FORWARD

Congratulations on being selected as a host for the 2017 NCAA Women’s Ice Hockey Championship. We appreciate your interest in women’s ice hockey and are looking forward to another outstanding championship.

The purpose of the NCAA Women’s Ice Hockey Host Operations Manual is to provide direction and guidance for host institutions as they plan and conduct the events and to supplement the NCAA Women’s Ice Hockey Pre-Championship Manual. We urge you and your staff to become familiar with both the pre-championship manual and NCAA Bylaw 31, which pertain to the administration of NCAA championship events. These documents will provide information about the general policies governing all aspects of NCAA competition, while the host operations manual is designed to provide more specific information and details regarding their implementation. The pre-championship manual is now available on the NCAA website. Bylaw 31 may be accessed via the NCAA Legislative Services Database (LSDBi) or the online version of the NCAA Division I Manual.

Although these manuals attempt to cover all phases of championship competition, some questions may arise before or during the event. Please contact a member of the NCAA Women’s Ice Hockey Committee or Keith Willard at the NCAA national office. The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of everyone involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and tournament attendee.

Thank you again for your efforts on behalf of the NCAA and women’s ice hockey.

### SECTION 2 – Alcoholic Beverages and Tobacco Products

Alcoholic beverages shall not be advertised, sold or otherwise made available for public consumption at any championship event sponsored by or administered by the NCAA, unless otherwise approved by the NCAA, nor shall any such beverages be brought to the site during the championship (from the time access to the competition site or area is available to spectators, until all patrons have left). Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue.

### SECTION 3 – Americans with Disabilities Act

The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The NCAA will rely on the host institution/conference to confirm compliance with the Act by the various facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.
SECTION 4 – Awards

**Awards Ceremony**

*Quarterfinals.* No awards ceremony will be held after the quarterfinals. The host institution should plan on distributing the participant medallions to the non-advancing team’s locker room or making arrangements with each team’s respective administrator prior to its departure from the site.

**Championship Awards**

*Quarterfinals.* MTM, Inc., the NCAA national office awards supplier, will send official NCAA participant medallions for the non-advancing team’s squad size (24) to the tournament director prior to competition. When the awards arrive, the tournament director should inventory all awards to be sure they are undamaged, correctly inscribed and in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

**Ordering Additional Awards**

To order additional awards, please go to: [http://www.mtmrecognition.com/ncaa/](http://www.mtmrecognition.com/ncaa/).

**Participant Awards**

*Quarterfinals.* Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, **mementos will NOT be permitted at preliminary rounds.**

SECTION 5 – Bands/Spirit Squads/Mascots

**Admission**

A maximum of 25 band members, including the director, 12 uniformed cheerleaders and/or pep squad members, and one costumed mascot will be admitted free of charge. Each institution’s administrator should be asked to submit a typewritten list to the tournament manager and committee liaisons at the administrators’ meeting prior to the competition.

**Artificial Noisemakers**

No air horns or artificial noisemakers are allowed, and bands may not play when the game is in progress.

**Designated Areas**

Bands should be seated in the area usually reserved for bands (end zones/upper level are preferred, at the same end of the ice as their team bench). Place bands in rows so as not to interfere with spectators, photographers or teams, subject to the approval of the committee liaisons.

*Warm-Up Area.* Provide space for the spirit squad to dress and warm up. If possible, the area should be carpeted. In addition, provide an area for the bands to store their instruments. (An area under the stands would be sufficient.) This area should not be located near the postgame interview area.

**Electronic Amplification**

Full bands are not permitted to use electronic amplification. Small (10 members or fewer) bands may use...
electronic amplification equipment with the specific approval of the NCAA liaisons. The host institution should be prepared to assist with accommodations.

**Fight Songs/Music**

If a team does not have a band present, it may provide a tape of the institution’s fight song to be played at the first timeout of each period. Alternate between band and electronic music (if only one band and no team music then use electronic music). Only one band can play at every time out.

**Pregame Music**

No host team warm-up tapes are permissible. Only band(s) and electronic scoreboard music will be used. The host institution will select and administer the music.

**SECTION 6 – Banquet**

_Quarterfinals_. Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, **banquets will NOT be permitted at preliminary rounds**.

**SECTION 7 – Broadcasting/Internet**

Please log on to [ncaa.com/media](http://ncaa.com/media) for information regarding broadcast/Internet rights.

**Internet Policy**

The NCAA website, NCAA.com, serves as the official online resource for NCAA championships.

The NCAA and its partners own the Internet rights to all of its 90 championship events. Rights include live statistics, video and audio streaming, electronic commerce, and post-event footage use. The NCAA and its partners own all game action, practice footage, press conferences, one-on-one interviews or any other content on the NCAA website.

**Internet Live Statistics**

The NCAA reserves the right to deny permission to produce live statistics for NCAA championship play. In the event the NCAA takes on the responsibility of producing a live statistical representation from an NCAA championship event, no other entity will be permitted to do so. Live statistics are considered a protected right as part of a bundled rights agreement, referenced above. For clarification purposes, a live statistical representation includes play-by-play, score updates, shot charts, updated box scores, photos with captions, etc.

In the event the NCAA does not produce live statistics for a specific championship, the host institution is given priority to produce exclusive live statistics. The host institution will be given the same exclusivities the NCAA would reserve for its rights holder in such an instance.

Once it is determined that neither the NCAA or the host institution plan to exercise their exclusive rights, the ability to produce live statistics will be granted, – on a non-exclusive basis – to each participating school. A “participating school” is defined as a school playing in the same event at a specific site.

In each case, no commercial advertising is permitted within the live statistics window, unless permission is specifically granted by the NCAA. Any questions pertaining to live statistics should be sent to Nate Flannery, NCAA director of digital and social media ([nflannery@ncaa.org](mailto:nflannery@ncaa.org)).
Radio/Internet Audio Coverage

Radio broadcast rights and made-for Internet audio at any NCAA championship may take place only through advance written request and permission of the NCAA media services group. (Refer to http://www.ncaa.com/media.)

All stations broadcasting any round of an NCAA championship shall be required to fill out the NCAA Championship Radio/Internet Streaming form online. To access the form, log onto NCAA.com/media then click “2016-17 Audio Policy.”

Television

If an NCAA championship is to be televised, the media coordinator will be notified by the NCAA championships liaison or NCAA media coordinator. This person will relay any needs specific to television, such as power, press row space, etc., to the host media coordinator. Information about NCAA broadcasts can be found online at www.ncaa.com/media.

