Bid Specifications and Information

**Host Operations Manual.** The 2018 NCAA Division I Women’s Basketball First- and Second-Round Host Operations Manual will assist your institution in all stages of the bidding and hosting process. The manual is available on NCAA.org [LINK] and will serve as the bid specifications for hosting.

**Bid Deadline.** All materials are due by **Friday, January 19, 2018.** NCAA Staff will review bid and will follow-up with bidding institutions as needed during January and early February.

**Bid Documents.** The NCAA will utilize the women’s basketball sport landing page on ncaa.org [LINK] to share editable templates and other information during the bid process. Many of these templates must be completed as part of the bid submission and should remain in their current program format (e.g. Word, Excel), not saved as a PDF.

**Championship Information.** To streamline communication and create a one-stop-shop for information for prospective championship hosts and participating teams, the NCAA will utilize Teamworks as the main communication platform leading up to and during the championship. It provides direct links to all necessary websites, as well as manuals, forms, references, checklists, schedules, key contacts, photos and updates from the NCAA staff. Prospective hosts (tournament manager) and their women’s basketball team (primary administrator) must complete the required contact information forms to register for Teamworks as a part of the bid. Once each form has been submitted, Teamworks will provide login information to the tournament manager and primary administrator. Refer to Teamworks item within this checklist.

- **Hotel Information Form** (BID FORM 5, available on NCAA.org)
**Key Contacts.** The key contacts for your institution should be entered and/or maintained as necessary within your profile. Please enter the information for the key personnel associated with running a championship at your site.

If you previously submitted key contacts for this championship, a key contact form will automatically be created by the system. Please review the information by clicking on the PDF icon next to the Contacts link to ensure accuracy. This step is imperative to prevent incorrect or duplicate information. If edits need to be made, please click on the Contacts link and make the necessary updates.

Personnel who will administer the competition should be listed within the key contacts section of the Championships Bid and Host portal. Information must be entered on both the General tab and the Role/Titles by Sport or Facility tab. Please include the proper mailing address for overnight deliveries. P.O. Box addresses are not acceptable.

**Safety and Security Plan.** Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA Championships, which can be found [here](#). We urge each competition venue to take these Best Practices into account when developing its safety and security program.

As part of your bid, please submit a safety and security plan for your venue by uploading the document in the “document section” of the facility profile. You must also complete the Critical Incident Contact Form included in the Site-Specific Participant Manual.

**Liability Insurance.** NCAA regulations require that host institutions and sponsoring agencies of NCAA championships shall have in place primary comprehensive general public liability insurance coverage, with combined single limits of at least $1 million per occurrence for bodily injury and property damage.

Self-insurance programs meet the provisions of this regulation, as long as they meet the specifications (i.e., primary comprehensive general public liability insurance coverage, with combined single limits of at least $1 million per occurrence for bodily injury and property damage).

Therefore, it will be necessary for host institutions to provide the national office with the appropriate certificates of insurance or documentation of self-insurance. This can be sent to [travel@ncaa.org](mailto:travel@ncaa.org).

The NCAA no longer requires that it be listed as an additional insured. Accordingly, the NCAA will not reimburse institutions for the cost of insurance. Please note that the NCAA must be listed as the certificate holder.

*Note: If host institutions must purchase a special events insurance policy, the institution should submit confirmation in writing. However, the certificate of insurance must be submitted to the NCAA national office 48 hours before the championship. In addition, if your institution has previously submitted to the NCAA an active, non-sport specific certificate of insurance for the current academic year, you do not need to resubmit an additional certificate at this time.*
Site-Specific Participant Manual. Each tournament manager shall complete the Site-Specific Participant Manual template and include as part of their bid submission by uploading this document into the bid portal in the women’s basketball profile under “Participant Manual”. (BID FORM 6, available on NCAA.org.) Refer to Section No. 9.9 of the First and Second Round Host Operations Manual for more information.

Additional Host Information/Resources

Drug Testing. Drug testing may occur at any round of the championship and the assistance of the host institution will be a vital part of the testing. You will be notified in advance if the round you are hosting has been selected for drug testing. Please review the site coordinator manual and note that The National Center for Drug-Free Sport will provide materials to assist in the program.

Americans with Disabilities Act. The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The NCAA will rely on the host institution to confirm compliance with the Act by the various facilities hosting NCAA championship events. The host institution is responsible for determining if the facility will be in compliance as of the dates of the championship. If the host institution becomes aware that a facility hosting an NCAA championship event will
not be in compliance, the host institution shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.
