Speeches are limited to two minutes and must include the following:

There will be a hospitality tent for student-athletes located in the backboard area of The Champions Tennis Club adjacent to court #3. This area will contain snacks and beverages for student-athletes and coaches between matches. A credential is required to access the hospitality area.
Section 6—Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of the championship and strongly supports the drug-testing program in order to safeguard the health and safety of the participating student-athletes.

Participating Institution Notification
The institutional representative will be notified of drug testing no sooner than two hours prior the start of the match by the drug testing crew chief. After the match, a member of the drug testing crew will provide the institutional representative with the names of the selected student-athletes.

Athlete Notification
Immediately after the match, a member of the drug testing crew will notify student-athletes selected for drug testing. Each student-athlete will be instructed to read and sign the Team Student-Athlete Notification Form. The Notification Form will instruct the student-athlete to report to the testing room within 60 minutes, unless otherwise directed by the crew member. An institutional representative must be present in the drug-testing venue.

Next Day Testing
If the competition begins at 10 p.m. or later (local time) teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately following the contest. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the following day, testing must begin no later than 10 a.m. (local time) at the original test site.

Prolonged Test
If the student-athlete’s team must depart the championship prior to a student-athlete’s completing the drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or the institution incur additional expenses because of the delay (e.g. hotel, transportation back to campus, etc.) the institution may request reimbursement from the NCAA.

Testing Process
Student-Athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends upon the student-athlete’s ability to provide an adequate specimen. If the student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed in 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug testing area until one is provided. There is no maximum time allotted for a student-athlete to provide an adequate specimen.

Section 7—Evaluations

NCAA Championships are the pinnacle events to provide student-athletes an unparalleled experience in pursuit of excellence. Your feedback will assist us in our desire for continuous improvement in support of this vision. Your survey results will be kept confidential and the results will only be reported
in aggregate form. All participating student-athletes and coaches are asked to complete the final round evaluation no later than Friday, June 2 by 5 p.m. eastern time. The online evaluation can be accessed by selecting the following link: Final Site Evaluation.

After logging in to the membership site, click on Championships and then Travel and Reimbursement Information. All competing institutions must request reimbursement through the TES system in order to receive the appropriate reimbursement.

Institutions have 45 days from the end of the championship to submit reimbursement requests. After 45 days have passed, the institution will be reimbursed the minimum amount of per diem allotted and no further reimbursement will be provided. It is therefore, very important to submit your request in a timely manner.

**Travel Exceptions**

Chattanooga

Chattanooga, Tennessee is one of the South’s top travel destinations. In fact, the New York Times named Chattanooga TN one of the “Top 45 Places to go” in the World. Only four US destinations were named and the Scenic City was the only place outside of California. And it’s no wonder. Tucked between the mountains of Southeast Tennessee, along the beautiful Tennessee River, Chattanooga TN is one of America’s most breathtaking cities. But that’s just the beginning of what the Scenic City has to offer. There’s a world of outdoor adventure, amazing restaurants, live events, art and world-class attractions waiting for you here.

Chattanooga is continuously evolving and growing, so you’ll always find new events, music venues, attractions, hotels, and restaurants popping up all over the city. Noted as one of the most revitalized cities in America, Chattanooga is the only city in the world to receive the Best Town Ever designation – not once, but twice. Whether you’ve been here before or you’re planning your first trip, it’s never been a more exciting time to visit Chattanooga.

Downtown Chattanooga. (Downtown Marriott)

Section 16—Participant Expectations and Guidelines

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials’ proper enforcement of the rules governing related actions.

Sports Wagering

The NCAA defines sports wagering as putting something at risk—such as an entry fee or a wager—with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

**Tobacco Ban**

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

**Criticism of Officials**

Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.8.

**Hearing Opportunity**

An act of misconduct may be found upon an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee or the games committee authorized to act for it.

**Misconduct Incident to Competition**

If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a soccer tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committees’ convenience.

**Penalty for Misconduct**

In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, on route to, from or at the locale of the competition or practice.
Section 17—Pre-Match Protocol

National Anthem
The national anthem will be played before the first match of each session of competition.

Public-Address Announcer
The public-address announcer should follow the NCAA script as provided by the NCAA championships manager.

Official Team Line-Up
The NCAA will confirm final team lineups following the participating team teleconference on Tuesday, May 16. The championship finals host should print line-ups for the final eight teams, once they have been determined.

Team Introductions
Following team warm-up, the following protocol will be used for the national anthem and student-athlete introductions at all rounds of competition:

- Teams huddle on court, announcements.
- Teams stand for the national anthem.
- Student-athletes from both teams line up and face each other on the top singles court, in singles order from #1-6. Introductions from the match begin with #1 singles players meeting and shaking hands, than shaking opposing coaches’ hands. This same procedure should be followed for the remaining singles matches, with the doubles teams to follow.
- The athletes will move to their assigned competition courts for instruction from officials and final warm-up.
- Play begins as directed by court official.

Section 18—Programs

Many NCAA championships have adopted digital game programs that can be viewed online or downloaded to a consumer’s mobile device. IMG College will be responsible for all digital program production including layout and design, advertising, and digital distribution channels prior to and during the championships.

Digital programs will be available for download prior to the championships online at the following link for the women’s championship: www.ncaa.com/diiiWomensTennis and the men’s championship: www.ncaa.com/diiiMensTennis. Please contact Michelle Forkner (mforkner@ncaa.org; 6775) with any questions.

Section 20—Special Olympics Involvement

Four Chattanooga students will be selected from the local Special Olympics program to serve as team captains for the men’s and women’s national championship matches. Students will walk out with the team’s and participate in the introductions as an honorary team captain. Each team is asked to bring one extra school shirt for the student to wear. All participants will be invited to the individual banquet on May 24 at the Chattanooga Aquarium.

Section 21—Uniforms

Student-athletes competing in the championship shall wear the official uniform of their institution in competition and related ceremonies. The games committee will determine the home teams.

**Logo Policy**

*Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.*

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution’s official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer’s or distributor’s normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution’s official uniform cannot bear a design element similar to the manufacturer’s that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete’s institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

**Patches**

Participating teams and individuals will receive student-athlete patches for each match. Each student-athlete will receive the patches for their first match at the site at the coaches meeting.
Student-athletes advancing in the championship will receive patches at the conclusion of the match they win.

**Application**

Patches are to be worn on the left chest of the uniform. If a logo is present where the patch should be, student-athletes are to wear the patch on the left sleeve.

**Section 22—Weather**

**Weather Detection System**

The NCAA will provide a weather detection system for the championships site.

**Weather Evacuation Plan**

The host institution is responsible for creating an evacuation plan in case of severe weather. This plan should include the appropriate means and staff to provide a safe haven for all student-athletes, coaches and personnel, as well as a spectator plan. The plan should be in place prior to the first practice day and must be distributed to all participants, coaches, officials and staff.
