Administrative Meeting
The games committee will conduct a pre-tournament meeting to review tournament procedures, local rules and items of importance to intercollegiate golf. For the regional championship, head coaches are required to attend. The pre-tournament meeting will be held in the UT Golf Club Pavilion at 8 a.m., Sunday, May 14, prior to the practice round.

Practices
One 18-hole shotgun start practice round will be scheduled before the regional tournaments and the championship finals. Starting 10 days before the practice round, participants and coaches will not be permitted to set foot on the golf course or use the practice facilities. No exceptions will be made; however, the host institution’s team shall be exempt from this policy. Violations of this policy may result in sanctions listed under NCAA misconduct provisions or disqualification for a team or an individual(s), with no substitution permitted.

In an effort to maintain the conditions of the course and speed of play, each player may hit multiple balls from the teeing ground during any practice round. However, players may only hit one ball into the greens. On par 3’s players may hit only one ball from the tee into the green. Also, each player may chip or putt more than one ball on or near the green (greenside bunkers, less than 10 yards from the green). Each participant must wear soft spikes and play from the designated tees. Violation of this policy will result in the player and/or team being removed from the golf course and may result in sanctions listed
under the NCAA misconduct provisions, or disqualification for a team or an individual(s), with no substitution permitted.

Teams are limited to five players during the practice round. Groups of six are not allowed, and coaches are not allowed to play during any practice round.

Head coaches or designated official institutional representatives will be required to be with their teams during the entire practice rounds. Coaches will be provided time schedules and be responsible for monitoring pace of play, misconduct and the enforcement of the one practice-ball rule. If a team falls out of position during the practice round the first offense is a warning. Should a team remain out of position a second time the team will be moved to the proper position on the golf course. Further offenses may result in the team being removed from the golf course for the remainder of the practice round.

The practice round will be a shotgun start with starting hole assignments provided by the NCAA golf committee.

In addition to the practice policies above, the following will be enforced for the regionals and championships:

1. Only credentialed, designated individuals may be allowed in the practice areas.
2. Teams may not start a practice round other than during the designated start.
3. Players may not go back on the course to practice after concluding each round.
4. Players and coaches are permitted on the course, starting with the beginning of the first practice day and throughout the championships, as a spectator.

Coaches may go back onto the golf course after the practice round or competition round but only as a spectator. Coaches and/or student-athletes may not go onto the putting greens or within 20 feet of the putting greens. Coaches that are found to be in violation of this policy will not be permitted to coach the following day and the number of permissible coaches for that team the following day will be reduced by the number of offending coaches. Coaches may walk the golf course on the day of competition prior to their play in preparation for the day.

**Weather Policy**

The NCAA will provide a weather detection system for the championships and will make arrangements for the system to be on site. The games committee will do everything possible to complete 54 holes by Wednesday, May 17. If a minimum of 36 holes cannot be completed, the games committee will select the regionals representatives to the finals taking into considerations 18-hole scores and other selection criteria.

In the event of a weather emergency please follow the evacuation procedures as set forth in Section 9 of this manual.

**Section 7 - Championship Format**

Six 54-hole regional tournaments will be conducted to determine the 30 qualifying teams and six individuals not on those qualifying teams who will compete in the finals.
Thirteen teams and ten individuals not on those teams will compete at each of three regionals while the other three regionals will have fourteen teams and five individuals not on those teams. The low five teams and the low individual not on those teams will advance to the finals. Playoffs and tiebreakers, as set forth on pages 9-10, will be used, if necessary, to determine advancement to the finals. The games committee will do everything possible to complete 54 holes within the scheduled three-day period.

Lineups/Substitutes

During registration, the head coach must submit his or her lineup according to playing position. The five contestants from each institution must be determined by the conclusion of registration. A player may be substituted before the first tee time of his team of the first round of the regional, if the head coach notifies the games committee before the first tee time. The substitute must assume the position of the replaced player.

Tiebreaker

Tiebreaking Procedures
Team ties shall be broken by a sudden-death playoff counting the low four scores relative to par on each hole. Play shall continue with new scoring on each successive hole until a winner is determined. The games committee will determine the starting holes. If a playoff involves more than two teams, a shotgun format shall be used. The team playoff will be conducted first, with the playoff for individual spots to follow immediately after the conclusion of the team playoff. Once the shotgun sudden-death format is started, that format shall be used until a winner is determined.

