THE NATIONAL COLLEGIATE ATHLETIC ASSOCIATION  
P.O. Box 6222  
Indianapolis, Indiana 46206-6222  
317-917-6222  
www.ncaa.org  
October 2017

NCAA, NCAA logo and NATIONAL COLLEGIATE ATHLETIC ASSOCIATION are registered marks of the Association and use in any manner is prohibited unless prior approval is obtained from the Association.
Section 1 • Introduction

During the 2017-18 academic year, the Association will sponsor 90 national championships — 42 for men, 45 for women, and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, five are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and/or administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Manager(s). The NCAA staff member(s) responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA national committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Non-predetermined Sites. Those sites that are selected to host at the time of the participant/team selections announcement.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the team and/or individual selection process.

Site Selection. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

**Ensuring** student-athletes’ optimal experience.

**Executing** championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

**Coordinating** all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

**Integrating** championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Sport Science Institute website for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of...
the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4.2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Divisions II and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I), 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4.3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4.4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere to policies and procedures.

Section 4.5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES

A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions in which there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests in which there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

No predetermined or non-predicted session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey

After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90 Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Division II

Section 9•1 Division II Philosophy

1. In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members of Division II believe that a well-conducted intercollegiate athletics program, based on sound educational principles and practices, is a proper part of the educational mission of a university or college and that the educational well-being and academic success of the participating student-athlete is of primary concern.

2. Higher education has lasting importance on an individual's future success. As such, Division II supports the educational mission of college athletics by fostering a balanced approach in which student-athletes learn and develop through their desired academic pursuits, in civic engagement with their communities and in athletics competition. Division II athletics programs also are committed to establishing an inclusive culture in which persons of all backgrounds are respected and given the opportunity to provide input and to participate.
3. Division II members abide by the following principles that help define and distinguish the division:

   a. Division II colleges and universities are expected to operate their athletics programs with integrity and in a welcoming manner that complies with conference and NCAA rules and regulations. Institutional control is a fundamental principle that supports the institution’s educational mission and assumes presidential involvement and oversight; (Adopted: 1/21/17 effective 8/1/17)

   b. Division II members fund their athletics programs in a manner that aligns with the institution’s budget and educational mission. This method of funding features a “partial scholarship” model that allows Division II schools to recognize student-athletes for their skills through athletics-based grants, but student-athletes can accept merit-based aid and academic scholarships as well; (Adopted: 1/21/17 effective 8/1/17)

   c. Division II believes in a balanced approach that integrates athletics into the college experience and allows students to focus on their academic pursuits and participate in other campus and community activities. This “Life in the Balance” emphasis facilitates learning through: (Adopted: 1/21/17 effective 8/1/17)

      (1) Academics. Division II offers exceptional teacher-student ratios that provide student-athletes with a quality education in the academic curriculum of their choice. The division structures its eligibility requirements to facilitate student-athletes earning their degrees, which is measured in part by an institution’s student-athletes graduating at least at the same rate as the institution’s student body; (Adopted: 1/21/17 effective 8/1/17)

      (2) Athletics. Division II supports athletics achievement through highly competitive programs that strive to participate in the division’s 25 national championships, which offer the best access ratio among the NCAA’s three divisions. Division II also supports a regionalization model in scheduling that reduces time away from campus and keeps athletics participation in perspective within the educational mission; (Adopted: 1/21/17 effective 8/1/17)

      (3) Community Engagement. Division II athletics programs actively engage with their communities to enhance relationships between student-athletes and community members and develop a shared civic experience. Division II promotes engagement at the local, conference and national levels, including at all Division II national championships; and (Adopted: 1/21/17 effective 8/1/17)

      (4) Post-graduation Success. Division II supports a higher education model that shapes student-athletes who graduate with the skills and knowledge to be productive citizens. The balanced approach allows student-athletes to focus on their academic pursuits, their internships, and whatever else it takes to prepare them for life after graduation; (Adopted: 1/21/17 effective 8/1/17)

   d. Division II members support the utmost in sportsmanship by committing to a “game environment” initiative that establishes an atmosphere at athletics contests that is both energetic and respectful; and (Adopted: 1/21/17 effective 8/1/17)

   e. Division II promotes student-athlete involvement in decision-making through campus, conference and national Student-Athlete Advisory Committees that provide leadership opportunities and offer a representative voice in the division’s governance structure. (Adopted: 1/21/17 effective 8/1/17)

---

**Section 9•2 Division II Code of Conduct**

**CONDUCT POLICY STATEMENT**

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletics participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship will be issued a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.
MISCONDUCT

The NCAA Division II Manual Bylaw 31.02.3 defines misconduct as: “... any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.”

EXPECTATIONS

Each games committee shall hold a pre-championship meeting with the representatives of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sport committee.

