Community Engagement

All Division II championships will provide community engagement experiences for participating student-athletes and coaches. As a key part of Division II’s strategic position, community engagement emphasizes the relationship of athletics in strengthening communities.

Division II’s unique approach to community not only connects athletics with outreach opportunities, but also brings communities inside the division’s championship experience. Division II is committed to developing student-athletes and communities by actively engaging in shared experiences. The objective of community engagement is to build relationships by bringing communities to experience Division II events.

In an effort to expose the core value of community engagement within NCAA Division II and the sport of track and field, each participating team will have the opportunity to volunteer to take part in an autograph session the morning of Thursday, May 25 at the track with youth from the community. We will invite those youth to stay and support our student-athletes during our championship events. The community outreach will give each participant a unique opportunity to interact with children who have little or no exposure to track and field. All youth participants will receive a Division II autograph card and a sweatband. We will have these items in a separate tent so that your student-athletes can come and enjoy some time with these families.

We will also have an opportunity to visit the VA Hospital in Bradenton. Once a specific time and location is confirmed, it will be asked that you arrive at the location at least 15 minutes prior to the scheduled start time and plan to stay for a photo opportunity, which will occur at the conclusion of the event. For more information, or if you have any questions, please contact Jill Willson (E-mail: jwillson@ncaa.org; Phone: 717-360-3556). We sincerely appreciate your assistance with this NCAA Division II Community Engagement Event.

Media Services
Important information regarding NCAA media policies can be found online at NCAA.com/media. For media questions specific to the 2017 NCAA Division II Men’s and Women’s Outdoor Track and Field Championships, please contact Phil Pierce (ppierce@ncaa.org; 317-917-6976).

Championship Websites
The official website for the championships is available at NCAA.com. Additional information specific to participants can be found on NCAA.org.

Credentials for Media
All media credential requests, including requests for institutional sports information personnel, should be submitted online at NCAA.com/media.

Interviews
Immediately after a 10-minute cooling-off period, an interview area will open to all certified members of the news media; any coach and student-athletes requested by the media will be available for interviews.

Regardless of regular-season radio or television contract(s), the coach is obligated to the entire covering media during the championship and must report to the interview room immediately after the 10-minute cooling-off period. The coach cannot delay a post-competition interview with the covering media to conduct a program for a single newspaper, radio or television reporter unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights by the NCAA.
Coaches cannot make themselves available to selected media representatives before the conclusion of the 10-minute cooling-off period. They may, however, open their dressing rooms and/or report to the interview area before the cooling-off period ends, and make themselves available to all media representatives staffing the championship. Should a coach permit one media agency access before the 10-minute cooling-off period has ended, access shall be granted to all other media representatives desiring access. The NCAA championships have an “open locker room policy,” which is administered by the media coordinator on site.

**Media Work and Hospitality Area**
The media work area and hospitality will be located in the third level of the stadium press box located above the east bleachers. (See map in Appendix D.)

**Media Parking**
Media parking will be located in the Fieldhouse Parking Lot. (See map in Appendix D.)

**Photography/Videography**
The NCAA owns all rights to all of its championships as listed in NCAA Bylaw 18.3. These rights include, in addition to the rights with respect to participation and admission, rights to televise (live and delayed), radio broadcasting, filming and commercial photography. NCAA Photos is the official championships photographer for the NCAA, which has the right to sell photographs of championship activity. NCAAPhotos.com currently provides member institutions, coaches, student-athletes and their parents’ access to photography online at a discounted rate. Member institutions have full access to the NCAA photo library found at NCAAPhotos.com for non-commercial use (e.g., for year books, on-site banners and posters, web, media guides, etc.).

Institutional videographers will be permitted to capture competition footage from the still photographer areas. These areas are designated by the championship sports committees in conjunction with the championship media coordinator. Each institution will be permitted to have one videographer for this purpose and will only be permitted to capture footage of events/contests in which it is participating. The NCAA will grant university permission to videotape this NCAA championship event for non-commercial uses only. Non-commercial uses include university banquet videos, recruiting videos, institutional PSAs, video boards, and institutional athletic hall of fames. In addition, the NCAA will permit institutions to use institutional videographer footage captured for two commercial uses: a) use on the official institution athletic website, and b) institution coach’s shows.

