THE NATIONAL COLLEGIATE ATHLETIC ASSOCIATION

P.O. Box 6222
Indianapolis, Indiana 46206-6222
317-917-6222
www.ncaa.org
October 2016

NCAA, NCAA logo and NATIONAL COLLEGIATE ATHLETIC ASSOCIATION are registered marks of the Association and use in any manner is prohibited unless prior approval is obtained from the Association.

Section 1 • Introduction

During the 2016-17 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Among the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Administrator. The NCAA staff member responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA National Committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the selection process.

Site Selection. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Medicine Handbook for additional guidance on concussions online at: <http://www.ncaapublications.com/p-4374-2014-15-ncaa-sports-medicine-handbook.aspx>.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I, Manuals Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal

GENERAL ADMINISTRATIVE GUIDELINES

shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sports committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4•2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division II, and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I); 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere policy and procedure and fines.

Section 4•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey

After each championship, student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators will be copied on the email and asked to ensure participation from all student-athletes and coaches.

Section 5 • Elite 90 Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative GPA of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to NCAA.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athletes and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics

GENERAL ADMINISTRATIVE GUIDELINES

equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, "research" is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Division II

Section 9•1 Division II Philosophy

In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members of Division II believe that a well-conducted intercollegiate athletics program, based on sound educational principles and practices, is a proper part of the educational mission of a university or college and that the educational well-being and academic success of the participating student-athlete is of primary concern. *(Revised: 1/14/08 effective 8/1/08)*

Higher education has lasting importance on an individual's future success. For this reason, the positioning statement for the division and the emphasis for the student-athlete experience in Division II is a comprehensive program of learning and development in a personal setting. The Division II approach provides growth opportunities through academic achievement, learning in high-level athletics competition and development of positive societal attitudes in service to community. The balance and integration of these different areas of learning provide Division II student-athletes a path to graduation while cultivating a variety of skills and knowledge for life ahead.

Members support the following attributes in the belief that these attributes assist in defining the division's priorities and emphasize the division's position within the Association: Learning, Service, Passion, Sportsmanship, Resourcefulness and Balance. The positioning statement and the attributes shall serve as a guide for the preparation of legislation by the division and for planning and implementation of programs, initiatives and policies by member institutions, conferences and the Division II governance structure.

Furthermore, a member of Division II believes in a set of common features, which assist in defining the division. Such features include exceptional teacher-to-student ratios that provide student-athletes with a quality education, a unique model of staffing in which coaches provide additional services such as teaching and mentoring, and the development of community partnerships and student-athlete participation in community engagement activities. A member of Division II also believes in the following principles, which assist in defining the division: *(Revised: 1/14/97)*

- a. Promoting the academic success of its student-athletes, measured in part by an institution's student-athletes graduating at least at the same rate as the institution's student body; *(Revised: 1/12/04 effective 8/1/04)*
- b. That participation in intercollegiate athletics benefits the educational experience of its student-athletes and the entire campus community; *(Revised: 1/12/04 effective 8/1/04)*
- c. Offering opportunities for intercollegiate athletics participation consistent with the institution's mission and philosophy; *(Revised: 1/14/97, 1/12/04 effective 8/1/04)*
- d. That championships are intended to provide national-level competition among eligible student-athletes and teams of member institutions; *(Revised: 1/9/06 effective 8/1/06)*
- e. Preparing student-athletes to be good citizens, leaders and contributors in their communities; *(Revised: 1/12/04 effective 8/1/04)*
- f. Striving for equitable participation and competitive excellence, encouraging sportsmanship and ethical conduct, enhancing diversity and developing positive societal attitudes in all of its athletics endeavors; *(Revised: 1/14/97, 1/12/04 effective 8/1/04)*
- g. That institutional staff members, including presidents and athletics personnel, shall hold prospective and enrolled student-athletes and themselves to the highest standards of personal conduct at all times, including exemplary behavior that reflects respect for the rights and dignity of opponents, teammates, officials, other students and the community at large; *(Adopted: 1/14/12 effective 8/1/12)*
- h. Scheduling the majority of its athletics competition with other members of Division II, insofar as regional qualification, geographical location and traditional or conference scheduling patterns permit; *(Revised: 1/14/97)*
- i. Recognizing the need to "Balance" the role of the athletics program to serve both the institution (e.g., participants, student body, faculty-staff) and the general public (e.g., community, area, state); *(Revised: 1/12/04 effective 8/1/04)*

