TO:  Head Coaches at NCAA Division I, II and III Member Institutions that Sponsor Men’s Golf.

FROM:  John Baldwin
        Associate Director, Championships and Alliances.

        Donnie Wagner
        Associate Director, Championships and Alliances.

        John Kuzio
        Coordinator, Championships and Alliances.

SUBJECT:  2016-17 Golfstat Registration.

Golfstat will continue to serve as the computer service used by the NCAA Division I, II and III Men’s Golf Committees to process regular-season results for selection purposes for the 2017 NCAA Division I, II and III Men’s Golf Championships. It is important that the enclosed registration and roster forms be completed accurately and returned no later than October 1. As an additional requirement, all schedules for Division I Men’s Golf must be submitted to Golfstat by October 1. Any tournaments added to a team’s schedule after this date will need to be approved by the Division I Men’s Golf Committee. Additions to your roster can be made by contacting Mark Laesch, Golfstat, P.O. Box 129, Noblesville, Indiana 46061-0129 (fax: 309-829-4792; email: mail@golfstat.com). Institutions that fail to register with Golfstat will be assessed a $200 fine.

In addition to the roster information, when hosting a tournament, you must report scores using one of the online options (Windows Console Based, Web Based or Live Scoring). When registering a tournament and reporting scores, please provide the name and email of the scoring contact. Tournaments must be registered in order to be used for selection purposes. The host institution of a regular season event will be required to submit results from their tournament into Golfstat no later than 5 p.m. Eastern time, two days following the conclusion of the event. For example, if a tournament ends on Tuesday, the host institution will be required to submit its results into Golfstat no later than 5 p.m. Eastern time, on Thursday. Host institutions that fail to submit tournament results within the established timeframe will be assessed a financial penalty of $200 per occurrence, up to a maximum penalty of $600. If a registered tournament is canceled, please contact Golfstat. For
tournament results to be considered for selection purposes, the competition must be played according to United States Golf Association (USGA) rules and conducted on a golf course that meets the following minimum yardages in relation to par: Par 70-6,100 yards; Par 71-6,300 yards; Par 72-6,500 yards.

Registering your student-athletes, registering your tournaments and the Non-Live scoring software are all provided by the NCAA. If you wish to receive Customized Ranking Analysis Reports, Live Scoring software, or any of the other Golfstat services you may order those directly through Golfstat. Golfstat’s first public ranking will take place on October 12. If you want ranking information earlier, that information will be available on your Golfstat report.
