October 2016

NCAA, NCAA logo and NATIONAL COLLEGIATE ATHLETIC ASSOCIATION are registered marks of the Association and use in any manner is prohibited unless prior approval is obtained from the Association.

Section 1 • Introduction

During the 2016-17 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Among the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Administrator. The NCAA staff member responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA National Committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the selection process.

Site Selection. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Medicine Handbook for additional guidance on concussions online at: <http://www.ncaapublications.com/p-4374-2014-15-ncaa-sports-medicine-handbook.aspx>.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I, Manuals Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal

GENERAL ADMINISTRATIVE GUIDELINES

shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sports committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4•2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division II, and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I); 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere policy and procedure and fines.

Section 4•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey

After each championship, student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators will be copied on the email and asked to ensure participation from all student-athletes and coaches.

Section 5 • Elite 90 Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative GPA of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to NCAA.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athletes and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics

GENERAL ADMINISTRATIVE GUIDELINES

equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, "research" is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA

from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Division III

Section 9•1 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

Section 9•2 Commencement Conflicts

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship administrator in writing one week before the selection date for the governing sports committee to consider an accommodation and a change to the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sports committee, in consultation with participating institutions, may reschedule the game on the nearest possible date.
- Does not apply to predetermined finals sites.
- The governing sports committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 9•3 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

Individual Championships. In individual championships, a student-athlete must compete according to the institution's policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 1•3 Regional Advisory Committees

[Reference: Bylaws 21.5.1.4 and 21.6.1.6 in the NCAA Division III Manual.]

Conference commissioners appoint individuals to regional advisory committees which assist in the evaluation of teams during the selection of championship participants. Regional advisory committees do not have the authority to select teams and/or individuals. They strictly act in an advisory capacity. The final authority for appointments rests with the conference commissioners. Members of the national sports committees shall serve as chairs and oversee the conduct of the regional advisory committees.

The role of the regional advisory committee is to assist the Division III Men's Basketball Committee in the evaluation of teams throughout the season in regional rankings, the evaluation of potential regional sites and the selection of teams for the championship.

Section 1•5 Equipment

A Wilson NCAA Solution basketball shall be used for all 2017 tournament games. The manufacturer will send the balls directly to the tournament managers.

Four-team sites will receive eight balls. During warm-ups, each team should use at least two Wilson NCAA Solution balls provided for the championship. A game ball will be awarded to each competing team at the conclusion of sectional play and to the losing teams in first- and second-round games.

Additional practice balls, preferably the Wilson NCAA Solution, are to be furnished by the host institution.

Section 1•6 Rules

[Reference: Bylaw 31.1.6 in the NCAA Division III Manual.]

Per Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with the NCAA rules books, or those rules adopted by an outside organization.

The 2015-16 and 2016-17 NCAA Men's and Women's Basketball Rules and Interpretations shall be followed. Copies of the basketball rules book may be purchased or downloaded for free at www.ncaapublications.com.

Section 1•7 Elite 90 Award

The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average competing at the finals site for each of the NCAA's 90 championships. Each institution that has at least one student-athlete qualify for the finals round/site is eligible to nominate a student-athlete to win the award for that championship. All ties are broken by number of credits completed. For more information regarding this program, please contact Mark Bedics or Andrew Cardamone at elite90@ncaa.org or 317-917-6222. All documents, including deadlines and nomination forms, can be obtained at the following location – Elite 90 forms.

You must be logged into the site to access the page. The submission deadline for nomination for the Division III Men's Basketball Championship is 1 p.m., Tuesday, March 7.

Section 1•8 Uniforms

LOGOS

Refer to General Administrative Guidelines, Section 7.

