contact would be considered the first team hit.

   2.2.2 A ball contacted more than once by a team, without a male player having contacted it, remains live and does not become an illegal hit until it fully crosses the plane of the net or is contacted by an opponent.

2.3 Uniforms of players shall be identical within the following provisions:

   2.3.1 All female players shall be attired in identical jerseys and shorts or one-piece uniforms.

   2.3.2 All male players shall be attired in identical jerseys and shorts or one-piece uniforms.

   2.3.3 All uniforms shall be numbered in compliance with USAV Rule 4.3.3. There shall be no duplicate numbers, regardless of color of the jerseys or gender of the player.

2.4 When only one female player is in the front row at service, one female back-row player may be forward of the attack line for the purpose of blocking. The remaining female back-row player must be behind the attack line until the ball has been contacted by the blocker(s) or has been hit in such a manner that no block is possible.

   2.4 Commentary: If a back-row player is not participating in a block, there is no restriction on both back-row female players being in the attack zone.

   2.4.1 The provisions of Rule 13.2.2 shall govern female back-row players when playing the ball in other than blocking actions.

   2.4.2 No male player may participate in a block.

2.5 Male players may attack the ball from above the height of the net and direct it to enter the opponent’s court so long as the ball has an upward trajectory immediately after contact.

2.6 The height of the net for reverse co-ed play shall be 2.24 m (7’4\(\frac{1}{8}\)).
GUIDE TO PHYSICALLY CHALLENGED VOLLEYBALL

From minimal to major disabilities, statistics indicate seven percent of any population is physically challenged. This guide gives you the opportunity to promote volleyball to those with whom you may cross paths who are physically challenged and want to play our great game! Volleyball easily fits with the motto of Disabled Sports/USA: “If I Can Do This, I Can Do Anything.”

Along with wheelchair basketball, sitting volleyball has become one of the most widely played and most popular sports in the disabled society. In some parts of the world, the matches are televised. Disabled volleyball is played with participants standing, sitting and in wheelchairs. The sport allows for participation by amputees, as well as cerebral palsy athletes.

We urge you to take the time to teach anyone how to play the sitting version, even if over a rope in a classroom on a night you might have lost the main gym. Please take the time to find those athletes aspiring to play volleyball and join with them in training, either in standing or sitting versions...you’ll be amazed.

Volleyball — An Ideal Sport for the Disabled

Volleyball is a team sport which can be played by the physically challenged and able-bodied athletes. It can be played by youth, juniors, adults and seniors in any combination. Unlike many sports, volleyball can be played at all levels co-educationally, creating a gregarious and integrating atmosphere that is appreciated by all involved.

Volleyball is a uniquely universal sport, as it includes persons of minor disability, as well as people who are more severely disabled. Top international sitting teams use setters who are double-leg amputees and these athletes are much faster in on-court movement.

Volleyball practice is economical, especially for sitting volleyball, since no expensive prostheses, wheelchairs and special sport equipment are needed. All that is needed is floor space, a rope or net, and a ball.

Disabled Volleyball History

The need for physically challenged people to compete in sport arose during and after World War II. The rehabilitation process for disabled veterans progressed at a quicker pace when a sporting activity was involved in stimulating recovery. After the war, sitting volleyball was invented in The Netherlands. The first competitive international match was played in 1957.

Disabled Sports/USA (DS/USA), founded in 1976, is the national organization chartered to provide access to year-round, grassroots sports and
recreational programs for children and adults with disabilities. The organization supports the vertical integration of disabled athletes into the National Governing Bodies (NGBs) of the United States Paralympics (USP) on an equivalent basis. The USP was formed in 2001 as part of the U.S. Olympic Committee (USOC) and works with USA Volleyball (USAV) in the development and training of the USA Women’s and Men’s National Sitting Teams for international World Championships and the Paralympics.

Volleyball’s international governing body for physically challenged athletes is World ParaVolley (WPV). WPV oversees international championships and tournaments worldwide to include zonal championships, Intercontinental Cup, World Championships and the Paralympic Games. For more information, log onto www.worldparavolley.org.

Standing Volleyball

Standing volleyball is played by regular volleyball rules with one exception: on-court player rankings of “A”, “B” or “C”. The six players on court must include a minimum of one “C” class player, and may include a maximum of one “A” class player. If a Libero is on court, the six players must still satisfy this requirement. This is known as a classification system. Players are not classified “A”, “B” or “C” by their ability to play, but by the severity of their disability. “A” is considered a minimum disability and “C” would be someone with a more severe disability.

A complete set of rules for standing volleyball can be found and downloaded from the World ParaVolley website at www.worldparavolley.org.

Sitting Volleyball

A complete set of rules for sitting volleyball can be found and downloaded from the World ParaVolley website at www.worldparavolley.org.

The regulation sitting court size is 6 m x 10 m. Boundary lines are included in the court. The centerline divides the court into two courts, 6 m x 5 m each. A racquetball court is almost perfectly sized, especially when using a lowered Wallyball net. The lines of a regular court using two linked nets down the middle allow for three courts (end line to 3-meter line; 3-meter line to 3-meter line; 3-meter line to end line).

Most programs use a normal net that is 1 m wide and 10 m long attached to the standards of a 9 m x 18 m court. (Internationally, a regulation net is 80 cm wide and 6.5 m long). The net height is 1.15 m for men and 1.05 m for women.

The attack lines are drawn parallel to the centerline, 2 m from the middle of the centerline. The service zone is marked with two lines, each 15 cm long and placed inside the service zone at the end of each court, 20 cm behind and perpendicular to the end line. Both are drawn as an extension of each sideline.
The court size and height of the net may be modified for sitting volleyball. Modifications to gym space are acceptable for local play, as long as both courts are equal in size.

**Key Rule Modifications for Sitting Volleyball**

- The position of each player is determined and controlled by the position of his/her bottom. This means that at the time of service, the hand(s) and/or legs of back-court players may lie in the attack zone, and that the hand(s) and/or legs of on-court players may lie off court.
- “Bottom” is defined as the upper part of the body, from the shoulder to one’s buttocks.
- It is permitted to touch the opponent’s court beyond the centerline with any part of the body provided that it does not interfere with the opponent’s play.
- At all times during playing actions, the players must contact the court with some part of the body between the buttocks and the shoulders, except that a short loss of contact with the court is permitted when playing the ball, excluding the service, the block and attack hit when the ball is completely higher than the top of the net. To stand up, raise the body or take steps is forbidden.
- The back-row player may perform any type of attack-hit from any height, if at the time of the hit the bottom does not touch or cross over to the attack line.
- The referee’s official hand signal of “lifting from the court” is made by raising the upper hand and forearm positioned parallel to the floor and mirror imaging the lower hand and forearm.
- Referees in sitting volleyball must stand to the sides of the court because of the height of the net and the fact that the players are in a seated position.
- Blocking a served ball is allowed.
Paralympics

Volleyball has been a Paralympic discipline for more than 20 years. The first Paralympics were conducted in 1960 in Rome, although the expression “The Paralympic Games” was first used in 1984. Although in the beginning it only included men’s competition, women’s sitting volleyball was added to the Athens 2004 Summer Paralympics. In the 2004 Athens Games, the U.S. women’s sitting team earned a bronze medal; and the men, although ending up in sixth place, earned valuable international experience.