EXPECTATIONS FOR STUDENT-ATHLETES, COACHES AND ADMINISTRATORS

- Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in a honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

POSSIBLE PENALTIES FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sport committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice. The penalties include, but are not limited to:

- Public or private reprimand of the individual;
- Disqualification of the individual from further participation in the NCAA championship involved;
- Banishment of the individual from participation in one or more future championships of the sport involved;
- Cancellation of payment to the institution of the Association’s travel guarantee for the individual involved;
- Banishment of the institution from participation in one or more future championships in which its team in that sport otherwise would be eligible to participate;
- Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
- Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
- Financial or other penalties different from (a) through (g) above, but only if they have prior approval of the Championships Committee.

All correspondence regarding a violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.
Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such.

Section 9•3 On-Site Administrator at Team Championships

All team sports require that a designated individual be identified from each institution participating in the championship as the on-site administrator. This person may be any individual from that school with no on-site responsibilities. The role of the on-site administrator is to be present at the competition site and attend all events that are mandated for the team (e.g., travel from institution to and from the championship site, teleconferences, pre-championship meetings, practices, competition and community engagement, where applicable).

If no one is sent or identified, the site representative is to notify the NCAA championship manager and Division II Championships Committee liaison to administer a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president/chancellor, university director of athletics, senior woman administrator, sports information director and the compliance director. The NCAA championship manager will administer the fine and letter of reprimand to the institution(s).

Section 9•4 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office prior to September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Revised: 1/12/99, 1/8/01, 1/9/01)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

**RAC GUIDELINES**

The following guidelines shall apply to RACs:

A. Advisory committees should comprise a minimum of three members, but not more than one representative per institution.

B. Each conference sponsoring the respective sport (with six or more members) must have equal representation. The chair is included in these representatives. (9/97) (1/02)

C. Each eligible conference shall appoint two individuals to serve as its representatives on the respective sports’ RACs. In order to maintain balance, it is preferred that one coach and one administrator be appointed. Qualified administrators can include Assistant or Associate ADs, Sports Information Directors, etc. (9/97, 1/99) (1/02)

D. At least one person should represent independent institutions if there are three to five independent institutions in the region. If there are more than six independent institutions in a region, then two individuals shall represent these institutions. (6/02)

E. A member conference shall be responsible for appointing its RAC representatives. Further, the conference shall be responsible for ensuring that they meet the criteria for service and for ensuring that appropriate representation exists (i.e., all members must be salaried on a regular basis by a member institution or organization and be performing a regular staff function to which they devote at least 50 percent of their time; and individuals whose institutions belong to both the NCAA and NAIA shall not participate in decisions regarding NCAA championships if their institution declares its intention to participate in the NAIA championship only).
F. The terms of RAC members are limited to three consecutive years, and a member may be reappointed only after having been off the committee for three consecutive years.

G. It is preferred that RAC members do not serve on more than one RAC at a time.

H. The following policies shall be observed when regional advisory and governing sports committees conduct teleconferences to select teams and/or individuals for championships competition:

   1. Committee Member Replacement Policy/Regional Ranking Call. A committee member whose team is under consideration shall remain on the call and take part in discussion regarding team rankings and may vote. (6/02)

   2. Committee Member Replacement Policy/RAC Selection Call. A committee member whose team is under consideration shall remain on the call and may participate in discussion regarding team rankings and may vote. (9/97) (6/02) (9/08)

   3. National Committee Member Replacement Policy/Selection Call. A Division II governing sports committee member whose team is under consideration shall be removed from the selection call during the time period in which his or her team is being considered for selection and replaced by a member of his or her RAC from a different conference. If the committee member’s team is selected into the championship, a RAC member shall replace him or her for discussions regarding pairings and site selection. Replacements may take part in discussions regarding team selection, pairings and site selection and may vote. Replacements should be present on at least one ranking call prior to the selection call. (9/97) (6/02)

I. A Division II governing sports committee must contact a RAC prior to making its final selection of teams or individuals if the committee selection differs from the RAC’s selection. (1/02)

J. Appointment Procedures Timeline.
   - April 1. Each conference commissioner shall receive a list of vacancies for each sports committee from the NCAA national office.
   - June 1. Replacements are due to the national office.

Section 1•4 Division II Code of Conduct

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should manifest not only in athletic participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the championships committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and misconduct incident to the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship will be issued a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.

MISCONDUCT

The pre-championship manual and NCAA Division II Manual Bylaw 31.02.3 define misconduct as: “... any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.”

EXPECTATIONS

Each games committee shall hold an administrative meeting before the start of the championship with the coaches of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet and delivered to all institutional representatives attending the championship events.
If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament), or when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sports committee.