Webcasting

For all other non-televised rounds, the NCAA strongly encourages all hosting institutions to provide a live webcast.

Apply for NCAA Internet streaming rights online at www.ncaa.com/rights-request. Questions about Internet streaming can be directed to Nate Flannery (phone 317-917-6523; nflannery@ncaa.org).

SECTION 8 – Championship Marketing

Contacts

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held. It is the primary responsibility of the marketing contact to work closely with the NCAA Championships Marketing contact to create and implement the championship marketing plan.

While many host institutions may have a marketing contact in the athletic department, this individual may also be from the local organizing committee, convention and visitor’s bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the Key Contact portion of the Host Reporting System.

Expectations

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA Tournament Operations point person can communicate your marketing budget.
- Develop marketing goals. Primary focus should be driving ticket sales/attendance at the championship.
- Map out the timeframe to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities.
- Explore opportunities with traditional media (print, radio and television) in your area.

Marketing Plan

Host institutions/conferences shall establish a marketing plan in coordination with the NCAA Championships Marketing contact. All marketing plans, marketing budgets and collateral must be approved by the NCAA Championships Marketing contact prior to implementation.
Marketing Collateral

**NCAA Online Marketing Website.** The NCAA Online Marketing Website is a comprehensive tool designed to help hosts create marketing products which will generate awareness and promote ticket sales for the championship. The NCAA Online Marketing Website can be accessed at [NCAACHampsPromotion.com](http://NCAACHampsPromotion.com).

Championship hosts should customize and download all necessary artwork to promote the championship from the website. Hosts should make every effort to use the artwork provided, produce the items locally and obtain reimbursement for production costs, up to the reimbursable allocation provided for the championship round you are hosting.

Each NCAA Championships host marketing contact and tournament manager will receive an email with the marketing website address, username, password and specific marketing budget allocated for the championship you are hosting. **The reimbursement amount is separate from and in addition to the marketing/promotions budget allocated by host institutions through the championship bid process.** Please contact ncaachampspromotions@ncaa.org if you are unable to locate this information.

Customizable artwork templates and marketing resources available on the NCAA Online Marketing Website include:

- **PRINT** – posters, flyers, print ads, table tents
- **DIGITAL** – email blasts, banners, social media graphics
- **OUTDOOR** – billboards, banners
- **RESOURCES** – Marketing Best Practices, Social Media Guidelines

If you have artwork needs and/or sizing which may not be available on the NCAA Online Marketing Website, you may submit a special request through the website. Any additional questions can be directed to ncaachampspromotions@ncaa.org.

All requests – artwork and reimbursement – must be approved by the national office staff before you proceed. Artwork requests and approvals will be managed through the website. If you do not have a local print vendor, we have listed NCAA preferred vendors on the website.

Collateral should not be created outside of the NCAA Online Marketing Website. The website ensures proper usage of NCAA logos and trademarks, as well as ensures consistent branding across each championship round and all 90 NCAA Championships.

**Television/Video and Radio Ticket Spots.** The marketing website allows hosts of select predetermined championship sites to download TV, video, and radio spots for immediate use. Questions regarding the availability of these spots for your championship event should be directed to your NCAA Championship Marketing contact.

**:30 Video/Television Spot**

The NCAA creates TV/Video Spots for select championship sites and a limited number of predetermined regional rounds.

- All spots are available for download via the NCAA Online Marketing Website.
- Spots may be may be uploaded to websites, burned onto discs, or sent via email to other parties that may need them.
- Spots are provided in several formats to allow for use over a variety of platforms (e.g. websites, social platforms, TV commercials, videoboards, etc.).
- The video/television spot is available for download in the following file types:
- HD: apple ProRes LT (104 mbps)
- SD: dv25 (25 mbps)
- Web proxy: .mp4 (1.5 mbps)

:30 Radio Spot
- The NCAA creates radio spots for all predetermined championship final sites that are not sold out and for a limited number of predetermined regional rounds.
- The radio spots can be used on radio stations, websites, burned onto discs or emailed.
- The file format available for download is .mp3 (.32 mbps).

Social Media Guidelines

Host institutions/conferences may use already established social media accounts (e.g. Facebook, Twitter, etc.) as a place to promote the hosting of an NCAA championship. However, host institutions/conferences should use marketing messages and assets supplied from or approved by the NCAA (links, web banners, flyers, updates, etc.). If the championship does not have an official NCAA social media page, a host is NOT permitted to create a social media page. The NCAA will make efforts to promote this championship on the established pages, as necessary. Please refer to NCAA.org/socialmedia for a listing of official NCAA social media accounts.

Applicable Marketing Bylaws

NCAA Division I Bylaws - Pertaining to NCAA Championship Promotions

12.5.1.1 Promotions Involving NCAA Championships, Events, Activities or Programs. (Adopted: 8/7/03)

12.5.1.8 Promotion of NCAA and Conference Championships. The NCAA [or a third party acting on behalf of the NCAA (e.g., host institution, conference, local organizing committee)] may use the name or picture of a student-athlete to generally promote NCAA championships. <thead>
<tr>
<th>Promotional Ideas</th>
</tr>
</thead>
<tbody>
<tr>
<td>Following are ideas to assist host institutions in planning their promotional strategies to generate community awareness and support:</td>
</tr>
</tbody>
</table>

**Advertising.** Consider the following media:

- **Newspapers.** Target papers in metropolitan areas, as well as surrounding communities. Be sure to include specific information about how to obtain tickets.
- **Radio and Television.** If your budget prohibits purchasing, attempt to solicit promotional messages as free public service announcements.
- **Banners.** Hang at key intersections of the city and on your campus.
- **Billboards.** Display throughout the city if they are considered to be an effective advertising medium in your area.
- **Electronic Message Boards.** Run championship information on electronic message boards on campus and around town.

**“Buddy” System.** Encourage booster and/or alumni groups on campus to not only purchase tickets for themselves, but also to sponsor another person or group to attend the championship (e.g., Girl Scouts, Boy Scouts, underprivileged children, etc.).

**Conference Office Involvement.** Make sure ticket order forms and information are available through the nearest conference office and enlist its assistance in promoting the championship through its releases, newsletters, clinics, conference meetings, etc.