The U.S. women’s sitting team won the silver medal at the 2008 and 2012 Paralympics in Beijing, China and London, England. The U.S. men narrowly missed the opportunity to compete in Beijing and London by virtue of a defeat at the hands of Brazil at the 2007 and 2011 Parapan American Games.

The USA needs to identify and train the top American athletes for men’s and women’s sitting and men’s standing volleyball. In 2009, Bill Hamiter was selected as the first high performance director and resident head coach for the U.S. Sitting Teams, which are based at the University of Central Oklahoma (UCO) in Edmond. He will work closely with Elliot Black, the sitting volleyball coordinator at UCO.

USA National Championships

The U.S. Standing Volleyball Team competed in the “A” Division at the 2003 U.S. Open Championships in Minneapolis, Minn. – an event designed for non-disabled athletes. The Sitting Men’s and Women’s Teams also use Nationals and various Junior Qualifiers as training and talent awareness stops on their quadrennial journey to the Paralympics. Sitting volleyball is in its third year as a discipline at the USA Volleyball Open National Championships. At the 2015 event in Detroit, 10 sitting teams participated. There is no requirement that players have to be physically challenged to participate in this division at the USA Volleyball Open National Championships.

Disabled Sports/USA annually holds the National Amputee and Les Autres Games, including the Standing and Sitting Volleyball National Championships. Teams need only three disabled on the roster and two disabled players on the court at all times.

2015-2017 DOMESTIC COMPETITION REGULATIONS (INDOOR) TECHNIQUES, MECHANICS & PROCEDURES

Referee Techniques

1. **Roster verification:** Rosters, if used, are verified pre-match by the scorer, assisted by the 2nd referee. Both referees visually review uniforms for legality.

2. **Coin toss procedures:** USA Volleyball does not designate “home” or “visitor” teams, so the 1st referee will designate a side of the coin for each team during the pre-match and deciding set coin tosses. The coin is tossed and caught, and the result immediately revealed without turning the coin over. If the coin is dropped, it shall be re-tossed. The captain who wins the coin toss has the options of serve or receive the serve, or the side of the court to occupy. The opposing captain then chooses from the remaining options.

3. **Pre-set line-up check 2nd referee:** When checking line-ups at the start of each set, the 2nd referee will stand at the sideline of each team’s court with both teams’ line-up sheets in hand to verify player positions. The 2nd referee should not enter the court. The game ball remains at the scorer’s table until line-ups have been verified and Libero replacements authorized. Once the line-up sheets have been returned to the scorer, the game ball is tossed or rolled to the first server.

4. **Referee signal sequence:**
   a. If the fault is whistled by the 1st referee, the 1st referee indicates which team wins the rally by extending the arm in the direction of the team that will serve next (palm perpendicular to floor), then the nature of the fault and the player at fault, if necessary. All signals are repeated by the 2nd referee except the authorization to serve and a served ball that fails to pass to the opponent through the crossing space.
   b. If the fault is whistled by the 2nd referee, the 2nd referee indicates the nature of the fault and the player at fault, if necessary. The 1st referee then indicates the next team to serve and the 2nd referee repeats that signal. The 1st referee does not signal the fault or player at fault (Rule 22.2.3.2).
5. **2nd referee position at end of rally:**
   a. When the 2nd referee’s whistle ends a rally, he/she always steps to the offending team’s side of the net before signaling the fault.
   b. When the 1st referee’s whistle ends the rally, the 2nd referee will attempt to step to the offending team’s side of the net and repeat the signals of the 1st referee. When facilities do not present enough space for the 2nd referee to accomplish this easily, the 2nd referee will simply step laterally away from the post and repeat the 1st referee’s signal sequence. NOTE: When the 2nd referee has relevant playing-ending information or is offering discreet assistance, he/she must avoid transitioning and signaling simultaneously, which will result in the information or signal being obstructed by the net post or equipment.

6. **Attack Hit Fault signal (Signal 21):** Completely extend the arm straight up, above the shoulder, hand open, and then bending at the elbow, make a downward motion toward the opposing team. The final position of the arm should not obstruct the referee’s view.

7. **Blocking fault/screening signal (Signal 12):** Completely extend both arms straight up from the shoulders (elbows are not bent), palms facing away from the body.

8. **Improper request signal & technique:** An improper request is signaled with a “wave off” – a sweeping motion with the arm extended, open hand, palm facing away from the body, on the offending team’s side of the court. The 2nd referee communicates this to the coach at the earliest opportunity, without delaying the match. The 1st referee will signal, at the end of the rally, by placing the palm over the opposite wrist, on the offending team’s side of the court. The improper request is recorded on the score sheet at the end of the rally.

9. **Same player makes third and fourth team hits:** Signal “double contact” (Signal 17).

10. **Indication of which player(s) contacted the net:** Indicate the player at fault by pointing toward the player with an open hand.

11. **Completed attack-hit from an overhand set by a Libero in the front zone:** Signal attack hit fault (Signal 21), and then indicate the Libero by pointing toward the Libero with an open hand.

12. **Identification of game captain:** During pre-match line-up checks, the 2nd referee indicates the game captain to the 1st referee by placing the arm in the chest area, hand open and palm facing the floor, and then pointing, open hand, toward this player. This tech-
nique should also be used when the captain is replaced by substitution or the Libero. The captain should acknowledge this designation by raising a hand. It is not necessary for the 2nd referee to repeat this procedure at the start of each set unless the game captain changes or the 1st referee requests the information.

13. **2nd referee “ready” signal:** Indicate by holding both hands in front of body, just above head height, palms toward 1st referee. Used by a 2nd referee after any regular game interruption or a delay to the resumption of play. Also used by the scorer upon completion of recording a substitution(s), or at the end of a timeout. “Ready” means that the scorer has recorded all necessary information, the 2nd referee is in proper position, all players have taken their positions on the court, and the 2nd referee is ready for play to resume. The 1st referee is still obligated to complete a court scan, check that the server has the ball, and ensure team readiness before authorizing the next serve.

14. **Time-out administration:**
   a. 2nd (or 1st) referee whistles to acknowledge time-out request. Both referees make the time-out signal (Signal 4) with the vertical hand of the signal on the side of the requesting team, and point toward the requesting team’s bench with an open hand; 2nd referee will informally display each team’s time-out status to 1st referee at the beginning of the time-out.
   b. Players are not required to leave the court and go to the bench area. Coaches and non-playing team members may not enter the court.
   c. 2nd referee whistles at end of 30 seconds and ensures both teams re-take the court.
   d. Upon conclusion of each team’s second time-out, the 2nd referee will notify the coach (or captain, if necessary) by visually displaying the time-out signal (Signal 4) and then showing two fingers. The 2nd referee will then notify the 1st referee in the same manner after getting into position for the resumption of play and before signaling “ready.”
   e. It is not necessary to notify teams after their first time-out unless requested to do so by the coach/captain. Similarly, the referees do not visually display each team’s time-out status at the end of any time-outs unless necessary for clarification.
   f. Teams may re-take the court prior to expiration of the time-out, unless necessary for the court to remain clear.