EXPECTATIONS FOR STUDENT-ATHLETES, COACHES AND ADMINISTRATORS

- Submit an accurate and complete Division II Code of Conduct form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship ceremonies.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in an honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

POSSIBLE PENALTIES FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the championship event. The penalties include but are not limited to:

- Public or private reprimand of the individual;
- Disqualification of the individual from further participation in the NCAA championship involved and/or banishment of the individual from participating in one or more subsequent championships of the sport involved;
- Cancellation of payment of the Association’s travel guarantee to the institution for the individuals involved;
- Withholding of all or a portion of the institution’s share of revenue distribution;
- Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
- Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships; and/or
- Cancellation of all or a portion of the honorarium for hosting an NCAA championship.

Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such. Again, congratulations to you and your team. We hope this year’s championship experience is one that you will cherish for years to come.

**FUTURE CHAMPIONSHIP DATES**

Saturday, Dec. 15, 2018 • Saturday, Dec. 21, 2019

**Section 1•6 Equipment**

**BALLS**

The Wilson F1001, F1003, F1004 and F1005 are the official balls of the championship and will be used in all rounds of competition. Footballs to be used in all games are to be presented to the game officials at the pregame meeting.

Institutions will be allowed to choose which model of Wilson football they wish to use while on offense throughout the championship. Wilson will make the necessary preliminary arrangements to ensure that the correct model is shipped to each participating institution.

**Section 1•7 Rules**

[Reference: Bylaw 31.1.6 in the NCAA Manual.]

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization.
NCAA Football Rules and Interpretations will be followed. Questions regarding rules interpretations should be addressed to:
Steve Shaw, Secretary-Rules Editor, NCAA Football Rules Committee, c/o Southeastern Conference, 2201 Richard Arrington
Boulevard North, Birmingham, Alabama 35203 (phone: 205-458-3000; email: footballrules@ncaa.org).

Section 1•8 Uniforms

LOGOS
Refer to General Administrative Guidelines, Section 7.
Section 2 • Determination of Championship Participation

Section 2•1 Championship Format

The Division II Football Championship provides for a maximum field of 28 teams. Twelve (12) first-round games will be conducted on the campus of one of the competing institutions. The top seed in each selection region (super regional) will receive a bye in the first round of the playoffs.

The winners of the first-round games in each super regional will advance to play either the team that received a bye or the winners of the other first-round game in their super region in the second round, on the campus of one of the competing institutions. The winners will meet in the quarterfinals on the campus of one of the competing institutions. Quarterfinal winners advance to play in the semifinals on the campus of one of the competing institutions.

Beginning in 2016, the football committee will seed the four teams that advance to the semifinals of the championship so that the No. 1 seed will play the No. 4 seed and the No. 2 seed will play the No. 3 seed. All seedings will be determined using the current selection criteria.

The Division II championship bracket is listed in Appendix A.

START TIMES

All preliminary-round championship contests (first round, second round and quarterfinals) shall start at 1 p.m. local time. Other times may be established at the discretion of the Division II Football Committee as requested by the host institution or as assigned by the committee. Game times may slide by one hour (earlier or later) than the preferred 1 p.m. start time with approval from the football committee. Semifinal game times may be adjusted for television.

TRAVEL PARTY

[Reference: Per Diem and Transportation in the Division II General Section.]

For the 2017 championship, the official traveling party is 70, including a maximum of 58 players in uniform. Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at http://www.ncaa.org/championships/travel/championships-travel-information.

Section 2•2 Results

SCORE REPORTING/RPI/QUALIFYING INFORMATION/FORMS

The score-reporting and stats-reporting processes are now combined for Division II football. Schools will submit all schedule and results information to the NCAA statistics site, and this information will then be imported into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media services staff. For questions regarding the reporting process, please contact Philip Pierce at ppierce@ncaa.org or 317-917-6976.

Section 2•3 Selection Information

EARNED ACCESS

[Reference: Bylaws 31.01.2, 31.01.3, 31.02.4 and 31.3 in the NCAA Manual.]

Earned Access. No conference will receive automatic qualification for the 2017 NCAA Division II Football Championship. Earned access to the playoffs can be gained by a conference if a conference’s highest-ranked team is in the top eight of the final super regional rankings on the selection sunday. The conferences with earned access are:

- Central Intercollegiate Athletic Conference
- Great American Conference
- Great Lakes Intercollegiate Athletic Conference
Division II Football

- Great Lakes Valley Conference
- Gulf South Conference
- Lone Star Conference
- Mid-American Intercollegiate Athletic Association
- Mountain East Conference
- Northeast-10 Conference
- Northern Sun Conference
- Pennsylvania State Athletic Conference
- Rocky Mountain Athletic Conference
- South Atlantic Conference
- Southern Intercollegiate Athletic Conference

At-Large Selection

All teams will be eligible for the Division II championship in the selection region (super regional) in which they are located geographically. There will be seven teams selected per super regional to make up the field of 28 teams. The teams selected within each super regional will play each other in the first, second and quarterfinal rounds, with the super regional winners playing in the semifinals and those four super region winners will be seeded one thru four by the football committee.