Offering an opportunity for participation in intercollegiate athletics by awarding athletically related financial aid to its student-athletes; *(Revised: 1/14/97, 1/14/02 effective 8/1/02)*

- j. That institutional control is a fundamental principle that supports the educational mission of a Division II institution and assumes presidential involvement and commitment. All funds supporting athletics should be controlled by the institution. The emphasis for an athletics department should be to operate within an institutionally approved budget, and compliance with and self-enforcement of NCAA regulations is an expectation of membership; and *(Adopted: 1/14/02 effective 8/1/02, Revised: 1/12/04 effective 8/1/04)*
- k. That all members of Division II should commit themselves to this philosophy and to the regulations and programs of Division II. *(Revised: 1/14/97)*

Section 9•2 Division II Code of Conduct

CONDUCT POLICY STATEMENT

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere

GENERAL ADMINISTRATIVE GUIDELINES

to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletic participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship will be issued a fine of \$500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.

MISCONDUCT

The NCAA Division II Manual Bylaw 31.02.3 defines misconduct as: “... **any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.**”

EXPECTATIONS

Each games committee shall hold a pre-championship meeting with the representatives of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sport committee.

EXPECTATIONS FOR STUDENT-ATHLETES, COACHES AND ADMINISTRATORS

- Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in an honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

POSSIBLE PENALTIES FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice. The penalties include but are not limited to:

- a. Public or private reprimand of the individual;
- b. Disqualification of the individual from further participation in the NCAA championship involved;
- c. Banishment of the individual from participation in one or more future championships of the sport involved;
- d. Cancellation of payment to the institution of the Association's travel guarantee for the individual involved;
- e. Banishment of the institution from participation in one or more future championships in which its team in that sport otherwise would be eligible to participate;

- f. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
- g. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
- h. Financial or other penalties different from (a) through (g) above, but only if they have prior approval of the Championships Committee.

All correspondence regarding violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.

Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such.

Section 9•3 On-Site Administrator at Team Championships

All team sports require that a designated individual be identified from each institution participating in the championship as the on-site administrator. This person may be any individual from that school with no on-site responsibilities. The role of the on-site administrator is to be present at the competition site and attend all events that are mandated for the team (e.g., travel from institution to and from the championship site, teleconferences, pre-championship meetings, practices, competition and community engagement, where applicable).

If no one is sent or identified, the site representative is to notify the NCAA championship administrator and Division II Championships Committee liaison to administer a fine of \$500, with a private letter of reprimand to be sent to the conference commissioner, university president/chancellor, university director of athletics, senior woman administrator, sports information director and the compliance director. The NCAA championship administrator will administer the fine and letter of reprimand to the institution(s).

Section 9•4 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office prior to Sept. 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (*Revised: 1/12/99, 1/8/01, 1/9/01*)

Individual Championships. In individual championships, an athlete must compete according to the institution's policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

Section 1•3 Important Dates and Sites

Thursday, Sept. 1	First date of allowable competition.
Before first competition	Deadline for roster submission to TFRRS-XC.
Monday, Oct. 24	Online entry form available at www.directathletics.com — 8 a.m. Eastern time.
Wednesday, Oct. 26	On-time deadline of entry-form submission — 11:59 p.m. Eastern time. Details outlined later in this manual.
Thursday, Oct. 27-Friday, Oct. 28	Late declaration period from 8 a.m. Thursday, Oct. 27, to 11:59 p.m. Friday, Oct. 28. Late declarations will be accepted with a fine of \$400 per team per gender.

DIVISION II CROSS COUNTRY

Friday, Oct. 28	Deadline for submission of Code of Conduct form to regional representative – 5 p.m. Eastern time. Late submission will result in a fine of \$200 per team per gender. Details outlined later in this manual.
Saturday, Nov. 5	Regional meets (men first, women second). Start times will be publicized on the meet websites and in the Participant Manuals.
Sunday, Nov. 6	Deadline for member institutions to have completed minimum contests. Results from all meets must be submitted by 11:59 p.m. Eastern time, Nov. 6.
Monday, Nov. 7	Notification of selected teams and individuals.
Friday, Nov. 11	Starting box assignments will be published online at NCAA.org.
Friday, Nov. 18	Declarations/packet pick-up and mandatory administrative meeting (locations and times will be communicated in the Participant Manual).
Saturday, Nov. 19	Championships finals (men - 8:30 a.m.; women - 9:45 a.m.).

