INTRODUCTION

*Information in this document applies to both regionals and finals site competition unless otherwise specified.*

This manual outlines the responsibilities of an institution/conference hosting this round of an NCAA championship. It is essential that each host institution/conference staff become familiar with the information and policies included in this manual.

The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of each individual involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and tournament attendee.

The host institution/conference shall appoint staff members to assume the positions of tournament manager and media coordinator.

**Tournament Director.** This individual shall be the director of athletics/commissioner of the host institution/conference and shall maintain ultimate responsibility for the local operation of the event. Bid proposals from prospective host institutions/conferences shall be authorized by the tournament director.

**Tournament Manager.** The tournament director shall appoint a knowledgeable person, preferably with experience in tournament administration and game management, to serve in this position. The function of the tournament manager is to ensure that the policies of the committee are applied. Specific responsibilities may include direction and supervision of facility arrangements, ticket sales, and development of participant information, security, lodging, transportation, promotions, financial administration and adherence to the policies outlined in the NCAA operations manual for hosts.

The tournament manager will also provide the NCAA with a post-championship evaluation including suggestions for future conduct of the championship.

**Media Coordinator.** The media coordinator, preferably the sports information director of the host institution/conference, shall work with the NCAA media coordinator or championships manager to ensure that the committee’s policies regarding media are applied. Responsibilities may include planning and supervision of media work areas, coordination of all news conferences, statistical services and communications.

Thank you again for your efforts on behalf of the NCAA.

Comments and suggested additions to this manual are always welcome. Please let us know if you have any questions.

ROLE OF GOVERNING SPORTS COMMITTEE
The NCAA’s core purpose, values and envisioned future provide the framework for all actions in the committee’s administration of the championship and its stewardship of the game. Within the framework and spirit of its charge, the governing sports committee will balance the principle of student-athlete well-being with its efforts to maximize exposure for intercollegiate athletics and revenues from the championship through policies and activities that are subject to the final authority of the NCAA Division I Board of Directors.

ROLE OF HOST INSTITUTION/CONFERENCE
The support, commitment and involvement of the host institution/conference, its key staff members and local media are essential elements in hosting a successful NCAA championship.

The host institution/conference is the local entity responsible for making arrangements for the competition. By submitting a bid, each host institution/conference has agreed to provide services and assistance in connection with the various activities related to the championship.

The responsibilities of the host institution/conference are defined herein. The games management, media and marketing activities associated with the competition are to be administered and approved by the NCAA staff on behalf of the governing sport committee.

The host institution/conference will work in collaboration with the NCAA staff to ensure that the mission of the championship is preserved. The NCAA believes that the most successful host institutions/conferences are those that emphasize service, communication, promotion and marketing of the event, and fiscal responsibility.

ROLE OF LOCAL ORGANIZING COMMITTEE
A local organization formed in the city where a member institution/conference proposes to host an NCAA championship, to provide to the NCAA services and assistance in connection with the various activities related to the championship. The host institution/conference must be a part of the leadership of the LOC.

ROLE OF NCAA
The NCAA championships and alliances staff, working in conjunction with the NCAA sport committees and other NCAA groups, will lead the planning efforts, management and execution of all NCAA championships and events. The NCAA will oversee all aspects of the championship and its related activities, including facility operations and space allocations, hotel accommodations, media and team operations, hospitality functions and social events, on- and off-court entertainment, fan and sponsor events, television programming, youth events, as well as many other aspects.

The NCAA will work closely with the host institution/conference, competition venue and local organizing committee to ensure that the championship provides a positive and rewarding experience for student-athletes and fans.

Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue.

SECTION 2 – Awards

Regional Awards
Participant medallion awards will be presented to a maximum of 27 (squad size) student-athletes participating in the championship. These awards will be sent from MTM, Inc., the NCAA national office awards supplier, to the tournament manager at each of the four regional sites for distribution to all four teams. When the awards arrive, the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be taped closed and secured in a limited-access area.

No other awards are to be presented in connection with the regionals, except that recognition or appreciation awards may be presented to organizations or individuals that have contributed to the development and/or management of the regionals. Any such presentation must be separate from the actual conduct of the regional tournaments.

Finals
MTM, Inc., the NCAA national office awards supplier, will send 37 individual awards and watches and a team trophy for the national champion only to the final site. The 37 individual awards and team trophy for second place (silver) and the two semifinal teams (bronze) will be shipped after the championship to the respective teams directly from the awards provider.

These awards will be sent to the tournament manager approximately two weeks prior to the championship. When the awards arrive, the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be taped closed and secured in a limited-access area.

No other awards are to be presented in connection with the regionals, except that recognition or appreciation awards may be presented to organizations or individuals that have contributed to the development and/or management of the regionals. Any such presentation must be separate from the actual conduct of the regional tournaments.
Awards Ceremony (finals only)
The awards ceremony will be held immediately at the conclusion of the championship game. Following the winning team’s initial on-ice celebration, both teams will commence with the traditional postgame hand-shake line. After completing the hand-shake line, the second-place team will proceed immediately to its locker room. Team and individual awards will be shipped directly to the school from MTM. After the winning team completes the hand-shake line, the NCAA will provide championship hats and t-shirts to each team member. Individual awards will be left (boxed) in the locker room. The team trophy will then be presented to the winning team’s head coach and student-athletes.

Participant Awards
Regionals
Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA regional competition the same experience, mementos will NOT be permitted at regional competition.

Finals
The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided to participating student-athletes. The NCAA championship administrator will work with the participating institutions regarding delivery of mementos after championship competition. Participant awards will not be distributed at the site of the championship(s).

As the official NCAA puck supplier, STX will provide Men’s Frozen Four participant awards to each team’s official travel party.

Championships Locker Room Program (Final site only)
The NCAA has partnered with select NCAA licensees to celebrate the national champions of each of the 90 NCAA Championships. Each team champion shall receive a national champions T-shirt and hat to commemorate the experience of winning a national title. A detailed explanation of the logistics of the locker room program will be provided in the championship specific section of the manual. However, listed below is a summary of steps that should be followed when implementing the locker room program at all final championship sites.

- The product is for team champions only. Individual championships are not a part of the locker room distribution.
- Please remove all hangtags (if needed) on the merchandise prior to being distributed.
- The merchandise should be distributed to the winning team only immediately following the handshake as soon as the game has officially concluded. Extra product (if any) should be given to the team’s equipment manager.
- All winning team inquiries about obtaining additional locker room product should be directed to Gear For Sports, Nike or Top of the World depending on product. Please contact David Clendenin at the NCAA national office for contact information, 317-917-6496.

Elite 90 Award (Final site only)
The NCAA Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national
championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA’s championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active and traveling member of their team, and being a designated member of the squad size at their championship. The member institution is responsible for submitting their student-athlete that has the highest GPA and meets all of the other requirements. Mark Bedics and the NCAA academic and membership affairs staff will determine the winner of this award for each championship and provide to the NCAA championships administrator as well as the local host shortly before the championship begins. The winner’s name should not be released to the public until after they are publicly recognized. If appropriate, the operations point person can share the information with the coach of the winning student-athlete to make sure of that person’s attendance. However, they should not inform the student-athlete. Bedics or another member of the media coordination staff will typically send a template of a release and the logo to the sports information director of the winner’s institution on the morning of the announcement to allow them time to prepare.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner amongst their peers and fans of the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Award presentation
When determining the most appropriate time to present the Elite 90 award, the NCAA and host staff should evaluate the time and venue which will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating their accomplishments. The presentation should be semi-formal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible and the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time we would like to present the Elite 90 Award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA’s 90 championships.

The recipient of the Elite 90 Award for Division I Men’s Ice Hockey with a GPA of X.XXX in (major, is student-athlete and institution).

Presentation at the student-athlete banquet
This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered together in one place with a
controlled, semi-formal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete’s participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA Tournament Operations point person.
- The award should be presented near the end of the program and be clearly recognizable as the premier award being given.
- The award should be presented after attendees have had a chance to finish their meal.
- If video screens are available, the video slide or footage of the winning student-athlete provided by BSN may be run as the individual is introduced.
- The coach of the winning student-athlete should be informed to help assure the winner’s attendance.
- If a photographer is at the student-athlete banquet or championship, a photo should be taken of the recipient receiving the award. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento.
- If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-venue presentation
The NCAA and host staffs are encouraged to look for opportunities for the Elite 90 award winner to be presented their award in the championship venue during a time when the majority of participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues, large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete’s participation or preparation for the championship. Examples could be:

- In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal which they are not participating in.
- If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, they may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
- The award winner could be recognized during a scheduled opening or closing ceremony in which all participating student-athletes are in attendance and fans are encouraged to attend.

Other in-venue recognition
If the Elite 90 award winner is not introduced live inside of the competition venue, public address and/or video board announcements recognizing the winner should be played during the championship to recognize this individual. Van Wagner Sports and Entertainment will
provide the following standard PA announcement sometimes accompanied by a video board slide. The championships administrator (or Branding and Fan Experience representative at Equity and Growth championships) will need to provide BSN the name of the winning individual and a headshot photo if a video board is used for the championship.

The Elite 90, an award founded by the NCAA, recognizes the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among their peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA’s championships.

The recipient of the Elite 90 Award for the (list year/championship here: 2017 NCAA Division II Women’s Baseball Championship), with a cumulative grade-point average of (list GPA) in (list Major of Study), is (list winner and school: Jane Doe of State University).

Press release
On the day the winner of the Elite 90 award will be publicly recognized, the NCAA Media Coordination staff will send out a standard press release to the sports information director of the winner’s institution and to the championships administrator. For selected championships, this press release will also be provided to national media by the NCAA Public Relations. If appropriate this press release may also be provided to the host for distribution to local media.

For more information on the Elite 90 award winners, log on to NCAA.com/elite90.

SECTION 3 – Bands-Cheerleaders-Spirit Squads and Mascots

Admission
A maximum of 25 band members, including the director, 12 uniformed cheerleaders and/or pep squad members, and one costumed mascot will be admitted free of charge. Each institution’s administrator should be asked to submit a typewritten list to the tournament manager and NCAA representative at the coaches meeting prior to the competition.

Artificial Noisemakers
No air horns or artificial noisemakers are allowed. Bands may not play when the game is in progress.

Designated Areas
Cheerleaders and mascots will be permitted only on their team’s side of center ice during pregame team introductions. Additionally, mascots are not permitted on the ice if the mascot must exit the ice through the opposing team’s exit.

Electronic Amplification
Bands may use electronic amplification equipment with the specific approval of the NCAA representative.
National Anthem
The highest seeded team’s band, if available, will be asked to play the national anthem prior to the session in which its team is competing for regionals and national semifinals. NCAA staff will work with the host to secure a national anthem performer and color guard for the national finals. The anthem shall be played before each game.

Seating
Bands should be seated in the area usually reserved for bands (end zones, upper level is preferred, at the same end of the ice as its team bench). Place bands in rows so as not to interfere with spectators, photographers or teams, subject to the approval of the NCAA representative.