Participation Procedures (Countable Competitions)

Bylaw 31.3.3.1 – Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

Qualifying Standards

In order to be considered during the selection process, a team must:
- Have an overall won-lost record of .500 or better against Division II opponents;
- Play at least eight Division II opponents during the regular season (there will be an appeals process available in 2017 if a given institution is not able to satisfy this requirement);
- Play at least 10 opponents during the regular season. An institution may submit a waiver request to the football committee for their consideration if a given institution is not able to satisfy this requirement.

Section 2.4 Selection Criteria

Selection Criteria

The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition [Reference: Bylaw 31.3.3 in the NCAA Manual; Criteria for Selection of Participants]:
- Availability of student-athletes for NCAA championships; and
- Nullification.

Required Selection Criteria. Following confirmation of the availability of student-athletes for NCAA Championships and the application for any nullification, the following selection criteria shall be applied in no particular order:
- In-region winning percentage;
- Division II winning percentage;
- Division II strength of schedule (opponents’ average winning percentage and opponents’ opponents’ average winning percentage);
- Division II head-to-head competition; and
- Results versus Division II common opponents.
In addition to Bylaw 31.3.3, the Division II Football Committee has received approval from the Division II Championships Committee to consider the following criteria in the selection of at-large teams for the Division II Football Championship (not necessarily in priority order):

- Division II record on the road;
- Division II results vs. teams with a record of .500 or better; and
- In-region non-conference won/loss record.

Once the opponents’ average winning percentage (OWP) and opponents’ opponents’ winning percentage (OOWP) are calculated, they are to be combined on a weighted scale (e.g., 2/3 weight for OWP and 1/3 weight for OOWP) and this combined number becomes the strength of schedule.

Additionally, input is provided by regional advisory committees for consideration by the Football Committee.

FORFEITS

For the purpose of seeding and selection to the NCAA championship, there is no forfeit of a contest until the referee or other appropriate contest official has assumed jurisdiction of the contest in accordance with the applicable playing rules. When a team does not appear (e.g., due to weather conditions, accidents, breakdown of vehicles, illness or catastrophic causes), a forfeit is not recorded. An institution shall not, for statistical purposes, declare a forfeit for nonfulfillment of a contract. Such instances shall be considered a “no contest.”

Section 2•5 Site Selection

Any institution interested in hosting preliminary-round competition of the Division II Football Championship must submit a proposed budget, respond to sport-specific questions, and ensure the institution’s key contacts and facility information are up to date via the Championships Bid and Host Profile portal. To submit a bid, first search for the desired championship under “championships available for bid” and select “add bid.”

Please note the change in process that allows all member institutions to regularly and easily access their profiles by visiting championships.ncaa.org. For profile issues, user access or to reset a password, please email championshipbid@ncaa.org or contact the respective championship manager.

CHAMPIONSHIPS BID AND HOST PROFILE PORTAL

The Championships Bid and Host Profile portal can be accessed at championships.ncaa.org. The deadline to submit all bid materials for this championship is Friday, Nov. 3.

As a reminder, prospective hosts’ budgets should include committee/site representative’s lodging expense, game officials’ lodging expense, state and city taxes/fees, if applicable, and any ticket fees. Committee/site representative’s per diem, mileage and luggage fees will now be paid by the NCAA instead of the host institution. Game officials will be reimbursed via the ArbiterPay system for their game fees, per diem, mileage and luggage fees.

FACILITY PROFILES

Institutions interested in hosting preliminary-round competition of the Division II Football Championship must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located at championships.ncaa.org. Any supporting information (e.g., facility diagram, pictures) may be uploaded and attached to that facility’s profile. This information will be made available to the sport committee to aid in their deliberations of prospective host sites.

KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Host Profile portal at championships.ncaa.org.

SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and its own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA championships. We urge each competition venue to take these Best Practices into account when developing its safety and security program. As part of your bid, please submit a safety and security plan.
for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document.

The best practices for venue safety and security, along with the safety and security contact form, are located at: http://www.ncaa.org/sites/default/files/Best_Practices_for_Venue_Safety_and_Security.pdf

**FINAL FINANCIAL REPORT**

A final financial report from each championship site must be submitted via the Championships Bid and Host Profile portal under the “budget” tab not later than 60 days after the event.

**CONTACT INFORMATION**

If you have any questions regarding the bid process, please contact Donnie Wagner at 317-917-6813 or email us at championshipbid@ncaa.org.