CHAMPIONSHIPS DATES AND SITES

Regionals

Regional meets will take place Saturday, Nov. 5. Men will run first, followed by the women's race. Times will be communicated by the respective hosts. The sites of the regional qualifying meets, along with the names and contact information of the meet directors are:

Atlantic	Slippery Rock University of Pennsylvania; Slippery Rock, Pennsylvania Paul Lueken (phone: 724-738-2767; email: paul.lueken@sru.edu)
Central	Augustana University (South Dakota); Sioux Falls, South Dakota Lee Taylor (phone: 605-274-5444; email: lee.taylor@augie.edu)

Finals

The championships finals in 2016 will be held Saturday, Nov. 19, at The Abbey Course in Saint Leo, Florida. Saint Leo University and the Tampa Bay Sports Commission will serve as co-hosts. The men's 10,000-meter race will be first at 8:30 a.m. Eastern time, followed by the women's 6,000-meter race at 9:45 a.m. Eastern time.

DATE FORMULA

The Division II cross country regional qualifying meets are held two weeks before the championships, on Saturday or Sunday. The championships finals are held the Saturday before Thanksgiving.

The date formula for Division II cross country is different for years in which the championships are part of the NCAA Division II National Championships Festival, in which case finals will be held the Saturday of the Festival week and regional meets will be held two weeks before the Festival, on Saturday or Sunday.

FUTURE DATES

Regional meets in 2017 will take place Saturday or Sunday, Nov. 4 or 5. Hosts are as follows:

Atlantic Region	Lock Haven University of Pennsylvania
Central Region	University of Nebraska at Kearney
East Region	Daemen College
Midwest Region	Cedarville University
South Region	Florida Southern College and Central Florida's Polk County Sports Marketing
South Central Region	West Texas A&M University
Southeast Region	Wingate University
West Region	Western Oregon University

The championships finals in 2017 will be held Saturday, Nov. 18, at Angel Mounds in Evansville, Indiana. The University of Southern Indiana and the Evansville Sports Corporation will serve as co-hosts.

Section 1•4 Equipment

The host institution shall provide all necessary equipment for the championships unless otherwise noted.

Section 1•5 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and are modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with the NCAA rules, or those rules adopted by an outside organization.

The 2015 and 2016 NCAA Men's and Women's Track and Field and Cross Country Rules book will be followed for the 2016 cross country season and championships. The men's races will be 10,000 meters at regional and national meets, and the women's races will be 6,000 meters at regional and national meets.

Section 1•6 Uniforms

When engaged in competition, each competitor must wear an official team uniform with components governed by the rules or be subject to disqualification. Wearing any part of the official team competition uniform illegally while in the area of competition shall lead to a warning by the nearest official that repeated violation may result in disciplinary action. A report of uncorrected violations shall be made to the referee and offending competitor's coach. Uniforms for all cross country student-athletes must meet the following criteria:

- A uniform consists of two school-issued components — shorts or briefs, and a top. A one-piece body suit is acceptable as a combination of the two components. Any outer garment (i.e., sweat pants, tights) that is school-issued becomes the official uniform when worn.
- The uniform must be of a material and design deemed to not be objectionable or offensive by the athletics department of the issuing institution.
- The uniform top must, by design and size, cover the full length of the torso, meeting or hanging below the waistband of the bottoms while the competitor is standing and allow for competitors' numbers to be placed above the waist, front and back.
- Uniform tops must be worn so as not to obscure hip numbers.
- Additional visible clothing is an undergarment. It must be worn under the uniform and be of a solid color.
- The use of, or wearing of, artificial noisemakers by competitors is prohibited.

DIVISION II CROSS COUNTRY

- All cross country team members must wear uniforms clearly indicating, through color, logo and combination of all worn outer garments, that members are from the same team.
- Visible undergarments on top (e.g., T-shirts) worn by team members must be of an identical solid color. Visible undergarments on the bottom (e.g., tights of any length) must be of an identical solid color.

LOGOS

Refer to [General Administrative Guidelines, Section 7](#).

Section 2 • Determination of Championship Participation

Section 2•1 Championships Format

Teams and individuals must participate in their respective regional meet to qualify for the national championships. The top teams and individuals from each region will qualify to the national championships. A total of 32 teams and 24 individuals will advance to the finals. Details regarding allocations for each region are outlined later in this manual.

Institutions entering five to seven runners in the regional qualifying meets or national championships must compete as a team. If an institution enters as a team in the regional competition and qualifies for nationals as a team, it must run as a team at nationals. If fewer than five competitors from one institution compete in the regional qualifying meets or national championships, they will compete as individuals only.

ORDER OF EVENTS

For the NCAA Division II Cross Country Championships, the men will run first in even years, and the women will run first in odd years.

SQUAD SIZE

Participating teams are limited to a maximum of seven runners in uniform. An institution that is advised it is in violation of this regulation and does not promptly conform to it shall automatically forfeit the competition.

TRAVEL PARTY

Institutions that qualify one to four individuals for the championships will receive transportation reimbursement and per diem for the participating student-athletes and one non-athlete. Institutions that qualify a team (five to seven student-athletes) will receive transportation reimbursement and per diem for the participating student-athletes and two non-athletes. Transportation expenses and per diem shall be paid for the finals competition and not for regional qualifying meets.

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. [Travel policies](#) can be found on the NCAA website at www.ncaa.org, Division II, Championships, Travel and Reimbursement Information.

Section 2•2 Qualifying/Eligibility Requirements

All NCAA cross country results must be reported to the Track and Field Results Reporting System for Cross Country (TFRRS-XC) directly from meet management software using JSON and XML APIs. By standardizing to one format, meet hosts and timers can now upload cross country results to TFRRS-XC seamlessly from compliant meet management software without handling files or manipulating results data. This will simplify the upload process and help eliminate reporting errors.

Please note that support for legacy file formats has been discontinued and results will only be accepted directly from compliant meet management software. Host institutions will be responsible for working with their timing/results companies to ensure that they are using updated and compliant software that supports the submission of all required meet data in the new JSON or XML format. If all required data is not submitted to TFRRS-XC in the necessary JSON or XML format, the results will not be accepted into the results-reporting system, making the results invalid for NCAA championship selections.

TEAM ROSTERS

Institutions that sponsor NCAA Division II men's and/or women's cross country will be required to register and maintain their official team rosters with TFRRS-XC **before their first meet. Late rosters will result in a fine of \$200 per team per gender, with potential additional fines for repeated violations.**

Each student-athlete will be assigned a unique TFRRS-XC tracking identification number that will identify the student-athlete throughout his or her collegiate career. **Note:** This is the same identification number used for indoor and outdoor track and field, and users will be able to import existing TFRRS athletes into their cross country roster upon logging in. This identification number will not change from season to season; however, institutions will be required to register their rosters each season to confirm eligibility status.

DIVISION II CROSS COUNTRY

Detailed account information and instructions to set up meets and download team rosters in preparation for uploading 2016 cross country results are available for meet hosts, meet directors, and timers at www.tfrrs.org (select the link for Meet Director and the tab for Cross Country). Take particular note of the Frequently Asked Questions document posted, which highlights the following:

1. For the purpose of running a meet, any meet director/timer can download the rosters of TFRRS-XC teams (with TFRRS-XC IDs) at no cost to the meet director/timer. All TFRRS rosters and identification numbers will be available for download in file formats easily imported into timing software;
2. Meet hosts may use their method of choice to manage meet entries.
3. It is the responsibility of the meet directors/timers to collect valid TFRRS-XC IDs from the entering teams, regardless of the meet entry method;
4. Institutions registered with TFRRS-XC also can print out or download their TFRRS-XC rosters (with identification numbers) to facilitate the entry process.

If you experience technical difficulty using the TFRRS-XC system, please contact DirectAthletics (support@directathletics.com; phone: 347-674-3002).

MEET RESULTS

It will be the responsibility of the meet **HOST** to submit complete meet results, (**inclusive of all new data requirements in the proper JSON or XML format**) to TFRRS-XC by **midnight Eastern time, one day after the completion of a competition**. Participating institutions must ensure that the electronic submission of results from any competition in which their student-athletes compete is reported by the meet host within five days of the performance and not later than 11:59 p.m. Eastern time, Sunday, Nov. 6. **Late results submissions that are the basis for championships selections will result in a fine of \$200 per team per gender, with potential additional fines for repeated violations.**

Meet hosts will be responsible for uploading results electronically with TFRRS-XC identification numbers listed for all eligible NCAA student-athletes, requiring that TFRRS-XC identification numbers be imported or typed in for each student-athlete before running a meet. Results will be accepted only for student-athletes on the institution's TFRRS-XC roster form.

When official meet results are uploaded to TFRRS-XC, all performances achieved by eligible NCAA student-athletes, and team scores, will be archived in the results-reporting database.

MINIMUM CONTEST REQUIREMENTS

In order to be eligible to participate in the Division II Cross Country Championships, a member institution must first meet all sport sponsorship requirements and also compete in a minimum of four contests with a minimum of five participants in each of those contests. The TFRRS-XC system will be used to track institutions' minimum contests, so institutions must ensure that all results from their meets are submitted properly. Institutions will not need to submit a minimum contest form before championships selections. If results are not submitted properly, institutions must contact Morgan DeSpain within five days of the meet and not later than 11:59 p.m. Eastern time, Sunday, Nov. 6. Missing or incorrect results will result in a fine of \$200 per gender.

Specific policies surrounding minimum contest requirements are as follows:

- **Completion of Contest.** To count as a contest, an institution must participate in and complete the contest. At least five student-athletes must start and finish a race on the same date for it to be considered completion of a contest. Scheduled contests that are canceled or not completed will not be counted.
- **Conference Championship and Regional Qualifying Meet.** An institution may count participation in the conference championship and/or in the regional meet toward meeting the minimum contest requirements, provided at least five student-athletes start and finish a race on that date of competition.
- **No Team Scoring.** A meet at which no team scoring is kept may count as a contest for the purpose of meeting the minimum contest requirements, provided that at least five student-athletes start and finish a race on the same date.
- **One or More Sites.** If an institution has at least five student-athletes competing on the same day at different sites, it may count that as a contest as long as at least five student-athletes start and finish a race on the same day. If an institution has student-athletes competing on the same day at different sites and at least five student-athletes start and finish the race **at each site**, the institution may count those as multiple contests.
- **Double Duals.** In counting meets for championship minimum participation, double duals (scoring multiple meets from one competition) will be considered one meet.

(Note: Conference meets may not be conducted in conjunction with NCAA regional qualifying meets.)

ONLINE ENTRY FORM

In order to be eligible for participation in the regional and national meets, institutions must submit an online entry form through DirectAthletics before the regional cross country meet. Coaches may enter up to 10 eligible student-athletes on the online entry form, of which no more than seven must be declared to participate the day before competition (regionals and nationals). Coaches may make changes to the 10 student-athletes listed on the entry form up through the end of declarations. It is not necessary for student-athletes representing a qualified team at the finals to have competed in regional competition. Any student-athlete competing at regionals and/or nationals must be an NCAA eligible student-athlete.

The online entry form can be accessed through Direct Athletics at www.directathletics.com. The entry form will be available beginning at 8 a.m. Eastern time, Monday, Oct. 24. All online entry forms must be submitted by 11:59 p.m. Eastern time, Wednesday, Oct. 26. **Late online entry form submissions may be considered by the committee until 11:59 p.m. Eastern time, Friday, Oct. 28. If allowed, late entry form submissions will result in a fine of \$400 per team per gender. Institutions wishing to submit a late entry form must email the NCAA liaison. No late entry form requests will be considered after 11:59 p.m. Eastern time, Friday, Oct. 28. Institutions that have not submitted an entry form by 11:59 p.m. Eastern time, Oct. 28, will not be eligible to compete at the regional meet.**

If you experience technical difficulty using the online entry system, please contact DirectAthletics (support@directathletics.com; phone: 347-674-3002).

CODE OF CONDUCT FORM

All institutions participating at the regional qualifying meet must submit a completed Code of Conduct form to their respective regional representative on the Division II Track and Field and Cross Country Committee **by 5 p.m. Eastern time, Friday, Oct. 28**, via electronic mail. **INSTITUTIONS THAT HAVE NOT SUBMITTED THE CODE OF CONDUCT FORM BY THE DEADLINE WILL BE ASSESSED A \$200 FINE PER TEAM PER GENDER.** The form is available on ncaa.org and in [Appendix B](#) of this manual.