**Institution and videographer understand that any violation of the above policies WILL result in an infringement of the NCAA’s copyright. Copyright infringement could result in a financial penalty of up $50,000 per violation to be paid to the NCAA. In addition, the NCAA reserves all other sanctions including but not limited to institutional photographer/videographer privileges being revoked for up to a five-year period for all NCAA championships competition.**

**Programs**
IMG is partnering with the NCAA to produce digital game programs for NCAA Championships. All game programs can be viewed at [NCAA.com/gameprograms](http://NCAA.com/gameprograms). The program is free to view and can be downloaded and printed in any way you see fit. Using a digital platform will allow us to add extra pages to programs in addition to extending deadlines to allow for the most up-to-date information to be included in the program. In addition, after the championship has
concluded, the program will be updated with a recap from the championship and a new cover photo from the recently completed championship. If you wish, you can have IMG print a hard copy after the championship has concluded for the actual cost of production by contacting Kirk Phillips (kirk.phillips@imgworld.com) at IMG College Publishing.

Results
Results will be distributed to the media and available online at NCAA.com.

Medical Information

Athletic Training
The athletic training tent will be located next to the warm up area. (See map in Appendix D.) The athletic training tent will be open when the track opens on practice days and will close at the end of practice sessions. On competition days, the athletic training tent will open at the start of practice through the conclusion of competition.

One medical credential per institution may be requested for a certified athletic trainer by emailing Kaitlyn Deshaies (kaitlyn.deshaies@img.com). Approved medical credentials will be available for pick-up at the athletic training tent Wednesday, May 24.

Student-athletes seeking specific treatments should provide written instructions from their sports medicine staff indicating any specific treatment protocols if they are not traveling with a certified athletic trainer.

Concussion Management
The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s
institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details please refer to the “NCAA Sports Medicine Handbook Guideline on Concussions” online at [NCAA.org](http://NCAA.org).

**Medical Scratches**

Please see the next section for information on medical scratches.

**Drug Testing**

Student-athletes who compete in these championships may be subjected to drug tests in accordance with Bylaws 18.4.1.5 and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

More information regarding drug testing at NCAA championships can be found at [NCAA.org](http://NCAA.org) (Healthy and Safety, Drug Testing).

**Ethical Behavior by Coaches**

As a member of the coaching profession, coaches have inherent obligations and responsibilities to the profession, to the student-athletes, and to all those with whom they come into contact. Coaches are expected to be role models and to conduct themselves with integrity and high ethical standards at all times. In order to fulfill these responsibilities, a coach must:

1. Per NCAA Bylaws, conduct all intercollegiate competition in accordance with the playing rules of the Association.
2. Place the safety and welfare of others ahead of winning and personal prestige.
3. Treat all people with honesty, fairness and respect. (In particular, such things as vulgar and profane language or taunting, intimidating or baiting opponents or the media, are not acceptable from a coach or a student-athlete.)
4. Teach and model for student-athletes and staff members strict adherence to the rules and regulations of the sport and its governing bodies.

5. Recognize, accept and teach to the team and the staff that their public behavior projects an image of the program and the university or college they represent. Therefore, behavior should be appropriate and honorable at all times.

Medical Scratches
If a student-athlete does not compete in or complete an event due to an injury or illness, that student-athlete and coach must report immediately to the designated meet physician/certified athletic trainer for documentation purposes. Failure to do so may result in loss of travel reimbursement/per diem, disqualification from other events, and/or a potential misconduct. It is the responsibility of the student-athlete and coach to report immediately to the meet physician/trainer. All medical scratches and re-entry after failing to participate or finish an event must be approved by the official meet physician/athletic trainer.

Misconduct/Code of Conduct
Misconduct is defined as “any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics.”

Public criticism of officials may subject the individual, institution or conference to the misconduct provisions.

The games committee is authorized to (1) reprimand publicly or privately, (2) disqualify from future participation and/or (3) ban from subsequent competition a student-athlete or representative of the institution who is guilty of misconduct at any time during the championship.

All members of the travel party must sign the Division II Code of Conduct form. Completed forms must be returned to the committee representative designated on the form by Friday, May 19. INSTITUTIONS THAT HAVE NOT SUBMITTED THE CODE OF CONDUCT FORM BEFORE THE DEADLINE WILL BE ASSESSED A $200 FINE PER GENDER PER TEAM.

The Code of Conduct form is available on the NCAA website (Division II, Championships, Outdoor Track and Field (M/W), 2016-17 Division II Code of Conduct form).

Protests/Appeals
All protests must be filed on the official protest form, available at the assigned protest area. One copy shall be posted in the designated protest area, and the other copies shall be given to the referee. A protest must be filed no later than 15 minutes after the official results are posted. All institutions involved in the protest will be notified of the protest and the decision. The referee’s decision shall be written on each copy of the protest. One copy shall be returned to the protesting coach and one shall be placed in the committee’s files. A $50 deposit is required for all protests, which will be returned if the protest is successful in reversing the decision. If the violation that is being protested was called by the referee, the protest will be referred directly to the jury of appeals for review.

