This manual outlines the responsibilities of an institution/conference hosting this round of an NCAA championship. It is essential that each host institution/conference staff become familiar with the information and policies included in this manual.

The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of everyone involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and tournament attendee.

### Definitions

**Championship:** Postseason competition conducted by the NCAA in a particular sport, in which eligible student-athletes and teams of active member institutions compete to determine the division champion (or National Collegiate champion in sports that do not have a separate division championship) in that sport.

**Governing Sports Committee:** The NCAA membership committee responsible for developing policies and procedures governing the administration and conduct of the championship under its jurisdiction, subject to the approval of the applicable division’s governance structure and the requirements, standards and conditions prescribed by NCAA Bylaw 31.

**Host Institution/Conference:** An active NCAA member institution and/or conference selected to serve as host for a championship. The host shall administer the finances of an NCAA championship in accordance with the institutional/conference championship budget, as submitted during the selection process and approved by the governing sports committee.

**Local Organizing Committee:** A local organization formed in the city where a member institution/conference proposes to host an NCAA championship, to provide to the NCAA services and assistance in connection with the various activities related to the championship. The host institution/conference must be a part of the leadership of the LOC.

**NCAA Championships Administrator:** The staff member(s) representing the NCAA championships and alliances staff assigned to serve as administrator(s) for a championship.

### Role of Host

The support, commitment and involvement of the host institution/conference, its key staff members and local media are essential elements in hosting a successful NCAA championship.

The host institution/conference is the local entity responsible for making arrangements for the competition. By submitting a bid, each host institution/conference has agreed to provide services and assistance in connection with the various activities related to the championship.

The responsibilities of the host institution/conference are defined herein. The games management, media and marketing activities associated with the competition are to be administered and approved by the NCAA staff on behalf of the governing sport committee.

The host institution/conference will work in collaboration with the NCAA staff to ensure that the mission of the championship is preserved. The NCAA believes that the most successful host institutions/conferences are those that emphasize service, communication, promotion and marketing of the event, and fiscal responsibility.

### Role of NCAA

The NCAA championships and alliances staff, working in conjunction with the NCAA sport committees and other NCAA groups, will lead the planning efforts, management and execution of all NCAA championships and events. The NCAA will oversee all aspects of the championship and its related activities, including facility operations and space allocations, hotel accommodations, media and team
operations, hospitality functions and social events, on- and off-course entertainment, fan and sponsor events, television programming, youth events, as well as many other aspects.

The NCAA will work closely with the host institution/conference, competition venue and local organizing committee to ensure that the championship provides a positive and rewarding experience for student-athletes and fans.

**Role of Committee**
The NCAA’s core purpose, values and envisioned future provide the framework for all actions in the committee's administration of the championship and its stewardship of the game. Within the framework and spirit of its charge, the governing sports committee will balance the principle of student-athlete well-being with its efforts to maximize exposure for intercollegiate athletics and revenues from the championship through policies and activities that are subject to the final authority of the NCAA Division III Presidents Councils.

### Games Committee

The games committee at the championships shall consist of the members of the men’s golf committee present at the championships, the head rules official, the host institution’s tournament director (or designee), and other individual(s) appointed by the chair of the men’s golf committee. The games committee will make all decisions pertaining to the conduct of the tournament, including, but not limited to, pairings, golf course setup and protests.

### Section 3 - Alcoholic Beverages and Tobacco Products

Alcoholic beverages shall not be advertised, sold or otherwise made available for public consumption at any championship event sponsored by or administered by the NCAA, unless otherwise approved by the NCAA, nor shall any such beverages be brought to the site during the championship (from the time access to the competition site or area is available to spectators, until all patrons have left).
Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue.

**Section 4 - Americans with Disabilities Act**

The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The NCAA will rely on the host institution/conference to confirm compliance with the Act by the various facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

**Section 5 - Awards**

### Awards Ceremony

The awards ceremony will be conducted immediately following the completion of 72 holes of golf for the first through fourth-place teams and top-10 individuals. Please have some long tables and the awards (trophies out of the boxes) ready to present at a location near the scoreboard or other designated area. Members of the NCAA men's golf committee will organize the awards table and make the presentations. Please ensure that a PA system is available.

### Championship Awards

The NCAA has ordered six (6) watches, six (6) individual awards and a team trophy for the national championship winning team. The NCAA has also ordered six (6) individual awards and a team trophy for the second through fourth place teams. MTM will send official NCAA awards to the tournament manager approximately two weeks before the championship. When the awards arrive, the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be re-taped, closed and secured in a limited-access area.

The shipment will include the following awards:

- **Team Champions**
  - Team trophy, watches (6), individual awards (6)

- **Second, Third and Fourth place finishers**
  - Team trophy (3), individual awards (18)

- **Top 10 individual place finishers**
  - Individual awards (only the medalist award will be sent, places two through 10 will be sent out following the championships)

In case of a tie, the NCAA national office will order additional awards. No awards other than NCAA awards may be presented at the site of the championships unless approved by the NCAA. Please advise the NCAA national office if any group wishing to do so in conjunction with the championships contacts you. There are no awards provided by the NCAA at regional competition.

MTM will send official NCAA participant medallions for each participating student-athlete to the tournament manager before competition. When the awards arrive, the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be re-taped, closed and secured in a limited-access area.
The NCAA Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA’s championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active and traveling member of their team, and being a designated member of the squad size at their championship. The member institution is responsible for submitting their student-athlete that has the highest GPA and meets all the other requirements. Mark Bedics and the NCAA academic and membership affairs staff will determine the winner of this award for each championship and provide to the NCAA championships administrator as well as the local host shortly before the championship begins. The winner’s name should not be released to the public until after they are publicly recognized. If appropriate, the operations point person can share the information with the coach of the winning student-athlete to make sure of that person’s attendance. However, they should not inform the student-athlete. Bedics or another member of the media coordination staff will typically send a template of a release and the logo to the sports information director of the winner’s institution on the morning of the announcement to allow them time to prepare.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner amongst their peers and fans of the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Award presentation

When determining the most appropriate time to present the Elite 90 award, the NCAA and host staff should evaluate the time and venue which will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating their accomplishments. The presentation should be semi-formal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible and the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time, we would like to present the Elite 90 Award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA’s 90 championships.