SECTION 4 – Broadcasting-Internet

Please log on to ncaa.com/media for information regarding broadcast-Internet rights.

SECTION 5 – Championship Presentation-Fan Engagement

Branding
Ancillary Events
The NCAA prohibits host institutions/conferences from conducting special ancillary entertainment activities for fans in conjunction with the championship. Should another entity (e.g., convention and visitor’s bureau) elect to stage such activities, the following policies shall apply:
• All plans must be approved in advance by the NCAA.
• NCAA marks, logos, name or references to the championship or tickets may not be used.
• No activity connected with the championship may be sponsored by an entity that is not an NCAA Corporate Champion/Corporate Partner (CC/P).
• Such an activity may not take place on property controlled by the competition venue.

No entity may contact NCAA CC/Ps directly. All such contact shall be directed through the NCAA staff.

Logos
The NCAA owns and controls all rights and interests in its name, logo, seal, trademarks and service marks. Use of these marks is prohibited without advance written approval by the NCAA. Host institutions/conferences should review information outlined in NCAA Bylaw 31.6.1. Only official NCAA Corporate Champions/Partners and licensees are permitted to use NCAA marks and logos in commercial advertising and promotions, unless written approval is provided by NCAA Marketing. All and any proposed commercial advertising and promotions, if not by CC/P’s, must be reviewed by NCAA Marketing staff prior to approval and production.

Public Address Scripts
Public address scripts allow game management to keep the flow of the championship moving through the communication of important information to those in attendance. Communicate
with your NCAA championship liaison to secure a PA script and run of show for the championship you are hosting.

**Video Boards**
The NCAA will provide video board content to sites which have such capabilities. The video board content is important to the overall championship experience for student-athletes and those in attendance. Please work directly with your NCAA championship liaison to identify if video board content will be provided directly or if downloading from the NCAA FTP site is necessary.

Questions related to video board content logistics should be directed to:
Martin McCreary – Senior Producer
Van Wagner Sports and Entertainment
Westlake Village, California
Telephone: 805-433-4376
Email: Mccreary@vwbsn.com

**Electronic Messages**
No host or venue specific messaging or video board advertising may be displayed during NCAA championships, other than those messages promoting the championship and information provided by the NCAA and Turner/CBS. This includes promotion of upcoming events at the championship site. All messages must be approved in advance by the championship staff liaison.

**In-Venue Entertainment**
NCAA championship hosts are encouraged to explore in-venue entertainment options during the championship to keep fans engaged, excited and to enhance the atmosphere for both the fans and student-athletes. Various potential areas of in-venue entertainment and the guidelines associated with them are discussed below. All forms of in-venue entertainment should show no bias toward or against any participating team, should be appropriate and in good taste, should have no links or resemblance toward gambling and may not include any commercial recognition (unless it is approved recognition of an NCAA corporate champion, partner or official equipment supplier). Please discuss any forms of in-venue entertainment you would recommend with your NCAA staff point person for suggestions and approval.

**Break in action contests or promotions**
Hosts should consider continuing regular season period break/timeout contests and promotions or creating new, unbiased or non-sponsored versions of these promotions to use during NCAA championships. Guidelines and ideas for consideration:
- Must not include any commercial recognition (unless approved/provided by an NCAA corporate champion, partner or official equipment supplier)
- Must be appropriate and in good taste
- Must fit safely within given time constraints with no chance of interfering with the competition
- No links or resemblance to gambling
- Participants must be randomly selected
- No bias toward or against any participating team
• Campus and venue rules must be considered when developing the contest or promotion
• NCAA championship merchandise purchased by the host (e.g., extra volunteer apparel, committee or contributor gifts, items or certificates purchased from Event 1) make good prizes for these contests as prizes with commercial recognition would not be permitted

National anthem singers
Hosts are encouraged to explore their resources to bring in local, regional or even nationally recognized celebrities or groups to sing the national anthem (e.g., state beauty pageant winners, recording artists with strong local ties, famous local choir groups or bands). Guidelines and ideas for consideration:
• Local groups or personal contacts who could provide this service at no cost are recommended
• No bias toward or against any participating team (e.g., performers should not wear the apparel of a participating team)
• A brief description and “thank you” for the performing group or individual may be incorporated into the script, but no commercial recognition, sponsorship, sales or recruitment messages should be included
• Anthem should take two minutes or less to perform, however please build extra time into the script for introduction and placement of the color guard (if applicable), and introduction/applause for the performer

Youth sport team recognitions
The introduction of local youth sport teams on-ice before NCAA championships can often add excitement, tie in the community, provide additional PR and help drive attendance through not only the youth athletes, but also their parents, family and friends. This is encouraged if it is appropriate for the championship. Guidelines and ideas for consideration:
• Must be unobtrusive to the competition and allotted warm-up time for the student-athletes
• Youth teams recognized should be younger than high school age to avoid any possible recruiting concerns
• Must not include any commercial recognition (unless approved by the NCAA)
• The youth group being represented must provide chaperones, transportation, and assume all supervision of the youth teams while they are at the championship
• The host should provide detailed information to the youth group regarding parking/drop off procedures, entry to the facility, meeting location, instructions for the presentation, seating after the presentation, etc.
• The host should provide on-ice staff or volunteers to guide the youth group through the presentation

Enhanced team introductions
Examples of this could include: using special music or video introductions provided by each team, smoke machines or on-ice fireworks, inflatable tunnels, youth athletes forming a tunnel or holding hands with student-athletes as they are introduced, local or school bands playing, etc. Guidelines and ideas for consideration:
• Must be appropriate and in good taste
• Must fit safely within given time constraints with no chance of interfering with the competition
- No bias toward or against any participating team and should be equally executed for all participating teams
- Should be discussed with the NCAA point person in advance

Musical entertainment
Participating school bands will be scheduled into the overall championship presentation when they are available. When they are not, the host institution marching band, other school bands or local bands may be appropriate for entertainment during pre-game, period breaks or other breaks in the action or for greeting fans in the stadium entrance or other congregating area.

Affiliated award recognitions
If appropriate, national award winners for the given sport who are in attendance but not competing at the time of the scheduled recognition may be awarded on field during NCAA championships (e.g., Elite 90 award winner, coaches’ association player of the year winner, coach of the year, etc.). Please consult with the NCAA point person to determine appropriateness.

Military involvement
The NCAA is supportive of inviting the military to participate at NCAA championships if their involvement enhances the championship experience for student-athletes and fans while at the same time honoring the military in an appropriate and unobtrusive manner. At many NCAA championships, local or national military groups have been arranged by the host to perform pre-game, during halftime or other breaks in the action. These performances have included, but are not limited to: national anthem performances (military singer, instrumentalist or band), color guard, presentation of large flags, fly-overs, parachute teams, precision drill teams, eagle releases around the national anthem, etc. Please discuss any forms of military involvement which you would recommend with your NCAA staff point person for approval.

Guidelines
- Involvement from military groups often requires substantial government paper-work. Fly-overs and parachute jumps will also require FAA approval to be handled by the host. Please allow adequate lead time to coordinate.
- Involvement from national touring military groups such as the Air Force Wings of Blue or Army Golden Knights may require costs of travel such as hotel rooms, per diems, rental vehicles and even air travel if a military transport cannot be arranged.
- Host connections with local military bases may be more cost-effective in arranging military involvement.
- No messages about military recruitment should be incorporated into the on-field performances.
- General messages paying tribute to all military personnel and thanking the particular military unit which has performed are encouraged (e.g., “Ladies and gentlemen let’s have a big round of applause for tonight’s performance from the United States Air Force Heartland of America Band… and for all of the American service men and women who they proudly represent.”).
- Some military organizations may request a booth or other small presence on-site in conjunction with their on-field performance. This may be permitted as long as the space is available, reasonably sized (e.g., 10’x10’ or 10’x20’), reasonably branded and any
recruiting done out of the space is passive.

- Requests for larger spaces, interactive elements, inflatables, giveaway items or space within an NCAA fan festival is not permitted unless discussed with your NCAA point person who would in turn discuss with the NCAA corporate relationships team.
- Campus and venue rules must be considered when developing the presentation.
- All performing or volunteering military groups should be provided complimentary access to watch the championship before or after their presentation if possible. Please discuss this with your NCAA point person.

<tr>
<th>Student-Athlete Autograph Sessions</th>
</tr>
</thead>
</table>

**Finals Only.** At many NCAA championships, an autograph session featuring the participating teams or individual student-athletes can be a significant fan enhancement. An autograph session allows fans to feel a greater connection with the student-athletes through brief personal interaction provides lasting memories for young fans and may help create a greater overall impression of the championship for both fans and participating student-athletes if conducted properly. Listed below are some elements to consider before deciding to conduct a student-athlete autograph session, a list of guidelines for an autograph session and a checklist of items needed for the autograph session.

**Elements to consider**

- Number of fans – will there be an adequate number of fans to support an autograph session and make it a positive experience for the participating student-athletes.
- Timing and location – is there a time and place available in which there will be an adequate number of fans, space and the event will not conflict with the student-athletes’ preparation for or participation in the championship (e.g., after each semifinal match concludes, during a highly attended ancillary event surrounding the championship).
- Equitable participation – will all participating teams or individual student-athletes from various schools have equal opportunities to participate.
- Student-athlete experience – this should be a positive experience for all participating student-athletes, so the amount of time they are signing should not be excessive (30-60 minutes); if certain student-athletes will need to sign shortly after they have been eliminated from competition this should be evaluated; the student-athletes overall time commitments for the day should also be evaluated.
- Visibility and promotion – is the autograph session in a place that will be highly visible and accessible to all fans and/or can it be adequately promoted through in-stadium announcements, pre-promotion and signage to direct fans to it.

**Guidelines**

- The host staff will have primary responsibility for coordinating and managing student-athlete autograph sessions and all staff, volunteer, equipment and logistical needs associated with them.
- The host staff should work with the NCAA staff point person to determine if autograph session(s) are appropriate, for advice, approval of autograph session plans, look and collateral.
- The host should arrange for a walkthrough of the event with the NCAA point person as well as security, the volunteer coordinator, the facility rep, the event sponsor and/or
fire marshal when appropriate.

- NCAA (and NCAA Corporate Champion) branding for the autograph area may be provided, please check with your NCAA point person.
- Select a time when the most fans can be accommodated and student-athletes will be least inconvenienced.
- 30-60 minutes in length.
  - May be split so each team or different groups of individuals sign at separate 30-60 minute periods.
  - If a large number of teams or individuals are signing simultaneously, it is recommended that they are split into separate autograph areas to accommodate more fans.
- Student-athletes should wear game apparel or matching team issued warm-up gear.
- Student-athletes should have easy access to autograph tables or be escorted by staff, volunteers or security to allow for ease of entry and exit.
- One item signed per person to keep lines moving (use your own discretion if crowds are sparse).
- Photos with student-athletes discouraged or limited to keep lines moving (use your own discretion if crowds are sparse).
- Space for cue lines and separate exit points which do not interfere with regular venue traffic flow or flow between autograph areas.
- LOC staff or volunteers allocated to each autograph area to help form cue lines, keep lines moving, refresh autograph materials, direct people to exits and cut off lines when necessary.
- Any autograph materials provided to fans must be produced by or approved by the NCAA point person.
- No local sponsorship of student-athlete autograph sessions will be permitted.
- A sound system (and/or video board) which can be used in conjunction with the autograph session can be effective in communicating directions, recognizing sponsors and for keeping fans in line entertained with music (and/or video highlights).
- Consider how fans who do not want autographs can receive the poster or autograph card without standing in line, how teams will receive extra copies of the autograph item and how a sponsor could receive autographed items without standing in line.

