Section 1 • Introduction

During the 2016-17 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Among the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Administrator. The NCAA staff member responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA National Committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the selection process.

Site Selection. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I, Manuals Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal
shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sports committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

**Section 4.2 Drug Testing**

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division II, and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I); 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

**Section 4.3 Honesty and Sportsmanship**

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

**Section 4.4 Misconduct/Failure to Adhere to Policies**

**MISCONDUCT**

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

**FAILURE TO ADHERE TO POLICIES AND PROCEDURES**

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere policy and procedure and fines.

**Section 4.5 Sports Wagering Policy**

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey
After each championship, student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators will be copied on the email and asked to ensure participation from all student-athletes and coaches.

Section 5 • Elite 90 Award
The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative GPA of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to NCAA.org.

Section 6 • Fan Travel
NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athletes and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy
[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2½ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

**Section 8 • Research**

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

**Section 9 • Religious Conflicts**

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]

**Institutional Policy.** If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)

**Individual Championships.** In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

Section 1.4 Important Dates

Tuesday, April 4  Regional advisory committee call and practice ranking (unpublished).
Wednesday, April 5  National committee ranking call and practice ranking (unpublished).
Tuesday, April 18  Regional advisory committee call and first ranking.
Wednesday, April 19  National committee call and first published ranking.
Tuesday, May 2  Regional advisory committee call and second ranking.
Wednesday, May 3  National committee call and second published ranking.
Tuesday, May 9  Regional advisory committee call and third ranking.
Wednesday, May 10  National committee call and third published ranking.
Monday, May 15  Deadline for conferences to submit automatic qualifier by 1 p.m. Eastern time.
   (Conference championships must be scheduled to be completed by midnight on
   Sunday but are permitted to submit their automatic qualifier on Monday in the
   case of inclement weather.)
Monday, May 15  Regional advisory committee call and national ranking (unpublished).
Tuesday, May 16  National selection and notification of participants by 5 p.m. Eastern time.
   Reference: Selection Information in this manual.
Thursday, May 18  5 p.m. Eastern time Deadline for submission of lineup forms and championship
Wednesday, May 24  Practice, boat certifications, coxswain meetings at national championships.
Thursday, May 25  Practice, boat certifications, coxswain meetings, administrative meeting at
   national championships.
Thursday, May 25  Championship banquet brunch.

Championships Dates
Friday-Sunday, May 26-28  Championships at Lake Mercer, West Windsor, New Jersey;
   hosted by The Ivy League and MAAC Conference.

Date Formula
Last Friday in May through last Sunday in May or first Sunday in June. Date accommodations will be made for institutions
with a “No Sabbath Play” policy on file with the NCAA.
FUTURE DATES

Friday-Sunday, May 25-27, 2018
Championships at Nathan Benderson Park, Sarasota, Florida; hosted by the University of Central Florida.

Friday-Sunday, May 31 – June 2, 2019
TBD

Section 1•5  Equipment

All boats, oars and other equipment must conform to USRowing rules, except for rules pertaining to uniforms, male coxswains and equipment, where NCAA rules will apply. All boats are required to have the name of the institution in letters at least 2 inches high on each side of the boat. It is preferred that the name be placed near the coxswain on the Eight boats. A boat that fails to have the name of the institution on both sides at boat certification will not pass boat certification and will not be allowed on the water until the institutional name appears on both sides of the boat. Manufacturers’ normal identification may appear on participants’ uniforms, per provisions of Bylaw 12. Manufacturers’ normal identification may appear on equipment; all other identification is limited to the name of the institution and the boat’s name.

See Appendix B on page 20.

Section 1•6  Rules

USRowing rules will be followed, with the exceptions of:

1. Honest Effort — In addition to the USRowing definition of race cadence, honest effort will be enforced if an intentional slowdown is observed. Crews will be expected to maintain a race pace, which will be perceived in reasonable conditions as a minimum stroke rating for the Eight boats of 32+, and a minimum 30+ stroke rating for the Four boat. The referee will give instructions to the crew to increase its speed. If the crew does not respond, a red flag will be raised immediately after the completion of the race, and the crew will be advised of a possible violation. Within 10 minutes of the completion of the race, a jury comprised of members of the committee and selected referee/judges will be convened to determine if a violation of the rule occurred. A representative of a competing institution may challenge the Honest Effort rule regardless of an official’s notification, within 30 minutes of the race. A penalty may be imposed on the involved boat, which may result in NOT advancing or receiving team points for that boat. In addition, if the final result/time or future results indicate that honest effort was not given by a specific crew, then that institution will be subject to the provisions of the misconduct policy.