The recipient of the Elite 90 Award for Division X (sport) with a GPA of X.XXX in (major, is student-athlete and institution).

Presentation at the student-athlete banquet

This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered together in one place with a controlled, semi-formal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete’s participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA Tournament Operations point person.
• The award should be presented near the end of the program and be clearly recognizable as the premier award being given (see student-athlete banquet page for sample run of show).
• The award should be presented after attendees have had a chance to finish their meal.
• If video screens are available, the video slide or footage of the winning student-athlete provided by BSN may be run as the individual is introduced.
• The coach of the winning student-athlete should be informed to help assure the winner’s attendance.
• If a photographer is at the student-athlete banquet or championship, a photo should be taken of the recipient receiving the award. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento.
• If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-venue presentation

The NCAA and host staffs are encouraged to look for opportunities for the Elite 90 award winner to be presented their award in the championship venue during a time when the majority of participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues, large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete’s participation or preparation for the championship. Examples could be:

• In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal which they are not participating in.
• If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, they may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
• The award winner could be recognized during a scheduled opening or closing ceremony in which all participating student-athletes are in attendance and fans are encouraged to attend.

Press release

On the day the winner of the Elite 90 award will be publicly recognized, the NCAA Media Coordination staff will send out a standard press release template to the sports information director of the winner’s institution and to the championships administrator. For selected championships, this press release will also be provided to national media by the NCAA Public Relations. If appropriate this press release may also be provided to the host for distribution to local media.

The locker room program will be provided in championship specific section of the manual. However, listed below is a summary of steps that should be followed when implementing the locker room program at all final championship sites.

- The product is for team champions only. Individual championships are not a part of the locker room distribution.

- The merchandise should be distributed to the winning team only immediately following the handshake as soon as the game has officially concluded. Extra product (if any) should be given to the team’s equipment manager.
- All winning team inquiries about obtaining additional locker room product should be directed to Gear For Sports, Nike or Top of the World depending on product. Please contact David Clendenin at the NCAA national office for contact information, 317-917-6496.

**Section 6 - Banquet**

Traditionally, two banquets/receptions are conducted during the championships. The NCAA banquet should be held with an informal setting at a site located near team hotel(s). The NCAA will provide funds to cover the cost of the banquet. The intent of this function is to act as an informal welcome from the host and community.

The Golf Coaches Association of America (GCAA) may host its awards banquet on a time and date to be determined. Hosts must note that the GCAA banquet is not an NCAA function and that all expenses are to be arranged through the GCAA. For specific information regarding the GCAA banquet, hosts should contact Gregg Grost, executive director of the GCAA, at 405-329-4222.

**Officials shall NOT be included in banquets or other social events involving the participating coaches or student-athletes.**

**Section 7 - Broadcasting/Internet**

Please log on to [http://www.ncaa.com/media](http://www.ncaa.com/media) for information regarding broadcast/Internet rights.

**Section 8 - Commercialism/Contributors**

**Advertising**

- No advertisements shall be displayed on the golf course immediately before or during the conduct of the championships.
- The facility agrees that no advertisements denoting, publicizing or promoting the sale of alcoholic or nonalcoholic beverages, cigarettes and tobacco products, professional sports organizations, or organizations or individuals promoting gambling shall be hung, installed or displayed anywhere on the golf course or within the facility during the term of the rental period. Any such advertisements existing at the time an agreement is reached between the NCAA and the facility, institution or sponsoring agency shall be covered by the facility at its expense, as designated by the NCAA. The NCAA requests that all other permanently affixed advertising, banners, signs or displays on the golf course proper shall be covered by the facility at its expense, as designated by the NCAA.
- The facility shall not permit any temporary banners, signs, displays or advertising to be posted, hung or displayed on the golf course during the championships, without the prior approval of the NCAA.
- No announcements, except those approved in advance by the NCAA, or for public emergencies, shall be allowed over the public-address system.
- If making arrangements for apparel for volunteers, check with the NCAA manager to ensure compliance with the NCAA licensing program.
- Ensure that logos that appear on equipment provided by companies are the normal logos that appear
Ancillary Events

The NCAA prohibits host institutions/conferences from conducting special ancillary entertainment activities for fans in conjunction with the championship. Should another entity (e.g., convention and visitor’s bureau) elect to stage such activities, the following policies shall apply:

- All plans must be approved in advance by the NCAA.
- NCAA marks, logos, name or references to the championship or tickets may not be used.
- No activity connected with the championship may be sponsored by an entity that is not an NCAA Corporate Champion/Corporate Partner (CC/P).
- Such an activity may not take place on property controlled by the competition venue.

No entity may contact NCAA CC/Ps directly. All such contact shall be directed through the NCAA staff.

NCAA Corporate Partners

The NCAA Corporate Champions and Corporate Partners Program (i.e., corporate sponsors of the NCAA), managed by the NCAA along with Turner and CBS Sports, authorizes the exclusive rights to license NCAA trademarks, tickets and taglines in commercial promotions with respect to the NCAA championships.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

For more information and a current list of corporate champions and partners, please click on the following link: NCAA Corporate Champions & Partners

Local Contributors

Currently, local corporate entities are not permitted to utilize the NCAA’s registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relationships staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).