Section 2 • Determination of Championship Participation

Section 2•1 Championship Format

The Division III Championships Committee has approved a 64-team, single-elimination bracket for the Division III Men's Basketball Championship. The 2017 championship bracket will be 64 based on the 2016 totals of 411 eligible institutions sponsoring Division III men's basketball. All first-, second- and sectional-round games will be hosted on the campus of one of the participating teams. Sixteen first-/second-round sites will have four teams competing Friday/Saturday, March 3-4. Four sectional-round sites will have four teams competing Friday/Saturday, March 10-11, with the four sectional winners advancing to the Salem Civic Center in Salem, Virginia, for the semifinals and final Friday/Saturday, March 17-18.

First-/second-round sites will be announced on www.NCAA.com by the NCAA Division III Men's Basketball Committee along with the team selections Monday, Feb. 27. Sectional sites will be announced Sunday, March 5.

If, due to unforeseen circumstances, it becomes impossible to play a game(s) during the championship, the committee is authorized to determine which team or teams advance in the bracket.

A championship bracket can be found in [Appendix A](#). A summary of the automatic-qualifying conferences and their members, along with the Pool B candidates, is listed in [Appendix B](#).

START TIMES (PRELIMINARY ROUNDS)

All single-game sessions shall start at 7 p.m. All two-game sessions shall start between 5 and 6 p.m. A host institution desiring to deviate from these times must request approval from the Men's Basketball Committee. The home team will play the second game during the semifinal round.

TRAVEL PARTY

Transportation and per diem expenses will be provided for an official traveling party of a maximum of 18. Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at <http://www.ncaa.org/championships/travel/championships-travel-information>.

Section 2•2 Results

SCORE-REPORTING PROCEDURES

The score-reporting and stats-reporting processes are now combined for Division III basketball. Schools will submit all schedule and results information to the NCAA statistics site (<http://web1.ncaa.org/stats/StatsSrv/login>), and this information will then be imported into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media coordination and statistics staff. For questions regarding the reporting process, please contact Sean Straziscar at sstraziscar@ncaa.org or 317-917-6122.

STAT CREW

All host sites should use Stat Crew programs to submit statistics for the contests. At the end of each game or day of competition, a packed file from each regional/championship contest must be sent to ncaastats@ncaa.org and Sean Straziscar ([sstraziscar@ncaa.org](mailto:ssstraziscar@ncaa.org)) at the NCAA national office. These files should be sent immediately following each contest or day of competition. If you have any questions, please do not hesitate to contact Sean Straziscar.

REGIONAL RANKINGS

The committee will rank 15-21 percent of eligible teams in each region by applying the championship selection criteria. Based on this year's sponsorship report, the following number of teams will be ranked in each region:

Region	Eligible Teams	# of Ranked Teams
Atlantic Region	50	8
Central Region	53	8
East Region	46	8
Great Lakes Region	60	9
Mid-Atlantic Region	38	8
Northeast Region	76	11
South Region	55	8
West Region	48	8

See Section 1•4 on page 11 for ranking dates.

REPORTING RESULTS

During the championship and at the conclusion of the competition, the host sports information director, media coordinator or designee is responsible for reporting official results to the NCAA official website. Please email a copy of results to ncaa-content@turner.com. Please be sure to submit all information in the following manner:

- Send the information to ncaa-content@turner.com.
- Specify the sport (Division, Championship, Round) in the SUBJECT area.
- Paste the text directly into an email or send email as an attachment in an MS Word document or Windows Notepad text document.
- Please convert photos to JPEG format and attach to the email.

For the Division III Men's Basketball Championship, the following information must be sent at the appropriate times:

- Halftime scores at intermission.
- End of regulation scores (even if the contest is headed to overtime).
- Final score with details of overtime(s), if applicable.
- Final box score.
- Game story.
- Photos, if possible.