Checklist
- Autograph tables, including skirting (approximately 3 student-athletes per 8’ table)
- Chairs
- Autograph card or poster (provided or approved by the NCAA)
- Pens (Sharpie’s recommended)
- NCAA provided branding items
- Zip ties, tape and other necessary items for affixing banners and signage
- Staff or volunteers (minimum of 2 per autograph area)
- Water or other refreshments for student-athletes (Dasani, Powerade or other Coca-Cola product when possible, otherwise unmarked)
- Security (if appropriate)
- Pipe and drape backdrop behind autograph tables (if appropriate)
- Bike rack or Tensa barrier for lines (if appropriate)
• Easels or other free-standing directional or student-athlete/team identification signs (if appropriate)
• Individual name plate/table tent identifying each student-athlete (if possible and appropriate)
• Floor tape to create arrows or lines on the floor (if appropriate)
• Tents to shade student-athletes (if appropriate)
• Rubber bands for posters (if appropriate)
• Announcements for emcee – instructional, NCAA branding, NCAA corporate champion or partner recognition (if appropriate)

SECTION 6 – Commercialism-Contributors

<table>
<thead>
<tr>
<th>Space Requirements</th>
</tr>
</thead>
</table>

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g. location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC’s expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

<table>
<thead>
<tr>
<th>Premium Guidelines</th>
</tr>
</thead>
</table>

Competition Venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 90 days prior to the first NCAA championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

Laser Pointers. Laser pointers of any kind.

Noisemakers. Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc. are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.
**Promotional Items.** Promotional items (e.g., cups, shakers, flags, etc.) with commercial slogans or identification are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, t-shirts, caps, etc., except products sold by the NCAA or its agents, may not be distributed on the premises.

**Signs, Flags, Banners.** Large signs, flags or banners are not permissible. It is the facility personnel’s responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

**Video Camera/Still Camera Policies.** Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).</td>
</tr>
</tbody>
</table>

Local contributors may only be referred to as “local contributors of the LOC”. Local contributors may not use the word “official”, “official sponsor of”, or “corporate champion/partner” in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and or additional digital advertisement space. In being
recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks.](#)
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library.](#)
4. The NCAA’s position on inclusion of ® and ™ marks is first and most prominent use. The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.
5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as “N-C-two-A” or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).
7. There may be no registration of or use of NCAA marks within Internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: [www.memberx.edu/ncaa](http://www.memberx.edu/ncaa).

**Identification of commercially named venues on NCAA materials**

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).

- The logo of a commercially-named venue cannot be used on any materials bearing NCAA logos or trademarks.
The venue’s name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

**NCAA logo use by commercially-named venues**

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.

- The one-time logo use is limited to the site’s “home web page” or “event web page”.

- The NCAA logo must be placed in a location on the venue’s web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially-named venue). [This is because NCAA Corporate Champions/Corporate Partners and CBS/ESPN have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue’s or the website’s advertisers/sponsors may be used on the home/event web page even with the NCAA’s championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).

- The venue is not permitted to claim to be “the home”, a host or co-host of any session of the NCAA championship.

- The logo provided by the NCAA championship staff cannot be modified in any way.

- **ALL uses of NCAA logos must be submitted to the NCAA staff for approval.**

**NCAA trademarked protection language:**

NCAA trademarks benefit from consistent “source identification” to the public through basic legal language attributing ownership.

The legal statement should be used on “printed” materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.
Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).

Printed items that are produced to be “used” by other business entities/organizations including NCAA members and host institutions.

Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters.)

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Durenka Robie at drobie@ncaa.org or 317-917-6825.

**For blue disc and/or secondary (word) mark, please use:**

NCAA is a trademark of the National Collegiate Athletic Association.

**For blue disc/secondary marks plus another NCAA trademark, please use (for example):**

NCAA and March Madness are trademarks of the National Collegiate Athletic Association.

NCAA, NCAA Sweet Sixteen and Road to the Final Four are trademarks of the National Collegiate Athletic Association.

**For Blue Disc/Secondary marks plus another NCAA trademark used with other authorized business entities, please use (for example):**

The NCAA, March Madness, Men’s Final Four and Women’s Final Four are trademarks owned by the National Collegiate Athletic Association. All other licenses or trademarks are property of their respective holders.

Official Championships/Licensee Suppliers

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA’s Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

Advertising/Signs/"Look and Décor"

1. Advertising/Banners/Signs/Displays. The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface or seats), including the scoreboard and the playing surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer’s table, video board, ribbon board, PA announcements) approved by the NCAA. Any permanently-affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g. TV’s, computer monitors, stats monitors or displays), product/exhibit displays (e.g. car displays, branding exhibits/kiosks, etc.) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA, including costs of production and installation and strike. Similarly, for any surrounding areas/facilities that are to be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. All professional signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. Collegiate championship banners or those with retired numbers of collegiate performers can remain. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.

2. Alcohol/Tobacco/Gambling. All alcohol, tobacco and gambling advertisements/corporate identification on the concourse level competition, practice and/or ancillary event venue(s) must be covered as specified by the NCAA. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA.

3. External Signs. All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor
elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).

4. **Commercially-Named Venues.** Commercially-named competition, practice and/or ancillary event venue(s) may display no more than two pre-existing interior signs consisting only of the competition, practice and/or ancillary event venue(s)’ name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s) signage design and placement must be approved by the NCAA. If the commercially-named competition, practice and/or ancillary event venue(s) is an existing NCAA Corporate Champion or Corporate Partner, the NCAA, in its sole discretion, may allow additional branding of the commercially-named venue(s).

5. **Covering existing signage/product branding.** In regard to any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.

6. **NCAA Corporate Champion and Partner Branding/Recognition.** The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer’s table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos, etc.) for the Association, its corporate champions & partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.

7. The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.

8. If facility approves, patrons are permitted to bring in small signs (signs which can easily be held by one person and cannot block the view of anyone seated around them), as long as any writing or slogans on them are in good taste. In addition, it is permissible for patrons to bring in non-noise-making items (in compliance with NCAA and facility premium guidelines) as long as they do not include any (non-CCP) commercial identification.

9. At no charge, the NCAA will have full access to, and control of, any and all LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all external signage, digital or otherwise. This includes any and all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

<th>Preparation</th>

<tbody>
<tr>
<td>The facility liaison and NCAA staff shall review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the facility or interruption of the game. Facility management is reminded of its responsibility to provide sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to players and credentialed individuals.</td>
</tr>
</tbody>
</table>

Each host will be asked to provide the following:

- Develop contact lists.
• Review emergency protocol prior to the start of the event.
• Identify chain of authority.
  o Incident Commander (second in command).
  o Decision-making personnel/team.
• Identify incident command center.
• Identify incident communication plan.
• Review evacuation plan – Review plan with facility manager.
• Review emergency response plan for typical emergencies.
• Review emergency response plan for national disasters.
• Review emergency response plan for terrorists’ action.

In the event of a critical incident, contact the NCAA manager immediately before any decisions are made.

** Interruption of Game. ** The officials have the authority to interrupt play. If play is interrupted because of events beyond the control of the committee, it shall be continued from the point of interruption at a time determined by the committee. If necessary, the remaining schedule of games also shall be adjusted by the games committee. The committee should review the following procedures for interruption of a game:

** Scorer's Table. ** Assure that the game clock, penalty clock and score are accurately recorded.

** Officials. ** Assure that the officials know the exact game situation when play was halted.

** Student-Athletes and Coaches. ** These individuals should proceed to the bench area or, upon instruction from the NCAA staff or committee members, retire to the locker rooms or outside the building to await further instructions.

** Power Source/Public Address. ** Facility management should protect the power source and the public-address system. If an alternate public-address location is available (i.e., away from the competition area) it should be used so communication is not interrupted.

** Responsibility. ** Building security and/or law-enforcement personnel shall be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if play is otherwise disrupted. The NCAA suggests that law-enforcement personnel attempt to communicate with the leaders of the group occupying the competition area (if applicable) to ascertain whether the situation can be rectified in the short term. Under no circumstances are players, coaches, officials or NCAA representatives to become involved in the removal of such persons.

** Communication. ** A senior member of the facility management and the senior law-enforcement officer at the site must proceed immediately to the scorers’ table with means of portable communication to and from other facility staff and security officers. The public-address announcer should keep spectators informed of the conditions, if possible. Teams and game officials must be kept informed throughout the delay.
Meeting. The committee chair, NCAA staff and game-management staff (facility manager, game management liaison and senior law-enforcement officer) should assemble immediately at the scorer's table to assess the situation.

Normal Conditions. The committee shall determine when conditions have returned to normal.

Resumption of Play. As soon as possible, play shall be resumed from the point of suspension. The games committee shall determine the revised schedule after consultation with the committee. If possible, the contest should be resumed in the primary facility. If necessary, the games committee has the authority to limit attendance to credentialed individuals; those on each institution's pass list, other individuals designated by each institution's director of athletics and required facility operations personnel. Also, the games committee has the authority to reschedule the game or session in a nearby facility (e.g., on campus or elsewhere in the city,) provided the alternate facility meets the provisions of NCAA playing rules.

Spokesperson. The committee chair or his or her designee, working with the facility management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

SECTION 8 – Drug Testing

Drug-Testing Procedures
The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

The Center for Drug Free Sport will conduct drug testing at selected championships, and the assistance of the host institution will be a vital part of the testing. Information is available at www.ncaa.org/drugtesting.

Drug Testing Expenses
The proposed budget included in the site coordinators manual should be completed and submitted to the National Center for Drug Free Sport, Inc. (Drug Free Sport), before the start of competition if drug testing will occur at the site. The host institution shall submit an Institutional/Host Drug-Testing invoice upon completion of the championship for expenses related to drug testing. Receipts must accompany the invoice to receive reimbursement.

Facility Specifications
Hosts must identify two separate rooms (one for each team) where drug testing will be conducted. The area must have controlled access. Only those authorized by the drug-testing crew chief will be allowed in the area. Each room must accommodate the drug-testing crew, selected student-athletes and their institutional representative. Each testing room must have fully equipped restrooms adjacent to or in close proximity to the testing room. These restrooms must be secure and closed to the public.
Notification

Drug-testing information must be kept confidential and provided only on a “need-to-know” basis. If testing is to be conducted at the site, the tournament manager and site coordinator will be contacted by Drug Free Sport.

