Section 1 • Introduction

During the 2016-17 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Among the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women’s championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.
Administrative Meeting. Pre-championship meeting for coaches and administrators.
Appendixes. Any supplemental documents to be provided and distributed through the various resources.
Championship Administrator. The NCAA staff member responsible for the operational oversight of the championship.
Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA National Committee.
NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.
Playing Rules. The rules under which the competition will be conducted.
Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.
Preliminary Rounds. The rounds of the championship before the final or championship round.
Regional Alignment. The geographic location of institutions or regional advisory committees.
Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).
Selection Criteria. Policies and procedures in place to guide the selection process.
Site Selection. Policies and procedures in place to guide the site selection process.
Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.
Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:
Ensuring student-athletes’ optimal experience.
Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.
Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.
Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.
Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I, Manuals Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal
shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sports committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4.2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division II, and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I); 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4.3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4.4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere policy and procedure and fines.

Section 4.5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey
After each championship, student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators will be copied on the email and asked to ensure participation from all student-athletes and coaches.

Section 5 • Elite 90 Award
The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative GPA of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to NCAA.org.

Section 6 • Fan Travel
NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athletes and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy
[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

**Section 8 • Research**

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

**Section 9 • Division III**

**Section 9•1 Division III Philosophy**

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

**Section 9•2 Commencement Conflicts**

If an institution’s commencement conflicts with participation in the championship, it shall inform the NCAA championship administrator in writing one week before the selection date for the governing sports committee to consider an accommodation and a change to the championship schedule.
The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sports committee, in consultation with participating institutions, may reschedule the game on the nearest possible date.
- Does not apply to predetermined finals sites.
- The governing sports committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

**Section 9.3 Religious Conflicts**

**Institutional Policy.** If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

**Individual Championships.** In individual championships, a student-athlete must compete according to the institution’s policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 1.5 Division III Commencement Conflict Policy

If an institution’s commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week prior to the selection date for the governing sports committee to accommodate a request to alter the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sports committee, in consultation with participating institutions, would reschedule the game on the nearest possible date if a participating school has a conflict.
- Does not apply to predetermined finals sites.

The governing sports committee shall make a good faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 1.6 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

Section 1.7 Equipment

The Rawlings R1NCAA baseball has been selected as the official baseball for all games in the three NCAA championship tournaments.

The appropriate number of balls will be sent to all tournaments. The balls will be shipped to the director of athletics or tournament director at the host institution, or delivered by the NCAA representative.

Each team must furnish its own practice balls.
Section 1•8 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules.

For those sports where the Association follows rules developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes not played in accordance with the NCAA rules books, or those rules adopted by an outside organization.

Seats for Nonplaying Teams and NCAA Personnel. Hosts should make every effort to reserve seats for nonplaying teams as long as they are participants in the championship competition. These seats should be covered, if possible, and should be located in the first rows behind home plate.

Speed Guns. Use of speed guns by participants is prohibited.

Length of Game – Halted Game Rule. All games shall be nine innings. If play has been stopped before nine innings have been completed, the halted-game rule (Rule 5-8) shall be used.

[Note: The 10-Run Rule – Rule 5-7-b-(4) – shall not be used for the championship.]

Protest Procedure. The following protest procedure shall be used in all tournaments:
1. Any protest by the coach of a competing team must be made at the time of the action or incident that caused the protest and before play is resumed;
2. If the game ends (legal contest) in a protestable situation, the offended team has 20 seconds to voice its protest intentions;
3. All protests must be made to the umpire-in-chief; however, if he is not working the game, the home plate umpire shall receive the protest;
4. No protest shall be allowed that involves a judgment decision by an umpire; and
5. All protests must be ruled upon immediately by the games committee. The committee shall confer with the umpires before making its decision, and the chair shall make a written report to the chair of the NCAA Division III Baseball Committee.

Tobacco Products. The use of all tobacco products is prohibited by student-athletes and game personnel (e.g., coaches, umpires, trainers, managers) during practice sessions and game competition. The use of tobacco products during other championship activities, such as banquets, autograph sessions, press conferences and postgame interviews, is prohibited. Violations of this regulation shall be dealt with by the appropriate sports committee in accordance with Rule 3-10 of the NCAA Baseball Rules and the misconduct provisions of Bylaw 31.1.10.