15. **Substitution notification:** With the ninth, 10th, 11th and
12th team substitutions, the 2nd referee will notify the coach by displaying the substitution signal (Signal 5), followed by the number of team substitutions used during the set (10 – clenched right fist, 11 – clenched right fist plus index finger of left hand, 12 – clenched right fist plus index and middle finger of left hand). The 2nd referee will notify the 1st referee of a team’s 12th substitution in the same manner after getting into position for the resumption of play and before signaling “ready.” If requested by the 1st referee, the 2nd referee will also inform the 1st referee of the ninth, 10th and 11th substitutions in this manner.

16. **Multiple substitutions by one team:** Only one incoming player may be in the substitution zone at a time awaiting authorization to enter. Subsequent substitutes must wait outside the substitution zone until the first pair of players has been authorized to enter by the 2nd referee. For multiple substitutions by a team during the same dead ball, there can be no significant delay between substitutions.

17. **Substitution request procedure:** A request for substitution requires that the incoming substitute has entered the substitution zone before the request is acknowledged (whistled). Verbal or hand-signal requests for substitution by the coach or captain do not constitute a formal request and will not be acknowledged (whistled). NOTE: Referees must facilitate this procedure and ensure that teams are educated in its use.

18. **Requests for game interruption by opponents during same dead ball:** When opponents request a game interruption (time-out, substitution, etc.) during the same dead-ball period, the 2nd referee will acknowledge each team’s request with a separate whistle. Multiple substitutions by the same team require only one whistle.

19. **1st/2nd referee duties:**
   a. The 1st referee controls player conduct during the pre-match warm-ups. The 1st referee also times the warm-ups but may request the 2nd referee to assist while 1st referee instructs line judges or attends to other pre-match duties.
   b. Either referee may whistle net faults, and attack-hit or blocking faults.
   c. The 2nd referee calls (whistles) antenna faults on his/her side of the court.
   d. At the end of the match, the 1st referee checks the score sheet for accuracy, and then signs it.

20. **2nd referee discreet assistance techniques:** Discreet assistance from the 2nd referee should only be offered when, from the 2nd referee’s view, a fault has occurred. Discreet assistance should not be used for possible faults, e.g., to indicate that no oppos-
Expectations regarding these techniques should be the subject of referees’ pre-match briefings. NOTE: Discreet signals, which are indicated using only one hand (ex: 2 hits, 4 hits, attack-hit fault, etc.) should be signaled with the hand corresponding to the team at fault. If the view of the 2nd referee is obstructed, the discreet signal may be made with the more visible hand.

a. 2 hits vs 4 hits: The 2nd referee should use the appropriate discreet assistance only after the same player has hit the ball twice in succession (“2 hits”) or after a team has touched the ball four times and the third and fourth hits were not by the same player (“4 hits”). NOTE: “4 hits” should not be used to indicate “no touch” by the blocking team.

b. Attack-hit fault: The attack fault signal (Signal 21) should be shown in the chest area, and the 2nd referee should allow the 1st referee the opportunity to whistle the fault or to communicate that the play was legal before whistling this fault (USAV 24.3.2.4).

c. Blocking fault: The 2nd referee may whistle this fault immediately, or a discreet blocking fault signal (Signal 12) may be shown in the chest area with hands only, shoulder-height.

d. Requesting an individual sanction: The 2nd referee should whistle, step to the offending team’s side of the court, and verbalize the sanction and offending team member. Other hand signals are not necessary to request an individual sanction.

e. Requesting a delay sanction: Display the delay sanction signal, without a card in chest area.

f. Ball in/pancake play: Step to the side of the court where the ball hit the floor, maintain a position visible to the 1st referee, and give the “ball in” signal. If the 1st referee does not see this assistance, the signal should be made more visible. If the 1st referee does not quickly recognize the assistance, the 2nd referee should whistle this fault.

g. Ball handling opinions: The 2nd referee should not offer ball handling opinions during a match. Only if the 1st referee has requested such assistance during unusual plays (i.e., the 1st referee is screened from viewing the play) should the 2nd referee offer an opinion.

h. Touch information: At the end of a rally in which the 2nd referee has observed a player touching the ball before it lands out of bounds, the 2nd referee should offer a visi-
ble “touch” signal (Signal 24). If the 1st referee does not notice this assistance, the signal should quickly be made more visible and the 2nd referee should step laterally, away from the post.

21. **Deciding set coin toss:** For the deciding set coin toss, the 1st referee conducts the coin toss near the scorer’s table or may request the 2nd referee to do so. During this time, teams are released to their benches while each team’s game captain attends the toss. The coin toss takes place during the three-minute interval between sets. After the coin toss, the 1st referee will blow a whistle to direct teams to change courts or to remain at their current benches for the start of the deciding set; the scorer will be immediately notified of the result in order to prepare the deciding set score sheet; and, if the 1st referee conducted the toss, the 1st referee will immediately return to the stand.

22. **Change of courts during deciding set:** The 1st referee will signal for teams to change courts immediately after the eighth point has been scored by a team. Teams are not directed to the end lines during this court change but they should change sides by going counter-clockwise around the post to their respective right side (or under the net near the sideline if space does not permit the players to pass outside the posts). To prevent teams from crossing under the net in the middle of the court, the 2nd referee will enter the court to his/her right and direct the team on the right to change sides as described above. The 2nd referee will also ensure the team on the left changes sides accordingly. The 2nd referee will return to the scorer’s table after the court change to ensure the scorer is ready to resume, and may confirm each team’s court positions before continuing.

23. **Set/Match point:** The 2nd referee will verbally/visually confirm set or match point with the scorer and then place an index finger against the shoulder corresponding to that team. For example, if the team to the 2nd referee’s left has earned set/match point, the index finger of the right hand will be placed against the left shoulder (or vice versa for the team on the right).

24. **Ball hitting an antenna:** When the ball is hit into an antenna, the referee will whistle and signal “out,” and if necessary, will indicate with an open hand the player who hit the ball into the antenna. The referee does not point toward the antenna before or after signaling “out” for the antenna fault. If the 1st referee whistles the antenna fault, he/she will first show the team to serve next before signaling the antenna fault.

25. **First referee whistling positional faults on receiving team:** The 1st referee will normally check position faults for the serving team only; the 2nd referee is authorized to check posi-
tion faults for receiving team only. If the 2nd referee does not call a blatant positional fault after ample communication/notification by the 1st referee, the 1st referee may whistle this fault. This will occur only on very rare occasions.