The tournament manager and site coordinator will be notified no earlier than seven days before the start of the competition as to whether testing will be conducted.

Media Obligations

Each team is provided a postgame cooling-off period. At the conclusion of the cooling-off period, a member of the drug-testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. Any student-athlete selected to participate in any postgame news conference is required to attend the news conference prior to checking in at the drug-testing venue. The student-athlete will be escorted to the drug-testing area after all media obligations have been fulfilled.

Next Day Testing

If competition begins at 10 p.m. or later (local time), both teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately following the contest. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the following day, the testing must begin no later than noon (local time) at the original test site. The host must arrange necessary transportation for teams that elect to test the next morning, or for individuals being tested who need to remain at the facility after other team members have departed.

Participant Notification

Announcing in advance whether drug testing will be conducted at a championship is strictly prohibited. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championship event.

The drug-testing crew chief or designee will notify the participating team’s representative no earlier than two hours before the start of competition that drug testing will be conducted at the site.

Seating

At team championships, escorts and the drug-testing crew shall sit in the non-playing participant or overflow media seating areas on the days when testing occurs.

Site Coordinator/Responsibilities

The tournament manager is responsible for designating an individual, who has no other responsibilities in conjunction with the championship, to serve as the site coordinator for drug testing. This individual will work closely with Drug Free Sport and the drug-testing crew chief. The site coordinator’s responsibilities are outlined completely in the site coordinator’s manual.
• **Confidentiality.** Keep testing information confidential at all times.

• **Contact Information (team championships).** The site coordinator will provide official travel party and drug-testing contact information to the drug-testing crew chief.

• **Couriers (individual/team championship).** The host will provide couriers to notify student-athletes of selection for drug testing immediately after the event for which they were selected. The courier must stay with and escort the student-athlete to the drug-testing area within 60 minutes of notification, unless directed otherwise by the drug-testing crew chief.

• **Championships Drug-Testing Site Coordinator Manual.** The championships drug-testing site coordinator’s manual, provided by Drug Free Sport, is available on the NCAA website at www.ncaa.org/drugtesting.

• **Escorts (team championships).** Two individuals (one per team) shall be assigned to serve as escorts for each game in which drug testing will occur. These individuals shall escort selected student-athletes and an institutional representative from the locker room to the drug-testing area.

• **Fluids.** A sufficient supply of individual cans or bottles of non-alcoholic and non-caffeinated fluids (e.g., bottled water, fluid replacement drinks) shall be available for distribution in the drug-testing area to student-athletes, as designated in the site coordinator’s manual. These supplies should be obtained from the supply of beverages provided by the NCAA.

• **Meeting with Tournament Manager.** The site coordinator will meet with the tournament manager to discuss duties and budget development.

• **Second Meeting.** A second meeting shall be scheduled with the tournament manager after the host receives confirmation that testing will take place at a site. If testing will be conducted at the site, the coordinator shall:
  - **Assistance.** Assist the drug-testing crew chief during testing as directed.
  - **Confirmation.** Review the site coordinator’s copy of the NCAA drug-testing confirmation memorandum.
  - **Credentials.** Ensure that the host issues All Access credentials and parking passes for the drug-testing crew and other necessary drug-testing personnel. Credentials should not reference drug-testing, doping control, etc. If an affiliation must be listed on the credential, “Games Management” is preferred.
  - **Crew Chief.** Contact the drug-testing crew chief assigned to the site to discuss logistics.
  - **Meet with Crew Chief.** Meet with the drug-testing crew chief the day prior to the scheduled testing date.
  - **Plans.** Meet with the tournament manager to finalize plans.
  - **Invoice.** Submit drug-testing invoice (with receipts) to Drug Free Sport after the championship.
  - **Transportation.** Pre-arrange for transportation for student-athletes to and from the competition venue to the drug-testing area and back to the sports venue or team hotel, should transportation become necessary.

• **Transportation/Lodging (drug-testing crew).** The drug-testing crew chief will make arrangements for the crew’s transportation and lodging, but may request the assistance of the site coordinator.
Drug Testing Statement

The following statement must be read at the administrative meeting:

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

SECTION 9 – Facility, Equipment & Space Requirements

Alcoholic Beverages

On the dates of competition or practice, no alcoholic beverages or “non-alcoholic” beer shall be sold or dispensed for public or private consumption anywhere in the facility, other than in privately-owned suites specifically exempt by facility contracts. Such beverages may not be delivered/brought to the suite during the championship (i.e. during the period of time when the facility is under NCAA control.)

Americans with Disabilities Act

The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The NCAA will rely on the host institution/conference to confirm compliance with the Act by the various facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

The facility is expected to be in compliance with all applicable city, state or Federal regulations concerning access and seating for disabled persons.

Equipment

Clocks. Game clocks should be in operation at practice sessions to aid in communicating the allotted time.

Portable Radios. The NCAA requires a minimum of 15 complimentary portable two-way radios.
Pucks. The NCAA shall provide game and practice pucks for all competition.

Scoreboard. Scoreboards shall display the names of the participating institutions rather than “Home” and “Visitors”.

Cups, Coolers, Water Bottles and Hydration Products
Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. No other cups, cans, coolers or water bottles may be used courtside or in the media areas during championships in which such equipment is provided by the NCAA. The host institution/conference may retain the coolers, cooler carts and ice chests after the competition. Participating teams may retain the water bottles and bottle carriers after the competition.

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonics) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Regionals and Championship Final Sites. The NCAA and Coca-Cola – a Corporate Champion supporting all NCAA championships – will provide POWERADE branded drinking cups, cup holders, water coolers, ice chests and, water (squeeze) bottles and bottle carriers for the championship. Please note that towels are not part of the equipment provided; any towels used on the sidelines must not contain any corporate logos-marks. Please review the information below as it pertains to the different scenarios that may exist.

All final and selected preliminary round sites will receive POWERADE branded equipment and product. Exact items and quantities will be provided to championship hosts by the NCAA.

If a championship also receives POWERADE branded squeeze bottles, they should be provided to all student-athletes. Non-POWERADE branded squeeze bottles brought by teams-student-athletes will not be allowed.

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use-consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

The POWERADE branded equipment must be used and should be positioned in all areas – specifically on or near the team benches-sidelines and in practice areas, locker rooms, student-athlete hospitality areas and media areas (when applicable). The POWERADE and water products must be made available in any-all areas as referenced above.

On the sidelines and within the competition area, all product should be consumed from the NCAA-provided POWERADE branded water cups or water (squeeze) bottles only.
The cups are to be used on the team benches, press row and the scorer's table in place of other cups (e.g., Coke, Gatorade) during practice and competition. Generic cups (devoid of commercial identification) also should be provided in the media and hospitality areas in the event the supply of NCAA cups runs low; this can be included as a match expense in the budget. The coolers should be placed directly behind the bench closest to the scorer's table.

Ushers or other match personnel should remove the coolers from the benches immediately following the match so that they are not emptied onto the floor during the post-match celebration.

If you would like to purchase additional product or soft drinks and are a Coke pour institution, please use the relationship you have with your local bottler. You do not need to contact the NCAA national office regarding additional product. Please note that this amount is to be listed on your final financial report. If you are a Pepsi pour school and would like the opportunity to purchase product, please contact Kristin Fasbender for the appropriate forms and guidelines. In the event that you are purchasing small quantities of product, you should check your local grocer, as these prices may be better than what the Coke local bottler can offer.

A letter from the NCAA office outlining the specific amounts will be sent to the tournament manager. You will be asked to inventory the amount of product that is left over at the conclusion of the championship(s). The national office will provide a form and a reminder letter. It is important that you are as accurate as possible on your count, so that we may ensure that future championships are receiving adequate amounts of product and equipment.

**Use of NCAA-Provided Coolers from Previous Years**
The host may use previously supplied equipment from the NCAA, specifically red POWERADE, equipment; however, they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

If you have any questions regarding any of this information, please contact Ms. Fasbender (317-917-6520; kfasbender@ncaa.org).

### NCAA Space Requirements

**Hospitality Room.** A championship hospitality room should be available. Participating teams' officials (president, athletics administrators, coaches, sports information personnel and trainers), host institution-sponsoring agency VIPs, media, and the NCAA Division I Men’s Ice Hockey Committee representatives are usually the invited guests. Game officials should not be invited.

You may be able to get the refreshments donated; however, sponsors' banners are not allowed in an on-site hospitality room. You could include the sponsor's name in the program or provide a program advertisement on a trade-out basis.

Coca-Cola is one of the NCAA's corporate champions, and you are encouraged to contact the national office to inquire about Coca-Cola's interest in providing product for the championship. Coca-Cola must be used in all hospitality areas, press areas and NCAA suites.

Alcohol must not be available for consumption in connection with an NCAA championship.

**NCAA Staff and Ice Hockey Committee Office.** A room at the arena shall be designated as the NCAA staff and Division I Men’s Ice Hockey Committee office. This room should be equipped with a computer that has printing capabilities.

**Locker Rooms.** A minimum of four spacious locker rooms, with showers, must be available for teams. Locker room space for a minimum of eight game officials also must be available. Print signs for the teams' and officials' locker room doors.

**Parking.** The host will provide 25 complimentary parking spaces in prime locations to be used at the sole discretion of the NCAA Division I Men’s Ice Hockey Committee, if necessary.
Suites.

Regional: The host institution-sponsoring agency will provide the NCAA with the private use of one corporate suite.

Finals: The host institution-sponsoring agency will provide the NCAA with the private use of at least three corporate suites (one for the NCAA committee, one for the men’s ice hockey conference commissioners and one for the NCAA Corporate Champions and Corporate Partners) prior to and during the competition.

Admission. The predetermined ticket admission rate for each luxury suite admission, not to exceed the cost of tickets in the general seating area.

Alcoholic Beverages. Alcoholic beverages shall not be delivered to private viewing suites on the dates of NCAA practice or competition. Additionally, it shall not be permissible for alcoholic beverages to be distributed or consumed outside the private viewing suites.

Parking

There should be enough parking spaces adjacent to the arena for the committee, team personnel, officials, NCAA staff and media. In addition, designate an area for team buses to drop off and pick up passengers.

Signage

Signage. There may be no commercial advertising, signs or displays of any kind, including those of NCAA corporate champions or corporate partners, hung, posted or displayed anywhere within the arena proper (i.e., any area from which the ice surface can be seen, including the scoreboard) during any session of the tournament. Coverage of these signs are at the expense of the host institution or building.

Exceptions. Exceptions to this policy are approved NCAA and radio/television banners. However, such displays shall not be illuminated and should be covered if at all possible.

Television/Radio Banners. At televised games, only the NCAA and television and radio banners may be hung (two banners for television and one for radio).

Alcohol, Tobacco and Gambling. No advertisements denoting, publicizing or promoting the sale of alcoholic beverages, tobacco products, gambling publications or services, or any professional sports organizations or teams, shall be hung, installed or displayed anywhere within the main seating area during the championship.