Films and Still Photographs. The videotaping or filming of an opponent’s game is not permitted. If in-person scouting occurs, the individual(s) shall pay the regular admission price. Institutions are permitted to videotape championship competition by their teams or the individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. The host institution shall provide a comparable location for both competing teams.

Section 1•9 Uniforms

Competing teams shall have both light- and dark-colored jerseys and light- and dark-colored stockings available. In preliminary-round competition, the home team must wear a uniform in clear contrast with the visiting team. In case of conflict, the home team must wear white- or light-colored uniforms. For the semifinals and final, the games committee will determine the home teams. Student-athletes competing in the championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to warm-ups and competitive uniforms.

DETERMINATION OF HOME TEAMS

For first-round games during regional competition when teams are seeded, the highest-seeded team shall be designated as the home team. If there are no seeds, the home team shall be determined by a coin flip. In subsequent games, the home
team shall be determined according to a formula applied by the games committee. For the regional or national championship games, if one of the championship game teams is undefeated, it will be designated as the home team for the first game. The “if necessary” game will be determined by a coin flip. The home team in game one will call the flip. If both teams have one loss, the home team will be determined by coin flip. In determining which of two teams in any non-championship game will be the home team, the games committee or the committee representative shall designate the home team using the following guidelines:

- The institution that has been the home team the fewer number of times in that particular tournament.
- If the two teams are equal in this respect but unequal in the number of times they were the visitor, then the team that has been the visitor more often will be designated the home team.
- If the two teams are equal in the number of times that they have been home and visitor, the games committee or the committee representative shall observe the following procedures in the order stated:
  - If the two teams have met previously in that particular tournament, the visitor in the previous game shall be the home team in the game in question (Exception: In a two-team tournament where both teams have been the home team twice, the fifth game will be determined by coin flip);
  - The team that was visitor in its preceding game shall be the home team, unless both teams were visitors in their preceding games; or
  - If the above procedures do not resolve the matter, the home team shall be determined by coin flip, with the higher seed calling the flip.

LOGOS

Refer to General Administrative Guidelines, Section 7.
Section 2 • Determination of Championship Participation

Section 2•1 Championship Format

Championship Structure. The championship provides for a maximum field of 56 teams. Four regional sites will have eight teams competing and four regional sites will have six teams competing. All regionals will use a double-elimination format. Eligible conference champions shall qualify automatically.

Winners of the eight first-round tournaments will qualify for the double-elimination championship in Appleton, Wisconsin (Appendix A).

Regional Formats. The procedures outlined below shall be used in conducting the regional competitions. All first-round games shall begin Thursday, May 18, and will be conducted over a four- or five-day period as outlined below. Except for reason of inclement weather, the following formats will not be altered unless prior approval is granted. If the regional representative cannot be determined on the field of play by Monday, May 22, one team will be selected by the committee. Prospective host institutions must submit recommended starting times for all games within the proposed budget material for approval by the committee.

SIX-TEAM (FOUR DAYS)
The format for the tournament where six teams participate:

<table>
<thead>
<tr>
<th>Game 1</th>
<th>Team 1 vs. Team 6</th>
</tr>
</thead>
<tbody>
<tr>
<td>Game 2</td>
<td>Team 2 vs. Team 5</td>
</tr>
<tr>
<td>Game 3</td>
<td>Team 3 vs. Team 4</td>
</tr>
<tr>
<td>Game 4</td>
<td>Loser Game 1 vs. Loser Game 2</td>
</tr>
<tr>
<td>Game 5</td>
<td>Winner Game 1 vs. Loser Game 3</td>
</tr>
<tr>
<td>Game 6</td>
<td>Winner Game 2 vs. Winner Game 3</td>
</tr>
</tbody>
</table>

If four teams remain after Game 6, the following procedure will be observed:

<table>
<thead>
<tr>
<th>Game 7</th>
<th>Winner Game 5 vs. Winner Game 6</th>
</tr>
</thead>
<tbody>
<tr>
<td>Game 8</td>
<td>Winner Game 4 vs. Loser Game 6</td>
</tr>
<tr>
<td>Game 9</td>
<td>Loser Game 7 vs. Winner Game 8</td>
</tr>
<tr>
<td>Game 10</td>
<td>Winner Game 7 vs. Winner Game 9</td>
</tr>
<tr>
<td>Game 11</td>
<td>If necessary, same teams as in Game 10</td>
</tr>
</tbody>
</table>

If five teams remain after Game 6, the following procedure will be observed:

<table>
<thead>
<tr>
<th>Game 7</th>
<th>Loser Game 5 vs. Loser Game 6</th>
</tr>
</thead>
<tbody>
<tr>
<td>Game 8</td>
<td>Winner Game 4 vs. Winner Game 5</td>
</tr>
<tr>
<td>Game 9</td>
<td>Winner Game 6 vs. Winner Game 7</td>
</tr>
</tbody>
</table>

If two teams remain after Game 9, the following procedure will be observed:

<table>
<thead>
<tr>
<th>Game 10</th>
<th>Winner Game 8 vs. Winner Game 9</th>
</tr>
</thead>
<tbody>
<tr>
<td>Game 11</td>
<td>If necessary, same teams as in Game 10</td>
</tr>
</tbody>
</table>

If three teams remain after Game 9, the following procedure will be observed:

<table>
<thead>
<tr>
<th>Game 10</th>
<th>Winner Game 8 vs. Loser Game 9</th>
</tr>
</thead>
<tbody>
<tr>
<td>Game 11</td>
<td>Winner Game 9 vs. Winner Game 10</td>
</tr>
</tbody>
</table>

In all six-team tournaments, Games 1, 2 and 3 will be played on the first day; Games 4, 5 and 6 will be played on the second day; Games 7, 8 and 9 will be played on the third day; and Games 10 and 11 will be played on the fourth day.
EIGHT-TEAM (FIVE DAYS)
The following are the formats and scenarios for the tournament where eight teams participate (five days):

Day 1
- Game 1 — Team 4 vs. Team 5
- Game 2 — Team 1 vs. Team 8
- Game 3 — Team 3 vs. Team 6
- Game 4 — Team 2 vs. Team 7

Day 2
- Game 5 — Loser Game 1 vs. Loser Game 2
- Game 6 — Loser Game 3 vs. Loser Game 4
- Game 7 — Winner Game 1 vs. Winner Game 2
- Game 8 — Winner Game 3 vs. Winner Game 4

Day 3
- Game 9 — Winner Game 6 vs. Loser Game 7
- Game 10 — Loser Game 8 vs. Winner Game 5
- Game 11 — Winner Game 7 vs Winner Game 8
- Game 12 — Winner Game 10 vs. Winner Game 9

Day 4
- Game 13 — Winner Game 12 vs. Loser Game 11
- Game 14 — Winner Game 11 vs. Winner Game 13

Day 5
- Game 15 — Winner Game 14 vs Loser Game 14 (If necessary)

METHOD OF DETERMINING REGIONAL CHAMPION
IF PLAY CANNOT BE COMPLETED

Six-team tournament
a. Up until one team becomes 3-0, the highest-seeded team that has not been eliminated will advance to the finals in Appleton.

b. If teams have an equal number of losses, the higher-seeded team, as determined by the Baseball Committee before the start of regional play, will advance to the finals in Appleton.

Eight-team tournament
a. Up until the completion of Game 4, the highest-seeded team will advance to the finals in Appleton.

b. Up until the completion of Game 9, the highest-seeded undefeated team will advance to the finals in Appleton.

c. After Game 9, the undefeated team will advance to Appleton. If both teams have the same number of losses, the higher-seeded team will advance to Appleton.

For all rounds of competition, the committee will do its best to make sure that no team plays more than two games in a day, barring unforeseen circumstances.