2. NCAA rules regarding uniforms will be applied.

3. At least the last 500 meters of the race will be announced.

4. Participation by male coxswains is not permitted. Race results against boats using male coxswains will not count toward rankings or selections.

5. The use of aids such as an apparatus for wireless communication and water-soluble chemicals intended to reduce frictional resistance is prohibited. However, GPS systems and Action/Sports Cameras (e.g., GoPro) will be allowed as long as there is no direct communication, or transmission of information, to land. Cameras on tripods are prohibited on boats during competition.

6. Any weight violator would be relegated to last place in that race and a second weight violation would be an exclusion from the competition.

7. Minimum boat weights are listed in Appendix B on page 20.

Per Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization. (See US Rowing rule book.)
Section 1.7  Jury

A jury comprising the rowing committee and selected judge/referees will convene to settle any disputes that arise during the conduct of competition. All protests are administered according to the current USRowing rules.

Section 1.8  Uniforms

All competitors in a crew shall wear identical clothing for all competitions, practices, interviews and awards sessions. Such clothing shall cover the torso of the body and may also include warm-up gear. The chief referee may grant exception to this rule on account of unusual weather conditions. Individual competitors in a crew may choose whether or not to wear a hat or other headgear, but it must be similar in color.

LOGOS

Refer to General Administrative Guidelines, Section 7.

Note: These restrictions apply to all apparel worn by student-athletes during the competition, which includes pre-race or post-race activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff.
Section 2 • Determination of Championship Participation

Section 2.1 Championships Format

The NCAA Division I Women’s Rowing Championships are comprised of 22 teams and provides for three events (I Eights, II Eights and Fours), each covering a 2,000-meter course. Each team is required to field two boats of eight rowers each and one boat of four rowers. Individual rowers are not permitted to double at the championships. Only boats that have been weighed in and are participating in the championships are allowed on the water. No pairs rowing.

SCHEDULE OF EVENTS

[Reference: Participant manual for championships schedule, meetings, and practice times.]

Administrative Meeting. A mandatory meeting for head coaches of the competing teams, chief referee and the Women’s Rowing Committee will be conducted before the competition. The provisions of Bylaw 31, which prescribes conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the championships for reasons of misconduct, as well as other pertinent information regarding the championships, will be presented.

Coaches not in attendance are subject to a fine of $200 per school. Attendance at the meetings will be taken. Check-in time is 15 minutes before the start of the meeting. Coaches will confirm final lineups at this meeting.

Coxswain Meetings. All coxswains will be required to attend one of four coxswain meetings before they are allowed on the water. The date and times of the meetings are published within the participant manual.

Postponement of Racing/Lane Assignment. The chief referee, in consultation with the committee and the regatta director, will make all decisions regarding the postponement of racing and lane reassignment.

Practice. The dates and times that the course will be available are published in the participant manual. Institutions are not permitted to practice on the race course before the first practice session. Boats will not be permitted to launch with fewer than 30 minutes remaining in a practice session.

Coaches are not permitted on the water. Crews must practice in gear that complies with Bylaw 12 and 31 in the NCAA Manual.

A course marshal will be on the water during all practice sessions to ensure that the traffic rules are observed properly during training.

Specific traffic rules will be posted at the competition site.

TRAVEL PARTY

[Reference: Squad Size in this manual and Per Diem and Transportation in the Division I General Section.]

Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at www.NCAA.org, under Division I, Championships, Championships Travel Information.

TRANSPORTATION OF BOATS

In addition to reimbursing members of the official traveling party, expenses for transporting boats to and from the competition site will be reimbursed by the Association.

The reimbursement rate is 74 cents per mile for an institution’s own boat. If an institution also transports another institution’s boats, the rate is 18 cents per mile for each additional boat not to exceed $1.42 per mile.

The driver of the boat trailer shall not receive a per diem unless he/she is a part of the institution’s official travel party of 31. Institutions requesting reimbursement for transporting boats must obtain prior approval from the committee for their method of transportation.
Section 2•2 Results

In order to be considered for selection to the 2017 rowing championships, all institutions must ensure that the electronic submission of results from all eligible competition opportunities in which their student-athletes compete is reported by the regatta host to the row2k website results-reporting system.