Sudden Death Playoff Procedures
Teams will draw for positions. For a two-team playoff, the winner of the draw shall have the option of the A or B positions set forth below. For a playoff involving more than two teams, the teams shall assume the drawn letter position (A, B, C, etc.) set forth below.

Two teams (A & B; tee off alternately)

A #2  B #2  C #2  D #2  E #2  playoff hole 2
A #1  B #1  C #1  D #1  E #1  playoff hole 1
Players will play the numbered position they held at the start of the tournament.

The format in pairings for a playoff of six teams or more shall be consistent with the foregoing format as determined by the games committee.

**Non Sudden-Death Tiebreaking Procedure**

For the purposes of ranking teams for second and third round pairings, and for situations in which a sudden-death playoff cannot be completed, the following system shall be used to break ties, except as provided elsewhere when ties need not be broken at the championships:

**Teams**
1. Cumulative total of the non-counting scores.
2. Highest cumulative individual total.
3. Second highest cumulative individual total.
4. Third highest cumulative individual total.
5. Fourth highest cumulative individual total.
6. Fifth highest cumulative individual total.
7. Committee decision.

**Individuals**
1. That round’s score.
2. Score from previous round(s).
3. Coin toss.

When a tie exists within a team, the individual with the lowest team position will be given the later tee time.

The foregoing procedure will also be used if a cut becomes necessary at any time after the completion of the second round of play at the championships.
Emergency/Evacuation Plan

In the event of a suspension of play, the following steps and procedures will be in effect during the term of the entire Regional including practice rounds:

- Only the NCAA can declare a suspension of play implementing this plan into effect. This includes Practice Rounds and Stroke Play.
- The suspension of play will be communicated by radio prior to the sounding of the air horns. The decision to suspend play will be communicated during Practice Rounds to Evacuation Chairman, Greg Garner/UT Golf Club officials by the NCAA or Tournament Director. The decision to suspend play during Official Regional Rounds will be communicated to NCAA Rules Officials, UT Golf Club Evacuation Chairman, Greg Garner and other UT Golf Club officials by NCAA and/or Host Tournament Director. Upon notification of the suspension of play by the NCAA, Greg Garner will advise all evacuation van drivers by radio to immediately report to their assigned evacuation vans.
- A non-dangerous situation (e.g. darkness, golf course unplayable, etc.) will be signaled by three short notes of the air horn, repeated. Players may elect to stop play or finish the hole they are playing.
- A dangerous situation (e.g. lightning) will be signaled by one prolonged note of the air horn. Players must stop play immediately and seek shelter. Vans will be in place and clearly marked at each evacuation site.
- After suspension of play has been declared by the NCAA or Host Tournament Director and the air horns have been sounded, Players (Rules Officials, Walking Scorers and Standard Bearers) will proceed to the course evacuation site (van) closest to the hole at which they are playing. Refer to Course Evacuation Plan and Map.
- Players (Rules Officials, Walking Scorers and Standard Bearers) will stay at the evacuation site until notified by the NCAA or Host Tournament Coordinator to resume play or to proceed to the Clubhouse.
- When directed by the NCAA or Host Tournament Director, the course evacuation drivers will drive vehicles to the front entrance to the UT Golf Club Clubhouse. Vehicles will return to pick up other Players, etc. until everyone has been evacuated to the Clubhouse.
- Once the suspension has been declared over and play is to resume, the course evacuation drivers will be notified by the NCAA or Host Tournament Director to return Players, Rules Officials, Walking Scorers and Standard Bearers back to the course.
- The vehicles will be parked at the Clubhouse area. During Practice Rounds and Stroke Play, vans will be clearly marked with evacuation site locations (C, D, E). If Standard Bearers are used, they will be positioned in full view at the vehicles designated for their Players Group.
- Two short notes of the air horns, repeated will signal resumption of play.
- These suspension procedures can only be modified by the NCAA or Host Tournament Director.

The intent of the evacuation plan is to safeguard all Players, Rules Officials, Walking Scorers, Standard Bearers, Volunteers and Spectators, whenever possible from dangerous weather. The UT Golf Club and the University of Texas does not expect, nor want, any volunteer to take undue risk. Volunteers and spectators are advised to head in the direction of shelter immediately, avoiding hilltops, lone trees, wire fences and other hazardous locations.

Section 11 - Drug Testing
The NCAA is dedicated to fair and equitable competition throughout each round of championships and strongly supports the drug-testing program in order to safeguard the health and safety of the participating student-athletes.