26. **Sanction procedures:**
   a. For a player on court: The player being sanctioned must approach the 1st referee’s stand to acknowledge the sanction. In the case of a penalty, the 1st referee will first award a point to the team to serve next, display the appropriate card(s) to the sanctioned player, and then verbalizes, “This penalty (or expulsion or disqualification) is for you for unsporting conduct.”
   b. For a team member on the bench: The 1st referee will call the game captain to the stand. In the case of a penalty, the 1st referee will first award a point to the team to serve next, display the appropriate card(s), and verbalize, “This penalty (or expulsion or disqualification) is for player (or coach) ‘X’. Please inform him/her of the sanction.” The captain should go immediately to the bench to inform the team member, who will acknowledge the sanction while the 1st referee continues to display the card(s).
   c. For delay sanctions: The 1st referee will call the game captain to the stand, indicate the team to serve next if in the case of a delay penalty, and verbalize “This delay sanction is for [delay action],” while displaying the appropriate signal. The captain may inform the coach of the sanction for clarification purposes.
   d. For verbal (official) warnings: Verbal or hand signal warnings must be accompanied by a whistle and are notified directly to the team member being warned or through the game captain. Multiple warnings to the same team member during the same set/match are permitted for minor unsporting conduct.
   e. For simultaneous sanctions to opponents: When individual sanctions are assessed to opponents for simultaneous unsporting acts, the team member from the serving team shall be sanctioned first, followed by the team member from the receiving team. The sanctions are administered following the above procedures.

27. **Notification of illegal Libero replacement:** The assistant scorer shall notify the 2nd referee of an illegal Libero replacement after the contact of the serve. A positional fault is the resulting fault.

28. **Line judge position during time-outs:**
At midpoint of respective end line.
29. **Line judge position when server is within 1-2 meters of the line judge:** When a server takes a position within 1-2 meters of the line judge, the line judge must step behind the server along the sideline extension. When space prohibits stepping behind the server, it is appropriate to stand along the end-line extension. After the service contact, the line judge should quickly return to the position at the intersection of the end line and sideline.

**Points of Emphasis**

1. **Warm-ups:**
   a. For adult competition: When one team has exclusive use of the court, the opposing team may warm up with practice balls in the free zone surrounding the court but may not interfere with the warm-up of the opponent on the court, including serving practice.
   b. For junior competition: When one team has exclusive use of the court, the other team must either be at its team bench or out of the playing area. The team may also retrieve balls for the opposing team. Warming up with balls at the team bench or the spectator walkways is not permitted.

2. **The Serve:** The server must be on the playing surface before the serve is authorized. The entire service action must take place on the playing surface.

3. **Coaches' Location:**
   a. All coaches must remain 1.75 meters (5’10”) from the court while the ball is in play. During dead-ball periods, coaches may briefly approach the court to give instructions to players on the court but must step away from the court when the 1st referee prepares to authorize the service. If a coach fails to adhere to this rule after being reminded to do so, a delay sanction may be assessed. **NOTE:** When the distance between the sideline and the team bench/bench area is less than 2 meters, the coach must remain in the free zone nearer to the team bench/bench area while the ball is in play. Coaches may not enter the substitution zone.
   b. The coach or one assistant coach may give instructions to a player in the warm-up area but may not remain there for any extended length of time.

4. **Assistant Coaches:** One assistant coach at a time may leave the bench to give instructions to the players on the court. During play, this assistant coach may give these instructions
while standing or walking within the free zone in front of his/her team’s bench from the extension of the attack line up to the warm-up area, no closer to the court than 1.75 meters (5’10”) from the sideline and its extension, without disturbing or delaying the match. Assistant coaches may not address the referees.

5. **Disruptive Coaching:** Includes loud or abusive language, comments to officials or to opposing teams, throwing of objects, and displaying disgust in an overt manner.

6. **The Libero:**
   a. Up to two Liberos may be designated on the line-up sheet at the start of the match. If zero or one Libero is designated on the line-up sheet, the coach may select a different Libero for subsequent sets, but may not have two Liberos. If two Liberos are designated on the line-up sheet for Set 1, those are the only two Liberos who may play for that team for the match.
   b. The Libero’s jersey or jacket must contrast in color to the color of the jersey worn by other members of the team. (Please note USAV 19.2a.) The Libero jerseys do not have to match, but they must both be contrasting from the other members of the team.
   c. If a Libero wears an exposed undergarment as noted in USAV 4.3, that undergarment may differ from exposed undergarments worn by teammates.
   d. A Libero may replace an injured player in the back row after the 30-second injury evaluation if no Libero was on the court at the time of the injury.
   e. Only one Libero per team may be on the court in replacement of a teammate at any given time.

7. **Player Equipment:**
   a. If a player’s towel falls to the floor during a rally, which consequently requires a stoppage of play, a delay sanction must be issued. The rally should not be stopped unless a referee judges that a safety hazard exists. A delay sanction can be avoided if the team takes steps to mitigate the risk hazard in this situation.
   b. Player equipment (eyeglasses, contact lenses, etc.) is worn at the player’s own risk (Rule 4.5.2). If a stoppage of play results due to a concern for safety, a delay sanction is assessed and a replay will be granted. A similar rationale, as noted above in 7a, should be used to determine if a safety hazard exists. If a player is injured as his/her lenses fall to the floor, the injury takes precedence and the provisions of Rule 7.1 should be applied.
   c. Casts are not permitted, regardless of covering or padding.
d. Bobby pins, barrettes and hard plastic headbands may be used to control the hair. Such items do not need to be covered or padded.

e. For adult competition, jewelry may be worn provided its nature does not present a concern for safety, e.g., extremely long necklaces and/or necklaces with large medallions, or large hoop earrings.

8. Interference with Play:

a. A player who places a hand/hands near the net in the path of a ball to deflect the natural rebound of a ball that has been passed into the net by the opponent has committed a net fault according to the FIVB/USAV interpretation of “interferes with play.”

b. If a player contacts an official (2nd referee or line judge) during an attempt to play the ball legally, the 1st referee may award a replay if the physical interference impeded that player’s attempt.

c. A ball that contacts an official (referee or line judge) is ruled “out” per Rule 8.4.2.

9. Improper Requests (See also Referee Techniques #8):

a. A request for an illegal substitution shall result in an improper request. However, if such a request is acknowledged (i.e., whistled), a delay sanction shall result.

b. Despite any previous delay sanction, a team’s first improper request of the match is rejected, and the improper request is assessed without further sanction.

10. Line-up Checks: A line-up check is not considered a regular game interruption and is permitted prior to re-authorizing the serve for a rally that was not completed. A line-up check may not be requested after the service authorization, and before the service contact, even if the 1st referee must authorize the serve a second time due to external interference (e.g., a ball on the court). Coaches or captains may request a line-up check.

