Section 1 • Introduction

During the 2016-17 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Among the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women’s championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.
Administrative Meeting. Pre-championship meeting for coaches and administrators.
Appendixes. Any supplemental documents to be provided and distributed through the various resources.
Championship Administrator. The NCAA staff member responsible for the operational oversight of the championship.
Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA National Committee.
NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.
Playing Rules. The rules under which the competition will be conducted.
Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.
Preliminary Rounds. The rounds of the championship before the final or championship round.
Regional Alignment. The geographic location of institutions or regional advisory committees.
Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).
Selection Criteria. Policies and procedures in place to guide the selection process.
Site Selection. Policies and procedures in place to guide the site selection process.
Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.
Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.
Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.
Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.
Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I, Manuals Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal
shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sports committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4.2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division II, and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I); 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4.3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4.4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere policy and procedure and fines.

Section 4.5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey

After each championship, student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators will be copied on the email and asked to ensure participation from all student-athletes and coaches.

Section 5 • Elite 90 Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative GPA of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to NCAA.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athletes and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

Section 1•4 Important Dates

Sunday, May 7    Selections
Wednesday, May 10 Preliminary Games
Saturday-Sunday, May 13 or 14 First Rounds
Saturday-Sunday, May 20 or 21 Quarterfinals — James M. Shuart Stadium, Hempstead, New York
Saturday-Sunday, May 20 or 21 Quarterfinals — Delaware Stadium, Newark, Delaware

CHAMPIONSHIP DATES
Saturday and Monday, May 27 and 29, 2017 Gillette Stadium, Foxboro, Massachusetts

DATE FORMULA
Preliminary Games (1)  Wednesday following selections
First Rounds (8)        Saturday or Sunday before quarterfinals
Quarterfinals (2)       Saturday or Sunday before semifinals
Semifinals and Final    Saturday and Monday of Memorial Day weekend

FUTURE DATES
Finals                  May 26 and 28, 2018 — Gillette Stadium, Foxboro, Massachusetts
Finals                  May 25 and 27, 2019 — TBD

Section 1•5 Equipment

In accordance with Bylaw 12.5.4 (Division I), athletics equipment (e.g., shoes, gloves, helmets, sticks) may bear only the manufacturer’s normal label or trademark as it is used on all such items for sale to the general public. Failure to comply with this regulation may jeopardize a student-athlete’s eligibility.
RULES

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules, including men's lacrosse. The governing sports committee will not consider for selection purposes any games not played in accordance with the NCAA rules book.

The NCAA Men's Lacrosse Rules will be followed in all tournament games. See the appendix for the diagram of the official field of play. The Men's Lacrosse Rules book can be found at NCAA.org under publications.

Questions regarding the interpretation of rules should be addressed to Willie Scroggs, Secretary-Rules Editor, Men's Lacrosse, University of North Carolina, P.O. Box 2126, Chapel Hill, North Carolina 27515; phone: 919-962-3340, email: williescroggs@unc.edu.

Section 1.6 Uniforms

The higher-seeded team shall be designated the home team and shall wear white or light-colored jerseys; however, this rule may be waived if both coaches agree to do so before the game. When jersey colors are not sufficiently contrasting, the home team shall change its jerseys.

Student-athletes competing in each championship shall wear exclusively the official uniform of their institutions in competition and during related ceremonies. This applies to warm-up uniforms as well as uniforms for competition.

LOGOS

Refer to General Administrative Guidelines, Section 7.
Section 2•1 Championship Format

TRAVEL PARTY
The official travel party is 40 persons.

Division I teams located within 400 miles of their competition site are required to use ground transportation. Teams located outside 400 miles may use air transportation. All air transportation must be arranged through Short’s Travel Management (866-655-9215).

All ground transportation payable by the NCAA must be arranged through GO Ground Options (866-386-4951). The costs will be paid to the operator directly, eliminating the need for you to claim reimbursement.

Local transportation is not reimbursable by the NCAA. Participating institutions are responsible for arranging their own local transportation and may do so using the NCAA provider, GO Ground Options, or a provider of their choice.

Section 2•2 Results

RPI
The score-reporting and stats-reporting processes are combined for Division I men’s lacrosse. Schools will submit all schedule and results information to the NCAA statistics site (http://web1.ncaa.org/stats/StatsSrv/login), and this information will then be transferred into the RPI system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SID’s in a memo from the media coordination and statistics staff. For questions regarding the reporting process, please contact Mark Bedics at mbedics@ncaa.org or 317-917-6541.