Local contributors may only be referred to as “local contributors of the LOC”. Local contributors may not use the word “official”, “official sponsor of”, or “corporate champion/partner” in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.
Official Ball/Equipment Suppliers

The NCAA licensing program is designed to ensure the quality and consistency of all the NCAA’s Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

For a list of NCAA licensees and official equipment suppliers, please visit the membership side of ncaa.org.

Temporary Promotional Displays

Unless otherwise reviewed and approved activations from official NCAA Corporate Champions and Corporate Partners, temporary promotional displays are discouraged on property at NCAA championships. Questions related to temporary promotional displays or activity may be directed to the NCAA Championships & Alliances’ Corporate Relations team.

Section 9 - Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of championships and strongly supports the drug-testing program to safeguard the health and safety of the participating student-athletes.

Drug-Testing Expenses.

The proposed budget included in the site coordinator’s manual should be completed and submitted to the National Center for Drug Free Sport (Drug Free Sport) before the start of competition, if drug testing will occur at the site. The host institution shall submit an Institutional/Host Drug Testing Invoice upon completion of the championships for drug-testing related expenses. Receipts must accompany the invoice to receive reimbursement.

Facility Specifications.

Hosts must identify a room where drug testing will be conducted. The area must have controlled access. Only those authorized by the drug-testing crew chief will be allowed in the area. The room must accommodate the drug-testing crew and selected student-athletes. The testing room must have fully-equipped restrooms adjacent to or near the testing room. Separate restroom facilities are required if the championships include both genders. These restrooms must be secure and closed to the public.

Host Notification.

Drug-testing information must be kept confidential and provided only on a “need-to-know” basis. If testing is to be conducted at the site, the tournament manager and site coordinator will be contacted by Drug Free Sport.

The tournament manager and site coordinator will be notified no earlier than thirty (30) days before the start of the competition as to whether testing will be conducted.

Media Obligations.

Student-athletes who are selected for drug testing must fulfill all media obligation before reporting to the drug-testing area.
Participant Notification.

Announcing in advance whether drug testing will be conducted at championships is strictly prohibited. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championships event.

Couriers will notify student-athletes of their selection for drug testing.

Site Coordinator’s Responsibilities (Host).

The tournament manager is responsible for designating an individual, who has no other responsibilities in conjunction with the championship, to serve as the site coordinator for drug testing. This individual will work closely with Drug Free Sport and the drug-testing crew chief. The site coordinator’s responsibilities are outlined completely in the site coordinator’s manual.

- **Confidentiality.** Keep testing information confidential at all times.
- **Contact Information (team championships).** The site coordinator will provide official travel party and the team drug-testing representative’s contact information to the drug-testing crew chief.
- **Couriers (individual-team championship).** The host will provide couriers to notify student-athletes of selection for drug testing immediately after the event for which they were selected. The courier must stay with and escort the student-athlete to the drug-testing area within 60 minutes of notification, unless directed otherwise by the drug-testing crew chief.
- **Drug-Testing Site Coordinator Manual.** The drug-testing site coordinator’s manual, provided by Drug Free Sport, is available on the NCAA website at www.ncaa.org/drugtesting.
- **Escorts (team championships).** Two individuals (one per team) shall be assigned to serve as escorts for each game in which drug testing will occur. These individuals shall escort selected student-athletes and an institutional representative from the locker room to the drug-testing area.
- **Fluids.** A sufficient supply of individual cans or bottles of non-alcoholic and non-caffeinated fluids (e.g., bottled water, fluid replacement drinks) shall be available for distribution in the drug-testing area to student-athletes, as designated in the site coordinator’s manual. These supplies should be obtained from the supply of beverages provided by the NCAA.
- **Meeting with Tournament Manager.** The site coordinator will meet with the tournament manager to discuss duties and budget development.
- **Second Meeting.** A second meeting shall be scheduled with the tournament manager after the host receives confirmation that testing will take place at a site. If testing will be conducted at the site, the coordinator shall:
  - **Assistance.** Assist the drug-testing crew chief during testing as directed.
  - **Confirmation.** Review the site coordinator’s copy of the NCAA drug-testing confirmation memorandum.
  - **Credentials.** Ensure that the host issues All Access credentials and parking passes for the drug-testing crew and other necessary drug-testing personnel. Credentials should not reference drug-testing, doping control, etc. If an affiliation must be listed on the credential, games management is preferred.
  - **Crew Chief.** Contact the drug-testing crew chief assigned to the site to discuss logistics.
  - **Meet with Crew Chief.** Meet with the drug-testing crew chief the day before the scheduled testing date.
  - **Plans.** Meet with the tournament manager to finalize plans.
  - **Report.** Submit drug-testing invoice (with receipts) to Drug Free Sport after the championship.
  - **Transportation.** Pre-arrange for transportation for student-athletes to and from the competition venue to the drug-testing area and back to the sports venue or team hotel, should transportation become necessary.
- **Transportation/Lodging (drug-testing crew).** The drug-testing crew chief will make arrangements for the crew’s transportation and lodging, but may request the assistance of the site coordinator.
Americans with Disabilities Act.
The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The NCAA will rely on the host institution/conference to confirm compliance with the Act by the various facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

Athletic Training
An on-site training facility shall be available. This area should provide the necessary facilities for all training needs.

Concessions
Food and beverage prices shall be no higher than similar events or primary tenants in the facility.

DASANI/PowerAde
Each scheduled practice or contest of any round of an NCAA championship should provide drinking cups, water cooler, ice chests, cooler carts and water bottles for the teams. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. The host may use previously supplied equipment from the NCAA, specifically red POWERADE equipment; however, they must be used in areas not within television or photographer view. If applicable, the host institution/conference may retain the coolers, cooler carts and ice chests after the competition. Participants may retain the water bottles and bottle carriers after the competition.

A specified amount of DASANI, PowerAde, cups, coolers, ice chests, squeeze bottles and squeeze bottle carriers will be sent to the finals site. You should place one ice chest at the first tee, 10th tee, driving range and practice green that is to be filled with bottles of DASANI. An ice chest should be placed at every third hole, as well as on the driving range and the practice green. Ice chests should be clearly labeled that the product is for participants only.