BASIC PROCEDURES FOR CONDUCTING A USA VOLLEYBALL MATCH/COMPETITION FOR REFEREES

These are the basic procedures to be followed when conducting official USA Volleyball matches or competitions. More detailed information for each of these items can be found in the “USAV Referee Guidelines and Instructions.”

1. OFFICIALS
   a. The officials should be certified USA Volleyball referees and qualified USA Volleyball scorers.
   b. The prescribed USA Volleyball uniform and certification patch should be worn by all referees.
   c. At a minimum, referee equipment includes a whistle with lanyard, a set of yellow/red cards, a flipping coin and a watch or timing device.

2. ARRIVAL
   a. Referees should arrive at the playing venue no fewer than 30 minutes prior to the start of the competition.
   b. The tournament director or event manager should be located at that time, and playing formats, ground rules, warm-up procedures and other protocols should be determined.

3. MATCH PREPARATION
   a. Referees or scorers should examine the court and playing equipment prior to the first match: identify court lines, playing area, and any floor obstructions; determine rulings for overhead obstructions; examine the playing equipment (including net, antennas, posts, referee stand and game balls); and verify the net height and ball pressure.
   b. Referees or scorers should ensure pens, pencils, score sheets and Libero control sheets are available at the score table. Line-up sheets and rosters may also be required.

4. REFEREE’S PRE-MATCH DUTIES
   a. Prior to the coin toss, the 1st and 2nd referees must discuss their match responsibilities, as well as communication techniques that will be used between them during the match. This should include: discreet help from the 2nd referee; addressing conduct issues; and ensuring consistent application of ground rules.
   b. Preferably prior to the coin toss, or immediately thereafter, the referees will meet with the officiating crew to give instructions to the line judges (1st referee) and scoring crew (1st or 2nd referee).
c. Conduct a coin toss between the team captains prior to the start of the timed warm-up period. Once tossed, the coin should be caught and the result immediately revealed.

d. After the coin toss, the 1st referee will supervise warm-up periods and may request the 2nd referee to time their duration. Note: In the event a team does not choose to use its time on the court, the court shall remain unoccupied.

e. During the warm-up period, the 1st referee must verify the legality of each team's player and Libero uniforms. All players must wear uniforms as prescribed in Rule 4.3 and USAV Rule 4.3 and/or Rule 19.2 and USAV Rule 19.2.

f. At the end of the warm-up period, the 1st or 2nd referee will blow a whistle to indicate that the warm-up period is over and players are to clear the court.

g. Referees and other officials take their assigned places.

5. START OF THE FIRST SET OF THE MATCH

a. Teams line up on the end line of their respective team courts. When both teams are ready, the 1st referee will blow a whistle and motion for players to take their positions on their court.

b. The 2nd referee, using each team's submitted line-up sheet, and the scorer, using the score sheet, will verify that players are in the correct positions on the court. No corrections may be made unless an error or omission has been made by the scorer. Prior to the start of play, changes and/or substitutions can only be made under the provisions of Rules 4.1.3, 7.3.2 and 7.3.4. No other changes may be made in the line-ups to correct an error made by teams in preparing the line-up sheets. NOTE: A substitution prior to the start of any set is permitted.

c. Upon completing the line-up check, the 2nd referee will permit Libero replacements to occur and confirm that the assistant scorer has recorded them.

d. The 2nd referee then retrieves the game ball from the score table and delivers it to the first server of the match. The 2nd referee will then take a position on the receiving team's side of the net and indicate "ready" to the 1st referee. The 1st referee whistles and beckons for the first service of the set. This marks the time the set officially begins.

e. Prior to the contact of the serve, serving team players should be in their correct positions on the court, with no distracting movements. Continual or distracting movement may be construed as screening. The 1st referee must be aware of screening during all service actions.
6. DURING THE MATCH
   a. Each referee has specific duties and responsibilities during the match as outlined in Rules 23 and 24.
   b. Judgment and ball handling decisions, as well as match control, flow and tempo, are very important for any 1st referee.
   c. Match administration (substitutions, time-outs, etc.), communication with the team benches and score table, and positioning/focus during net play are important aspects of working as a 2nd referee.
   d. Scorer, assistant scorer and line judge duties are clarified in Rules 25, 26 and 27, respectively.

7. PROCEDURES FOR REGULAR GAME INTERRUPTIONS
   a. Substitutes should enter the substitution zone and wait for the authorization to enter given by the 2nd referee. Entry into the substitution zone is the only legal way to request a substitution, except for injury situations or substitutions prior to the start of a set. For multiple substitutions by the same team during one dead ball period, each player and his/her substitute must enter the substitution zone in succession, one pair at a time, and must wait until entry is authorized by the 2nd referee. For multiple substitutions by the same team, there can be no delay between incoming substitutes. When opponents request substitutions simultaneously, the 2nd referee must ask that one team wait while the other team’s substitution is administered and recorded. After this substitution has been recorded, the 2nd referee will whistle to recognize the substitution for the other team and then authorize the substitute to enter the game.
   b. When the coach or playing captain requests a time-out, the 2nd (or 1st) referee should immediately whistle, show Signal 4, Time-out, and then indicate the team by pointing, open-handed, toward that team’s bench. The 2nd referee will then visually inform the 1st referee of the number of time-outs each team has taken. After 30 seconds have elapsed, the 2nd (or 1st) referee must whistle to end the time-out. Teams should immediately retake the court. The 2nd referee will then verbally and visually notify each team’s coach only when that team’s second time-out has been taken. The 1st referee prepares for the next rally.

8. END OF THE SET AND START OF THE NEXT SET
   a. A set officially ends when the whistle is blown for the fault resulting in the winning point. The set interval begins when the 1st referee executes Signal 9, End of Set. Following the whistle indicating the end of a set, the referee will direct the teams to change playing areas and benches immediately, with the exception of the interval before the deciding set. In all but the deciding set, the players proceed to their right until they reach their new bench
area with the team on the left passing behind, or if court space is limited, directly in front of, the 1st referee and proceeding to the bench.

d. The 2nd referee will collect the line-ups from both teams as quickly as possible during the set interval; however, line-ups must be submitted within two minutes and 30 seconds during the set interval. With 30 seconds remaining in the interval, the 2nd referee will blow a whistle and teams shall immediately report to the court and line up in their proper positions to start the set.

c. When a deciding set will be necessary, the teams follow a different procedure at the end of the set prior to the deciding set. Following the whistle indicating the end of the set, the 1st referee will release the teams to their respective benches. The game captains for each team then immediately meet at the scorer’s table, where the 1st (or 2nd) referee will conduct the coin toss for the deciding set. Once the choice of sides has been determined, the 1st referee whistles and directs the teams to their appropriate team areas, using the procedure specified in 8a above if a change of court is necessary. The procedure for the start of the deciding set is the same as stated in 8b.