Boards. The NCAA will provide dasher boards. The arena will cover all signage on the “boards” prior to the practice sessions. The “boards” will remain covered throughout the competition and practice sessions.

Arena Signage. The arena shall cover all commercial advertisements in the spectator seating area that can be viewed from the seats, at their expense.
Illumination. All previously contracted static permanently installed advertising panels may remain uncovered, but any illumination of such signs must remain "off" during the NCAA tournament. (Regionals only; for Frozen Four, all signage is covered.)

Electronic Messages. No electronic board advertising of any kind may be displayed during practice or competition. This includes promotion of upcoming events in the facility. Public-service or promotional messages provided by the NCAA are permissible; all other messages must be approved in advance by the committee liaisons.

Video Screens. If electronic video replay screens are available, they may be used at the facility’s expense. Video screens may not display advertising.

Ice Machine. The NCAA will provide championship-branded art for the ice machines. No other commercial branding of any kind may be displayed on the ice machines without prior approval form the NCAA.

**Videotaping**

Teams may only videotape their own game(s) for scouting purposes. A team camera filming position will be predetermined. Team videographers will be allowed one person and one tripod-camera to film only their own game(s). Teams will be able to hook into the “mult” box for the ESPN feed.

**SECTION 10 – Financial Administration**

**Audit**

Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make best efforts to notify sites selected for audits within 30 days after the submission of financial reports, but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the following documentation will be requested: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; and competition venue rental agreement. The documentation should support all information on the host financial report.

**Approval of the Budget**

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. For first and second rounds, this also includes fee amounts for officials evaluators. The proposed budget must be submitted and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.
The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the given championship for sales made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA’s not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

### Financial Report

Host institutions must complete the online financial report, which includes accurately reporting all revenues and expense, and must include payment of the amount due to the NCAA, within **60 days** after the final date of competition at the site (if applicable). If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the “documents” tab as documentation supporting their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25 percent reduction in honorarium), 91-120 days (50 percent reduction in honorarium) and 121 days or more (100 percent reduction in honorarium). If there is a shortfall in the funds available to reimburse approved expenses and honorariums, the NCAA will make best efforts to reimburse the host within 5 business days of the report being approved by the NCAA finance and accounting department.

### Lodging Expenses

**Committee and Officials.** Room and tax shall be direct billed to the NCAA. They will be responsible for their own incidentals.

**NCAA Staff.** NCAA staff members will pay their own expenses, including lodging costs.

### Participating Institutions Expense Form

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the appropriate NCAA formula. The competing teams shall be responsible for their local transportation. Once the championship is completed, participating institutions should submit their online expense forms to the travel group at the NCAA national office within 30 days of the competition. Please note, that if you host a championship, the submission of per diem and/or transportation reimbursement is a separate process and submission from completing the host budgeting and approval process defined above.
Transportation

The NCAA shall pay for the rental of cars for a predetermined number of game officials and the NCAA committee representative(s). The championships staff will make all arrangements directly through Short’s Travel and communicate arrangements to the individuals who have been approved to rent cars.

Local Transportation for Teams. The host institution is urged to assist each team in arranging for local transportation (i.e., reserve team buses in advance or provide names and telephone numbers of companies that could be contacted).

SECTION 11 – Game Management

Announcer

The announcer is one of the key components to a successful championship session. An effort should be made to acquire a professional announcer with experience in announcing ice hockey games. The announcer is responsible to the ice hockey committee representatives.

If possible, the announcer should be assisted prior to the competition by a host institution/sponsoring agency designee who shall provide typed information on statistics, interesting notes about the participating teams and announcements (e.g., promotional announcements about the next game, etc.).

Guidelines. All announcements should pertain only to the Division I Men’s Ice Hockey Championship. If a special announcement is needed, it only should be made with committee approval. Promotional messages and/or announcements at the championship shall be limited to NCAA activities (i.e., championships, youth clinics, etc.). At no time should commercial contributors be recognized.

The announcer shall not be a "cheerleader" for any team. The announcer shall adhere to NCAA procedures rather than those that may have been in effect during the regular season.

The announcer should be asked to: (1) prepare information beforehand; (2) learn the correct pronunciation of all those involved (players, coaches, institutional personnel and officials); (3) have team statistical information as well as tournament records on hand for easy reference, and (4) maintain an unbiased stature.

Clock Malfunction. In the event of a game clock malfunction, the official game time shall be kept at the scorer's table. The announcer should provide the time remaining at two-minute intervals prior to the last two minutes of each period. The time should then be announced in 30-second intervals and at every face-off situation.

Meeting with NCAA presentation staff. The announcer shall meet with the NCAA presentation staff prior to the semifinals to review time schedules, coordination of national anthem and starting lineups.
**Crowd Control.** The announcer also shall review crowd control procedures with the committee and the tournament manager. (These procedures may include notes regarding intermission between semifinal games, awards ceremony, exits, seating, safety measures, first-aid stations and security measures after each game.)

**Emergency Calls.** All emergency calls and announcements must be approved by the Division I Men’s Ice Hockey Committee and NCAA staff.

Notes:
1. All agreements, whether with the institution, conference, an LOC or the venue should include mutual indemnification language.

3. Waivers for state institutions can be offered, but will not be offered in cases where the host institution is not responsible for championship operation.
4. Coverage limits may be satisfied through a combination of primary and umbrella/excess policies. Umbrella/excess policies shall follow form of the underlying coverage. Subject to the NCAA’s prior written approval, contractors may be permitted to maintain limits which are less than the limits required herein.
5. All insurance policies must be issued by an admitted insurance carrier with an A.M. Best rating of A-VII or better. All liability insurance policies must contain cross liability coverage or its equivalent (separation of insureds or severability of interest provisions). Further, coverage for the NCAA shall apply on a primary basis irrespective of any other insurance maintained by the NCAA, whether collectible or not. No policy shall contain a self-insured retention without prior written approval of the NCAA. No policy shall contain a deductible in excess of $25,000 and any/all deductibles shall be the sole responsibility of the host institution/conference, LOC or venue and shall not apply to the NCAA. All policies shall be endorsed to provide a waiver of subrogation in favor of the NCAA. Prior to execution of the agreement, host institution/conference, LOC or venue shall furnish NCAA with certificates of insurance evidencing compliance with all insurance provisions noted above. The insurance requirements set forth will in no way modify, reduce, or limit the indemnification herein made by host institution/conference, LOC or venue. Any actions, errors or omissions that may invalidate coverage for host institution/conference, LOC or venue shall not invalidate or prohibit coverage available to the NCAA. Receipt by the NCAA of a certificate of insurance, endorsement or policy of insurance which is more restrictive than the contracted for insurance shall not be construed as a waiver or modification of the insurance requirements above or an implied agreement to modify same, nor is any verbal agreement to modify same permissible or binding.

SECTION 12 – Local Organizing Committee (LOC)

The host institution should consider forming a LOC to act as the group responsible for making arrangements for fulfilling the obligations of the host institution, the city and the surrounding communities and to provide to the NCAA certain services and assistance in connection with the various activities related to the championship.
A LOC would encourage the involvement of various members of the local community in the development of the championship who, by their involvement, would promote the championship by providing a greater awareness of the championship within the community.

In addition, the LOC could help the university tap the volunteer resources available within your community. This would be accomplished by involving various segments of the community in the planning process of hosting the championship, thereby making people aware of the volunteer opportunities inherent in the administration of the event.

The host institution/sponsoring agency should designate a director of the LOC who shall maintain the ultimate responsibility for the operation of the championship. This individual coordinates the administration of the championship and the efforts of the LOC committees within the guidelines and procedures of the NCAA.

In addition to the director, the LOC could involve the following areas: game management, public affairs, volunteers, participant services, transportation and lodging. The LOC director should designate an individual to represent these areas and act as a member of the LOC Executive Committee.

A sample structure follows as a guideline for the hockey championship.

### Contacts

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to sell tickets and drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA Championships Marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor’s bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the Key Contact portion of the Host Reporting System.

### Expectations

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA Tournament Operations point person can communicate your marketing budget.
- Develop marketing goals. The primary focus should be driving ticket sales and attendance at the championship.
- Map out the timeframe to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities.
- Explore opportunities with traditional media (print, radio and television) in your area.

### Marketing Plan

Host institutions/conferences shall establish a marketing plan in coordination with the NCAA Championship Marketing contact. All marketing plans, marketing budgets and collateral must be approved by the Championship Marketing contact prior to implementation.

### Marketing Collateral

**NCAA Championships Online Marketing Website.** The NCAA Championships Online Marketing Website is a comprehensive tool designed to help hosts create marketing products which will generate awareness and promote ticket sales for the championship. The NCAA Championships Online Marketing Website can be accessed at [www.NCAChampsPromotion.com](http://www.NCAChampsPromotion.com).

Championship hosts should customize and download all necessary artwork to promote the championship from the online marketing website. Hosts should make every effort to use the NCAA Championships online marketing templates, produce the items locally and obtain reimbursement for production costs, up to the reimbursable allocation provided to you.

Each NCAA Championships host marketing contact and tournament manager will receive an email with the marketing website address, username, password and specific marketing budget allocated for the championship you are hosting. **The reimbursement amount is separate from the marketing/promotions budget allocated by host institutions through the championship bid process.** Please contact us at ncaachampspromotions@ncaa.org if you are unable to locate this information.
Customizable artwork templates available on the marketing website include:

- **Print**
  - Poster
  - Flyer
  - Print Ad
  - Table tent

- **Digital**
  - Email blast
  - Banner
  - Social media graphic

- **Outdoor**

If you have needs for artwork outside of what is available on the NCAA Championships Online Marketing Website, you may contact Sean Ward (sward@ncaa.org) for assistance.

All requests – artwork and reimbursement – must be approved by the national office staff before you proceed. Artwork requests and approvals will be managed through the website. If you do not have a local print vendor, we have listed NCAA preferred vendors on the website.

Collateral should not be created outside of the NCAA online marketing website. The website ensures proper usage of NCAA logos, trademarks, and ensures consistent branding across all 90 NCAA Championships.

*Please note, a limited number of Division I predetermined hosts will create all collateral by coordinating directly with the NCAA Championship Marketing contact; they will not have access to the NCAA online marketing website.*

Social Media Guidelines
The official NCAA social media pages and official hashtags can be found here: http://www.ncaa.org/socialmedia

Host Promotion of Championships
A lot of hosts already have an established presence in social media. Examples are school, LOC, sports corporation, venue or city pages. These pages are all acceptable places to promote hosting of an NCAA championship through the use of marketing messages and products supplied from the NCAA (links, web banners, flyers, etc.). The NCAA also promotes the championships (and the host involvement) on the appropriate NCAA social media pages. If the championship does not have an official NCAA page on a social media site, a host is still not permitted to create a page for it. The NCAA will make efforts to promote this championship on the other established pages, as necessary. Collaboration is encouraged through the use of cross-posting on Facebook (@ linking within text to drive fans to each other’s pages) and
mentions on Twitter (@ links to show coordination in posts). In addition to collaboration, idea-sharing is also encouraged and can be coordinated through the championships Assistant Director of Social Media, cdion@ncaa.org.