If you would like to purchase additional product or soft drinks and are a Coke pour institution, please use the relationship you have with your local bottler. You do not need to contact the NCAA national office regarding additional product. Please note that this amount is to be listed on your final financial report. If you are a Pepsi pour school and would like the opportunity to purchase product, please contact the NCAA championship administrator for the appropriate forms and guidelines. If you are purchasing small quantities of product, you should check your local grocer, as these prices may be better than what the Coke local bottler can offer.

A letter from the NCAA office outlining the specific amounts will be sent to the tournament manager. You will be asked to inventory the amount of product that is left over after the championship(s). The national office will provide a form and a reminder letter. It is important that you are as accurate as possible on your count, so that we may ensure that future championships are receiving adequate amounts of bottled water and DASANI equipment.

<th>Facility Availability</th>
</tr>
</thead>
</table>
The golf course must be available from 6 a.m. on the Sunday preceding the competition through the conclusion of the final round for the purpose of preparing for, practicing for and conducting the competition (Sunday and Monday are practice round days; Tuesday through Friday are competition days).

The host and facility agrees that the facility shall be available for use by the NCAA starting at 6 a.m. on the Sunday before the competition and until the conclusion of the final round. During that timeframe, the facility will be clean and accessible, and playing conditions must be safe and of championship caliber.

<table>
<thead>
<tr>
<th>First Aid</th>
</tr>
</thead>
</table>
A first-aid station should be set up near the clubhouse. A representative of the host institution’s athletics training department should be available at the site at all times.

<table>
<thead>
<tr>
<th>Golf Course</th>
</tr>
</thead>
</table>
The golf course and practice facilities must be reserved for commencing 6 a.m. Sunday through the conclusion of the final round Friday. No competition at the collegiate level will be allowed at the championship course within ten days of the championships.

The following general guidelines are for producing proper and uniform championship playing conditions. Some points may not be applicable in certain instances due to exceptional local conditions; however, if the course superintendent considers it inadvisable to follow any of them, any variances must be approved by the golf committee before the tournament, and to the games committee on or after Sunday of championship week. The committee prefers that carts be utilized on cart paths only beginning seven to 10 days from the start of the first practice round.

**Courtesy Walks to Fairways.** These should be cut at a height of one and a half inches and should extend from the teeing ground to the fairways of each hole.

**Fairways.** The games committee will be looking for prime landing areas that are "fair" which provide firm, tight turf with a premium on accuracy and avoid areas with fluffy lies or areas where soft and hard spots are next to each other. Before the championship, fairways should be cross-cut. During competition, at least the landing areas should be cut each morning at the standard height of 7/16 inch. In addition to daily cutting during the competition, fairways should be cut at specified level on each of the five days before the championship. Each fairway should be 20 to 30 yards wide depending upon hole design. Early morning dew conditions will require a method of whipping or other removal to provide a consistent test for all players.

**Flags and Flagsticks.** Flagsticks must be uniform in height (at least seven feet) and in diameter (maximum three-fourths inch from a point three inches above the ground to the bottom of the hole). NCAA will order all flags. (Traditionally, flags are given to each team and individual upon completion of the championship.)

**Grounds Crew.** Arrange to have the hours of work conform to the starting and finishing times for the competition. No non-emergency work may be done during play. Course markings, boundaries, tee settings and hole locations will be determined by the games committee. During the competition, a member of the crew will be assigned under direction of the games committee to cut holes the morning before play each day.

**Hazards and Boundaries.** Out of bounds should be marked with white stakes wherever possible approximately 12 yards apart (to 25 yards apart when well away from well-played areas) and should be clearly visible from one to another with the end stake "tied off" to signify the end of a boundary. These boundaries will be reviewed two days before the championship and additional stakes should
be on hand if there are to be any changes necessary at that time. Hazards will be defined according to USGA Rules of Golf. No marking should be painted for four weeks before the championship.

The course must supply paint, three marking guns and additional stakes. (Paint charges should be included in the championship budget.) The number of stakes will be indicated in the course preparation memo.

Practice Areas. Adequate practice facilities should include grass space for a minimum of 40 players to hit every shot including the driver. There should be a separate sand practice area, at least one putting green and a chipping green. If a pitching green is not available, a suitable target area should be developed. There also should be target and/or distance flags on the practice area the same height as the flag sticks on the course.

Professional Staff. It is expected that the golf course will be in exemplary condition to host a national championship. This event should be viewed by the host course and grounds crew as a "peak" event highlighting the golf course and talents of the finest amateur golfers in the nation; and should not be preceded immediately by any major competition unless approved by the NCAA.

Putting Greens. Greens should be cut each morning of the competition and each day for at least 10 days before the event. Greens should not be cut or rolled to a point where a ball could gain speed in putting down all but the most severe slopes. The speed of greens and hole locations will be discussed during the site visit for the event and set by the head rules official in consultation with the games committee.

Watering should be adequate to provide a firm but resilient surface but not a slippery one. Greens should not hold easily for a poorly played approach shot, but all well-played shots should hold.

Greens must be completely free of all aeration and verticutting marks. The practice putting green should be of the same character and receive the same maintenance as all the greens on the course. It should have the same stipmeter reading as the greens on the course.

The head rules official will select all hole locations for the championship. Hole locations are not to be marked until after the completion of the practice rounds. For the three days before the championship, hole locations should be either generally toward center or in non-championship positions. Collars and approaches around the green should be 1/4 to 3/8 inch in height.

Paint Sleeve. The course should have a paint sleeve for painting the inside edges of the cup.

Rain Delays. In the event greens become unplayable due to heavy rain, adequate squeegee-rollers, hoses, pumps and other equipment should be on site and available for quick water removal by the grounds crew. A loud siren or air horns must be provided to notify players on the course. It may be necessary to arrange for transportation of players, coaches and rules officials on and off the course.