9. CHANGE OF TEAM AREAS DURING A DECIDING SET

a. When teams change team areas during a deciding set of a match (Rule 18.2 & USAV 6.3b), the 1st referee will blow a whistle and show Signal 3, Change of Courts. Teams will change playing areas as noted in 8a above, without delay and with player positions remaining the same.

b. Substitutes and other team personnel will change team areas in front of the score table.

c. If requested, the 2nd referee will verify that players are in their correct positions on the court.

10. AT THE END OF THE MATCH

a. Following the whistle indicating the last rally of a match, the 1st referee will whistle again and display Signal 9, End of Match, and direct the players of each team to line up on the end line of their team court.

b. When both teams are in position, the 1st referee will blow a final whistle and motion for the teams to proceed to the center of the court to shake hands with the opponents.

c. The 2nd referee will ensure that the game ball is returned to the designated area for safekeeping.

d. Both team captains shall thank the referees.

e. The 1st referee will then review the score sheet to verify the final results and ensure the scorer has signed the sheet. The 1st referee will then sign the score sheet(s).

f. Referees will then immediately depart the playing area.

GUIDELINES FOR CONDUCTING INDOOR TOURNAMENTS/LEAGUES

To assure maximum efficiency and consistency throughout USA Volleyball in the conduct of sanctioned competition, as well as fair and equitable treatment of teams and players, principles and guidelines have been established by USA Volleyball. These should be considered as the national minimum standard and should be an integral part of the sanction agreement with USA Volleyball and/or the Regional Volleyball Association.

It is recognized that not all organizations and facilities have the minimum resources available to meet these minimum standards continually. In these cases, reasonable alternatives should be provided.

The rules offer many options to allow for a wide range of use. It is the responsibility of the Tournament or League Director to specify in writing which options or modifications to the rules will be enforced. Players must be notified of all Tournament/League Regulations prior to the start of play and preferably before the acceptance of any entries.

Guidelines for specific nationally-sanctioned tournaments can be found on the web site at www.usavolleyball.org.

A. GENERAL INFORMATION
   1. All tournament regulations must be within the guidelines of the governing organization.
   2. Common sense may dictate that adaptations to the rules may enhance the playing experience in certain situations.
   3. All adaptations to the rules and tournament guidelines must be for the improvement of the game for the participants involved. Principles of fairness and increased participation should guide decisions to adapt playing rules.
   4. When in doubt, contact the volleyball authority within your organization.

B. APPLICATION/PREPARATION
   1. Tournament Directors should apply for and receive sanction from their respective state, regional or national authority. Requests for any waivers to the rules should be submitted to the appropriate authority at this time or as soon as the need has been determined.
   2. Obtain the correct forms and equipment to have available at the site such as:
      a. Appropriate equipment (nets, standards, antennae, volleyball, etc.) to conduct competition consistent with the rules.
b. A copy of the current Domestic Competition Regulations and any specific tournament/league guidelines.
c. USA Volleyball score sheets, line-up sheets and Libero control sheets. These may be printed from the web site at www.volleyballreftraining.net/resources_scoring_materials.php or purchased through the on-line store at www.em2sports.com/officiating-amp-coaching-tools.html.

3. For large, multi-court tournaments, the following is recommended:
   a. A non‑playing tournament director/manager with the sole responsibility of keeping the tournament on schedule and properly recorded; OR
   b. A court manager for every 1-4 courts, all of whom are collectively charged with the above responsibilities; AND
   c. A non‑playing certified referee in charge who shall be designated to handle all referee assignments.
   d. The duties of the Head Referee may include identifying a protest committee and working with the tournament director to identify ground rules. He/she may also be charged with setting a referee schedule when certified match officials are used.

4. For smaller tournaments and leagues, some of these duties may be combined.
   a. A one-court facility may require only one person to act as the site director and the head referee.
   b. A two- to four-court facility with a paid referee on each court might require only one tournament/league director, who may also act as head referee.

**C. FEES/AWARDS**

1. Each tournament situation is unique. The entry fee should be commensurate with expenses incurred. Some considerations should be:
   a. paid officials,
   b. cost of facilities, equipment and administrative supplies/costs,
   c. awards,
   d. sale of food items, merchandise, etc., to help defray expenses,
   e. contribution to USA Volleyball Foundation, Endowment Fund or other charity,
   f. payment of expenses to team(s).

2. Selection of awards is generally dependent upon the
number of teams entered, the age of the participants and the financial resources available. Awards may include:

a. team trophies or plaques,
b. individual awards such as medals, plaques, t-shirts or other merchandise,
c. money back in the form of expenses or future tournament entry fees.

D. TYPES OF TOURNAMENTS

1. Double Elimination: Because of the obviously limited play potential for the weaker teams, this type of tournament is discouraged.

2. Round Robin: This is more universally accepted because all teams are guaranteed a reasonable number of sets/matches. It also is more practical for the assignment of support officials. A multi-court round robin in the same division/class will require a championship playoff. A single-court round robin does not require a playoff. Such an arrangement is discouraged.

3. Many large national-level and festival-type tournaments have more than one round of pool play (round robin) culminating in a single- or double-elimination round.

E. SCHEDULING PARAMETERS

1. Scheduling matches for a tournament must be realistic. These time allowances provide for a six-minute warm-up between matches and three minutes between sets. Usually, only the results of full matches (two out of three or three out of five 25 rally point sets with the deciding set to 15 rally points) are acceptable for seeding purposes for national-level events. Playing formats may be adjusted to fit the needs of the tournament. For example, if a team drops out at the last moment, three sets to 25 points might be played to ensure that a minimum number of sets are played by the remaining teams.

</tbody>
</table>
2. At least five additional minutes of warm-up shall be allotted for the first match for each team except in those facilities that provide an adequate warm-up area not in conflict with the playing areas.

3. Teams should play at the announced time when their match is sequentially ready to be played, regardless of the time schedule. The time schedule is only a guideline. EXCEPTION: The first match of the day for each team should be governed by the announced/scheduled starting time only. Some large tournaments (national level) may have their own written guidelines for their tournament schedules. For example, it is standard at large junior tournaments for pool play matches to start at the scheduled time with the provision that a match may start no more than 10 minutes early, provided both playing teams and the referees agree.