As part of the protest process, the decision of the referee may be appealed through the appointed jury of appeals, in writing, not later than 15 minutes after the decision of the referee has been
announced. Any official evidence available to the referee may be reviewed. If such evidence is not conclusive, the decision of the referee shall be upheld. No further appeal is available. The result of an appeal shall be posted and the affected coaches notified. A $50 deposit is required for all appeals, which will be returned if the appeal is granted.

The NCAA Division II Men’s and Women’s Track and Field and Cross Country Committee will serve as the jury of appeals for the 2017 NCAA Division II Men’s and Women’s Outdoor Track and Field Championships.

**Correctable Error.** Within 72 hours after the last event of a meet, or before the subsequent round, results can be corrected if administrative errors are detected (i.e., incorrect calculation of team, individual or combined-event scores, timing error).

**Student-Athlete Bio Forms**
Teams should complete the Student-Athlete Bio forms (Appendix E) for all participants. Completed forms can be emailed to Donisha Carter (dcarter@ncaa.org) prior to arriving on site, or can be given to the NCAA Division II Men’s and Women’s Track and Field and Cross Country Committee during packet pick-up.

**Uniforms/Logos**
When engaged in competition, each competitor must wear an official team uniform with components governed by the rules or be subject to disciplinary action. Wearing any part of the official team competition uniform illegally (that is top off or intentionally shortened, shoulder straps lowered) while in the area of competition shall lead to a warning by the nearest official and a report of uncorrected violations shall be made to the games committee, referee and offending competitor’s coach.

- On any single day of competition, all team members must wear uniforms clearly indicating through color, logo and combination of all outer garments worn as a uniform, that they are from the same team.
- Teams may change uniform colors from one day to another for multiple day meets.
- Men’s and women’s programs are considered separate teams, and are not required to have uniforms of identical color.
- A uniform consists of two school-issued components—shorts or briefs, and a top. A one-piece body suit is acceptable as a combination of the two components. Any outer garment (i.e., sweat pants, tights) that is school-issued becomes the official uniform, when worn.
- The uniform must be of a material and design deemed to not be objectionable or offensive by the athletics department of the issuing institution.
- The uniform top must, by design and size, cover the full length of the torso, meeting or hanging below the waistband of the bottoms, while the competitor is standing, and allow for competitors’ numbers to be placed above the waist, front and back.
- Uniform tops must be worn so to not obscure hip numbers.
- Additional visible clothing is an undergarment. It must be worn under the uniform and be of a solid color.
- Competitors shall not use or wear artificial noisemakers.

*Note: Individual or team uniform, logo, number and shoe rules shall be enforced through inspection by the clerk or the head field event official at initial event check-in. Violators shall be*
warned, given the chance to correct the violation, and reported as provided in the rule. If violations are not corrected, institutions will be fined $200 per team per gender.

In addition to the specifications outlined above, the following shall apply for relay uniforms:

- All relay and cross country team members must wear uniforms clearly indicating, through color, logo and combination of all outer garments worn as a uniform, that members are from the same team.
- Other visible garments useful in team recognition (that is, T-shirts, arm-warmers, tights of any length, leg-warmers, each taken separately) worn by team members must be of an identical solid color. This does not apply to items of apparel above the shoulder or those covering the hands/feet.

Note: The effect of this rule is that no imagination shall be required to justify a clear sense of belonging to a team.

Logos
Per NCAA Bylaw 12.5.4, an institution’s official uniform and all other items of apparel (that is, team jersey, socks) that are worn by student-athletes in competition may bear a single manufacturer’s or distributor’s normal trademark, not to exceed 2-1/4 square inches, including any additional material (that is, patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (that is, rectangle, square, parallelogram). An institution’s official uniform cannot bear a design element similar to the manufacturer’s that is in addition to another logo or that is contrary to the size restriction. A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo of an apparel manufacturer or distributor. This restriction shall not include logos that identify the student-athlete’s institution or conference.

These restrictions apply to all apparel worn by student-athletes during the conduct of competition, including pre-meet or post-meet activities.

- Institutions that qualify five or more individuals for the championships will receive transportation reimbursement and per diem for the participating student-athletes and two non-athletes.
- Reimbursement and per diem will be provided only for the number of student-athletes who qualified for the championships, and not for any additional student-athletes who may serve as alternates for relays.