Ropes and Stakes. The first and 10th tees and the ninth and 18th greens must be roped off. The scoreboard and any other congestion points should be roped off. The entrance to the scoring tents shall be roped off. Practice areas should also be roped off. Additional areas may be roped off after consultation with the head rules officials and games committee. The NCAA has arranged for Executive Sports to handle all roping in conjunction with the course superintendent.

Rough. The first cut of primary rough should be cut daily, if possible, to a maximum height of two and a half inches for common or hybrid bermuda and three and a half inches for cold season grasses such as rye grass or Kentucky Bluegrass and should extend out approximately 20 feet on both sides of the intermediate rough. A second cut of primary rough of four and a half inches should extend out from the first cut of primary rough. The objective is a uniformly difficult recovery for the player who has made an inaccurate shot. The rough should not be so deep as to make a recovery impossible or to increase prospects of lost balls. Heavy poa annua seed heads should be topped off.
Intermediate rough should be 5 to 6 feet wide depending upon equipment and cut to a height of 1 1/2 inches next to the fairway and green to provide definition and fairness. This cut should be developed early to eliminate need for a large amount of "topping" at championship time.

**Sand.** Bunkers should have a "lip" to clearly delineate boundaries and eliminate possibilities of putting out, by raking sand away from present lip instead of edging out a new, sharp delineation. Extensive new sand that has not settled should be avoided. Sand should be free of rocks and obstructions and raked daily. The USGA recommendation of placing rakes outside bunkers, as far away from the bunkers as is practical and in positions where they will be least likely to affect play, should be observed.

**Scoreboard.** An adequate surface must be provided to post a minimum of 43 scoresheets (3’x2’) along with space for leader boards for competitors. A covering should be available in case of inclement weather.

**Tees.** Teeing ground including the practice tee should be firm and cut daily at a height of 1/4 to 3/8 inch as determined during the site visit. Single color tee markers should be used from the first practice day. Tees where irons will be used should be covered during practice rounds in the area to be used in competition. The golf course staff should work in conjunction with the games committee to ensure that the course is set to championship specifications beginning with the first practice round. Prime areas on the tee boxes should be covered during the practice round and saved for rounds of competition.

### NCAA Space Requirements

The facility shall provide the space listed below:

**Executive Sports.** An area should be set aside for approximately three individuals. Areas should include space for radio setup and a work area. Wireless access is required.

Section 11 - Financial Administration

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted and approved by the NCAA before the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the given championship for sales made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA’s not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

Audit.
Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make best efforts to notify sites selected for audits within 30 days after the submission of financial reports, but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the following documentation will be requested: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; and competition venue rental agreement. The documentation should support all information on the host financial report.

Drug-Testing Expenses.
The budget should be completed only if you have been notified that there is drug testing and returned to The Center. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the drug testing manual (NCAA.org/Student-Athlete Programs/Health and Safety).

Host institutions must complete the online financial report, which includes accurately reporting all revenues and expense, and must include payment of the amount due to the NCAA, within 60 days after the final date of competition at the site (if applicable). If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the “documents” tab as documentation supporting their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25 percent reduction in honorarium), 91-120 days (50 percent reduction in honorarium) and 121 days or more (100 percent reduction in honorarium). If there is a shortfall in the funds available to reimburse approved expenses and honorariums, the NCAA will make best efforts to reimburse the host within 5 business days of the report being approved by the NCAA finance and accounting department.
Lodging Expenses.

Game Officials. Room and tax shall be direct billed to the host institution and be reimbursed via budgeted disbursements on the final financial report. Officials will be responsible for their own incidentals.

Golfstat (official scorer). Room and tax shall be direct billed to the host institution and be reimbursed via budgeted disbursements on the final financial report. The official scorers will be responsible for his/her own incidentals.

NCAA Affiliates. Will be responsible for their own expenses.

NCAA Committee Member(s). Hotel rooms and taxes shall be direct billed to the host institution and reimbursed via the budgeted disbursement section on the final financial report. The committee member(s) will be responsible for their own incidental charges.

NCAA Staff. Staff members are responsible for their own lodging expenses.

Travel Reimbursement for Participating Institutions.

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the appropriate NCAA formula. The competing teams shall be responsible for their local transportation. Once the championship is completed, participating institutions should submit online expense forms to the travel group at the NCAA national office within 30 days of the competition. Please note, if you host a championship, the submission of per diem and/or transportation reimbursement is a separate process and submission from completing the host budgeting and approval process defined above.

Section 12 - Game Management

The NCAA Division III Men’s Golf Committee, subject to the approval of the Division III Championships Committee, determines the format for the NCAA Division III Men’s Golf Championships.

The team and individual champions will be determined after 72 holes of play or the conclusion of the last fully completed round. Forty-one (42) teams and five individuals not on one of those teams will be selected to participate in the championships. After 36 holes of competition, the field will be cut to the top 18 teams and top six (6) individuals not on one of those teams. Ties for the cut will be broken by a sudden death playoff or, if necessary, by the non-sudden death tiebreaking procedures set forth in this section.

Communication

The host should establish a general mailbox system with individual folders for each competing institution at the course for all coaches and staff. Also, a text messaging system for head coaches shall be established before the first practice round, as well as, a listing of coach’s cell phone and hotel room numbers for the committee. This is especially helpful when communications (especially delays or changes) need to be communicated in a quick and thorough manner.

### Decorating and Advertising

**Signage.** There may be no commercial advertising, signs or displays of any kind, including those of the NCAA corporate partners, hung, posted or displayed anywhere within the competition site (i.e., any area which can be seen from the competition area, including the scoreboard) during any session of the championships.

**Exceptions.** The following are exceptions to this policy: approved NCAA and radio/television banners and permanent, previously existing contracted advertising displays that were accepted by the NCAA at the time the site was selected. However, such displays shall not be illuminated and should be covered if possible.

**Television/Radio Banner.** At televised events, only the NCAA and television and radio banners may be hung (one banner per network). The banner may not be in any location opposite the main television cameras.

**Alcohol, Tobacco and Gambling.** No advertising denoting, publicizing or promoting the sale of alcoholic beverages, tobacco products, gambling publications and services, or any professional sports organization shall be hung, installed or displayed anywhere within the competition area during the championship, unless the host is obligated to do so under contract(s) entered or before submitting its bid proposal to the NCAA.

**Electronic Messages.** No host or venue specific electronic messaging or video board advertising may be displayed during NCAA championships, other than those messages promoting the championship and information provided by the NCAA and Turner/CBS. This includes promotion of upcoming events at the championship site. All messages must be approved in advance by the championship staff liaison.

### Spectator Responsibilities

Signage regarding the spectator rules and the prohibition of cameras/videos should be displayed at the entrance of the facility.

### Evaluations

All evaluations will be sent from the NCAA after play.

### Golf Carts/Pull Carts

Golf carts will be provided for members of the games committee and selected tournament officials. One cart will be assigned to the designated coach of each competing institution and individual.

A single cart will be provided to the designated coach for practice and competition rounds. The cart is to be utilized by the designated coach only and should not be used to transport spectators, team personnel, athletics administrators, student-athletes, golf clubs or golf bags. Items for competitors such as rain or all-weather gear and refreshments are permissible for transport.
A designated coach may not use the cart to “drive around” the golf course before the start of the practice round or his/her teams first starting time of each day. Before a team’s first starting time, the coach is considered a spectator.

Participants may not use caddies, golf carts, or motorized pull carts during the championship rounds. Non-motorized push/pull carts may be used by any participant at the finals. It is up to the institution to secure the non-motorized push/pull cart.

### Hospitality
Fruit and snacks, along with Dasani water should be available to the student-athletes and coaches on the 1st and 10th tees and various holes around the course. Sideline product (Dasani water, PowerAde) and equipment (coolers, ice chests, and cups) will only be provided by the NCAA at the championship site.

### Medical Procedures
Host institutions must designate a tournament physician who will be on duty, or readily accessible, during the conduct of the championships.

The head trainer should establish a location at the golf course to act as a temporary training room. Basic treatments should be available for the student-athletes during practice rounds as well as all competition rounds.

The golf courses and host institution also must establish a medical policy in the case that a spectator or participant is hurt while on the golf course.

Each scheduled practice and championship round requires (a) the on-site presence of a person qualified and delegated to render emergency care to a stricken participant; (b) planned access to a physician for prompt medical evaluation of the situation, when warranted; (c) planned access to a medical facility, including a plan for communication and transportation between the competition-site and the medical facility for prompt medical services, if warranted; (d) access to a working telephone or other telecommunications device; and (e) a thorough understanding by all parties, including the leadership of the participating teams, of the personnel and procedures associated with the emergency-care plan. The entire athletics staff (coaching, medical and paramedical personnel) is strongly encouraged to become proficient in cardiopulmonary resuscitation techniques. The host institution must provide standard procedures and equipment for handling injuries involving blood.

### Meetings
**Administrative Meeting.** The coaches’ pre-championships rules meeting will be conducted Monday afternoon following the completion of the practice round. The purpose of this meeting is to review policies and procedures governing the conduct of the championships and local rules and procedures regarding the course. The NCAA golf committee chair will conduct the meeting in conjunction with presentations from the head rules official and championships administration.

The head coach of each team/individual MUST be present. Other institutional representatives (i.e., director of athletics, trainer, sports information director) may attend.

**Host Committee Meeting.** A meeting with representatives from each of the departments/areas involved with the administration of the championships and the NCAA golf committee will be conducted during championships week as set forth in the championship management checklist. The purpose of this meeting is to review the schedule of events and policies and procedures of the championships.

**Rules Officials’ Meeting.** The director of course and rules administration will conduct a meeting before the start of the first competition round to review course setup, local rules and potential ruling areas.
**Pairings**

The teams and individuals are seeded and paired by the men’s golf committee for the first two days of competition. The teams will be paired in threesomes. For the third and fourth rounds of competition, pairings will be by position according to score, with the times listed in the championships handbook. **Tee times shall not be altered to accommodate travel schedules.**

**Personnel**

The following provides a general description of the personnel needed to conduct the championships. In some cases, one person can assume responsibilities; however, the golf committee recommends that the tasks be delegated as provided in this operations manual. Below is a general outline of the various areas of responsibilities that must be met. Unless otherwise noted, the host shall provide the following personnel.

- **Athletic Trainers.** An adequate number of athletic trainers are needed to provide treatment before and after rounds of competition and practice.

- **Computer Operator.** The NCAA has contracted with Golfstat to provide a software system to develop pairings, compile results and provide statistical information. The host will hire an individual to operate the software system. This individual will be the official scorer.

- **Computer/Clerical Assistants.** Several individuals should be available to process the daily results and assist in the preparation of the tee times and pairings during competition.

- **Couriers.** Approximately 5 individuals (e.g., student trainers) to escort student-athletes to drug-testing site (if selected for drug testing).

- **Course Maintenance.** Enough individuals to have the course properly prepared before each round of practice and competition. The maintenance supervisor should check with the games committee chair and tournament manager each day to ensure that the course is prepared according to NCAA guidelines.

- **Course Superintendent.** Ensures that the course is prepared according to NCAA golf committee specifications before the arrival of the games committee. Assists the games committee in the marking of the course, if necessary, and assists in the determination of the hole locations and tee markers during the conduct of the championships. Must be available to work with the golf committee member and head rules official assigned to set the course for competition. Secures all necessary equipment for the conduct of the championships.