Any host that sends the appropriate information and discovers that the results are not posted on the NCAA website in a timely manner should contact the following:

Levida Maxwell

NCAA Assistant Coordinator of Championships and Alliances, Media Services

Email: lmaxwell@ncaa.org

Phone: 317-917-6356

In addition, after each tournament game, each host institution will email to Sean Straziscar, NCAA Associate Director of Statistics (sstraziscar@ncaa.org), the Stat Crew packed file from each NCAA tournament game. This information is required immediately at the national office for records, statistics, permanent files, etc. If you do not use Stat Crew, please mail one set of complete results to Sean Straziscar, National Collegiate Athletics Association, P.O. Box 6222, Indianapolis, Indiana 46206-6222.

Section 2•3 Selections Information

Teams shall be selected for the championship by the eight-member Men's Basketball Committee. Each member of the committee serves as the chair of the advisory committee in his/her respective region. Regional advisory committees (RACs) assist the national committee by evaluating teams, sites and officials within their regions through a series of conference calls.

Conference calls will be conducted by the national committee to make the final determination of the participating teams. If possible, all selections will be made by Feb. 27.

ALLOCATION OF BERTHS — POOLS A, B AND C

1. Pool A will be composed of the conference champions from each conference that meets the requirements for automatic

DIVISION III MEN'S BASKETBALL

qualification (NCAA Bylaw 31.3.4). Conferences that meet automatic-qualification requirements are guaranteed only one Pool A berth. After the determination of the automatic (Pool A) berths, the committee will determine the Pool B selections followed by the Pool C selections.

2. Pool B will be composed of independent institutions and institutions that are members of conferences that do not meet the requirements for automatic qualification.
3. Pool C will be reserved for institutions from automatic-qualifying conferences that are not their conference champion and the remaining teams in Pool B.
4. Berths from Pools B and C will be selected on a national basis, using regional selection criteria. There will be no predetermined regional allocations for Pools B and C.
5. There will be no maximum or minimum number of berths from one region.
6. No conference will receive more than one automatic berth.

The Championships Committee has clarified Bylaw 31.3.4 to reflect that institutions participating in conferences that meet the automatic-qualification requirements, and are eligible to be selected to a championship via Pool A and/or Pool C, may not elect instead to be selected via Pool B as an independent institution.

SPONSORSHIP DATA

- Division III institutions sponsoring men's basketball: 426
- Provisional institutions (not eligible for the championship): 7
- Declared ineligible (not eligible for the championship): 0
- Reclassifying institutions (not eligible for the championship): 1
- Institutions eligible for the NCAA championship: 418
- Conferences meeting automatic-qualifying requirements: 43
- Eligible teams in automatic-qualifying conferences: 409
- Pool B teams: 9
- Access ratio (eligible teams in AQ conferences/# of AQ conferences): 1:9.3

Based on the sponsorship data, the following allocations will be implemented for the 2017 championship:

Pool A	43 teams	
Pool B	0 teams	# Pool B teams/Access ratio
Pool C	21 teams	Field size - Pool A - Pool B

Automatic Qualification The 43 conferences that have been granted automatic qualification for the 2017 championship are:

Allegheny Mountain Collegiate Conference

Please refer to [Appendix B on page 24](#) for the membership of these conferences and regional assignments.

IN-REGION COMPETITION

In-region competition is defined as:

1. All competition within an institution's defined region.
2. All competition within a 500-mile radius from one institution to another.
3. All competition within an institution's membership geographical region. The country is divided into four membership regions as listed below. For most institutions, this should result in a more expanded list of potential in-region opponents than in the past.

Region 1

- Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont

Region 2

- New York, Pennsylvania

Region 3

- Alabama, Arkansas, Florida, Georgia, Indiana, Kentucky, Louisiana, Michigan, Mississippi, North Carolina, Ohio, Puerto Rico, South Carolina, Tennessee, Virginia, West Virginia

Region 4

- Alaska, Arizona, California, Colorado, Hawaii, Idaho, Illinois, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, Wyoming

4. All conference games.

The NCAA Travel Expense System mileage calculator will be used to confirm distances from campus to campus using the "shortest" distance option. This program can be accessed online at <https://web1.ncaa.org/TES/exec/login>.