Hosts are required to submit their regatta results to www.row2k.com by the deadline indicated. Failure to submit the results in a timely manner may affect a team’s regional ranking and selection to the championships. Late results submissions that are the basis for championship selection will result in a fine of $200, with potential additional fines for repeated violations. See specific details as outlined in the document, Results Reporting, on the NCAA website, Division I Championships, Rowing, Results Reporting Instructions.

All institutions must publish boat lineups on the official institutional athletics website in the post-race recap. Failure to post lineups may result in a $200 fine for failure to adhere to championship policies and procedures.

Section 2•3 Selection Information

CHAMPIONSHIPS FIELD

Twenty-two teams will comprise the Division I Rowing Championships with 11 teams qualifying from their conferences as automatic qualifiers.

AUTOMATIC QUALIFICATION

Beginning with the 2013 championships, 11 conferences have been granted automatic qualification into the championships. The following conferences are eligible for automatic qualification to the 2017 championships:

- American Athletic Conference
- Atlantic 10 Conference
- Atlantic Coast Conference
- Big Ten Conference
- Big 12 Conference
- Colonial Athletic Association
- The Ivy League
- Metro Atlantic Athletic Conference
- Pac-12 Conference
- Patriot League
- West Coast Conference

Teams qualifying for the championships as an automatic qualifier or as an at-large will be required to field two boats of eight rowers each and one boat of four rowers. Individual rowers are not permitted to double at the championships.

AT-LARGE SELECTION

The remaining 11 teams for the championships will be chosen by the NCAA Division I Rowing Committee utilizing the selection criteria as outlined in section 2.4.

ENTRY PROCEDURES

Coaches are required to submit entries based on fastest/strongest boat at the time of the championships for the following events (noted in priority order): Varsity 8, Second Varsity 8 and Varsity 4.

Lineup Form. The lineup form must be submitted properly (Information in the selections memo) by 5 p.m. Eastern time on May 19. Coaches will have a chance to make all final changes at the pre-championships meeting at the NCAA Women’s Rowing Championships.

Late Lineup Form. Forms received after the deadline will be considered late and subject to a fine of $400 per team.

Substitutions. Final lineups for all three boats are due at the pre-championships coaches meeting conducted at the championships site. Once the lineup form has been submitted at the coaches meeting on-site at the championships, coaches can change the order/seats of student-athletes in a boat without approval but cannot change student-athletes between boats.
without following official protocol. This process is initiated with the change of lineup approval form, found in the participant manual, and only granted for student-athletes who have been seen by the host physician and declared unable to race due to illness or injury. If an illness or injury occurs to a competitor and that competitor is later restored to health, the crew must revert back to that which was originally submitted prior to the start of competition. All proper medical forms must be completed for exemption from competition, as well as clearance to return to competition.

RANKING

Each regional ranking committee is charged with monitoring the performance of the teams within the region. Regional rankings are comprised of the top six teams in each region. There is a ranking for each boat classification (Varsity 8, Second Varsity 8, Varsity 4), plus an overall team ranking that is a tabulation of each team’s points in the three boat classifications.

Points are awarded for each ranking based on the following point system:

<table>
<thead>
<tr>
<th>VARSITY 8</th>
<th>SECOND VARSITY 8</th>
<th>VARSITY 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st place – 18 points</td>
<td>1st place – 12 points</td>
<td>1st place – 6 points</td>
</tr>
<tr>
<td>2nd place – 15 points</td>
<td>2nd place – 10 points</td>
<td>2nd place – 5 points</td>
</tr>
<tr>
<td>3rd place – 12 points</td>
<td>3rd place – 8 points</td>
<td>3rd place – 4 points</td>
</tr>
<tr>
<td>4th place – 9 points</td>
<td>4th place – 6 points</td>
<td>4th place – 3 points</td>
</tr>
<tr>
<td>5th place – 6 points</td>
<td>5th place – 4 points</td>
<td>5th place – 2 points</td>
</tr>
<tr>
<td>6th place – 3 points</td>
<td>6th place – 2 points</td>
<td>6th place – 1 points</td>
</tr>
</tbody>
</table>

The overall regional ranking (team ranking) is determined by adding the total number of points for each team from all three classifications. The team with the highest point total is ranked first in the region, continuing through the team with the lowest point total as the sixth-ranked team in the region. An example ranking is as follows:

<table>
<thead>
<tr>
<th>VARSITY 8</th>
<th>SECOND VARSITY 8</th>
<th>VARSITY 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Team A – 18 points</td>
<td>1. Team C – 12 points</td>
<td>1. Team A – 6 points</td>
</tr>
<tr>
<td>2. Team B – 15 points</td>
<td>2. Team E – 10 points</td>
<td>2. Team C – 5 points</td>
</tr>
<tr>
<td>3. Team C – 12 points</td>
<td>3. Team A – 8 points</td>
<td>3. Team D – 4 points</td>
</tr>
<tr>
<td>4. Team D – 9 points</td>
<td>4. Team B – 6 points</td>
<td>4. Team B – 3 points</td>
</tr>
<tr>
<td>5. Team E – 6 points</td>
<td>5. Team G – 4 points</td>
<td>5. Team G – 2 points</td>
</tr>
<tr>
<td>6. Team F – 3 points</td>
<td>6. Team D – 2 points</td>
<td>6. Team F – 1 points</td>
</tr>
</tbody>
</table>

From the point totals above, the final tally for each team is as follows:

Team A: 32 points (18+8+6)
Team B: 24 points (15+6+3)
Team C: 29 points (12+12+5)
Team D: 15 points (9+2+4)
Team E: 16 points (6+10+0)
Team F: 4 points (3+0+1)
Team G: 6 points (0+4+2)

The final regional ranking would be as follows:

1. Team A (32 points)
2. Team C (29 points)
3. Team B (24 points)
4. Team E (16 points)
5. Team D (15 points)
6. Team G (6 points)
Section 2.4 Selection Criteria

Race results against boats using male coxswains will not count toward rankings or selections. Participation by male coxswains is not permitted. In accordance with Bylaw 31, the following criteria will be used in selecting teams and individual boats:

a. Eligibility and availability of student-athletes.
b. End-of-season championship results.
c. Late-season performance (defined as competition taking place within the five weekends prior to the selection date for the NCAA championships).
d. Head-to-head results.
e. Results versus teams already selected.
f. Results versus common opponents.
g. Results versus regionally-ranked teams in own region.
h. Results versus regionally-ranked teams out of region.

Note: Due to uncontrollable circumstances that would not allow for a 2,000-meter race, more consideration will be given to races closest to that distance.

PROGRESSIONS

Format: Four heats, two repêchages, two semifinals A-B and two semifinals C-D.

Heats: Top two crews advance to A-B semifinals, the remainder to reps.

Repêchages: Two seven-boat repêchages, Top two crews advance to A-B semifinals, remainder to C-D semifinals.

Advancement: Top three crews from semifinals A-B advance to Grand Final, remainder to Petite Final. Top three crews from semifinals C-D advance to C final, remainder advance to D final.

See Division I Rowing landing page for progression options. http://www.ncaa.org/championships/division-i-rowing

The draw for first-round heats will take place following the selection of teams and be announced during the NCAA Division I Women’s Rowing Championships selection webcast on May 17. For the I Eights, II Eights and Fours, all 22 boats will be seeded into four heats. Subsequently, the games committee will do the progression, lane assignments and draws within one-half hour after the conclusion of the heats for an event using the methods outlined below.

SEEDING

All seeding will be determined by the national committee using the selection criteria. As determined by the committee, the 22 boats will all be seeded for the I Eights, II Eights and Fours. Each event will be seeded independently. The boats will be placed into heats and lanes based on an S-curve (1, 8, 9, 16, 17 in heat 1; 2, 7, 10, 15, 18 in heat 2; 3, 6, 11, 14, 19, 22 in heat 3; 4, 5, 12, 13, 20, 21 in heat 4).

<table>
<thead>
<tr>
<th>HEAT 1</th>
<th>HEAT 2</th>
<th>HEAT 3</th>
<th>HEAT 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>2</td>
<td>3</td>
<td>4</td>
</tr>
<tr>
<td>8</td>
<td>7</td>
<td>6</td>
<td>5</td>
</tr>
<tr>
<td>9</td>
<td>10</td>
<td>11</td>
<td>12</td>
</tr>
<tr>
<td>16</td>
<td>15</td>
<td>14</td>
<td>13</td>
</tr>
<tr>
<td>17</td>
<td>18</td>
<td>19</td>
<td>20</td>
</tr>
<tr>
<td></td>
<td>22</td>
<td>21</td>
<td></td>
</tr>
</tbody>
</table>

In the heats, the principle is to place the crews with the highest seedings in lanes 1 and 2 of the course. Similarly, the crews with lowest seedings will be placed in lanes 5 and 6 of the course. In the repêchages and semifinals, the principle is to place the crews with the best previous results in lanes 1 and 2 of the course. Similarly, the crews with the worst previous results are placed in lanes 5 and 6 of the course. If crews have the same placing in the heats or repêchages, there will be a draw to determine the
exact lane. The winners of the semifinals shall compete in the finals in lanes three and four. The second crews shall compete in lanes two and five. The third-place crews shall compete in lanes one and six (the lane for each pair to be drawn).