Championship Finals. The eight winners of the competitions will advance to the championship series. The championship finals bracket, including dates and game times, may be found in Appendix A.
### CHAMPIONSHIP SCHEDULE OF EVENTS

*Appleton, Wisconsin – All times Central*

#### Wednesday, May 24
- Teams arrive

#### Thursday, May 25
- **8 a.m. - 9:30 a.m.** Coaches meeting
- **9:40 a.m. - 5:30 p.m.** Team practices
- **6:15 p.m. - 7:15 p.m.** Team barbecue
- **7:30 p.m. - 9 p.m.** Championship ceremony

#### Friday, May 26
- **10 a.m.** Game No. 1
- **1:15 p.m.** Game No. 2
- **4:30 p.m.** Game No. 3

TRAVEL PARTY/TEAM ROSTER/SQUAD SIZE

[Reference: Official Traveling Party, Per Diem and Transportation in the General Section.]

No changes may be made in a team roster for any reason. This procedure will also be followed at the finals, although the same players need not be designated for regional and finals competition. Travel party is 27. Each team will be permitted a maximum roster of 35 persons in the dugout, including 25 eligible players in uniform, coaching staff in uniform and other personnel performing game functions, including two medical personnel (doctor, trainer, etc.). If two medical personnel are not used, nonmedical personnel may not be substituted. Nonuniformed personnel may not participate in pregame warm-ups or game-type functions.

An institution that is advised it is in violation of this regulation and does not conform to it promptly automatically shall forfeit the competition. This is not an “appeal play;” further, there shall be no inordinate delay of the contest to allow the institution to conform to the rule. There will be no exceptions regarding the “Squad Size” section.

Section 2.2 Results

SCORE REPORTING

The score-reporting and stats-reporting processes are now combined for Division III baseball. Schools will submit all schedule and results information to the NCAA statistics site (http://web1.ncaa.org/stats/StatsSrv/login), and this information will then be imported into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media services staff. For questions regarding the reporting process, please contact Sean Straziscar (sstraziscar@ncaa.org or 317-917-6122).

Section 2.3 Selections Information

Pairings and Site Selection. Once automatic qualifiers are identified and the Pools B and C teams are selected, the following guidelines should be followed:

- Once selected, teams will be grouped in clusters according to natural geographic proximity. Teams will then be
paired according to geographic proximity. A team may be moved to numerically balance the bracket if geographic proximity is maintained. Teams should be paired and eligible sites should be selected according to geographic proximity (within 500 miles).

- Teams may be seeded on a regional basis using the regional selection criteria. However, geographic proximity takes precedence over seeding.
- Teams from the same conference do not have to play one another in the first round as long as geographic proximity is maintained.

[Reference: Annual Forms in this handbook and Bylaws 31.01.2, 31.01.3 and 31.3 in the Division III NCAA Manual.]

The NCAA Baseball Committee will follow Bylaw 31.3.3 in selecting at-large participants.

Regular-season conference standings and/or conference postseason competition shall be considered by the committee when selecting at-large teams.

**Regular-Season Contests.** At the time the game is scheduled, both teams shall agree whether the game is to be counted for purposes of won-lost records and team and individual statistics. A game will be counted by both teams as an official contest unless both teams agree in writing before the game that it is to be an exhibition contest. If it is an exhibition contest, the team and the individual statistics and records cannot be counted for either team. In any event, the contest or exhibition remains countable as a contest for the purpose of Bylaw 17.2.1. Further, all games will be of regulation length.

Coaches should be aware of the application of Bylaw 14.2.4.1 (seasons of competition). Any participation by a student-athlete against outside competition, however limited, shall constitute a season of competition.

No games played during the fall will be included in a team’s won-lost record and statistics.

**ALLOCATION OF BERTHS**

**Pool Information.** As required by the selection principles, the following berths have been allocated for the 2016-17 championship:

Pool A-41, Pool B-2, Pool C-13

The Division III Baseball Committee will select teams to the championship based on the following selection principles:

- After the determination of the automatic (Pool A) berths, the committee will determine the Pool B selections followed by the Pool C selections.
- Pool B will comprise independent institutions and institutions that are members of conferences that do not meet the requirements for automatic qualification. Pool C will be reserved for institutions from automatic-qualifying conferences that are not their conference champions and the remaining teams in Pool B. The number of berths available for Pool B institutions is determined by dividing the number of institutions eligible in Pool B by the access ratio for Pool A (total number of institutions in conferences with automatic qualification divided by the number of Division III conferences with automatic qualification). Pool B = (number of independents and non-qualifying conference members) divided by (the access ratio for Pool A) — with the result truncated to the nearest whole number (e.g., 5.61 truncates to 5).
- Berths from Pool B and Pool C will be selected on a national basis, using regional selection criteria. There will be no predetermined regional allocations for Pools B and C.
AUTOMATIC QUALIFICATION