A host should not create a social media account (Facebook page, Twitter feed, Instagram, Tumblr account, etc.) solely devoted to promoting an NCAA championship. These pages become outdated, distract fans from established pages and fracture the NCAA message.

Top 10 considerations when planning for social media event marketing:

1. **Know your social media audience.** Utilize account analytics to learn about your fan demographics and monitor the engagement levels on your posts. Figure out what engages your fans.

2. **Encourage community.** Ask for feedback and opinion. This helps engage the user and may provide you with some good input. Also, reply to user questions with correct and helpful answers.

3. **Cross-post.** Cross-posting or mentioning others will help increase your visibility and spread credit throughout social media platforms.

4. **Use images.** Pictures are necessary to grab attention and interest. Users are more likely to engage versus text only.

5. **Be concise.** This is required on Twitter (140 characters) but should also be used on Facebook and other platforms without this limit. Get to the point within two sentences. Less than that, if possible.

6. **Lead your video.** You have mere seconds to garner a user’s attention on social media. Make sure your videos have an immediate point of interest to keep users engaged.

7. **Like or Follow people to help you.** Networking with members of the media, partner organizations and constituents on Twitter and Facebook is just as beneficial as in real life. On Facebook, like their pages, cross-post to them when you mention them or make them one of your favorites. On Twitter, retweet, join in on hashtags (#NCAA) and mention feeds in your posts.

8. **Keep it light.** While it is important to stay on message and deliver the facts, this is social media, after all. Have fun with it.

9. **If you hesitate about posting something, you probably shouldn’t.** There are no re-dos in social media. A “delete” doesn’t mean you can delete someone seeing it.

Please send direct questions to Chris Dion, cdion@ncaa.org, or send ideas or news to the general box, socialmedia@ncaa.org.

### Marketing Bylaws

**12.5.1.1 Promotions Involving NCAA Championships, Events, Activities or Programs.** The NCAA [or a third party acting on behalf of the NCAA (e.g., host institution, conference, local organizing committee)] may use the name or picture of an enrolled student-athlete to generally promote NCAA championships or other NCAA events, activities or programs. ### SECTION 17 – Medical Procedures
Institutions and athletics health care providers should adhere to federal, state and local regulations; NCAA bylaws and sport playing rules; and the NCAA Sports Medicine Handbook. #### Ambulance Service
At the NCAA’s expense, an ambulance shall be provided for event participants on game days. The ambulance should be equipped with advanced life-support equipment (e.g., AED with EKG capabilities, cardio-conversion drugs, emergency respiratory equipment).

#### Biohazard Cleanup
The athletic training staff shall prepare a biohazard kit to clean and manage all blood situations. Assemble and maintain supplies for cleaning and disinfection of hard surfaces contaminated by blood or OPIM. Items include personal protective equipment (PPE) (gloves, goggles, mask, fluid resistant gown if chance of splash or splatter); supply of absorbent paper towels or disposable cloths; red plastic bag with the biohazard symbol on it or other waste receptacle according to facility protocol; and properly diluted tuberculocidal disinfectant or freshly prepared bleach...

 Portable Baths  
Portable baths (hot or cold) must be used under the direction of the host sports medicine staff, athletic trainer or physician within the venue of the championship. If the host sports medicine staff permits the communal use of the baths, they must be properly disinfected between individual use, filtered and with proper circulation or otherwise maintained in a manner consistent with local public health codes. The NCAA permits ice baths in designated areas as directed by an athletic trainer or team physician when the bath is used as a component of the emergency care plan in the event of an exertional heat injury.

 Communication  
The athletic trainer and physicians should be equipped with a means of radio communication.

 Teams’ Physicians  
Participating institutions may include team physicians on their gate list. If the physicians are not seated on the bench, the host athletic trainer should ascertain their seat locations, in case of emergency, and be prepared to escort the physician to the team locker room, if necessary.  X-Ray Technicians  
X-Ray equipment and technicians shall be on-site during the championship. Should the institution have equipment in close proximity to the facility (e.g., building next door), this equipment may be used with NCAA approval.

<table>
<thead>
<tr>
<th>Concussions</th>
</tr>
</thead>
</table>
The NCAA has adopted legislation that requires each active member institution to have a concussion management plan for its student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions. A student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete’s institution. In the absence of a team physician or designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.
Medical Staffing

**Host Medical Staff.** It is the responsibility of the host institution/conference to provide medical coverage and care for participating student-athletes. In limited-access venues, the host medical staff will assess and remove from play student-athletes with injuries. Once removed, traveling medical staffs will have access to their student-athletes.

**Travel Party.** Medical personnel receive credentials for the championship as part of the normal institutional travel party. It is the responsibility of the participating institution to include medical personnel in their normal credential numbers. However, institutions may elect to pay for medical staff to travel in addition to the travel party limits though institutional funds. Competition site access can be secured by acquiring session tickets though purchase or an institutional pass list.

**Access.** Medical staff traveling with teams will have access to their team participants through the host medical staff, should an injury occur.

**Communication.** Contacting the host medical staff before arriving to the championship site is recommended. On arriving, understanding competition site access during the event will help coordinate access to injured student-athletes. Typically, an access point from the stands supervised by security will allow access to student-athletes.

 SECTION 18 – Merchandise

 Administration

The NCAA corporate relations department has oversight for the event merchandising program at all rounds and sites of NCAA championships. All licensing and merchandising questions should be directed to David Clendenin (317/917-6496; dclendenin@ncaa.org).

 Availability

An online ordering system will be available to participating institutions interested in ordering Event 1, Inc., merchandise in advance of the championship. Orders will be shipped by Event 1 directly to the participating institution’s campus.

 General Policies

**Institutional Merchandise.** A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20 percent commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15 percent of sales (or another percentage to be exclusively determined by the NCAA) (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year’s championship.
**Merchandise Received.** The quantity of NCAA merchandise available for sale will not be less than a comparable quantity at a comparable site of the previous year’s championship. The NCAA will work closely with Event 1 regarding projected attendance at sites in order to ensure that the appropriate amount of merchandise is provided.

**Reordering Process.** The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

*Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.*

Officials who receive approval for air travel must make flight arrangements through Short’s Travel Management at 866-821-8547.

SECTION 20 – Participating Teams

Admittance to Arena
A pass list identifying the 37 individuals who shall receive admittance to the arena shall be provided to the hockey committee at the mandatory coaches meeting. Any exceptions to this list must be approved by the NCAA.

Locker Room Area
Special locker room area passes will be distributed to 40 individuals per team. Only individuals wearing a locker room area pass will be permitted into the area. Ushers and security personnel must strictly enforce this rule and prohibit unauthorized personnel to this area.

Participant Manual
Each host shall make updates to the participant manual template provided by NCAA staff. The manual shall provide details for the championship and the host city. The manual shall be posted on the NCAA website for participating teams.

Team Hosts
Each team should be assigned a host or hostess to assist it during its stay.

SECTION 21 – Practices

Administrative Responsibility
Each participating institution is required to have an administrator accompany the team to closed practices to ensure that only those individuals affiliated with the institution or designated by the coach (again, excluding media) are allowed in the closed practice. This individual may be a trainer, sports information director (SID) or other administrator, but not a member of the coaching staff or a student.

Alternate Practice Site
The host institution is not obligated to arrange for an alternate practice facility for the visiting teams in the event they arrive early. Practice at an alternate site is permissible, but the visiting team is responsible for making these arrangements themselves.

### General Information
This championship will feature a printed program, which the NCAA and IMG College Publishing has the exclusive right to distribute at the competition venue during the championship. No competing publications, whether sold or free of charge, are permitted at NCAA events where printed programs are available. Any publications delivered to the venue are the property of IMG College before, during and after the event.

### Content/Editorial
**IMG College Responsibilities**
Responsible for all program production, including editorial content, layout and design, advertising and printing.

**Host Responsibilities**
Media contact should provide IMG College with text and photos for editorial pages about host institution/venue/city, if requested by IMG College.

Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing ad space for sponsors, etc., should contact Doug Iler (doug.iler@img.com).

### Supplemental Handouts
IMG College encourages the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes), provided any such materials:
- are only distributed with the purchase of a program
- do not include information available in the program
- do not include advertisements

The host should not include expenses for such supplements in the championship budget and/or financial report. All supplemental content is subject to NCAA and IMG College approval.

### Program Vending and Complimentary Programs
IMG College will enter into an agreement with the official program vendor of the host institution or sponsoring agency, and will supply programs and settlement sheets to the official vendor. The official vendor of the host institution or sponsoring agency at the site of the championship(s) is responsible for complete vending accountability, including full responsibility for inventory. When the requirements listed below (Program Vending Standards) are met, the host institution will receive a 20 percent commission of gross sales for providing these services. Below are the program vending responsibilities of both IMG College and the host, or official program vendor.

**IMG College Responsibilities**
- Reserves the right to manage vending/fulfillment in-venue
- Will email a vending agreement and settlement sheet to the vending contact and tournament manager
• Will ship and manage shipment of programs to arrive no later than the day prior to the start of the event, unless otherwise communicated by IMG College
• Will pay sales tax to the proper taxing authority

Host Responsibilities
• Prior to the event, the program vending contact listed on the host’s online key contacts form will need to confirm they are the contact and that the shipping information is correct, when requested by IMG College
• The host venue will provide all vendors unless otherwise prearranged with IMG College
• Return a vending agreement, signed by the tournament manager, to IMG College prior to the event
• Distribute the allotted amount of complimentary programs as specified below:

• Meet the “Program Vending Standards” (listed below) to receive 20 percent commission of the gross program sales
• After meeting the “Program Vending Standards,” IMG College will pay the vendor 20% commission of gross sales. The vendor is to keep the commissions earned and cut a check to IMG College for the amount due listed on the IMG College provided settlement sheet within two weeks after the event.
• Email and mail the completed settlement sheet provided by IMG College, after the event within the time frame specified in the vending agreement

Program Vending Standards
• Receive and take inventory of the programs upon arrival. Notify IMG College of any discrepancies in the quantity received or damages to the programs within 24 hours.
• Provide total management, control and accountability of the programs. If programs are lost, stolen or damaged, the programs are the responsibility of the vendor.
• Keep programs in locked and supervised storage.
• Provide an appropriate number of sellers throughout the facility in order to meet the demands of the projected crowds. The appropriate number of sellers should ensure that every fan entering the event will pass one person actively and exclusively selling programs, as well as placing multiple sellers in high-traffic areas to provide a quick transaction for all fans.
• Sellers should be either at designated program stands and/or stationed in high-traffic areas of the facility that are easily located (such as ticketed entrances).
• Ensure program stands and/or sellers are prepared to sell prior to the gates being opened. If using program stands or tables, the programs should be neatly displayed at all times. If using tables, please make best effort to make table presentable.
• Ensure that sellers are neatly dressed and are customer-oriented.
• Keep selling areas clean and neat at all times.
• Programs can be available at merchandise stands (i.e., along with apparel) but should not be sold exclusively in this manner.
• Sell programs throughout the event for a mutually agreed upon time with IMG College.
• Display signage in a professional manner, if provided by IMG College.
• Make sure vendors have necessary materials for selling throughout the event, i.e., appropriate number of programs and change. Replenishing sellers with programs and providing change should be done in a fast and efficient manner. This may include transferring merchandise between the slower and higher volume selling areas to meet customer demands.
• Below are a few best practices for vending programs:
  o Designate individuals to sell programs and pay them a commission for each program they sell, or
  o Recruit volunteers to sell programs as a fundraiser for their non-profit organization and pay them commission for each program they sell
  o Encourage vendors to walk through the stands to sell programs during the event

Questions
If you have any questions, please feel free to contact your NCAA administrator or Chad Laytham (chad.laytham@img.com) at IMG College.