Under extenuating course conditions, the chief referee, in consultation with the committee, will make all decisions regarding lane assignments.

Dead Heats. If there is a dead heat between two or more crews, the following procedure will operate:
a. In a preliminary heat, a repêchage or a semifinal, if a dead heat occurs between crews and if it is critical for only one of the crews to progress into the next round, there must be a re-row between the crews involved. The re-row must take place on the same day as the dead heat and not less than two hours after the race in which the dead heat occurred. The committee reserves the right to advance both crews under certain conditions (e.g., when a heat and repêchage occur on the same day and a seven-lane course is available). If the crews involved in the dead heat both are progressing into the same round, there will be no re-row and their relative positions in the draw for the next round will be decided by lot.
b. In a final, if a dead heat occurs between crews, they will be given the same placing in the final order and the next placing(s) will be left vacant. If the tied placing is for a medal position, the organizing committee will provide additional medals. Points awarded for ties will be calculated by averaging the points for the place tied with the points awarded for the next place.

Points system. Team totals at the NCAA championships will be determined using the following points system.

<table>
<thead>
<tr>
<th>PLACE</th>

</table>

Note: Ties for team awards will be broken by the place finish in the I Eights.

Section 2.5 Site Selection

Any institution or conference interested in hosting the NCAA Divisions I, II or III Rowing Championships must submit a proposed budget, facility evaluation form, key contacts form and video board questionnaire (if applicable) to be considered to host via the Championships Bid and Host Profile portal. A separate proposed budget and key contacts form must be submitted
for each round that an institution or conference is interested in hosting. A final financial report from each championship site
must be submitted via the Championships Bid and Host Profile portal under the “budget” tab not later than 60 days after the
event. Reference: Bylaw 31 in the NCAA Manual. If you have any questions regarding the next available bid cycle, please
contact the NCAA Championships and Alliances staff at 317-917-6397 / championshipbid@ncaa.org.

PROSPECTIVE HOSTS

All bid-related forms can be accessed via the Championships Bid and Host Profile portal. To submit a bid, first search for the
desired championship under “championships available for bid” and select “add bid.”

SAFETY AND SECURITY PLAN

Based upon a review of current and future championships competition venues, discussions with safety and security experts,
and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop
a compilation of Best Practices for NCAA Championships, which can be found in the “Help/Other Resources” tab in the
championship host portal. We urge each competition venue to take these Best Practices into account when developing its
safety and security program.

As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA
Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document.
This information should be submitted to Ryan Tressel at the NCAA (rtressel@ncaa.org) as part of your bid to be considered
for championship site selection.

- University of Portland
- St. Mary’s College of California
- University of San Diego
- Santa Clara University
- Seattle University
- University of Southern California
- Stanford University
- University of Washington
- Washington State University
Appendix B • Equipment

Construction and Design

Free Construction of Equipment. Except as specifically limited in these rules, there shall be no limitations on the design and construction of boats, oars and other equipment. All boats, oars and other equipment must conform to USRowing Rules 3-101 through 3-205, except for rules pertaining to uniforms, male coxswains and equipment, for which NCAA rules will apply. All boats are required to have the name of the institution in letters at least two inches high on each side of the boat. It is preferred that the name be placed near the coxswain on the boat. A boat will not be allowed on the water until the institutional name appears on both sides of the boat. Manufacturers’ normal identification may appear on participants’ uniforms, per the provisions of Bylaw 12.5.4. Manufacturers’ normal identification may appear on equipment; all other identification is limited to the name of the institution.

General Requirements for Boats.

1. A boat in the sport of rowing shall have all its load-bearing parts, including axes of moving parts, firmly fixed to the body of the boat, but the seat of a rower may move along the axis of the boat.

2. The use of “sliding riggers,” in which the fulcrum of the oar is not stationary with respect to the body of the boat, is strictly forbidden.

Categories of Boats.