Athlete Notification
Couriers will notify student-athletes selected for drug testing. Student-athletes will be instructed to read and sign the Individual Championship Student-Athlete Notification Form. Depending on the sport, student-athletes may need to report to drug testing within 60 minutes of notification, after their last event of the session, after their last event of the day or at the end of their participation in the championship.

Media Obligations
At individual/team championships, student-athletes who are selected for drug testing must fulfill all media obligation before reporting to the drug-testing area.

Participating Institution’s Notification
While couriers will notify student-athletes of his/her selection for drug testing, it is the student-athlete’s responsibility to advise their institution of his/her selection for drug testing.

Prolonged Test
If the student-athlete’s team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.
Testing Process

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-athlete’s ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 12 - Equipment

The type of equipment (i.e., balls, clubs) to be used shall be determined by the individual team and must be acceptable under USGA rules. The USGA one-ball rule (brand) will be in effect. Golf bags must have the name or logo of the school on them.

Players and coaches will be required to use nonmetal spiked shoes during regional and championships competition.

Distance Measuring Devices

During the Championships, a player may obtain distance information by use of a distance-measuring device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., elevation changes, wind speed, recommendations on club selection, etc.), the player is in breach of Rule 14-3.

A multi-functional device, such as a smartphone or PDA, may be used as a distance-measuring device, but it must not be used to gauge or measure other conditions where doing so would be a breach of Rule 14-3.

In addition, the use of distance-measuring devices by the designated advice coach is also authorized by the NCAA Committee. In accordance with the Note to Rule 8, the Committee has established the following condition with respect to the conduct of these coaches.

If, during a stipulated round, an advice coach uses a distance-measuring device to gauge or measure other conditions that might affect play, upon discovery of the breach, the advice coach must leave the course for the remainder of that round with no substitution permitted.

If, during a stipulated round, a player asks for these other measured conditions from anyone (including the advice coach) made with a distance-measuring device, the player is in breach of Rule 14-3. If, during a stipulated round, a player is given these other measured conditions from anyone (including the advice coach) made with a distance measuring device and fails to take action to stop this irregular procedure, in equity (Rule 1-4), the player incurs the penalty under Rule 14-3.

Golf Carts

Golf carts will be provided for members of the games committee and selected tournament officials. There will be no carts assigned to the competing institutions. Participants may not use caddies, golf carts or motorized pull carts during the championship rounds.
Non-motorized push/pull carts are permitted for any student-athlete competing at the regionals. It is the responsibility of the coach/player using the non-motorized push/pull cart to secure the cart. The host institution/golf course may have push/pull carts but it is not the obligation of the host institution/golf course to secure push/pull carts for any student-athlete.

Please ship all push/pull carts directly to the University of Texas Golf Club

**Spectator Guidelines**

Spectators must remain on cart paths or in the rough and approximately 15 yards from the players at all times (including all designated practice areas). There may be NO communication between players and spectators that could be deemed as advice of any nature for the duration of the 18 holes. All institutional personnel, with the exception of the designated coach, are considered spectators. Ringers on electronic devices must be turned off. Carts will not be provided for spectators.

Since all NCAA championships are considered smoke-free, spectators will be asked to refrain from smoking except in designated areas. Failure to adhere to these policies could result in removal from the course.

**Violation/Penalties:**

- First – Warning
- Second – Spectator will be removed from the course for the remainder of the day
- Third – Spectators will be removed from course for the remainder of the competition

**Disabled Spectators.** The Men’s Golf Committee recognizes the unique circumstances surrounding a disabled spectators opportunity to watch the championships. All disabled spectators must provide proper medical documentation that indicates the need for a cart and receive subsequent approval by the NCAA site rep to rent a golf cart at the championships. Please contact the Golf Course to make arrangements. In addition please contact Laura Mayfield, laura.mayfield@athletics.utexas.edu, cell: 512-748-9289 by Friday, May 11th so that final approval may be given by the NCAA.

### Medical Examinations/Skin Checks

As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition (e.g., skin infection) may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete’s on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify him or her if the student-athlete’s injury, illness or medical condition poses a potentially life threatening risk to himself or herself. The chair of the governing sports committee (or a designated representative) shall be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

**Section 17 - Participant Expectations & Guidelines**

**Ethical Behavior by Coaches**

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the field. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.
The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior. Therefore, coaches must:

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.
3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

**Misconduct**

Please refer to the Division I Men’s Golf Pre-Championships Manual.