**Corporate Sales.** Establish a program to solicit corporate ticket sales. A committee could be set up to personally solicit each business in the city to encourage the purchase of blocks of tickets for employees, underprivileged children or other citizens.

**Fax Cover Page/Email Signatures.** Include championship information on your athletics department’s fax cover page or as part of your email signature.

**Fliers.** Send ticket fliers and cover letters to the following:

- Booster club members.
- Season ticket holders.
- Previous year’s postseason competition ticket holders, if applicable.
- Local chamber of commerce and merchants.
- Faculty, staff and students.
- State high school and junior college coaches associations.
- Conference offices.
Grade School Involvement. Plan activities to involve grade school students in the promotion of the championship (e.g., conduct an art contest welcoming the championship and display the art in the airport the week of the championship; award two all-session tickets to the winning artist).

Internet. Provide championship information on your institution's athletics home page.

NCAA Corporate Champions/Partners. Enlist the cooperation/support of the affiliates of NCAA corporate champions/partners in the area to purchase tickets to be used for promotion of the championship.

Promotion at Home Events. Promote the championship at all home men’s and women’s athletics events on the scoreboard/message board and public-address system. Use PSAs on local radio broadcasts and telecasts of other institutional sporting events

Public Speaking. Establish community support by:
- Obtaining the support of key political and corporate leaders.
- Arranging speaking engagements by coaches and athletics department personnel at chamber of commerce meetings, booster-club meetings, etc.
- Arranging radio and television appearances by campus or local “personalities” to promote the championship.

Radio/Television Promotions. Purchase tickets to be used as trade-outs for promotional spots on local radio and television stations.

Student Involvement. Direct promotional efforts to student organizations on campus and faculty and staff; enlist student organizations to help sell ticket blocks. Visit dormitories, fraternities and sororities and organize a contest among them to sell tickets.

Ticket Donations. Distribute a mailing to the parks and recreation department participants in the city soliciting donations for the purchase of tickets for children who participate in the recreational programs.

SECTION 9 – Championship Merchandise/Licensing

Administration
The NCAA licensing department has oversight for the event merchandising program at all rounds and sites of NCAA championships. All licensing and merchandising questions should be directed to David Clendenin (317-917-6496; dclendenin@ncaa.org).

Availability
An online ordering system will be available to participating institutions interested in ordering Event 1, Inc., merchandise in advance of the championship. Orders will be shipped by Event 1 directly to the participating institution’s campus.

General Policies
Institutional Merchandise. A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20 percent commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host
institutions or official vendor will provide the NCAA 15 percent of sales (or another percentage to be exclusively determined by the NCAA) (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year’s championship.

**Merchandise Received.** The quantity of NCAA merchandise available for sale will not be less than a comparable quantity at a comparable site of the previous year’s championship. The NCAA will work closely with Event 1 regarding projected attendance at sites in order to ensure that the appropriate amount of merchandise is provided.

**Reordering Process.** The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.

### SECTION 10 – Championship Presentation/Fan Engagement

#### Ancillary Events

The NCAA prohibits host institutions/conferences from conducting special ancillary entertainment activities for fans in conjunction with the championship. Should another entity (e.g., convention and visitor’s bureau) elect to stage such activities, the following policies shall apply:

- All plans must be approved in advance by the NCAA
- NCAA marks, logos, name or references to the championship or tickets may not be used
- No activity connected with the championship may be sponsored by an entity that is not an NCAA Corporate Champion/Corporate Partner (CC/P)
- Such an activity may not take place on property controlled by the competition venue

No entity may contact NCAA CC/Ps directly. All such contact shall be directed through the NCAA staff.

#### Logos

The NCAA owns and controls all rights and interests in its name, logo, seal, trademarks and service marks. Use of these marks is prohibited without advance written approval by the NCAA. Host institutions/conferences should review information outlined in NCAA Bylaw 31.6.1. Only official NCAA Corporate Champions/Partners (CC/Ps) and licensees are permitted to use NCAA marks and logos in commercial advertising and promotions, unless written approval is provided by NCAA Marketing. All and any proposed commercial advertising and promotions, if not by a CC/Ps, must be reviewed by NCAA Marketing staff prior to approval and production.

#### Public Address Scripts

Public address announcer scripts allow game management to keep the flow of the championship moving through communication of important information to those in attendance. Communicate with your NCAA championship liaison to secure a PA script for the championship you are hosting.
Video Boards
The NCAA will provide video board content, available for downloading from the NCAA FTP site, to sites which have such capabilities. A sample run-of-show and PA scripts will be provided immediately after selections.

Questions related to video board content logistics should be directed to:

Brian Scott – Senior Producer
Van Wagner Sports & Entertainment, Inc.
Telephone: 919-872-6530
Email: scott@vwbsn.com

Electronic Messages. No host or venue specific messaging or video board advertising may be displayed during NCAA championships, other than those messages promoting the championship and information provided by the NCAA and Turner/CBS. This includes promotion of upcoming events at the championship site. All messages must be approved in advance by the championship staff liaison.

In-Venue Entertainment
NCAA championship hosts are encouraged to explore in-venue entertainment options during the championship to keep fans engaged, excited and to enhance the atmosphere for the fans and student-athletes. Potential areas of in-venue entertainment and the guidelines associated with them are discussed below. All forms of in-venue entertainment should show no bias toward or against any participating team, should be appropriate and in good taste, should have no links or resemblance toward gambling and may not include any commercial recognition (unless it is approved recognition of an NCAA corporate champion, partner or official equipment supplier). Please discuss any forms of in-venue entertainment which you would recommend with your NCAA staff point person for suggestions and approval.