<table>
<thead>
<tr>
<th>Number of Rowers</th>
<th>Oar</th>
<th>Coxswain</th>
<th>(Abbr.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>Sweep</td>
<td>With</td>
<td>4+</td>
</tr>
<tr>
<td>8</td>
<td>Sweep</td>
<td>With</td>
<td>8+</td>
</tr>
</tbody>
</table>

Minimum Weight of Boats. All boats shall comply with the following minimum weights:

<table>
<thead>
<tr>
<th>Category</th>
<th>Weight (pounds)</th>
<th>Weight (kilograms)</th>
</tr>
</thead>
<tbody>
<tr>
<td>4+</td>
<td>112.44</td>
<td>51</td>
</tr>
<tr>
<td>8+</td>
<td>205.03</td>
<td>93</td>
</tr>
</tbody>
</table>

For purposes of this rule, the weight of a boat shall not include oars or detachable loudspeaker or electronic systems. Seats, rudders, skegs, fixed loudspeakers, wiring, fins and riggers shall be included in the boat’s weight. Other items that are not permanently affixed to the boat shall not be included in the boat’s weight.

Bowballs. Every boat shall have a supple or plastic ball, of a white or fluorescent color, mounted on its bow unless equivalent provision for visibility and protection against puncture injury is included in the boat’s basic construction. The bowball shall be at least four centimeters in diameter.

Electronic Devices. A boat may be equipped with an internal loudspeaker system and electronic devices that provide statistical information about the progress of the race or performance of the crew (such as elapsed time or stroke rate). Use of prohibited aids such as an apparatus for wireless communication and water-soluble chemicals intended to reduce frictional resistance are prohibited. However, GPS systems and Action/Sports Cameras (e.g. GoPro) will be allowed as long as there is no direct communication, or transmission of information, to land. Antennas or other devices that permit GPS communication must be removed or turned to the off position. Cameras on tri-pods are prohibited on boats during competition.

Foreign Substances. No boat shall have on its hull any substance that is water soluble or partially soluble, or that alters the mechanical or chemical interaction between the hull and water, except that nonsoluble varnishes, paints or other similar surface finishes may be applied. The use of “bottom tape,” including “3M Riblets™” on the outside of the hull is specifically prohibited.

Oars. The blade of an oar shall have the following minimum thickness: sweep oar, five millimeters (measured three millimeters from the tip of the blade). The following rules apply to each oar whether it is a sweep or sculling oar:

1. Oars must be uniform throughout the crew. The team colors may appear on oar blades. Unpainted oars also are permitted for all boats, whether composite or otherwise, if all rowers use such oars.
2. Any portion of the loom or shaft beyond the collar must be free of any advertisement or inscription.

3. Nothing else (excluding the name of the school or its emblem) may appear on the oar, except that marks to identify the owner of the oar are permitted. In addition, a designation on the oar of the captain is also permitted.

Footgear Release. Where the feet of the competitor are held in place by footgear affixed to the structure of the boat, the design of such footgear shall provide for the quick release of the competitors’ feet in case of emergency, without the use of hands. (Such design may consist of Velcro™ or pull strings at the heels.)

Boat Construction for Coxswains. A boat in which the body of the coxswain is enclosed or partially enclosed within the hull of the boat, shall conform to the following requirements:

1. The opening through which the coxswain enters and exits shall be at least 2.30 feet (70 centimeters) long when measured along the longitudinal axis of the boat. For a length of at least 1.64 feet (50 centimeters), the opening shall be as wide as the inner hull of the boat itself.

2. The inner surface within which the coxswain’s body rests shall be smooth and free of any obstacles, devices, or other structures that would hinder quick exit.

Insignia

Bow Numbers. Each boat shall be capable of having mounted on its bow a card indicating the number of its lane in a race, and each crew shall be responsible for supplying the bow number card. The local organizing committee may have a supply of bow number cards for use in a regatta, but crews shall not rely on the local organizing committee to provide such cards. The local organizing committee also may require that a member of a crew wear a number marker affixed to her uniform.

Boat Manufacturer. The manufacturer’s name, address, trademark and name of the product may appear on the inside of the boat on a plaque or equivalent marker, provided that plaque has a maximum area of not more than 50 square centimeters. The manufacturer’s advertisement also may appear on the outside of the boat once on each side (including the gunwale and washboard), provided the maximum area of that advertisement does not exceed 30 square inches.

Name of School. Each boat must carry once on each side of the shell the name of the institution that the crew represents. The letters used in any such name must be at least 2 inches high near the coxswain seat.

Electric Equipment. Any internal loudspeaker or electronic equipment permitted by the USRowing Association (see USRowing Rules of Rowing - “Electronic Equipment”) may bear the name and trademark of the manufacturer of that equipment.

Footgear. Any footgear attached to the stretcher for use by a rower may bear the name and trademark of the manufacturer.