Any institution that does not submit a Code of Conduct form for the regional or national championship will be assessed an additional \$500 fine per team per gender.

Section 2•3 Selection Procedures

To be eligible to participate in the NCAA Division II Men's and Women's Cross Country Championships, teams and individuals must qualify through participation in their respective NCAA regional cross country meet. A total of 32 teams and 24 individuals will be selected. The process for allocating the berths is outlined below:

Teams (32)

- The top three teams from each regional meet automatically will advance to the championship finals (24 teams total).
- Additional team allocations (eight) are awarded based on the following formula: Regions will be allotted one additional berth for each team finishing in the top eight in the previous year's national championships. (NOTE: These additional allocations are awarded based on the institution, not the region. If an institution changes regions, the additional berth is awarded to the region in which that institution will participate for that championship season.)

Individuals (24 minimum)

- The top three individuals who are not part of a qualifying team will automatically advance to the championship finals (24 individuals total).
- All individuals who finish in the top five at the regional meet and are not part of a qualifying team will automatically advance to the championship finals.

Ties in regional qualifying meets in team competition shall be broken for the purpose of advancement to the championships finals by comparing the place finish of each team member 1-5 versus his or her respective competitor on the opposing team (Team A's first finisher vs. Team B's first finisher, etc.). The winner is the team winning the majority (best of five) of the comparisons.

ALLOCATIONS

The teams allocations for the 2016 men's and women's championships are as follows:

REGION	MEN'S TEAM ALLOCATION	WOMEN'S TEAM ALLOCATION
Atlantic	4	3
Central	4	4
East	3	3
Midwest	5	5
South	3	3
South Central	5	5
Southeast	3	3
West	5	6

TOTAL COMPETITORS PER GENDER

32 teams of seven student-athletes = 224

Individuals = 24

(plus top five overall places that are not a member of qualifying team in their respective region)

Total = 248 (minimum)

Section 2•4 Competition Requirements

REPLACEMENTS

The sports committee may replace qualified individuals or teams unable to advance to the national championships due to injury or illness through the declarations period.

DECLARATIONS

The seven student-athletes competing in the regional and national meets must be declared the day before competition. Declarations must be made in person by each coach at the location designated by the host institution. Specific procedures for declarations will be communicated in the Participant Manual for each site. **Late declarations will result in a fine of \$200 per team per gender, and payment must be made before competition.**

SUBSTITUTIONS

Substitutions are allowed up to 45 minutes before the start of the race at the regional qualifying meets and national championships. A certification of illness or injury by the designated meet physician/athletic trainer is required, and the substitution must be approved by the referee. All participating student-athletes must be eligible to compete.

Appendix B • NCAA Division II Championships Code of Conduct

Conduct Policy Statement

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education, and promotes civility; therefore championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletic participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution who fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship, will be issued a fine of \$500, with a private letter of reprimand to be sent to the to the conference commissioners, university president, university athletics director, senior woman administrator, sports information director and compliance director.

Misconduct

The championship handbook and NCAA Division II Manual Bylaw 31.02.3 defines misconduct as: **“... is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics.”**

Expectations

Each games committee shall hold a pretournament meeting with the coaches of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet, and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (i.e., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sports committee.

Expectations for Student-Athletes, Coaches and Administrators

- Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in an honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.

- Abide by state and federal laws, and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

Possible Penalties for Misconduct

In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one, or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the championship event. The penalties include, but are not limited to:

- Public or private reprimand of the individual;
- Financial penalty;
- Disqualification of the individual from further participation in the NCAA championship involved and/or banishment of the individual from participating in one or more subsequent championships of the sport involved;
- Cancellation of payment of the Association's travel guarantee to the institution for the individuals involved;
- Withholding of all or a portion of the institution's share of revenue distribution;
- Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
- Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships; and/or
- Cancellation of all or a portion of the honorarium for hosting an NCAA championship.

All correspondence regarding violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.

Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such. Again, congratulations to you and your team. We hope this year's championships experience is one that you will cherish for years to come.

RETURN BY: 5 p.m. ET, Oct. 28

CHAMPIONSHIPS

As a representative (i.e., student-athlete, administrator, coach, manager and/or other institutional personnel) of the institution below, I certify that all NCAA rules pertaining to the Division II Championships Code of Conduct have been read. I agree to abide by the expectations set forth and understand the possible penalties for misconduct.