 Copies of results will be obtained off the NCAA website, as posted by the host institution’s sports information director. These results must be posted on the day of the event and shall include at a minimum: (1) score by periods; (2) first and last name for all goal scorers for each team, along with their total goals for the game; (3) total shots for each team; (4) first and last name of all goalies who play; (5) total saves for each goalie for each team; and (6) announced attendance. A computer-generated box score will suffice as long as it includes all information listed. If the form does not, such information shall be added manually to the sports information director’s web report.

Section 2•3 Selection Information

ALLOCATION OF BERTHs
The Men’s Lacrosse Committee will select and seed the top eight teams for the championship, assisted by the regional advisory committee.

AUTOMATIC QUALIFICATION ELIGIBLE CONFERENCES
The Division I Competition Oversight Committee determined that the following 9 conferences shall be eligible for automatic qualification consideration this season, based on the Men’s Lacrosse Committee’s recommendation: America East Conference, Big East Conference, Big Ten Conference, Colonial Athletic Association, The Ivy League, Metro Atlantic Athletic Conference, Northeast Conference, Patriot League and Southern Conference.

The two lowest-ranked, automatic qualifying teams as determined by the committee, regardless of conference RPI, will compete in one preliminary game to determine the final AQ spot in the championship bracket.

AT-LARGE SELECTION
To be considered during the at-large selection process, a team must have an overall won-lost record of .500 or better against Division I opponents. Division I teams must play at least 10 games against Division I opponents. (Bylaw 31.3.3.1 —
Countable Competition.) For NCAA team-championship selection purposes, competition is countable only when the teams
played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition
in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of United States four-year, degree-granting
institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year
colleges and club teams shall be excluded.

Sections 2.4  Selection Criteria

Primary Criteria:
- Strength-of-schedule index [based on team’s 10 highest-rated contests (two games against the same opponent will
count as two contests)].
- Results of the RPI:
  - Record against ranked teams 1-5; 6-10; 11-15; 16-20; 21+
  - Average RPI win (average RPI of all wins)
  - Average RPI loss (average RPI of all losses)
- Head-to-head competition:
  - Results versus common opponents
  - Significant wins and losses (wins against teams ranked higher in the RPI and losses against teams ranked lower
  in the RPI)
  - Locations of contests

Additionally, input is provided by the regional advisory committee for consideration by the Division I Men’s Lacrosse
Committee. Coaches’ polls and/or any other outside polls or rankings are not used by the committee for selection purposes.

The top eight teams will be seeded and separated in the bracket, the remaining eight teams will be placed geographically. In
making bracket assignments, the closest geographical consideration will be used as well as the ability to separate conference
opponents during the first round of competition.

Sections 2.5  Site Selection

Any institution interested in hosting any preliminary-round competition of the 2017 NCAA Division I Men’s Lacrosse
Championship must submit a proposed budget, respond to sport-specific questions and ensure that the institution’s key
contacts and facility information are complete and current in the Championships Bid and Profile System. Please note that
in order to submit a bid, you must first locate the desired championship in the “Championships Available for Bidding” and
select “Start Bid.”

CHAMPIONSHIPS BID AND PROFILE SYSTEM

The Championships Bid and Profile System can be accessed at championships.ncaa.org. The deadline to submit all bid
materials for preliminary rounds is April 28.

In addition to projected ticket sales and game expenses, prospective hosts should include the following when completing a
proposed budget:
- Committee/site representative lodging.
- Game officials lodging.
- State and city taxes/fees.
- Ticket and facility fees.
FACILITY PROFILE

Institutions interested in hosting any preliminary-round competition of the 2017 NCAA Division I Men’s Lacrosse Championship must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located at championships.ncaa.org. Any supporting information (e.g., facility diagram, pictures) may be uploaded and attached to that facility’s profile. This information will be made available to the sport committee to aid in their deliberations of prospective host sites.

KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Profile System at championships.ncaa.org.

FINAL FINANCIAL REPORT

A final financial report from each championship site must be submitted via the Championships Bid and Profile System under the “budget” tab not later than 60 days after the event.

CONTACT INFORMATION

If you have any questions regarding the bid process, please contact Anthony Holman at 317-917-6929 or championshipbid@ncaa.org.

SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA Championships. We urge each competition venue to take these Best Practices into account when developing its safety and security program. As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document. The best practices for venue safety and security along with the safety and security contact form is located at:
