TRAVEL AND TRANSPORTATION

See Travel Policies for complete details of NCAA championship travel policies, including per diem reimbursement. All questions should be directed to the NCAA travel department (317-917-6757).

Expense reimbursement for participation in the 2016 Division III Men’s Ice Hockey championship will be filed through the NCAA online system. The Travel Expense system (TES) can be found online at NCAA.org. From the main page, click on Division III and then Championships. The Travel and Reimbursement Information link is located under the Championship Resources header.

Per the Division III Championships Committee, institutions have 45 days from the end of the championship to submit reimbursement requests. After 45 days have passed, the institution will be reimbursed the minimum amount of per diem allotted and no further reimbursement will be provided.

TRAVEL PLANS
Upon finalizing travel details, each team must complete the online forms by 3 p.m. eastern time Monday, March 21.

TRANSPORTATION
TRANSPORTATION TO PLAYING SITE
Teams located within 500 miles of the competition site are required to use ground transportation. Teams located outside the 500 miles may use air transportation.

All air transportation must be arranged through Short’s Travel Management (866-655-9215).

As part of the NCAA ground transportation program, all ground transportation payable by the NCAA must be arranged through Go Ground Options (866-386-4951). The costs will be paid to the operator directly, eliminating the need for teams to claim reimbursement.

LOCAL TRANSPORTATION
For teams that fly to the site of competition, local transportation is not reimbursable by the NCAA. Participating institutions are responsible for arranging their own local transportation and may do so using the NCAA provider, Go Ground Options.

The following is a list of bus companies that can assist with local transportation.

**HOUSING ARRANGEMENTS**

On Monday, March 21, coaches will receive a communication from Laurie Spotts at the Crowne Plaza with the forms required for your stay. Laurie will work with each coach or team point person on room configurations for your travel squad. Each team will have access to 17 double/Double rooms and one suite at a rate of $139/night plus taxes and fees.

Additional rooms for family, friends, fans, etc. have not been reserved and may or may not be available at the team or headquarters hotel.

The method of payment for all charges shall be via credit card or other arrangements made with the hotel prior to arrival.

An institution is obligated to stay at the assigned hotel property. If an institution prefers to relocate (which is generally not approved by the NCAA) to a different hotel the following must occur:

The participating institution will obtain a release for the rooms from the hotel manager in writing and approval from the NCAA. Please note the institution is responsible for the first night’s room charges even if it fails to use those rooms.

The participating institution may use the rooms for persons accompanying the official traveling party if relocating the team only. If a team chooses to relocate to a different hotel, the team is not permitted to move to a hotel (if applicable) also housing another team or the game officials or to the designated headquarters hotel.

Additionally, if an institution fails to make satisfactory arrangements for use of assigned rooms with the hotel, full charges for the rooms will be billed to the institution.

ADMINISTRATIVE MEETING
THURSDAY, MARCH 24 – 3:45PM – LIBRARY ROOM AT THE CROWNE PLAZA

There will be a mandatory pre-championship administrative meeting on Thursday, March 24 at 3:45PM at the Library Room at the Crowne Plaza. The Athletic Director or other representative of the institution’s administration, the head coach, the Sports Information Director and the Ticket Manager (if applicable) from each institution should be present at this meeting. Payment for any additional reception attendees must be made by this time (Cash or checks only; no credit or debit cards. Please make checks to “ORDA”.)

Please note: unless otherwise indicated, all student-athletes listed on the team roster will be eligible for drug testing. All participating student-athletes must be included on the roster.

SQUAD SIZE
All teams are limited to 21 student-athletes in uniform for competition as prescribed by the ice hockey playing rules. The squad size limit includes 18 student-athletes and 3 goalies.

During practice, teams are not limited in the number of student-athletes permitted to skate. During pre-game warm-up, a maximum of 22 student-athletes (not more than 19 players and three goal keepers) may participate.

PARTICIPANT CREDENTIALS
Any issued credential may not be given to another team member or individual. Each team will receive the following credentials: Up to 31 credentials, 29 of which may be designated as bench personnel.

Up to 25 individuals identified on the Official Travel Party Form will receive admittance to the arena without charge. The band members, cheerleaders and mascot will be admitted via a gate list. Each participating institution may request up to six additional credentials for team personnel. Two of the six additional credentials must be used for medical personnel (e.g., athletic trainer). The team personnel credential will allow access to the championship venue, locker room and interview area. Individuals not included in the official traveling party of 25, in the six team personnel or on the gate list must purchase a ticket for admission to the venue.

Uniforms
Teams should bring both home and away uniforms and institution flags as instructed on the administrative conference call. The higher seeded team will be designated as the home team and will wear its light colored uniform and socks. Team uniforms, practice uniforms, laundry and towels will be washed after every practice and game if needed.
**Logo Policy**

[Reference: Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.3 (Division III) indicate that an institution’s official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer’s or distributor’s normal trademark, not to exceed $2\,\frac{1}{4}$-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution’s official uniform cannot bear a design element similar to the manufacturer’s that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed $2\,\frac{1}{4}$-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete’s institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

**Patches**

Each team will receive 23 patches for placement on team uniforms. Participants may place the patches on the left upper chest area of the jersey or the left upper sleeve if the chest is not possible. Please note that placement must be consistent for all team members. A second set of patches will be provided for teams advancing to the championship game.