TRAVEL INFORMATION

Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at <http://www.ncaa.org/championships/travel/championships-travel-information>.

Section 2•4 Selection Criteria

Countable Games. Only games listed on the institution's originally submitted schedule will be considered for tournament-selection purposes. The addition of games not listed on the institution's published schedule as an aid for selection shall not be considered.

In-Region Competition. (See In-Region Competition on page 16 for definitions of in-region competition.)

Selection Requirements. To be considered during the at-large selection process (Pools B or C), an institution must play at least 70 percent of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee.

Bylaw 31.3.3.1 – Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

In addition, only games listed on the institution's originally submitted schedule will be considered for tournament selection purposes. The addition of games not listed on the institution's published schedule as an aid for selection shall not be considered.

PRIMARY SELECTION CRITERIA

The primary criteria emphasize competition leading up to NCAA championships; all criteria listed will be evaluated (not listed in priority order).

- Win-loss percentage against Division III opponents.
- Division III strength of schedule.
 - Opponents' Average Winning Percentage (OWP).
 - Opponents' Opponents' Average Winning Percentage (OOWP).

[See below for explanation of OWP and OOWP calculations.]
- Division III head-to-head competition.
- Results versus common Division III opponents.
- Results versus ranked Division III teams as established at the time of selection.
- Nullification (Bylaw 31.02.4).

Note:

- Conference postseason contests are included.
- Contests versus provisional and reclassifying members in their third and fourth years shall count in the primary criteria. Provisional and reclassifying members shall remain ineligible for rankings and selections.

STRENGTH OF SCHEDULE CALCULATION

The strength of schedule is made up of two factors: the opponents' winning percentage (OWP) and the opponents' opponents' winning percentage (OOWP).

Opponents' Winning Percentage. Take each opponent's won-lost record against other Division III teams (excluding the results against the team in question); add all wins and all losses to get the cumulative won-lost record that is used to determine the opponents' winning percentage.

To Calculate. Team A's schedule is as follows:

Opponent	Record	vs. Team A	Wins	Losses
Team B	21-7	1-0	20	7
Team C	14-11	0-1	14	10
Team D	9-14	0-1	9	13
Team E	8-17	0-1	8	16
Team F	19-8	1-0	18	8
Totals:			69	54

$$69 \div (69 + 54) = .561 \text{ (OWP)}$$

Opponents' Opponents' Winning Percentage (OOWP). The strength of each opponent's schedule is measured by taking all of their opponents' won-lost records and finding the winning percentage based on the total opponents' opponents' won-lost record. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

To Calculate. Using the total opponents' won-lost record for Teams B, C, D, E and F (Team A's opponents), perform the same calculation as the OWP.

	Opponents' Wins	Opponents' Losses	
Team B	35	75	
Team C	63	40	
Team D	55	55	
Team E	75	37	
Team F	44	60	
Totals:	272	267	$272 \div (272 + 267) =$.505 (OOWP)

It is important to note that the OOWP will support the OWP (i.e., if Teams A and C have the same OWP of .561; Team A has an OOWP of .505 and Team C has an OOWP of .456; it would indicate Team A has the stronger strength of schedule).

Home/Away Multiplier. A multiplier of 1.25 shall be added to the OWP and OOWP for those games played away from home. A multiplier of 1.0 (no positive or negative effect) will be included in the OWP and OOWP for all neutral games. A multiplier of 0.75 shall be included in the OWP and OOWP for all home games.

Strength of Schedule Calculation. To calculate the strength of schedule, add two-thirds of the OWP to one-third of the OOWP. Team A's strength of schedule calculation is as follows:

	Value	Weight	SOS Value
OWP	.561	.667	.374
OOWP	.505	.333	.168
Strength of Schedule			.542

SECONDARY SELECTION CRITERIA

If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated (not listed in priority order). The secondary criteria introduce results against all other opponents from other classifications (i.e., provisionals, NAIA, NCAA Divisions I and II).