The 41 conferences granted automatic qualification for the 2016-17 championship from Pool A are as follows:

<table>
<thead>
<tr>
<th>Conference Name</th>
<th>Conference Name</th>

</tbody>
</table>

AT-LARGE SELECTION/IN-REGION COMPETITION

To be considered during the at-large selection process (Pools B or C), an institution must play at least 70 percent of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee. In-region competition consists of the following:

- All competition within an institution’s defined sports region.
- All competition within an institution’s geographical region (Constitution 4.13.1).
- All competition within a 500-mile radius from one institution to another.
- All conference competition.
- All out-of-region contests conducted during one institutional vacation period (i.e., spring break) for sports with a spring NCAA championship (Bylaw 31.3.2.3).

The NCAA Travel Expense System mileage calculator will be used to confirm distance from campus to campus. (https://web1.ncaa.org/TES/exec/TES/exec/miles).

Bylaw 31.3.3.1 – Countable Competition.

For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

REGIONAL ALIGNMENT

Each Division III baseball team is assigned to one of eight geographic “evaluation” regions. The primary criteria used for ranking and selection is based on how a team performs against other Division III “in-region” teams. In addition, results versus Division III opponents within 500 miles or less of a team’s campus, but outside its assigned geographic region, will be considered “in-region” and part of the primary selection/ranking criteria. All conference competition is considered in-region. And finally, the championships committee has expanded the definition of an in-region contest to include “all competition within
an institution’s membership geographical region (Bylaw 4.13.1.1).” The country is divided into four membership regions. For most institutions, the change in definition should result in an expanded list of potential in-region opponents.

TRAVEL INFORMATION
Information about the Division III travel policies for baseball can be found on the NCAA membership website at: http://www.ncaa.org/championships/travel/championships-travel-information.

Section 2.4  Selection Criteria

 PRIMARY CRITERIA
The primary criteria emphasize regional competition (all contests leading up to NCAA championships); all criteria listed will be evaluated (not listed in priority order).

- Win-loss percentage against Division III opponents.
- Division III head-to-head competition.
- Results versus common Division III opponents.
- Results versus ranked Division III opponents as established by the rankings at the time of selection.
- Division III strength of schedule.
- Win-loss percentage — last 25% of the season (if applicable).

Contests versus provisional and reclassifying members in their third and fourth years shall count in the primary criteria. Provisional and reclassifying members shall remain ineligible for rankings and selection.

Weighted Scale. Once the OWP and OOWP are calculated, they are to be combined on a weighted scale (e.g., 2/3 weight for OWP and 1/3 weight for OOWP) and this combined number becomes the strength of schedule.

 SECONDARY CRITERIA
If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated (not listed in priority order). The secondary criteria introduce results against out-of-region Division III and all other opponents, including those contests versus opponents from other classifications (i.e., provisionals, NAIA, NCAA Divisions I and II).

- Non-Division III win-loss percentage.
- Results versus common non-Division III opponents.
- Non-Division III strength of schedule.

Section 2.5  Site Selection

Any institution or conference interested in hosting a preliminary round of the 2017 NCAA Division III Baseball Championship must submit a proposed budget, facility evaluation form, key contacts form and video board questionnaire (if applicable) to be considered to host. A separate proposed budget and key contacts form must be submitted for each round that an institution or conference is interested in hosting.

Note the proposed budget form has changed slightly to allow us to collect more detailed information when relevant. The form is now an expandable/collapsible tree format with the ability to upload supporting documents. Please note the unbudgeted expenditures section has been removed in the new budget form. As part of the bid, prospective hosts must enter a budgeted amount for both the game officials and committee/site representatives; hosts will pay for their lodging expenses and be reimbursed by the NCAA. However, if the NCAA manages the hotel block for the game officials, the officials’ lodging expenses shall be directly billed to the NCAA. The NCAA typically manages the officials’ hotel block at the final site for our championships.