**Bench Assignments**

The higher seeded team will use the “Home Bench” of The 1980 Rink – Herb Brooks Arena. The Home Bench is located at the entry between locker rooms 2 and 3, or to the right when facing the team benches.

If both teams share the same final regional ranking, the team that is representing the host region will be considered the home team. If a team has a higher regional ranking than its opponent, the higher regionally ranked team will be considered the home team and may use the host bench.

The Division III Men’s Ice Hockey Committee will have the ability to change bench assignments based on facility configuration or any other safety concern. The host team shall always retain its own locker room.

Each year the East and West regions will rotate on the bracket. For even years, the East region will be the top region on the bracket. For odd years, the West region will be the top region on the bracket.

**Locker Room Assignments**

Locker room assignments will be as follows:

- **Locker Room #1**: Team A = Home Team, Game #1 (4:00P)
- **Locker Room #2**: Team C = Home Team, Game #2 (7:30P)
LOCKER ROOM #3  
Team B = Home Team, Game #1 (4:00P)

Priority overnight shipping may be necessary to ensure that the video is received by the deadline. Each team also shall email the head coach of the opposing team the tracking number for the shipment. Failure to comply with this policy may result in a misconduct charge and penalties per Bylaw 31.1.8.

All videos shall adhere to the following guidelines:

2. Of sufficient visual quality; and
3. Of sufficient natural sound quality (i.e., no play-by-play).

If the game is not transferred in a digital format:
1. Recorded on a new, unused DVD or videotape;
2. Viewable in DVD or VHS format.

**PARTICIPANT MISCONDUCT**

**PARTICIPANT MISCONDUCT (SEE APPENDIX A FOR INFORMATION ON ICE HOCKEY SUPPLEMENTAL DISCIPLINE)**

[Reference: Meetings (see pages in general information handbooks and Bylaws 31.1.8 and 31.1.8.2 in the NCAA Manual.)

Misconduct at an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law occurring en route to, from or at the locale of the competition or practice that discredits the event or intercollegiate athletics. Committee or games committee is authorized to (1) reprimand publicly or privately, (2) disqualify from future participation and/or (3) ban from subsequent competition a student-athlete or representative of the institution who is guilty of misconduct at any time during the championship.

**Criticism of Officials**

Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.8.

**Hearing Opportunity**

An act of misconduct may be found on an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee or the games committee authorized to act for it.
MISCONDUCT INCIDENT TO COMPETITION

If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee’s discretion.

PENALTY FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs, en route to, from or at the locale of the competition or practice:

1. Public or private reprimand of the individual;
2. Disqualification of the individual from further participation in the NCAA championship involved;
3. Banishment of the individual from participating in one or more subsequent championships of the sport involved;
4. Cancellation of all or a portion of payment to the institution of the association’s transportation and/or per diem allowance for the individuals involved;
5. Withholding of all or a portion of the institution’s share of revenue distribution;
6. Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
7. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
8. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
9. Financial or other penalties different from Nos. 1 through 8, but only if they have prior approval of the Division III Championships Committee.

BAN FROM SUBSEQUENT CHAMPIONSHIP

When a student-athlete or institutional representative is banned from participation in a subsequent championship, such penalty shall be applied to the next tournament(s) in which the individual’s team is involved and the individual otherwise is eligible to participate.

In the case of an individual event, the penalty shall be applied to the next meet(s) or tournament(s) for which the individual qualifies and otherwise is eligible to participate.

REVIEW OF ACTION

Any action related to misconduct may be reviewed by the governing sports committee on request of any institution participating in the championship.

TOBACCO USE

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of
THAT PRACTICE OR COMPETITION.

**EMERGENCY/EVACUATION PROCEDURES**

Teams will receive specific detailed information regarding the evacuation plan at the administrative meeting. If there is any type of emergency while in the Olympic Center, the NCAA and arena officials will provide immediate instructions and will expect the full cooperation of everyone in the travel party. Team administrators will be the first line of communication provided time allows.

**Officials**

Officials for all championship competition are selected by the Division III Men’s Ice Hockey Committee, based on recommendations submitted by the NCAA national ice hockey officials’ coordinator and NCAA conferences/associations. A sports committee or games committee may not require membership in any specific officials’ association as a prerequisite for selection to officiate in an NCAA meet or tournament. Officials will be selected and assigned by the sports committee, which will ensure that officials adhere to the association’s policies relating to gambling activities and drug and alcohol use. Two referees and two linesmen will be obtained per game.