Break In Action Contests or Promotions
Hosts should consider continuing regular season halftime/quarter break/timeout contests and promotions or creating new, unbiased or non-sponsored versions of these promotions to use during NCAA championships. Guidelines and ideas for consideration:

- Must not include any commercial recognition (unless approved/provided by an NCAA corporate champion, partner or official equipment supplier)
- Must be appropriate and in good taste
- Must fit safely within given time constraints with no chance of interfering with the competition
- No links or resemblance to gambling
- Participants must be randomly selected
- No bias toward or against any participating team
- Campus and venue rules must be considered when developing the contest or promotion
- NCAA championship merchandise purchased by the host (e.g., extra volunteer apparel, committee or contributor gifts, items or certificates purchased from Event 1) make good prizes for these contests as prizes with commercial recognition would not be permitted

National Anthem Singers
Hosts are encouraged to explore their resources to bring in local, regional or even nationally recognized celebrities or groups to sing the national anthem (e.g., state beauty pageant winners, recording artists with strong local ties, famous local choir groups or bands). Guidelines and ideas for consideration:

- Local groups or personal contacts who could provide this service at no cost are recommended
• No bias toward or against any participating team (e.g., performers should not wear the apparel of a participating team)
• A brief description and “thank you” for the performing group or individual may be incorporated into the script, but no commercial recognition, sponsorship, sales or recruitment messages should be included
• Anthem should take two minutes or less to perform. Please build extra time into the script for introduction and placement of color guard (if applicable), and introduction/applause for the performer

**Youth Sport Team Recognitions**
The introduction of local youth sport teams on-field before NCAA championships can often add excitement, tie in the community, provide additional PR and help drive attendance through not only the youth athletes, but also their parents, family and friends. This is encouraged if it is appropriate for the championship. Guidelines and ideas for consideration:

• Must be unobtrusive to the competition and allotted warm-up time for the student-athletes
• Youth teams should be younger than high school age to avoid any possible recruiting concerns
• Must not include any commercial recognition (unless approved by the NCAA)
• The youth group being represented must provide chaperones, transportation and assume all supervision of the youth teams while they are at the championship
• The host should provide detailed information to the youth group regarding parking/drop off procedures, entry to the facility, meeting location, instructions for the presentation, seating after the presentation, etc.
• The host should provide on-ice staff/volunteers to guide the youth group through the presentation

**Enhanced Team Introductions**
Examples could include: using special music or video introductions provided by each team, smoke machines, inflatable tunnels, youth athletes forming a tunnel or holding hands with student-athletes as they are introduced, local or school bands playing, etc. Guidelines and ideas for consideration:

• Must be appropriate and in good taste
• Must fit safely within given time constraints with no chance of interfering with the competition
• No bias toward or against any participating team and be equally executed for all participating teams
• Should be discussed with the NCAA point person in advance

**Musical Entertainment**
Participating school bands will be scheduled into the overall championship presentation when they are available. When they are not, the host institution marching band, other school bands or local bands may be appropriate for entertainment during pre-game, halftime or other breaks in the action or for greeting fans in the stadium entrance or other congregating area.

**Military Involvement**
The NCAA is supportive of inviting the military to participate at NCAA championships if their involvement enhances the championship experience for student-athletes and fans while at the same time honoring the military in an appropriate and unobtrusive manner. At many NCAA championships, local or national military groups have been arranged by the host to perform pregame, during halftime or other breaks in the action. These performances have included, but are not limited to: national anthem performances (military singer, instrumentalist or band), color guard, presentation of large flags, fly-overs, parachute teams, precision drill teams, eagle releases around the national anthem, etc. Please discuss any forms of military involvement which you would recommend with your NCAA staff point person for approval.
Guidelines

- Involvement from military groups often requires substantial government work. Fly-overs and parachute jumps will also require FAA approval to be handled by the host. Please allow adequate lead time to coordinate.
- Involvement from national touring military groups such as the Air Force Wings of Blue or Army Golden Knights may require costs of travel such as hotel rooms, per diems, rental vehicles and even air travel if a military transport cannot be arranged.
- Host connections with local military bases may be more cost-effective in arranging military involvement.
- No messages about military recruitment should be incorporated into the on-field performances.
- General messages paying tribute to all military personnel and thanking the particular military unit which has performed are encouraged (e.g., “Ladies and gentlemen let’s have a big round of applause for tonight’s performance from the United States Air Force Heartland of America Band... and for all of the American service men and women who they proudly represent.”).
- Some military organizations may request a booth or other small presence on-site in conjunction with their on-field performance. This may be permitted as long as the space is available, reasonably sized (e.g., 10’x10’ or 10’x20’), reasonably branded and any recruiting done out of the space is passive.
- Requests for larger spaces, interactive elements, inflatables, giveaway items or space within an NCAA fan festival is not permitted unless discussed with your NCAA point person who would in turn discuss with the NCAA corporate relationships team.
- Campus and venue rules must be considered when developing the presentation.
- All performing or volunteering military groups should be provided complimentary access to watch the championship before or after their presentation if possible. Please discuss this with your NCAA point person.

SECTION 11 – Commercialism/Contributors

Space Requirements

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g. location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC’s expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

Premiums Guidelines

Competition Venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 90 days prior to the first NCAA
championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

**Laser Pointers.** Laser pointers of any kind.

**Noisemakers.** Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc. are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.

**Promotional Items.** Promotional items (e.g., cups, shakers, flags, etc.) with commercial slogans or identification are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, t-shirts, caps, etc., except products sold/distributed by the NCAA or its agents, may not be distributed on the premises.

**Signs, Flags, Banners.** Large signs, flags or banners are not permissible. It is the facility personnel’s responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

**Video Camera/Still Camera Policies.** Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

</tr>
</tbody>
</table>

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

<th>Local Contributor Program</th>
</tr>

<tbody>
<tr>
<td>Currently, local corporate entities are not permitted to utilize the NCAA’s registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relationships staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).</td>
</tr>
</tbody>
</table>

Local contributors may only be referred to as “local contributors of the LOC”. Local contributors may not use the word “official”, “official sponsor of”, or “corporate champion/partner” in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.
Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

### NCAA Trademarks

**NOTE:** These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA’s licensing program administered by the Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff. [Click here for more information about the NCAA licensing program](#).

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks](#).
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
4. The NCAA’s position on inclusion of ® and ™ marks is first and most prominent use. The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women’s Final Four, an ® is required after NCAA and after Women’s Final Four. The NCAA owns "NCAA" and "Women’s Final Four", but "NCAA Women’s Final Four" is not a registered mark in itself: NCAA® Women’s Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an r-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women’s Final Four®.

5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as “N-C-two-A” or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).
7. There may be no registration of or use of NCAA marks within Internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: [www.memberx.edu/ncaa](http://www.memberx.edu/ncaa).

### Identification of Commercially-Named Venues on NCAA Materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially-named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue’s name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.
NCAA Logo Use by Commercially-Named Venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.

- The one-time logo use is limited to the site’s “home web page” or “event web page”.

- The NCAA logo must be placed in a location on the venue’s web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially-named venue). [This is because NCAA Corporate Champions/Corporate Partners and CBS/ESPN have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue’s or the website’s advertisers/sponsors may be used on the home/event web page even with the NCAA’s championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page.