Following are ideas to stimulate host institutions’ thoughts in planning their promotional strategies to generate community awareness and support:

**Advertising.** Plan an advertising campaign to be implemented during the final weeks before the championship, with increased advertising during the final few days. Consider the following media:

- **Newspapers.** Alternate morning and evening papers in the metropolitan area as well as surrounding communities. Be sure to include specific information about how to obtain tickets.
- **Radio and Television.** If your budget prohibits purchasing, attempt to solicit promotional messages as free public service announcements.
- **Banners.** Hang at key intersections of the city and on your campus.
- **Billboards.** Display throughout the city if they are an effective advertising medium in your area.
- **Electronic Message Boards.** Run championship information on electronic message boards on campus and around town.

**“Buddy” System.** Encourage booster and/or alumni groups on campus not only to purchase tickets for themselves, but also to sponsor another person or group to attend the championship (e.g., Girl Scouts, Boy Scouts, underprivileged children, etc.).

**Conference Office Involvement.** Make sure ticket order forms and information are available through the nearest conference office and enlist its assistance in promoting the championship through its releases, newsletters, clinics, conference meetings, etc.

**Corporate Sales.** Establish a program to solicit corporate ticket sales. A committee could be set up to personally solicit each business in the city to encourage the purchase of blocks of tickets for employees, underprivileged children or other citizens.

**Fliers.** Send ticket fliers and cover letters to:
• Booster club members.
• Season ticket holders.
• Previous year’s postseason competition ticket holders, if applicable.
• Local chamber of commerce and merchants.
• Faculty, staff and students.
• State high school and junior college coaches associations.
• Conference offices.

Grade School Involvement. Plan activities to involve grade school students in the promotion of the championship (e.g., conduct an art contest welcoming the championship and display the art in the airport the week of the championship; award two match tickets to the winning artist).

Internet. Provide championship information on your institution's page on the Internet.

Mailings to Ticket Holders. Include notice of the championship on all lists and mailings to your institution’s regular-season events (both athletics and general) and on athletics department answering service recordings.

NCAA Corporate Partners. Enlist the cooperation and support of the affiliates of NCAA corporate partners in the area to purchase tickets to be used for promotion of the championship.

“NCAA Week”. Request your community to declare “NCAA Championship Week” before the championship. Information could be distributed at different locations throughout the city in conjunction with the declaration.

Promotion at Home Events. Promote the championship at all home men’s and women’s athletics events on the scoreboard/message board and public-address system. Use PSAs on local radio broadcasts and telecasts of other institutional sporting events.

Public Speaking. Establish community support by:
• Obtaining the support of key political and corporate leaders.
• Arranging speaking engagements by coaches and athletic department personnel at chamber of commerce meetings, booster-club meetings, etc.
• Arranging radio and television appearances by campus or local “personalities” to promote the championship.

Radio/Television Promotions. Purchase tickets to be used as trade-outs for promotional spots on local radio and television stations.

Speaker’s Bureau. Establish a speaker’s bureau through the chamber of commerce through which leaders of service organizations would be encouraged to invite someone from the athletics department to speak about the championship.

Street-Pole Banners. The NCAA will offer the opportunity, on request, to its corporate partners to include their logos on the official street-pole banners and will coordinate this activity with the organizing committee and partners.

Student Involvement. Direct promotional efforts to student organizations on campus and faculty and staff; enlist student organizations to help sell ticket blocks. Visit dormitories, fraternities and sororities and organize a contest among them to sell tickets.

(Finals) Ticket Donations. Distribute a mailing to the parks and recreation department participants in the city soliciting donations for the purchase of tickets for children who participate in the recreational programs.

Contacts.
The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA Championships Marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor’s bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the Key Contact portion of the Host Reporting System.
Expectations.

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA Tournament Operations point person can communicate your marketing budget.
- Develop marketing goals. The primary focus should be driving attendance at the championship.
- Map out the timeframe to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities.
- Explore opportunities with traditional media (print, radio and television) in your area.

Institutions and athletics health care providers should adhere to federal, state and local regulations; NCAA bylaws and sport playing rules; and the NCAA Sports Medicine Handbook. Athletics health care providers for the student-athlete should be appointed by and should report to institution administrators who are independent from coaches (e.g., health center, campus hospital/medical center, student affairs).

The host institutions/conference shall coordinate medical care and coverage for each scheduled practice or content of any round of an NCAA championship. The host should assign a certified athletic trainer to coordinate the medial arrangements for the championships.

Each scheduled practice or contest of any round of an NCAA championship should include the following (see NCAA Sports Medicine Handbook for more information):

1. The presence of a person qualified and delegated to render emergency care to a stricken participant.
2. The presence or planned access to a physician for prompt medical evaluation of the situation, when warranted.
3. Planned access to early defibrillation.
4. Planned access to a medical facility, including a plan for communication and transportation between the athletics site and the medical facility for prompt medical services, when warranted. Access to a working telephone or other telecommunications device, whether fixed or mobile, should be assured.
5. All necessary emergency equipment should be at the site or quickly accessible. Equipment should be in good operating condition, and personnel must be trained in advance to use it properly. Additionally, emergency information about the student-athlete should be available both at campus and while traveling for use by medical personnel.

| Merchandise Received. | The quantity of NCAA merchandise available for sale will not be less than a comparable quantity at a comparable site of the previous year’s championship. The NCAA will work closely with Event 1 regarding projected attendance at sites to ensure that the appropriate amount of merchandise is provided. |

| Reordering Process. | The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available. |

**Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.**

Section 20 - Neutrality

Host institutions should keep in mind that an NCAA event is not a home event. Neutrality is important; therefore, such items as the use of players on programs and host institutional signage should not be used to create a “home” atmosphere.
Section 21 - Officials

Members of the NCAA Division III Men’s Golf Committee, NCAA Rules Officials, and other designated individuals will serve as the officials and will make decisions pertaining to the conduct of the championship, such as pairings, rulings, protests, etc.