**Sportsmanship**

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials’ proper enforcement of the rules governing related actions.

**Sports Wagering**

Please refer to the Division I Men’s Golf Pre-Championships Manual.

**Tobacco Ban**

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

Section 21 - Uniforms

Contestants must wear uniforms of the same color during competition and practice. Walking or Bermuda shorts are permitted, provided they are team shorts and are of the same color. Slacks or shorts may be worn at the individual’s discretion, provided they are of the same color and are considered the team uniform. If a student-athlete wears headgear during competition, it must display only an institutional, conference or NCAA logo, or no logo. If there is no logo, a coach’s or team member’s headgear must be of an institutional color. A manufacturer’s logo may appear on the side or back of the item as long as it conforms to NCAA Bylaw 12.5.4. For television purposes, it is recommended that each institution attempt to wear a uniform that reflects its school colors during the final two rounds of the championships. Team members are not required to wear the same headgear. In the best interest of intercollegiate golf and the championships, participants must wear appropriate golf attire at the tournament site. Please refer to the host institution’s pretournament mailing for the definition of appropriate attire at the golf course.
Logo Policy*

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division
I Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution’s official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer’s or distributor’s normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution’s official uniform cannot bear a design element similar to the manufacturer’s that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete’s institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

Section 22 - Host City Information

Austin is the capital of the U.S. state of Texas and the seat of Travis County. It is the 11th-most populous city in the U.S. and the 4th-most populous in Texas. It is the fastest growing large city in the United States and the second most populous capital city after Phoenix, Arizona. As of the U.S. Census Bureau's July 1, 2015 estimate, Austin has a population of 931,830. Located in Central Texas in the foothills of Texas Hill Country, the city is home to numerous lakes, rivers, and waterways including Lady Bird Lake, Barton Springs, McKinney Falls, the Colorado River, Lake Travis, and Lake Walter E. Long. It is the cultural and economic center of the Austin–Round Rock metropolitan area, which had an estimated population of 2,056,405 as of July 1, 2016.

The city subsequently grew throughout the 19th century and became a center for government and education with the construction of the Texas State Capitol and the University of Texas at Austin. After a lull in growth from the Great Depression, Austin resumed its development into a major city and, by the 1980s, it emerged as a center for technology and business. A number of Fortune 500 companies have headquarters or regional offices in Austin, including Amazon.com, Apple Inc., Cisco, eBay, Google, IBM, Intel, Oracle Corporation, Texas Instruments, 3M, and Whole Foods Market. Dell's worldwide headquarters is located in nearby Round Rock, a suburb of Austin.
Residents of Austin are known as Austinites. They include a diverse mix of government employees, college students, musicians, high-tech workers, blue-collar workers, and a vibrant LGBT community. The city's official slogan promotes Austin as "The Live Music Capital of the World," a reference to the many musicians and live music venues within the city, as well as the long-running PBS TV concert series Austin City Limits. In recent years, some Austinites have also adopted the unofficial slogan "Keep Austin Weird," which refers to the desire to protect small, unique, and local businesses from being overrun by large corporations. In the late 1800s, Austin was known as the "City of the Violet Crown" because of the colorful glow of light across the hills just after sunset. Even today, many Austin businesses use the term "Violet Crown" in their name. U.S. News & World Report named Austin the best place to live in the U.S. in 2017.

The Rules of Golf govern play. See NCAA Notice to Players and NCAA Golf Pre-Championships Manual for additional Local Rules and Conditions. Complete text of Rules and Appendix I may be found in the Rules of Golf effective January, 2016. Unless otherwise noted, the penalty for breach of a Local Rule or Condition - Stroke play – Two strokes, Match play – Loss of hole. If a player in a team competition breaches a Rule that results in disqualification, the effect will be to disqualify the player for that round only. Exception: NCAA misconduct, Rule 33-7 or a serious breach of Rule 1-2 in which it is up to the Committee.

LOCAL RULES

OUT OF BOUNDS – Defined by inside points, at ground level, of large white stakes and fence posts. Rule 27-1.

WATER AND LATERAL WATER HAZARD STAKES AND LINES – When a water hazard or a lateral water hazard is defined on only one side, it is deemed to extend to infinity. When a water hazard or lateral water hazard is bounded by out of bounds, the hazard margin extends to and coincides with the out of bounds line.