- Non-Division III win-loss percentage.
- Results versus common non-Division III opponents.

Additionally, input is provided by regional advisory committees for consideration by the Men's Basketball Committee.

PAIRINGS AND SITE SELECTION

Once automatic qualifiers are identified and the Pools B and C teams are selected, the following guidelines should be followed:

- Teams will be grouped in clusters according to natural geographic proximity. Teams will then be paired according to geographic proximity. A team may be moved to numerically balance the bracket if geographic proximity is maintained. Teams should be paired and eligible sites should be selected according to geographic proximity (within 500 miles).
- Teams may be seeded on a regional basis using the regional selection criteria. However, geographic proximity takes precedence over seeding.
- Teams from the same conference do not have to play one another in the first round as long as geographic proximity is maintained.

The highest-seeded team that meets all selection criteria (and after a review of the submitted host materials) will be selected as the host institution, provided geographic proximity is maintained. It is the intent of the committee to create competition

brackets with a maximum of eight teams competing in each bracket. Flights will be kept to a minimum. The host institution will play the second game when applicable.

The higher-ranked team will be listed at the top of the competition bracket. The top team on the bracket is the designated home team and will wear the light- (white-)colored jersey in contrast with the visiting team's dark uniform.

Section 2•5 Site Selection

Any institution interested in hosting preliminary-round competition of the championship must submit a proposed budget, respond to sport-specific questions (if applicable) and ensure that the institution's key contacts and facility information are complete and current in the Championships Bid and Profile System. Please note that in order to submit a bid, you must first locate the desired championship in the "Championships Available for Bidding" section and select "Start Bid."

Please note the change in process that allows all member institutions to regularly and easily access their profiles by visiting championships.ncaa.org. For profile issues, user access or to reset a password, please email championshipbid@ncaa.org or contact the respective championship manager.

The Championships Committee has prioritized the following site-selection criteria for all championships:

1. Complete bid;
2. Quality and availability of the facility and other necessary accommodations;
3. Geographical location (which may include such factors as rotation of sites, weather, accessibility and transportation costs);
4. Seeding; and
5. Attendance history, hosting history and revenue potential, which shall be considered necessary to assure fiscal responsibility.

In addition, the Men's Basketball Committee requires each host to record all contests at its site, with the intent to make available to each team a copy (DVD format) of the contest in which it participated. The committee also prefers sites that will not host conflicting events during the championship practice and competition. Sites will also be evaluated as to the availability of appropriate practice times for all competing teams. To host first-round, second-round or sectional contests, a regulation court as defined in the 2015-16 and 2016-17 NCAA Men's Basketball Rules and Interpretations must be used. To host sectional competition, arena seating for at least 1,000 spectators is required. Please also review the host operations manual for a detailed list of facility requirements.

An evaluation will be made of institutional facilities to determine if they are acceptable for championship play. Selection of host sites will be based partly upon the quality of the playing facility. A facility evaluation form must be completed online with a deadline of Feb. 17. Instructions on accessing and completing the online facility evaluation will be sent to the directors of athletics of all eligible Division III institutions sponsoring men's basketball. The facility evaluation is one of the tools used in determining site selection.

Any institution or conference interested in hosting a preliminary round of the 2017 NCAA Division III Men's Basketball Championship must submit a proposed budget, facility evaluation form, key contacts form and video board questionnaire (if applicable) to be considered to host. A separate proposed budget and key contacts form must be submitted for each round that an institution or conference is interested in hosting.

CHAMPIONSHIPS BID AND PROFILE SYSTEM

The Championships Bid and Profile System can be accessed at championships.ncaa.org. The deadline to submit all bid materials for this championship is Feb. 17, 2017.