4. The tournament schedule and forfeit procedures should be clearly posted and all teams informed.

5. Samples of various round robin schedules (officiating team in parentheses):

Pool play sequences, listed below, are allowable for use with all respective pools in an NQ, unless another sequence is approved by the Events Department:

F. METHOD OF PLAY
(ONE-DAY TOURNAMENTS)
1. When round robin competition is scheduled, a maximum of five teams only should be accepted per available court.
2. When round robin play qualifies teams for a championship playoff, no more than 50 percent of the teams entered should advance to the championship playoff bracket.
3. The championship bracket is recommended not to exceed eight teams.
4. When two four-team brackets are scheduled, a championship and consolation pool may be formed from a first-round robin competition. Subsequent competition utilizing the top two and bottom two teams will determine first, second, third from the championship pool and fourth place by winning the consolation pool.
5. In round robin play the following will prevail:
   a. If five teams are entered and a championship playoff is scheduled, matches may consist of either two 21 rally point sets or two 25 rally point sets. Time might not allow the use of either the best of three or three-set matches.
   b. If five teams are entered and a championship playoff is not scheduled, matches may consist of either two 21 rally point sets or two 25 rally point sets. Time may not allow the use of the best of three or three-set matches.
   c. If four teams are entered, matches may consist of any format, as long as it meets a reasonable time frame and is fair to all team entries proportionate to their entry fee and travel time. Some options include four-team pool play three sets to 25 rally points or best two-out-of-three 25 rally point sets (15 rally point third set).
   d. Where there is only one pool, and a total round robin is scheduled, additional matches are not recommended. If a championship playoff is scheduled, the following criteria should be met:
      (1) Projected time schedule will permit such additional scheduling.
      (2) Playoffs should be restricted to the first- and second-place teams only.
      (3) The second-place team should win at least 75 percent of its sets in round robin competition.
6. Finals should be scheduled to begin no later than 9 p.m. and earlier if possible.
G. WARM-UP PROCEDURES

Adult Competition:

1. Usually, because of limited time, the teams preparing to play the next match must be ready to take the court immediately at the end of the previous match. Warm-up time for the teams will probably vary from 5 to 10 minutes, depending on the tournament guidelines.

2. After the coin toss, one of the following warm-up procedures is specified:
   
a. The warm-up time is split evenly in two, with the serving team taking the court for the first half and the receiving team taking the court for the second half. The teams may use the entire court in whatever manner they choose during their time, including serving practice.

b. Shared hitting - both teams using the court to practice hitting at the net. The court should be split down the middle, perpendicular to the net so that the teams are hitting from their left side and down the line. Each team may practice blocking its own players. For the safety of the players, the referees should monitor that teams are not hitting into each other. If the teams are unable or unwilling to control their hitting, the referee would have the teams revert to option a or c.

c. A variation of “a” and “b” is to allow both teams to serve together for the last minute or two of the warm-up period. For example, if the total warm-up time is five minutes, the teams would share the court for four minutes and serve together for one minute (option a) or each would use the court for two minutes separately and then serve together for one minute (option b).

d. Pre-match Protocol for Adult Open Divisions can be found on page 199.

Junior Competition:

1. For National Junior Volleyball events, the 2-4-4 format is used and should be used at all events. The first two minutes are for ball handling on a team’s own side of the court, followed by four minutes of the entire court use by the serving team and then 4 minutes for the receiving team. Serving is conducted during each team’s four minutes. Shared hitting/serving is prohibited at Junior events. Pre-match Protocol for the Junior National Championships can be found on page 200.
H. GENERAL GUIDELINES FOR THE DETERMINATION OF PLAYOFF POSITION(S) IF TIED -- METHOD ONE

1. Teams qualifying for the playoffs, but tied for position only, should not compete in a playoff set to determine position; rather, position assignment should be determined by the priority system listed below based on point differential to the extent possible.
   a. Results of the match(es) between the tied teams, first on the won-lost record, and second on the point spread. If still tied, then;
   b. comparison of the point differential based on the total round robin competition. Point differential should be determined by subtracting the total points lost from the total points won. The highest plus or the lowest minus remainder should be considered the superior team for tie-breaking purposes. If still tied, then;
   c. coin toss.

2. If there are more teams tied for the playoffs than there are positions, the tied teams must compete for the position(s) in further direct competition. Teams should NOT be eliminated from assignment to championship competition by point differential or any other non-competition system.

3. If two or more teams are tied for a single playoff position, the minimum number of one additional 25 rally point set should be played. Teams should change sides at 13 points. No cap shall be in effect. Where tournament guidelines stipulate, 15-point sets may be used. For example:
   a. Two teams tie for last position: One 25 rally point set.
   b. Three teams tie for last position: Superior as determined by the criteria in G1 shall be the bye team and play the winner of the match between the two remaining teams. Two 25 rally point sets total.
   c. Four teams tie for last position: As determined by the criteria in G1, team 1 vs. 4, 2 vs. 3 and winners play off. Three 25 rally point sets total.

4. If three teams tie for two playoff positions, the team with the greater point spread shall be awarded first place. The other two teams shall play one 25 rally point set for the remaining playoff position. The same priorities as listed in G1 shall prevail, except that if a tie shall exist after the second priority, the flip of a coin shall determine the bye team, and all teams must play for position as follows:
   a. Team Blue wins over Team White and gains one
playoff berth.

b. Team Red plays the loser, in this case Team White, for the second playoff berth. Two 25 rally point sets total.

5. These are only guidelines. Other methods are acceptable, as long as they are printed and distributed before the start of the event.

I. TIE BREAKER PROCEDURES FOR NATIONAL-LEVEL JUNIOR COMPETITION

Check the USAV website for the most updated procedure for specific events including National Qualifiers, National Bid Tournaments and National Championship Events. At the conclusion of a pool, teams in the pool will be ranked according to their match records. If a tie-in-match record exists between two or more teams, tie(s) will be broken using these USA Junior National Tie Break Formats for competition in which there is an opportunity to win a bid. The following policies apply to all tie-breaking situations:

• Divisions playing 3-out-of-5 sets and pools of six teams or more: If there are more teams tied by match record for advancing positions into the Gold Level than there are available positions, advancement will be decided by the win/loss ratio for the total number of sets played in the pool. If a tie still exists, the remaining tie-breaking procedures will be followed.

• All tie-breaking sets will be played to 25 points, with one team winning by two points and no point cap.

• In a tie breaker situation of three teams or more, if more than one team leaves the site, the remaining teams will play for position. The team(s) that left will be placed lower than the team(s) that remained. The position of all teams that left the site will be decided following the tie breaker procedure for non-gold division divisions (set percentage, point w/l, and coin flip).

Two-way Ties (two teams tied in match record)
The first place team will be the team that won the pool play match between the two tied teams (head-to-head).
This procedure will be used for all two-way ties, even when there is an opportunity to win a bid. The rationale is that the tied teams have already determined the better team through head-to-head competition.

Three-way Ties (three teams tied in match record)
There are several situations in which three-ways ties can occur. The resolution for each tie-breaking situation depends on:

• The number of teams that will advance from the pool.
• Which pool placement finish is at stake for the tied teams.
• For tie breaking purposes, all ties will be broken using match %
as the first criteria, including those cases where a third set is played regardless of the outcome of the first two sets.

**Scenario One**

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>First place</td>
<td>4-team pools: All teams have 2-1 match records 3-team pools: All teams have 1-1 match records</td>
</tr>
</tbody>
</table>

• All three teams will participate in tie-breaking sets. The seeds for the tie-breaking playoffs will be determined in this order:
  1. Win/loss ratio of the total number of sets played in the pool: Sets won divided by total sets played.
  2. Point percentage: Each team’s total points scored divided by the total points scored by the team’s opponents in that pool.
  3. Coin toss.