- The venue is not permitted to claim to be “the home”, a host or co-host of any session of the NCAA championship.

- The logo provided by the NCAA championship staff cannot be modified in any way.

- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA Trademarked Protection Language:

NCAA trademarks benefit from consistent “source identification” to the public through basic legal language attributing ownership.

The legal statement should be used on “printed” materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).

- Printed items that are produced to be “used” by other business entities/organizations including NCAA members and host institutions.

- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters.)

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of “mouse print”.

NCAA and Women’s Final Four are trademarks of the National Collegiate Athletic Association.
The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Durenka Robie at drobie@ncaa.org or 317-917-6825.

**For blue disc and/or secondary (word) mark, please use:**

**Official Championships/Licensee Suppliers**
The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA’s Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

**Advertising/Signs/“Look and Décor”**
- **Advertising/Banners/Signs/Displays.** The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface or seats), including the scoreboard and the playing
surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer’s table, video board, ribbon board, PA announcements) approved by the NCAA. Any permanently-affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g. TV’s, computer monitors, stats monitors or displays), product/exhibit displays (e.g. car displays, branding exhibits/kiosks, etc.) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA, including costs of production and installation and strike. Similarly, for any surrounding areas/facilities that are to be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. All professional signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. Collegiate championship banners or those with retired numbers of collegiate performers can remain. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.

b. **Alcohol/Tobacco/Gambling.** All alcohol, tobacco and gambling advertisements/corporate identification on the concourse level competition, practice and/or ancillary event venue(s) must be covered as specified by the NCAA. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA.

c. **External Signs.** All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).

d. **Commercially-Named Venues.** Commercially-named competition, practice and/or ancillary event venue(s) may display no more than two pre-existing interior signs consisting only of the competition, practice and/or ancillary event venue(s)’ name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s)’ signage design and placement must be approved by the NCAA. If the commercially-named competition, practice and/or ancillary event venue(s) is an existing NCAA Corporate Champion or Corporate Partner, the NCAA, in its sole discretion, may allow additional branding of the commercially-named venue(s).

e. **Covering existing signage/product branding.** In regard to any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.

f. **NCAA Corporate Champion and Partner Branding/Recognition.** The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer’s table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos, etc.) for the Association, its corporate champions & partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.

g. The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.
h. If facility approves, patrons are permitted to bring in small signs (signs which can easily be held by one person and cannot block the view of anyone seated around them), as long as any writing or slogans on them are in good taste. In addition, it is permissible for patrons to bring in non-noise-making items (in compliance with NCAA and facility premium guidelines) as long as they do not include any (non-CCP) commercial identification.

i. At no charge, the NCAA will have full access to, and control of, any and all LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all external signage, digital or otherwise. This includes any and all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

**Illumination.** All previously contracted static permanently installed advertising panels may remain uncovered, but any illumination of such signs must remain "off" during the NCAA tournament.

**Video Screens.** If electronic video replay screens are available, they may be used at the facility’s expense. Replays of any game officials’ calls are not permissible. Video screens may not display advertising.

**Public Address.** No announcements, except those approved in advance by the NCAA, or for public emergencies, shall be allowed over the public-address system.

### Temporary Promotional Displays

Unless otherwise reviewed and approved activations from official NCAA Corporate Champions and Corporate Partners, temporary promotional displays are discouraged on property at NCAA championships. Questions related to temporary promotional displays or activity may be directed to the NCAA Championships & Alliances’ Corporate Relations team.

Signage/Advertising
Each round of every NCAA championship will receive a shipment of official NCAA signage that helps identify the event as an NCAA championship. The signage includes a quantity of banners and decals displaying NCAA logos in a variety of sizes.

Possible uses of NCAA signage include displaying it at the championship site, especially in the competition area within camera angles, and all related championship functions. Signage should always be displayed during news conferences and banquets.

NCAA-produced signage materials may be reused at other championships. Before discarding materials,
please check with an NCAA championships representative. Materials containing NCAA marks and logos may not be sold.

**Banners Inside Competition Site.** The following banners are permissible inside the facility:

*Note: These banners may used to cover non permissible signage.*

**Covering.** The competition site shall not permit any advertising banners, signs or displays of any kind to be hung, posted or displayed anywhere within the seating area (i.e. any place that can be seen from the playing field or seats), including the scoreboard, during the championship session or practices, other than NCAA, TV partners and radio banners, as specified by the NCAA. The following kinds of messages are permissible: announcements of results from other NCAA competition; reminders that NCAA merchandise and concessions are on sale on the concourse; or any public-services announcements or promotional messages specifically provided by the NCAA. The NCAA will provide programming for the Women’s Frozen Four.

**Videotaping**

**Quarterfinals.** Institutions are permitted to videotape championship competition by their teams for archival, coaching or instructional purposes. Each institution is permitted to use one camera. An institutional representative shall contact the tournament director at the host site to arrange for camera space at that site.

The host institution and/or facility must videotape the entire ice from the time teams take the ice for pregame warm-ups, until they leave the ice after the completion of the game.

**DVD Exchange.** Teams participating in the quarterfinal round are required to forward a DVD of their most recent game to their opponent for arrival prior to noon on Tuesday. The copy should be high quality and contain the complete game. Teams participating in the semifinals of the Women’s Frozen Four must forward a DVD of their quarterfinal game to their semifinal opponent for arrival prior to noon on Tuesday prior to semifinal competition. The copy should be of high quality and contain the complete game. Non-compliance with this policy will be treated as misconduct and the committee will sanction schools as appropriate.

Teams are permitted to use an electronic video exchange if both parties agree. The participating institutions, host and/or facility must videotape the entire ice from the time teams take the ice for pregame warm-ups, until they leave the ice after the completion of the game.
**SECTION 13 – Drug Testing**

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

### Drug-Testing Expenses

The proposed budget included in the [Championship Site Coordinator Manual](#) should be completed and submitted to the National Center for Drug Free Sport, Inc. (Drug Free Sport), before the start of competition, if drug testing will occur at the site. The host institution shall submit an Institutional/Host Drug-Testing Invoice upon completion of the championship for expenses related to drug testing. Receipts must accompany the invoice to receive reimbursement.