SECTION 23 – Reception

Reception (finals only)
Arrangements should be made for a reception to be held Wednesday night prior to the semifinals for the official travel party (37 persons) of each of the four participating teams. Other people that should be on the guest list include members of the NCAA Division I Men’s Ice Hockey Committee (6), NCAA representatives (16), future hosts (30), additional host institution-sponsoring agency personnel (i.e., president, faculty athletics representative and workers greatly involved in the conduct of the championship), community dignitaries and media. Additional members of each institution's travel party may attend the reception at the institution’s expense. The host should include specific instructions for number confirmations in the participant manual.

Officials shall NOT to be included in any social event involving the participating coaches or student-athletes.

Alcohol must not be available for consumption in connection with an NCAA championship.

Format
The format generally calls for short welcome statements by representatives of the host institution-sponsoring agency, the community, the NCAA Division I Men’s Ice Hockey Committee and statements by the participating coaches or captains. If you know of an inspiring speaker with a message prevalent to the occasion, the time frame usually allows for a 10- to 15-minute speech.

The format should be determined by February 15 in concert with the NCAA Division I Men’s Ice Hockey Committee and NCAA staff. The format will be described in the participant manual sent to each participating coach.
**Seating**

Usually the participating teams feel more comfortable sitting together, so you may want to designate theatre seating or team tables using school colors, the team name and/or team mascot. Rounds of eight are preferred and the use of a head table should be avoided. The members of the NCAA Division I Men’s Ice Hockey Committee and NCAA representatives should have designated seats at a table near the front of the room, possibly sitting with other key university or community people. If one of the committee members is affiliated with a participating team, he will sit with the team.

**SECTION 24 – Safety-Security**

The suggestions outlined in Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan, which would be inclusive of the NCAA Championships Safety and Security Team Contact Information form. Items must be submitted once the opportunity to host has been awarded.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

**Minimum Number of Personnel**

Adequate uniformed security (not necessarily uniformed police) must be provided for the team
benches, teams' and officials' locker rooms, press conferences and working press areas, postmatch interview room, hospitality areas and any other area for which a credential is required or where crowd control is necessary. The committee representative will discuss with the tournament manager specific plans in this regard (e.g., number of security personnel necessary in each area). The tournament manager is responsible for reviewing all credentials with security personnel.

Closed Practices. A minimum number of uniformed security personnel (normal arena security is fine) should be assigned to the closed practices. They are responsible for assisting the committee liaisons in ensuring that only those authorized by the coach (excluding media) are allowed in closed practices.

Emergency Plans. Facility management must have specific written policies and procedures outlining the facility's emergency/evacuation plans and plans for assignment of security officers in and around the competition site. The NCAA representative and tournament manager should meet with security personnel to discuss existing security procedures and review potential security threats; review the facility to determine potential security problems, and discuss the emergency/evacuation plan.

Local Spokesperson. The host institution, working with facility management and Federal, state, county and city law-enforcement agencies, shall designate one individual to coordinate security efforts and serve as a local spokesperson during an emergency.

Open Practices. A sufficient number of uniformed security should be available to check credentials for those requiring access to the playing floor.

Team Bench Areas. A uniformed security officer should be stationed behind or at the end of each team bench to protect players from spectators, if necessary, and to accompany the teams to and from the locker room.

Threats. In the event a threat is received and time permits, the games committee should meet to discuss the potential problem; a decision would be made to implement the host institution/sponsoring agency's or facilities predetermined plan; make announcements, if necessary, and implement plans.

Nonpermissible Items.
The arena management is responsible for enforcing the NCAA policies in this regard. Patrons may not bring the following items into the arena without the advance written permission of the NCAA: alcoholic beverages, bottles, cans or containers, irritants (e.g., noisemakers) cups or strobe lights. The facility may have additional restrictions on items that may not be brought into the arena.

"Irritants". "Irritants" include such items as oversized flags, banners, or signs that may block the view of other patrons. The committee liaisons are responsible for determining whether a specific item in this category represents an "irritant" to other patrons and whether it should be prohibited.
**Distribution of Materials**

No person or group may distribute the following materials in the facility or adjacent areas that fall under the control of the arena management without the advance written permission of the NCAA: handbills, flyers, newspapers, memorabilia or promotional materials for other events or activities.

**SECTION 25 – Television**

**Selection Show and Regionals**

The 16-team selection show will be live on ESPNU at noon Eastern time, Sunday, March 19. ESPN2 (1 game), ESPNU (8 games), ESPNEWS (1 game) and ESPN Syndication-ESPN3 (2 games) will combine to produce and televise all 12 regional games live Friday-Sunday, March 24-26 on these networks.

**Finals**

ESPN2-ESPN3 will televise the national championship game live Saturday, April 8 at 8 p.m. Eastern time. ESPN2-ESPN3 will air both semifinal games live at 6 and 9:30 p.m. Eastern time, Thursday, April 6. All three Men’s Frozen Four games will be produced and televised in High Definition (HD) by ERT. Local television stations may not film any of the NCAA Division I Men’s Ice Hockey Championship games as ESPN, Inc. owns exclusive rights to these broadcasts. However, local television stations may plug into the ESPN truck audio-video feed via the “mult box or press bridge” at each regional site and at the Men’s Frozen Four to obtain the ESPN program feed. Any stations receiving this program feed must adhere to the NCAA audio and video highlight usage policies.

Visit the NCAA broadcast web page at www.NCAA.com-media for updated TV listings, game times and the complete NCAA Division I Men’s Ice Hockey Championship TV schedule. Please note that any games throughout the tournament that are televised live on ESPN, ESPN2 or ESPNU Syndication will also be available on ESPN3. Please refer to the NCAA Broadcast Manual & Policies for other broadcast related questions. The primary national office contact for any NCAA ice hockey championship television or broadcast matters is Kristen Jacob Smith, Championships and Alliances, Broadcast Services (kjsmith@ncaa.org; work: 317-917-6584; cell: 317-363-6410).

**SECTION 26 – Tickets-Seating**

**Ticket Design and Printing**

**Regionals**

Hosts are responsible for printing and distributing all tickets for regional competition. Point of sale ticket stock will be provided by the NCAA to each regional site and should be used, at a minimum, for the printing of all team tickets as well as any tickets sold from the NCAA’s ticket block. Any ticket stock, other than the stock provided by the NCAA, must be approved in advance by the NCAA.
The NCAA’s standard ticket back language should be placed on the back of all tickets for an NCAA event. If that is not possible, the language must be posted at all ticket windows for patrons to see and to be placed on notice about the restrictions.

Men’s Frozen Four
The NCAA will manage the design and printing process for the Men’s Frozen Four tickets. Point of sale ticket stock will be provided by the NCAA to the host for any box office sales or reprints.

### Ticket Blocks
The ticket block locations will be determined by the NCAA in conjunction with the host venue. Unless otherwise specified by the NCAA, the NCAA ticket block will be located between the blue lines in the lower level of the venue.

Team Allotments

Regionals
Each participating institution will be allocated a maximum of 400 all-session tickets. Each institution may return any of its unsold all-session tickets by noon Eastern time, the Wednesday following selections. The institution will be obligated to purchase any of its allocated tickets not returned prior to the noon deadline.

If any institution does not purchase the full allotment of 400 all-session tickets, the remaining tickets will be offered equally to the other institutions that may desire additional tickets.

Single-session tickets will not be sold to the participating institutions.

Location
The No. 1 and No. 2 seeds should be assigned to the two corners behind their team bench. The No. 3 and No. 4 seeds should be assigned to the two corners opposite their team bench. Bench assignments will be based on locker room locations and those locations will be assigned once the participating teams have been determined.

Men’s Frozen Four – NEW FOR 2017
Each participating institution will be allocated a maximum of 600 all-session tickets, with 400 seats located in the lower level and 200 seats located in the upper level. Institutions must, at minimum, purchase the 400 lower-level seats.

Each institution must notify the host ticket manager and the NCAA of the number of desired tickets by noon Eastern time, the Thursday prior to semifinal competition. The tickets will then be shipped to each institution for delivery on the Monday prior to semifinal competition.

If any institution does not purchase the full allotment of 600 tickets, the remaining tickets will be offered equally to the other institutions that may desire additional tickets.

Location
The No. 1 and No. 2 seeds should be assigned to the two corners behind their team bench. The No. 3 and No. 4 seeds should be assigned to the two corners opposite their team bench. Bench assignments will be based on locker room locations and those locations will be assigned once the participating teams have been determined.

Player-Guest Ticket Distribution/Will Call
Each institution will have a table for its use located near the host box office for the distribution of player-guest and will call tickets. Each institution is required to staff its own table. The table must be staffed 90 minutes prior to the start of the first game and remain staffed until the end of the second period intermission. Positive picture identification will be required to pick up tickets. If you choose to handle your will call at your hotel, please be advised that security will
be your own responsibility. Please limit will call at the venue as much as possible to assist with congestion in the lobby area.

### Payment
Full payment for tickets must be forwarded to the host ticket manager within 45 days of the last date of competition. Hosts are required to include their vendor identification number on each ticket invoice to allow the participating institutions to expedite payment. A $500 fine shall be assessed for each day an institution fails to pay for its tickets subsequent to the 45-day deadline. The NCAA may waive this provision based on extenuating circumstances.

### Complimentary Ticket Policy
Participating institutions are not entitled to complimentary tickets. The participating institutions must first purchase tickets, which are then treated as complimentary tickets for the student-athletes. A pass list system will be administered by a representative of each participating institution and each institution is required to staff its own table at the pass list entrance. Individuals using the pass list tickets should be directed to the appropriate entrance, where they will be identified by the institution’s designee, given a ticket stub and directed to his or her seats.

### Ticket Prices
Ticket prices will be determined by the NCAA in conjunction with the respective host institution/conference. Proposed prices must be submitted to the NCAA on the host’s budget form and may not be changed without NCAA approval. Hosts are encouraged to consider pricing options for single-session tickets, groups, students, etc. in addition to all-session ticket prices.