All bid-related forms can be accessed via the following website: https://championships.ncaa.org
FINAL FINANCIAL REPORT
[Reference: Bylaw 31.4 in the NCAA Manual.]
A final financial report from each championship site must be submitted via the online host reporting system to the NCAA not later than 60 days after the competition.

FACILITY EVALUATION FORM
An online facility evaluation form must be completed by each institution interested in hosting preliminary-round competition.

If you submitted a facility evaluation form for this championship last year, the responses to a number of questions will auto-populate with information you submitted last year. Please verify or edit those responses as needed, and provide responses to all blank questions. Please refer to the Baseball Rules book for minimum field dimensions and specifications.

KEY CONTACTS FORM
A key contacts form must be submitted for each round of the Division III Baseball Championship. The online form is available in the host reporting system.

SAFETY AND SECURITY PLAN
Based upon a review of current and future Championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA Championships, which can be found in the “Help/Other Resources” tab in the championship host portal. We urge each competition venue to take these Best Practices into account when developing its safety and security program.

As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document. This information should be submitted to J.P. Williams at the NCAA (jpwilliams@ncaa.org) as part of your bid to be considered for championship site selection.

# = Reclassifying
Appendix C • OWP and OOWP Calculation

Opponents’ Average Winning Percentage (OWP) and Opponents’ Opponents’ Average Winning Percentage (OOWP) Calculation Explanation

Opponents’ Average Winning Percentage (OWP). Take each opponent’s regular won-lost percentage against other Division III teams (excluding the results against the team in question) and average the percentages.

To Calculate. Team A Schedule is as follows:

<table>
<thead>
<tr>
<th>Opponent</th>
<th>Record vs. Team A</th>
<th>Revised Record</th>
<th>Revised W-L Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Team B</td>
<td>21-7</td>
<td>21-6</td>
<td>.7778</td>
</tr>
<tr>
<td>Team C</td>
<td>11-15</td>
<td>11-14</td>
<td>.4400</td>
</tr>
<tr>
<td>Team D</td>
<td>7-20</td>
<td>7-19</td>
<td>.2692</td>
</tr>
<tr>
<td>Team E</td>
<td>13-13</td>
<td>13-12</td>
<td>.5200</td>
</tr>
<tr>
<td>Team F</td>
<td>23-6</td>
<td>22-6</td>
<td>.7857</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>74-56 (0.5692)</td>
<td>.5585 (OWP)</td>
</tr>
</tbody>
</table>

Team A’s Opponents’ Average Winning Percentage = .5585

Opponents’ Opponents’ Average Winning Percentage (OOWP). The strength of each opponents’ schedule is measured by computing the opponents’ winning percentage for each opponent, then averaging the percentages. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

To Calculate. Take Team B, C, D, E and F schedules and perform the same calculation as above (OWP). It is important to note that the OOWP will support the OWP (i.e., if Teams A and B have the same OWP of .5692; Team A has a OOWP of .6125 and Team B has a OOWP of .4567; it would indicate Team A has the stronger strength of schedule).
Appendix D • Umpires

1. Four umpires shall work every championship game (regionals and finals).
2. Six umpires shall be assigned to a six-team regional.
3. Eight umpires shall be assigned to an eight-team regional.
4. An alternate (from the local area) shall be designated at each regional site.
5. If different umpires are assigned to the continuation of a suspended game, the umpiring fee will be divided equally among the officials.

The umpires must report to the tournament supervisor one hour before the game they are to work and be on the field 15 minutes before the start of the game.

An umpire shall not work more than two games in one day except in an emergency situation.

It is recommended that the host institution for regional and finals competition provide seats for nonworking umpires.

For the championship, the games committee shall select eight umpires.

Policies. A sports committee or games committee may not require membership in any specific officials association as a prerequisite for selection to officiate in an NCAA meet or tournament. All umpires will be selected by the national committee in cooperation with the national umpire coordinator, who shall ensure that officials adhere to the Association’s policies relating to gambling activities and drug and alcohol use. Furthermore, officials must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.