### Facility Specifications

*Team Championships.* Hosts must identify two separate rooms (one for each team) where drug testing will be conducted. Separate restroom facilities are required if the championship includes both genders. The area must have controlled access. Only those authorized by the drug-testing crew chief will be allowed in the area. Each room must accommodate the drug-testing crew, selected student-athletes and their institutional representative. Each testing room must have fully equipped restrooms adjacent to or in close proximity to the testing room. These restrooms must be secure and closed to the public.

### Host Notification

Drug-testing information must be kept confidential and provided only on a “need-to-know” basis. If testing is to be conducted at the site, the tournament manager and site coordinator will be contacted by Drug Free Sport.

*Team Championships.* The tournament manager and site coordinator will be notified no earlier than seven days before the start of the competition as to whether testing will be conducted.

### Media Obligations

*Team Championships.* Each team is provided a postgame cooling-off period. At the conclusion of the cooling-off period, a member of the drug-testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. Any student-athlete selected to participate in any postgame news conference is required to attend the news conference prior to checking in at the drug-testing venue. The student-athlete will be escorted to the drug-testing area after all media obligations have been fulfilled.

### Next-Day Testing

*Team Championships Only.* If competition begins at 10 p.m. or later (local time), both teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately following the contest. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the following day, the testing must begin no later than Noon. (local time) at the original test site. The host must arrange necessary transportation for teams that elect to test the next morning, or for individuals being tested who need to remain at the facility after other team members have departed.

### Participant Notification

Announcing in advance whether drug testing will be conducted at a championship is strictly prohibited. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championship event.
Team Championships. The drug-testing crew chief or designee will notify the participating team’s representative no earlier than two hours before the start of competition that drug testing will be conducted at the site.

Seating
At team championships, escorts and the drug-testing crew may sit in the non-playing participant or overflow media seating areas on the days when testing occurs.

Site Coordinator’s Responsibilities (Host)
The tournament manager is responsible for designating an individual, who has no other responsibilities in conjunction with the championship, to serve as the site coordinator for drug testing. This individual will work closely with Drug Free Sport and the drug-testing crew chief. The site coordinator’s responsibilities are outlined completely in the site coordinator’s manual.

- **Confidentiality.** Keep testing information confidential at all times.
- **Contact Information (team championships).** The site coordinator will provide official travel party and the team drug-testing representative’s contact information to the drug-testing crew chief.
- **Drug-Testing Site Coordinator Manual.** The drug-testing site coordinator’s manual, provided by Drug Free Sport, is available on the NCAA website at [www.ncaa.org/drugtesting](http://www.ncaa.org/drugtesting).
- **Escorts (team championships).** Two individuals (one per team) shall be assigned to serve as escorts for each game in which drug testing will occur. These individuals shall escort selected student-athletes and an institutional representative from the locker room to the drug-testing area.
- **Fluids.** A sufficient supply of individual cans or bottles of non-alcoholic and non-caffeinated fluids (e.g., bottled water, fluid replacement drinks) shall be available for distribution in the drug-testing area to student-athletes, as designated in the site coordinator’s manual. These supplies should be obtained from the supply of beverages provided by the NCAA.
- **Meeting with Tournament Manager.** The site coordinator will meet with the tournament manager to discuss duties and budget development.
- **Second Meeting.** A second meeting shall be scheduled with the tournament manager after the host receives confirmation that testing will take place at a site. If testing will be conducted at the site, the coordinator shall:
  - **Assistance.** Assist the drug-testing crew chief during testing as directed.
  - **Confirmation.** Review the site coordinator’s copy of the NCAA drug-testing confirmation memorandum.
  - **Credentials.** Ensure that the host issues All Access credentials and parking passes for the drug-testing crew and other necessary drug-testing personnel. Credentials should not reference drug-testing, doping control, etc. If an affiliation must be listed on the credential, games management is preferred.
  - **Crew Chief.** Contact the drug-testing crew chief assigned to the site to discuss logistics.
  - **Meet with Crew Chief.** Meet with the drug-testing crew chief the day prior to the scheduled testing date.
  - **Plans.** Meet with the tournament manager to finalize plans.
  - **Report.** Submit drug-testing invoice (with receipts) to Drug Free Sport after the championship.
  - **Transportation.** Pre-arrange for transportation for student-athletes to and from the competition venue to the drug-testing area and back to the sports venue or team hotel, should transportation become necessary.
- **Transportation/Lodging (drug-testing crew).** The drug-testing crew chief will make arrangements for the crew’s transportation and lodging, but may request the assistance of the site coordinator.
SECTION 14 – Equipment

### Cups, Coolers and Water Bottles

Drinking cups, water coolers, ice chests and cooler carts should be provided at team benches for each scheduled practice or competition of any round of an NCAA championship.

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonics) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

### Sideline Equipment Hydration Program

Please review the information below as it pertains to the different scenarios that may exist.

#### Preliminary-Round Sites NOT Receiving POWERADE Branded Equipment and Product:

The host institution may use other items. These items, however, must not display any commercial marks (e.g., logos and graphics of commercial products such as Gatorade), or such marks must be covered completely (this requirement applies on the sidelines and in competition areas, media areas or any other back-of-house areas).

If the host has to provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite). Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice; however, equipment carrying any branding other than POWERADE, as referenced above, must be absent of any commercial marks.

### Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically red POWERADE, equipment; however, they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

### Game Nets

Practice nets should be used during all practice sessions. Game nets shall be available for each contest. Game nets should be used in pregame warm-up sessions.

### Ice Surface

Quarterfinals. The playing surface should meet all specifications as outlined in the [2016-2018 NCAA Ice Hockey Rules and Interpretations](#).

The minimum area as described in the NCAA Ice Hockey Rules and Interpretations book will be the guideline for determining the playable area. Once the minimum playable area is reached, space for cheerleaders, photographers and other necessary personnel can be determined.

### Pucks

Quarterfinals. The NCAA shall provide 100 game pucks (ice hockey logo) and 200 practice pucks (no logo) to each quarterfinal site.

### Radios

Quarterfinals. The tournament manager shall provide the NCAA staff or site representative with a
handheld radio to use throughout the competition for communication with the tournament manager.

**Telephones**

Telephone communication must be available for radio and television (if applicable). The television broadcaster will provide communication between the scorer’s table and its truck for the committee liaisons.

**Timing Device/Clock**

Game clocks must be operational at all practice sessions, and host institution personnel must be on hand to operate the clock during practices.

**Quarterfinals.** A backup timing device is recommended for the quarterfinals.

**Video Screens**

If electronic video replay screens are available, they may be used at the facility’s expense. Replays of any game officials’ calls are not permissible. Video screens may not display advertising.

---

**SECTION 15 – Financial Administration**

**Audit**

Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make best efforts to notify sites selected for audits within 30 days after the submission of financial reports, but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the following documentation will be requested: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; and competition venue rental agreement. The documentation should support all information on the host financial report.

**Approval of the Budget**

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the given championship for sales made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA’s not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be
required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

Financial Report
Host institutions must complete the online financial report, which includes accurately reporting all revenues and expense, and must include payment of the amount due to the NCAA, within 60 days after the final date of competition at the site (if applicable). If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the “documents” tab as documentation supporting their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25 percent reduction in honorarium), 91-120 days (50 percent reduction in honorarium) and 121 days or more (100 percent reduction in honorarium). If there is a shortfall in the funds available to reimburse approved expenses and honorariums, the NCAA will make best efforts to reimburse the host within 5 business days of the report being approved by the NCAA finance and accounting department.

Drug Testing Expenses
The budget should be completed only if you have been notified that there is drug testing and returned to The Center. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the drug testing manual (NCAA.org/Student-Athlete Programs/Health and Safety).

Game Expenses
Game Officials. The host is NOT responsible for reimbursing game fees, per diem or transportation expenses for the game officials. These expenses will be paid directly by the NCAA via ArbiterPay. However, the following pay structure will be used by the NCAA and should be communicated to officials:

  **Quarterfinals.** Referees – $540/game; Linesmen – $340/game; Video Replay Official – $100/game; and, Goal Judges - $40/game.

  The alternate official shall be in uniform. If the alternate officiates a game, the fee will be the same as for the official he or she replaced. If not, the alternate referee shall receive a fee of $175/game.

  **Per Diem.** Each official will be reimbursed $45 per diem for each day at the championship according to NCAA policies.

NCAA Representative/Committee. The host is NOT responsible for reimbursing travel expenses or per diem for the NCAA representative or committee. The NCAA representative will receive an electronic expense form to record their expenses and will need to submit the form to the NCAA for payment.

Lodging Expenses
Game Officials. Room and tax shall be direct billed to the host institution and will be reimbursed on the final financial report. Officials will be responsible for their own incidentals.

NCAA Affiliates. NCAA affiliates will pay their own expenses, including lodging costs.
**NCAA Staff.** NCAA staff members will pay their own expenses, including lodging costs.

**NCAA Representative/Committee.** Room and tax shall be direct billed to the host institution and will be reimbursed on the final financial report. NCAA site representatives and committee members will be responsible for their own incidentals.

**SECTION 16 – Game Management**

**Administrative Meeting**

The committee, or its site representative, will conduct a mandatory administrative meeting before each round of the tournament to review championship matters. All matters pertaining to eligibility of student-athletes shall be determined at the meeting. Rules and other tournament matters will be presented and discussed, including players’ benches and which teams will wear home-team colors. The games committee chair shall oversee the meeting. It is mandatory that each institution’s athletics director or senior woman administrator (or designated administrator other than a member of the coaching staff) and the head coach attend the meeting.

* * *

**NCAA Representative(s).** The ice hockey representative(s) at each site will meet the day before competition begins with the tournament manager, media coordinator and facility manager. If requested by the ice hockey representative, additional personnel may participate. The NCAA championship manager will provide the committee representative and the tournament manager with a checklist to review during the meeting.

**Games Committee**

*Quarterfinals.* The NCAA site representative, tournament manager and head referee in consultation with representatives from the participating institutions shall comprise the games committee.

**Goal Judges**

Goal judges shall be assigned by the NCAA and should not need hotel accommodations.

**Video Replay Officials**

*Quarterfinals.* The officials’ observer, assigned by the national officiating coordinator, will serve as the replay official. The host replay crew shall not be positioned at ice level but rather in an elevated area segregated from working press. Space for three plus equipment must be available. Host facility shall provide an operator for all replay equipment.

**Home Team Determination**

Before the start of the tournament, the committee will seed the participating teams. The highest-seeded team will be the home team. It will conduct its warm-ups and play consistent with the arena’s policy for home teams.
Official Scorer’s Personnel

Scorer’s Area. There should be enough seats at the scorer’s area for the following individuals: official scorer, public-address announcer, scoreboard operator, penalty timekeeper.

Neutrality. All scorer’s table personnel must refrain from cheering for either team and from wearing institutional attire; they are considered “neutral” and must behave in such a manner. They should report to the table no later than one hour prior to game time to meet with the game officials and committee.

Public-Address Announcer. The public-address announcer will follow the NCAA script for player introductions provided after the selections announcement.

Game Announcements. Other than player introductions, game proceedings announcements are limited to (a) those of an emergency nature; e.g., paging a doctor; (b) those of a "practical" nature; e.g., announcing that a car has left its lights on; (c) announcements that NCAA souvenir merchandise, game programs and concessions are on sale in the arena; (d) announcements of scores from another NCAA competition site; and (e) the paid attendance figure. It is not appropriate for the public-address announcer to introduce VIPs or game officials, or to provide information pertinent only to the host institution’s activities unrelated to the tournament (see Appendixes).

Player Introductions. The visiting team’s starters, followed by support staff and coaches will be introduced first. Then the home team’s starters, followed by support staff and coaches.

During introductions, players shall take off their helmets. It is recommended that nonstarters leave their helmets on the bench and that starters leave their helmets on the goal cage. Specific information can be found under Pre-Game Protocol.

Tournament Manager. The tournament manager may serve solely in this capacity at the scorer’s table; he or she may not also serve as scoreboard operator, timer, public-address announcer, etc. This is to ensure that he or she is able to oversee all aspects of the competition and be readily accessible to the committee liaisons.

Participant Information

Admittance to Competition Site. Participating institutions must submit a pass list to the women’s ice hockey committee at the mandatory administrative meeting. This list will provide the names of the teams’ official traveling parties who should be admitted into the facility. This list is limited to 34 individuals.

Participant Manual. The NCAA shall make available a participant manual to the visiting team(s). The manual shall provide details for championship (e.g., hotel contacts, ticket information, practice times, etc.) and will be posted on the host institution’s and NCAA websites.