GROUND UNDER REPAIR – Defined by white lines. Fire ant hills, sod-covered trenching for temporary cables and French drains are deemed to be ground under repair. Rule 25-1. (Note: For a player whose ball is in a water hazard and is affected by a fire ant hill -- see Decision 1-4/10.)

Ground under repair may include areas of unusual damage, including areas where spectators or other traffic has combined with wet conditions to affect materially the ground surface, but only when so declared by an authorized member of the Committee. When immediately adjacent to an obstruction, such an area is part of the obstruction.

SEAMS OF CUT TURF (SOD SEAMS) – Local Rule as prescribed in Appendix I is in effect.

TURF PLUGS ON PUTTING GREENS – On the putting green, in addition to Rule 16-1c, the player may repair turf plugs of any size.

IMMOVABLE OBSTRUCTIONS – Include plastic bumpers on roads and paths and mats secured to the ground with spikes when the bumpers or mats cover cables.

WHITE-LINED AREAS TYING INTO ARTIFICIALLY-SURFACED ROADS AND PATHS - have the same status as the roads and paths, that of obstructions.

WOOD CHIPS AND MULCH – are loose impediments, unless otherwise provided for in the Notice to Players.

EMBEDDED BALL THROUGH THE GREEN – Local Rule as prescribed in Appendix I is in effect.

INTEGRAL PARTS OF THE COURSE – include cables, rods, wires or wrappings when closely attached to trees; artificial walls and pilings when located in hazards, unless otherwise provided for in Notice to Players.

TEMPORARY POWER LINES AND CABLES – Local Rule as prescribed in Appendix I is in effect.

TEMPORARY IMMOVABLE OBSTRUCTIONS – Local Rule as prescribed in Appendix I is in effect.

DISTANCE MEASURING DEVICES – Local Rule as prescribed in Appendix I is in effect.

ACCIDENTAL MOVEMENT OF A BALL ON PUTTING GREEN – Local Rule as prescribed on the USGA’s website is in effect.

CONDITIONS

LIST OF CONFORMING DRIVER HEADS – Optional Condition as prescribed in Appendix I is in effect.

GROOVES – The player’s clubs must conform to the groove and punch mark specifications in the Rules of Golf that are effective from January 1, 2010. Penalty for breach of Condition: see Decision 4-1/1.

LIST OF CONFORMING GOLF BALLS – Optional Condition as prescribed in Appendix I is in effect.

LIMITATION ON GOLF BALLS (“ONE-BALL RULE”) – Optional Condition as prescribed in Appendix I is in effect.

FOOTWEAR – Shoes with metal or traditionally-designed spikes are prohibited during the stipulated round. Penalty for breach of Condition: Disqualification.

USE OF CADDIE PROHIBITED – A player is prohibited from using a caddie during the stipulated round.

TRANSPORTATION – Optional Condition as prescribed in Appendix I is in effect.

ADVICE – See separate memorandum to players for persons who may give advice.

PACE OF PLAY – See separate memorandum to players for pace of play guidelines.

DISCONTINUANCE OF PLAY – Optional Condition as prescribed in Appendix I is in effect. All practice areas are closed during suspension for a dangerous situation until the Committee has declared them open. Players who practice on closed practice areas will be asked to cease doing so; failure to comply may result in disqualification.

NOTE: A suspension for a dangerous situation will be signaled by one prolonged airhorn note. All other types of suspension will be signaled by three consecutive airhorn notes, repeated. Resumption of play will be signaled by two short airhorn notes, repeated.

MEASURING CONDITION OF PUTTING GREENS - Before or between rounds on any day of the Competition or play-off, a player must not use any device that measures the condition (slope, texture, firmness or moisture level) of any putting green on the course. Use of such a device is permitted during the practice round only. PENALTY FOR BREACH OF CONDITION: Disqualification.

PRACTICE BEFORE OR BETWEEN ROUNDS – In addition to Rule 7-1b for stroke play it is a Condition of the Competition to prohibit practice on the competition course on any day of a match play competition. Penalty for breach of this Condition: Disqualification. A player may practice on the designated practice areas. This Condition and Rule 7-1b applies to other practice.

PRACTICE BETWEEN HOLES - Optional condition as prescribed in Appendix I is in effect for stroke play only (including D-IF’s stroke play medal/match).

CLOSE OF COMPETITION - The competition is deemed to have closed when the trophy has been presented to the winner or, in the absence of a prize ceremony, when all scores have been approved by the Committee. The result of a match is considered to have been “officially announced” when the Head Rules Official has confirmed the result of the match.