**Championship Evaluations**

A link containing an evaluation of the final round will be emailed to the head coach, Director of Athletics and Senior Woman Administrator at each participating institution following the conclusion of the championship; the head coach will be asked to forward to the link to student-athletes. The NCAA requests that each student-athlete, coach and administrator complete the evaluation as soon as possible following the championship.

POST-GAME PRESS CONFERENCES:
A cooling-off period is scheduled to allow a coach to meet with the student-athletes in the locker room after the game. The period begins when the coach enters the dressing room after the game or interview with NCAA broadcast partners or NCAA Productions. The period will be 10 minutes for the winning team and 10 minutes for the non-winning team, with the exception of the national championship game. A coach may shorten the cooling-off period, but may not extend it. Following the conclusion of the 10-minute period, there will be a press conference for each team.

Each coach will participate in the post-game press conference with up to three student-athletes from each team. Media will be polled in the final minutes of the game for their choices of players to participate in the press conference. No coach may delay a press conference with the covering media to conduct an interview with a single newspaper, radio, or television entity, except to conduct a short interview with the rights-holding television broadcaster or NCAA Productions. After completing the scheduled press conference with the media covering the championship, coaches and student-athletes may participate in one-on-one interviews.

POST-GAME MEDIA ACCESS:
After each game, locker rooms will be open to the media after the conclusion of the scheduled 10-minute cooling-off period. The timing of the cooling-off period begins when the coach enters the locker room after the game. Locker rooms will be open to media for 15 minutes following the cooling-off period.

ORDER OF APPEARANCE
The coach and players of the team that was eliminated will be scheduled in the interview room before the advancing coach and players. For the national championship game, the runner-up coach and players shall be scheduled first and followed by the championship coach and players. The players should report to the interview room wearing their game jersey.

WEB BROADCASTS
Both of the semifinal games and the championship game will be webcast on NCAA.com.

EVENT VIDEOTAPEING
The host institution, in conjunction with the NCAA, will videotape each of the games. Each advancing team will be provided a copy of its opponent’s game immediately after the conclusion of semifinal #2.

Teams may record only the contest in which they are competing for archival, coaching or instructional purposes. Each institution is permitted to use one camera. Each institution is permitted to use one camera and space will be made available.
ATHLETIC TRAINING
Certified athletic trainer(s) will be available at the Olympic Center and assist the participating institutions’ sports medicine staff. Certified athletic trainer(s) will be on site for each scheduled practice or competition. Physician(s) will be on-call or on-site for all practice and game days, depending on the sport. When applicable, the host institutions shall provide specialty physicians (e.g., dermatologists, orthopedic, ophthalmologist), dentist, x-ray technicians, emergency medical technicians (EMT’s) or licensed massage therapists.

CONCUSSION MANAGEMENT
The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions will follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion will be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity will be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details please refer to the “NCAA Sports Medicine Handbook Guideline on Concussions” online at www.NCAA.org/health-and-safety.

MEDICAL EXAMINATIONS
As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition (e.g., skin infection) may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete’s on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify him or her if the student-athlete’s injury, illness or medical condition poses a potentially life threatening risk to himself or herself. The chair of the governing sports committee (or a designated representative) shall be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Drug Testing
The NCAA is dedicated to fair and equitable competition throughout each round of the championships and strongly supports the drug testing program in order to safeguard the health and safety of the participating student-athletes.
NOTIFICATION
Immediately after any established NCAA cool-down period, a member of the drug testing crew will notify student-athletes selected for drug testing. Each student-athlete will be instructed to read and sign the Team Championship Student-Athlete Notification Form. The notification form will instruct the student-athlete to report to the testing room within 60 minutes, unless otherwise directed by the crew member. An institutional representative must be present in the drug testing venue.

MEDIA OBLIGATIONS
Each team is provided a post-game cool-down period. At the conclusion of the cool-down period, a member of the drug testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. If a student-athlete is scheduled to participate in any post-game news conference, he/she is required to attend the news conference first. The student-athlete will be escorted to the drug testing area after all of his/her media obligations have been fulfilled.

NEXT DAY TESTING
If competition begins at 10 pm or later (local time) both teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately following the contest. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the following day, the testing must begin no later than 10 am (local time) at the original test site.

PARTICIPATING INSTITUTION’S NOTIFICATION
The institutional representative will be notified of drug testing no sooner than 2 hours prior to the start of the game by the drug testing crew chief. After the game, a member of the drug testing crew will after the game, a member of the drug testing crew will provide the institutional representative with the names of the selected student-athletes.

PROLONGED TEST
If the student-athlete’s team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institutional representative incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.) the institution may request reimbursement from the NCAA.

TESTING PROCESS
Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug testing collector of the same gender. The length of the collection process depends on the student-athletes ability to provide an adequate specimen. If the student-athlete provides an adequate specimen immediately upon arriving in the drug testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug testing area until one is provided. There is no maximum allotted time for a student-athlete to provide and adequate specimen.