The rules officials will be represented by volunteer officials from across the country. Arrangements have been made for Golfstat to provide the computerized scoring system for the championships.

Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing ad space for sponsors, etc., should contact Doug Iler ([doug.iler@img.com](mailto:doug.iler@img.com)).
Supplemental Handouts.

At championships sites where a digital program is available, IMG College allows the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes) provided any such materials:

- Do not include any advertisements, local sponsor logos, etc.
- Include the QR code and URL to the digital program.
- Include the NCAA Corporate Champions and Partners imagery.

Printed supplements may be distributed free or sold, with all proceeds retained by the host. The host should not include expenses for such supplements in the championship budget and/or financial report. All supplemental content is subject to NCAA and IMG College approval.

Promotion.

The NCAA will provide a PDF including a QR code that links to the digital program, a URL where the digital program can be accessed and imagery of the NCAA’s Corporate Champions and Partners. This PDF, or digital handout, is also shared with participating schools for their promotional use. If you would like this information ahead of time, please contact your NCAA administrator.

Below are a few best practices for promoting the championship digital program:

- Distribute the digital handout to fans.
- Create signage to direct fans to the digital program by using elements on the digital handout.
- Post the link on athletics and school-affiliated websites.
- Share the link on athletics and school-affiliated social media outlets.
- Share the link with student-athletes, faculty, alumni organizations and local media outlets, and any other group that may have interest.

If you have any questions, please feel free to contact your NCAA administrator or Chad Laytham (chad.laytham@img.com) at IMG College.

Section 23 – Safety and Security

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the Best Practices located at http://www.ncaa.org/sites/default/files/Best_Practices_for_Venue_Safety_and_Security.pdf?division=d2 when developing a safety and security program.

The suggestions outlined in Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather,
facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan, which would be inclusive of the NCAA Championships Safety and Security Team Contact Information form. Items must be submitted once the opportunity to host has been awarded.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

### Preparation

The facility liaison and NCAA staff shall review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the facility or interruption of the game. Facility management is reminded of its responsibility to provide sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to players and credentialed individuals.

Each host will be asked to provide the following:

- Develop contact lists.
  - NCAA.
  - Local authorities and critical incident response team.
- Review emergency protocol before the start of the event.
- Identify chain of authority.
  - Incident Commander (second in command).
  - Decision-making personnel/team.
- Identify incident command center.
- Identify incident communication plan.
- Review evacuation plan – Review plan with facility manager.
- Review emergency response plan for typical emergencies.
- Review emergency response plan for national disasters.
- Review emergency response plan for terrorists’ actions.

In the event of a critical incident, contact the NCAA manager immediately before any decisions are made.

**Interruption of Play.** The officials have the authority to interrupt play. If play is interrupted because of events beyond the control of the committee, it shall be continued from the point of interruption at a time determined by the committee. If necessary, the remaining schedule shall be adjusted by the games committee. The committee should review the following procedures for interruption of play:

**Officials.** Assure that the officials know the exact situation when play was halted.

**Responsibility.** Security and/or law-enforcement personnel shall be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if play is otherwise disrupted. The NCAA suggests that law-enforcement personnel attempt to communicate with the leaders of the group occupying the competition area (if applicable) to ascertain whether the situation can be rectified in the short term. Under no circumstances are players, coaches, officials or NCAA representatives to become involved in the removal of such persons.

**Normal Conditions.** The committee shall determine when conditions have returned to normal.
Rain Delays. In the event greens become unplayable due to heavy rain, adequate squeegee-rollers, hoses, pumps and other equipment should be on site and available for quick water removal by the grounds crew. A loud siren or air horns also must be available to notify players on the course. It may be necessary to arrange for transportation of players, coaches and officials on and off the course.

Resumption of Play. The games committee shall determine the revised schedule after consultation with the committee. Also, the games committee has the authority to reschedule play or change the number of holes played.

Spokesperson. The committee chair or his or her designee, working with the facility management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

Distribution of Materials

No person or group may distribute the following materials in the facility or adjacent areas that fall under the control of the course management without the advance written permission of the NCAA: handbills, flyers, newspapers, memorabilia or promotional materials for other events or activities.

Section 24 - Transportation

The NCAA shall pay for the rental of cars for a predetermined number of game officials and the NCAA committee representative(s). The championships staff will make all arrangements directly through Short’s Travel and communicate arrangements to the individuals who have been approved to rent cars.

The host institution is urged to assist each team in arranging for local transportation (i.e., reserve team buses in advance or provide names and telephone numbers of companies that could be contacted).

Section 25 - Volunteers

A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests;
- Answer questions and provide information to visitors;
- Contribute to the general excitement surrounding the championship; and
- Assist the LOC with championship operations.

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

The NCAA may request additional volunteers from the LOC as necessary.

Apparel

The NCAA will coordinate ordering and production of the apparel through the NCAA volunteer apparel program. Main Gate has been selected as the official NCAA volunteer apparel providers for all championships. The NCAA will offer its Corporate Champions/Partners the opportunity to help offset the cost. The champion/partner would be permitted to place one logo on each apparel item, if a separate apparel item is provided for these volunteers.

The championship logo and the licensee’s mark will be embroidered on the apparel. The licensee’s logo may appear on the right chest or sleeve. The licensee’s logo may be no larger than 2 ¼ inches square.

The LOC will distribute uniforms during the required volunteer training sessions to ensure each volunteer’s commitment. When ordering uniforms, the LOC will ensure that apparel includes women’s styles and sizes.

The games management staff, media coordination staff and host media operations staff should be included in overall volunteer numbers and should receive volunteer apparel.

Note: Hosts shall work in collaboration with the championship administrator on the selection, ordering and distribution of volunteer apparel.