### Ticket Sales

#### Regionals
Regional sites are required to sell tickets as an all-session package until a date determined by the NCAA, in conjunction with the respective host institution/conference.

All regional tickets shall go on sale in the Fall preceding the competition.

#### Men’s Frozen Four
All Men’s Frozen Four tickets must be sold as an all-session package until a date determined by the NCAA, in conjunction with the respective host institution/conference.

Men’s Frozen Four tickets go on sale in late Fall through a private priority ticket purchase process. Tickets for the general public go on sale in December.

### Service Charges

#### Facility Usage Fees
With advance approval of the NCAA, a facility usage fee may be charged. These fees should be included as a budgeted expense on the financial report.
Year-Round Service Charge Option
Host institutions/conferences may elect to assess the consumer a service charge for host-constituent and general-public sales made by telephone, Internet or mail, provided that consumers have at least one option to purchase tickets without paying the surcharge (e.g., box office sales).

Each site will be responsible for submitting their proposed service charge fees to the NCAA for approval. The service charge breakdown should include a detailed outline/list of all of the costs associated with the service charge and must be approved by the NCAA prior to tickets going on sale.

By selecting this option, host institutions/conferences shall use the fees collected to cover all costs associated with the set-up and operation of a telephone, Internet or mail ordering system, whether conducted by an outside ticket agency or through the facility’s in-house ticketing system. The fee shall cover all costs for clerical personnel, supplies, handling, envelopes and postage/distribution. There shall be no reimbursement from the NCAA for these expenses.

Last Minute Service Charge Option
As an alternative, host institutions/conferences may elect to charge no service fee, in which case tickets will generally be sold by mail, with the NCAA reimbursing the host institution/conference for expenses for clerical personnel, supplies, handling, envelopes and postage/distribution. However, if there is no additional cost to the NCAA or consumers, host institutions/conferences may accept ticket orders by telephone or Internet at any time.

Other Service Charges
No other service charge or handling fee of any kind is permissible.

Age Restrictions
The NCAA will adhere to the host venue’s policy with regards to the age restriction for children who must have a ticket for admittance. If, according to the policy, the child is admitted free of charge, he/she must be accompanied by a ticketed adult and must sit on the adult’s lap.

If a host venue policy has not been established, children under the age of two shall be admitted free of charge, provided that they sit on the lap of ticketed adult.

Ticket Purchaser Data
At the conclusion of competition, the host box office shall provide the list of ticket purchasers for the event to the NCAA. The data shall be provided in an Excel file and contain, at a minimum, the customer’s full name, street address, email address and phone number. The NCAA may also request ticket purchaser data prior to the competition, if needed.

SECTION 27 – Transportation

Courtesy Cars
If the host develops a courtesy car program, the following policies should be understood:
Use of Cars. These cars are to be assigned as follows: one per team and one each for the committee representatives. Additional cars will be assigned by the NCAA.

Driver Identification Form. The tournament manager is responsible for completing the Driver Identification Form (Appendix C).

Insurance. The NCAA provides insurance for all NCAA-acquired courtesy cars.

SECTION 28 – Volunteers

<table>
<thead>
<tr>
<th>Goal and Recruitment</th>
</tr>
</thead>
</table>
| A volunteer program for the championship should be implemented to accomplish the following goals:  
  - Provide an enthusiastic and warm welcome to participants and guests;  
  - Answer questions and provide information to visitors;  
  - Contribute to the general excitement surrounding the championship; and  
  - To assist the LOC with championship operations.  

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from
the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

For the final site, the NCAA may request additional volunteers from the LOC as necessary.

<table>
<thead>
<tr>
<th>Apparel (Final Site Only)</th>
</tr>
</thead>
<tbody>
<tr>
<td>The NCAA will coordinate ordering and production of the apparel through the NCAA volunteer apparel program. Main Gate has been selected as the official NCAA volunteer apparel providers for all 2016-17 championships. The NCAA will offer its Corporate Champions/Partners the opportunity to help offset the cost. The champion/partner would be permitted to place one logo on each apparel item, if a separate apparel item is provided for these volunteers.</td>
</tr>
</tbody>
</table>

The championship logo and the licensee’s mark will be placed on the apparel. The licensee’s logo may appear on the right chest or sleeve. The licensee’s logo may be no larger than 2 ¼ inches square.

The LOC will distribute uniforms during the required volunteer training sessions to ensure each volunteer’s commitment. When ordering uniforms, the LOC will ensure that apparel includes women’s styles and sizes.

The games management staff, media coordination staff and host media operations staff should be included in overall volunteer numbers and should receive volunteer apparel.

*Note: Hosts shall work in collaboration with the championship administrator on the selection, ordering and distribution of volunteer apparel.*

<table>
<thead>
<tr>
<th>Waivers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Each volunteer must sign a waiver of liability before the start of the championship (See Appendix D). If there is a written agreement governing volunteer service, a release component must be added if one does not already exist. After the championship, all waivers shall be collected and kept on file, in case requested.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Recognition (Final Site Only)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upon receipt of a list of key volunteers (maximum of 25 individuals) provided by the LOC or host institution, the NCAA shall prepare an appreciation certificate for each volunteer included on the LOC’s/hosts list. This process may be initiated at any time in order that the certificates may be presented at a volunteer recognition event.</td>

Suggestions for Game Conditions at Hockey Events

The first thing to realize is that all buildings are different and these are just some suggestions for the building operators to shoot for. Each building operator needs to know and understand how their building is operated and how the building reacts to outside and inside conditions. Outside weather conditions need to be factored into how the facility adjusts its HVAC and ice settings. The size and activeness of the crowd will be a factor also.

Control over building temperature and humidity are critical to a good ice surface. Preparation of the building before game time is also an important part of the process as building temperatures and humidity change with the crowds coming in. Anticipating these changes will allow the conditions to still be good by game end. If multiple games are to be held proper time must be given between games to prepare the building and ice surface. Also extra time will be needed before and after the events to maintain proper ice thickness and conditions.

Ice Thickness to be maintained at 1” to 1 ½”. If painting over existing ice the ice should be cut down to approximately ½” to ¾” inches before repainting for the new event. Then the total ice depth should be built up to and maintained to approximately 1½” during the competition.

The ice should be maintained so that at the END of the period the ice surface temperature should be approximately 20-22 degree F for Hockey (22-24 for Figure skating).
** These temps may need to be lower if humidity and water quality can’t be met.
Building temperature should be maintained at 55-60 F deg with a RH of 50%.

If your Building Temperature is 60F deg or higher the RH should be at 40%

If your building humidity goes above 50%- the ice surface temperature will promote more snow, chipping and cuts in the surface. If the building equipment will not maintain the proper humidity portable dehumidifiers should be used.

The quality and temperature of the ice making water should be tested and maintained. While many things go into quality ice making water here are a few things that need to be checked. Water Temperature, using hot water of 140 to 160 degrees F is required to keep the air out of the ice making water. Total Dissolved Solids-TDS-Should be at 100ppm or less of all solids in the water content.

The building engineers need to know what the system can support based during a full house. Spectators do add humidity and temperature to a building, which makes it harder to maintain the above settings and more critical to have the systems set up to monitor your surface temperature, building temperature-humidity and water quality-temperature.
 i.e. Infrared sensors or thermometers, portable thermometer-hygrometer and water testers. The building engineers need to experiment to determine what their system can handle to maintain a high quality ice surface.

Others Items to consider:

1. Recommend that buildings that have a water quality problem, more then 125ppm total dissolved solids use water treatment to improve the water and ice quality. Good ice making water will allow the ice to be run at higher temperatures with much improved ice quality and clarity.
2. Two ice resurfacers should be used for all ice makes during a game.
3. Spectator netting should also be established for the end of the rink areas.

**Digital Indoor Thermometer-Hygrometer**
Using a separate meter aside from the building system is critical. This unit should be at ice level outside the boards to give you a good idea as to the conditions in that part of the building. Using a cheap version like the Radio Shack Model: 63-1036 at $19.99 is better than nothing, however a higher quality unit would be preferred.

**Tester, TDS-Temperature**
Hanna instruments Model number DIST5 or equivalent at about $80.00 is a great way to check your water quality on a regular basis. The unit will give you TDS-Temperature.

**Infrared Thermometers**
Raytek ST60 or equivalent is a good choice for an accurate infrared thermometer at about $250.00. But it is better to have a $60.00 Sears infrared thermometer then nothing at all.
The ticket back language should be placed on the back of the ticket stub, but if it cannot be done (e.g., no new ticket stock is produced), this language must at a minimum be posted at all ticket windows for patrons to see, be included as an insert with the ticket mailing, etc. Patrons must be put on notice regarding the restrictions.

If you receive a request for a variance in the standard ticket back language or if there is anything sport or facility specific that should be included, please consult with Josh Logan (jlogan@ncaa.org) and Chris Termini (ctermi@ncaa.org) on any correspondence. In addition, if the championships event uses an official, authorized secondary ticket seller (e.g., PrimeSport), please also consult Josh and Chris on any correspondence.

NOTE: Child admission policy - choose either the red or green statement from the yellow highlighted language below and delete the verbiage you choose not to use.

NOTE: Re-entry policy - if patrons are allowed to re-enter the facility, please edit the green highlighted “No re-admittance” language as needed.

Persons violating NCAA ticket resale policies may face sanctions including but not limited to loss of future ticket privileges. The NCAA reserves the right to limit or restrict the number of tickets that Holder may purchase or possess. Access to the facility (or substitute facility) by any person other than the original purchaser of this ticket may be denied. If access is denied, no refund of the ticket price will be due. No refunds or exchanges will be permitted.

No re-admittance. No firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers.

Failure to abide may subject you to ejection as well as other applicable discipline or action. Holder may not bring alcoholic beverages, bottles, cans or containers, laser pointers, irritants (e.g., artificial noisemakers), video recording devices or strobe lights onto the premises. Promotional items (e.g., shakers, cups, flags, etc.) with commercial slogans or identification also are prohibited. Noncommercial signs, flags or banners that, in the opinion of the NCAA, reflect good sportsmanship, can be held by one individual and do not block the view of other ticket patrons, are permitted. No signs, flags or banners of any size may be affixed to the facility. Holder shall not sell, transmit or aid in transmitting any description, account, picture, recorded transmission, video recording or other reproduction of the contest to which this ticket is issued. Holder expressly grants the NCAA and its licensees the right to use Holder’s image or likeness in connection with any live or recorded transmission or reproduction of such event, for any purpose, including promotional purposes, without further authorization or consideration. The NCAA may choose to relocate the event to another facility, with or without notice, and without liability, to Holder. The NCAA shall not be responsible for punitive, incidental, consequential, or special damages. The Holder of this ticket agrees not to take any action, or cause others to take any action, which would infringe upon the NCAA’s rights. Purchase or use of this ticket constitutes acceptance of these terms and conditions.