In addition to projected ticket sales (if applicable) and game expenses, prospective hosts should include the following when completing a proposed budget:

- Committee/site representative lodging.
- Game officials' lodging.
- State and city taxes/fees.
- Ticket and facility fees.

Committees/site representative's per diem, mileage and luggage fees will be paid by the NCAA, not the host institution. Game officials' per diem, mileage and fees will be paid by the NCAA through the Arbiter system.

FACILITY PROFILE

Institutions interested in hosting preliminary-round competition of the Division III Men's Basketball Championship must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located at championships.ncaa.org. Any supporting information (e.g., facility diagram, pictures) may be uploaded and attached to that facility's profile. This information will be made available to the sport committee to aid in their deliberations of prospective host sites.

KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Host Profile portal at championships.ncaa.org.

SAFETY AND SECURITY PLAN

Each facility profile should include the safety and security plan for that facility. This information can be uploaded and attached to the profile by visiting championships.ncaa.org.

FINAL FINANCIAL REPORT

A final financial report from each championship site must be submitted via the Championships Bid and Host Profile portal under the "budget" tab not later than 60 days after the event.

CONTACT INFORMATION

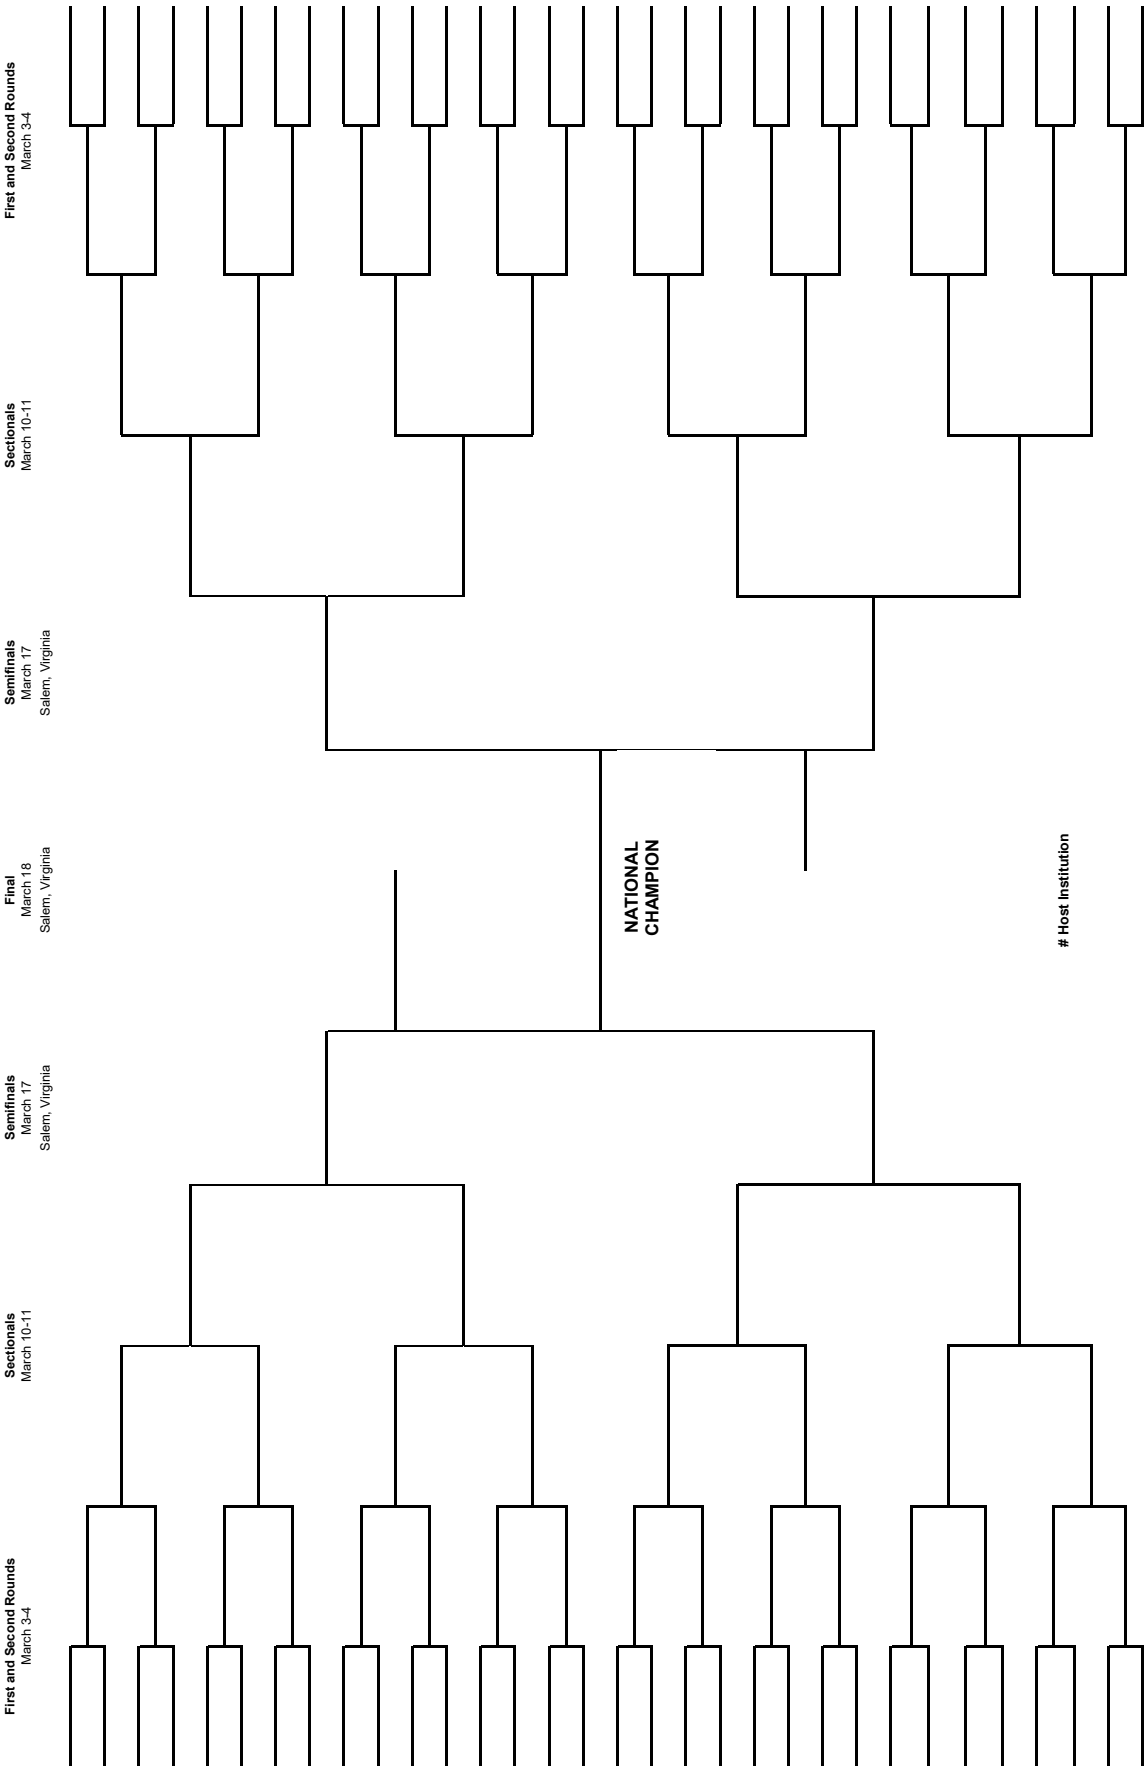

If you have any questions regarding the bid process, please contact Elisa Halpin at 317-917-6909 or championshipbid@ncaa.org.