• Set 1: the #2 seed will play the #3 seed and the #1 seed will officiate. The loser of Set 1 will be third place in the pool and will officiate the next tie-breaking set.

• Set 2: the winner of Set 1 will play the #1 seed and the loser of Set 1 will officiate. The winner of Set 2 will be first in the pool and the loser will be second.

If one of the teams in a three-way tied pool leaves the site before the determination that a tie-break is necessary, that team will automatically become the third-place team and the other two teams will play one tie-breaking set.

**Scenario Two**

<tbody>
<tr>

• The seeds for the tie-breaking playoffs will be determined in this order:
  1. Win/loss ratio of the total number of sets played in the pool: Sets won divided by total sets played.
  2. Point percentage: Each team’s total points scored divided by the total points scored by the team’s opponents in that pool.
  3. Coin toss.

• The #1 seed does not have a playoff set. The #1 seed finishes
first in the pool.
• The #2 seed will play the #3 seed and the #1 seed will officiate.
The winner will be second place in the pool and the loser of this set will
be third place in the pool.

If one of the teams in a three-way tied pool leaves the site that team will
be ranked third in the pool. The remaining two teams will finish first and
second in the pool based on the tie-break seeding process. No other
penalty will be applied and no tie-breaking set is played.

Scenario Three

<table>
<thead>
<tr>

<th>Pool Finish</th>
<th>Applications</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Second place</td>
<td>4-team pools: All teams have 1-2 match records</td>
</tr>
</tbody>
</table>

• All three teams will participate in tie-breaking sets. The seeds for the
tie-breaking playoffs will be determined in this order:
  1. Win/loss ratio of the total number of sets played in the pool:
     Sets won divided by total sets played.
  2. Point percentage: Each team’s total points scored divided by
     the total points scored by the team’s opponents in that pool.
  3. Coin toss.
• Set 1: the #2 seed will play the #3 seed and the #1 seed will of-
  ficiate. The loser of Set 1 will be fourth place in the pool and will officiate
  the next tie-breaking set.
• Set 2: the winner of Set 1 will play the #1 seed and the loser of
  Set 1 will officiate. The winner of Set 2 will be first in the pool and the
  loser will be third.

If one of the teams in a three-way tied pool leaves the site before the de-
termination of a tie-break is necessary, that team will automatically be-
come the fourth-place team and the other two teams will play one
tie-breaking set.

Scenario Four

<table>
<thead>
<tr>

<th>Pool Finish</th>
<th>Applications</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Second place</td>
<td>4-team pools: All teams have 1-2 match records</td>
</tr>
</tbody>
</table>

• The seeds for the tie-breaking playoffs will be determined in this order:
  1. Win/loss ratio of the total number of sets played in the pool:
     Sets won divided by total sets played.
  2. Point percentage: Each team’s total points scored divided by
     the total points scored by the team’s opponents in that pool.
3. Coin toss.
   • The #1 seed does not have a playoff set. The #1 seed finishes second in the pool.
   • The #2 seed will play the #3 seed and the #1 seed will officiate. The winner will be third place in the pool and the loser of this set will be fourth place in the pool.

If one of the teams in a three-way tied pool leaves the site and does not fulfill the officiating assignment, that team will be ranked fourth in the pool. The remaining two teams will finish second and third in the pool based on the tie-break seeding process. No other penalty will be applied and no tie-breaking set is played.

**Non-elimination Scenarios**
If no team is eliminated from an opportunity to win a bid, there will be no tie-breaking sets. In three-way ties, ties will be broken, without repetition, in this order:
1. Pool match record.
2. Head-to-head results.
3. Set percentage: Sets won divided by total sets played.
4. Point percentage: Each team’s total points scored divided by the total points scored by the team’s opponents in that pool.
5. Coin toss.

**J. DUTIES OF COURT MANAGERS**
1. The court manager is responsible for getting matches and officials on and off the court.
2. The officials for each match at major tournaments include a 1st referee, 2nd referee, scorer, assistant scorer, timekeeper/visual scoreboard operator and two line judges.
3. The court manager needs to check equipment (nets, standards, volleyballs, antennas, etc.) to make certain they are in good condition at all times.

**K. PROCUREMENT/ASSIGNMENT OF REFEREES**
1. All referees assigned to sanctioned USA Volleyball or Regional competition should be duly certified USA Volleyball referees unless otherwise approved by the Regional Referees Chair.
2. Non-player certified referees, as well as available certified player referees, may be used in all sanctioned competition.
3. All non-player USAV certified referees are required to wear the approved volleyball officials’ uniform.
4. All match assignments shall be made by the designated Head Referee. In the absence of a Head Referee, the Tournament Director will act in this capacity.
5. Other organizations that sponsor volleyball activities may want to contact the USA Volleyball Regional Commissioner or Referees Chair to obtain clinic and certification information and gain access to the USA Volleyball certified officials in the area.

L. ASSIGNMENT OF SUPPORT OFFICIALS
1. The primary responsibility for the assignment of support officials should lie with the Tournament Director.
2. Participating teams may be expected to furnish required support officials as requested. Required officials are the second referee, the scorer, the assistant scorer, two line judges and visual score board operator. It is recommended that only USA Volleyball certified scorers should serve in the capacity of scorer.
3. A working schedule, including playoff sets, should be posted prior to the first match of the day so teams will be properly informed as to respective responsibilities. In addition, teams assigned to work the first scheduled matches should be notified at least three days in advance of the tournament. Those work teams failing to meet this obligation may be subject to discipline within their organization.
4. As part of item “3” above, teams playing in the final round robin match of the day, if not otherwise a participating team, will be assigned to the first level of the playoff matches. Losers of the play-off matches will be required to work the next level of the playoffs. Teams not fulfilling these assignments may be subject to discipline within their organization.
5. Any penalties for teams that do not fulfill their officiating responsibilities should be posted prior to play. One commonly used method is to penalize the assigned officiating team one point per minute up to a maximum of 25 points (one set), which would be imposed at the beginning of the team’s next match. The penalty points would begin at the start of the second team’s warm-up period.
GUIDELINES FOR DEALING WITH BLOOD

If a player incurs an injury that causes bleeding, the first or second referee shall immediately stop the set in accordance with Rule 17.1.1. The player shall leave the court for evaluation/treatment. If the player cannot continue play and must be replaced, this should be done within the guidelines of Rule 15.6 or 15.7. If substitution cannot be made, refer to Rule 17.1.2. If a player’s uniform becomes saturated with blood, a change of uniform will be authorized. This change should be accomplished as quickly as possible to cause no additional delay of set. The replacement uniform should be of a similar color and style. Though duplicate numbers will not be allowed, no sanction will be assessed if the player’s uniform number is different than the original number. If a replacement uniform is not available, the player must be replaced by a legal substitution. If the referee observes blood on the playing surface or equipment, the set shall be stopped immediately and measures taken to clean any contaminated area or equipment using universal precautions.