Practice

Each team shall be allowed to practice in the arena. Security should be provided during practice sessions (including locker room areas).

Administrative Responsibility. Each participating institution is required to have an administrator accompany the team at practices. If the practices are closed, the administrator will ensure that only those individuals affiliated with the institution or designated by the coach (again, excluding media) are allowed. This individual may be a trainer, sports information director (SID) or another administrator, but not a member of the coaching staff or a student.
Alternate Practice Site. The host institution is not obligated to arrange for an alternate practice facility for the visiting teams in the event they arrive early. Practice at an alternate site is permissible, but the visiting team is responsible for making these arrangements themselves.

Closed Practice (if applicable). If practices are closed, they will be open to the media but closed to the public. Television technicians may be in the area (if necessary) for televised game preparation.

Practice Schedules. Teams shall be allowed to practice in the arena the day or evening preceding the opening of the tournament, the day of the game and the day or evening between sessions. The women’s ice hockey committee is authorized to schedule or reassign practice times.

Practice Length/Timing
All practices shall be timed by the scoreboard clock beginning at the scheduled practice time, regardless of whether the team has taken the ice. If the team arrives early, any team activity taking place in the playable area will designate the start of practice and the practice clock will begin.

Quarterfinals. On the day prior to the quarterfinal game, each team will be provided a 75-minute practice opportunity on the game ice. Practice times should take into account travel plans for the visiting team and must be approved by the NCAA site representative assigned to the quarterfinal game. If a game begins at 3 p.m. or later, each team will be provided a one hour game day practice opportunity. The game day practice will not begin prior to 10 a.m. and must be completed by 1 p.m. Exceptions to these policies must be approved by the NCAA site representative assigned to the game. In all cases practice opportunities must be equal for both teams beginning the day prior to the quarterfinal game. Practice times may not be altered without prior consent of the NCAA Women’s Ice Hockey Committee.

Pre-Game Protocol
National Anthem. The national anthem shall be played by one of the participating institutions’ bands (to be determined by a coin flip if there is no mutual agreement) just prior to the faceoff.

Team Introductions. After the team warm-up, the following protocol will be used for the national anthem and player introductions at all rounds of competition:

- On returning to the ice, both teams shall circle their respective ends of the ice and meet at their respective goals;
- The "visiting team" starters will be introduced first, then the "home team" starters;
- After being introduced, each starter shall skate to the blue line;
- After introduction of each respective team's lineup, remaining players shall skate to the blue line;
- The U.S. national anthem shall be played; and
- After the anthem, the teams may have a short huddle at their respective goals before the faceoff.

Starting Times
Quarterfinals. Games must be completed by the Saturday prior to the start of the Women’s Frozen Four. Game times will be at the discretion of the host institution, but final approval rests with the women’s ice hockey committee.

Game Protocol Sheets
On the day of the game, the tournament manager shall distribute copies to all scorer’s table personnel and post the sheets in a visible place in the game officials’ and teams’ locker rooms. Please confirm the protocol schedule with NCAA staff prior to distribution.
Quarterfinals. Please refer to pregame protocol format in the Appendixes.

**Statistics Crew**
The statistics crew should be set up in accordance with the institution’s normal operating procedure. The committee will make every effort to accommodate normal arrangements but may make adjustments if necessary after evaluating such factors as space availability, requirements of television personnel, etc.

**Team Benches**
Section 1, Rule 3 of the 2016-2018 NCAA Men’s and Women’s Ice Hockey Rules and Interpretations will be enforced. For the National Collegiate Women’s Ice Hockey Championship, the committee will determine the bench assignments.

**Bench assignments.** The higher-seeded (lower number) team is home and wears light uniforms. Visitors shall wear dark uniforms. The committee will assign benches prior to start of event.

**Bench size limit.** Teams are limited to 18 skaters plus not more than three nor fewer than two goalies on the bench. Replacements are permitted up to the starting time of the game. After the game begins, no replacements shall be permitted for any reason. The number of student-athletes in competitive uniform shall not exceed the prescribed number at the start of the contest. An institution that is advised it is in violation of this regulation and does not conform promptly to it automatically shall forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform to the rule. Only six non-playing personnel shall be allowed on the bench, providing a maximum bench limit of 27.

**Team Doctor.** If an institution wishes to have its own team doctor in the bench area, that individual will count in the bench limit of 27.

**Security.** A uniformed security officer should be stationed at the end of each team bench to protect players from spectators, if necessary, and to accompany the teams to and from the locker room.

**Travel Party**
The official travel party for this championship is 34 (which may include a squad size of 24 student-athletes) individuals. Participating institutions may refer to the NCAA Travel policies (ncaa.org) for all information regarding transportation and per diem expenses.

**SECTION 17 – Insurance**

**Liability**

**If event is held on-campus:**
Host institution must maintain and provide proof of at least $1 million of general liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol, or food-borne illness. Certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of GL coverage. (This is the minimum requirement per NCAA bylaws).
If event is held off-campus:
Host institution must maintain and provide proof of at least $1 million of general liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol, or food-borne illness. Certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of GL coverage. (This is the minimum requirement per NCAA bylaws).

Venue must maintain and provide a minimum of $1 million in general liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol, or food-borne illness. NCAA must be named as an additional insured.

Note: All insurance must be provided by an insurance company with an A.M. Best Rating of A-, VII or higher.

SECTION 18 – Lodging

For all NCAA preliminary round competition, unless otherwise stated, the host institution/agency shall make reservations for the participating institutions and advise them of the arrangements. The selected hotel properties shall be within no more than 30 miles (30 minutes) of the competition site and be priced at a fair and reasonable market room rate. The selection of a competition site may be dependent on availability and quality of rooms for participating institutions. Each participating institution is obligated to confirm or cancel the accommodations.

The participating institutions may use the rooms for persons accompanying the official traveling party if relocating the team only. If a team chooses to relocate to a different hotel, the team is not permitted to move to a hotel (if applicable) where another team or the game officials and designated headquarters hotel.

Additionally, if an institution fails to make satisfactory arrangements for use of assigned rooms with the hotel, full charges for the rooms will be billed to the institution.

Team Hotels

Quarterfinals. The host institution shall make reservations for its opponent and advise it of the arrangements. The opponent is obligated to confirm or cancel the accommodations. A minimum of 17 double/double rooms shall be reserved.

Drug-Testing Crew

The host institution shall reserve four (4) rooms for members of the drug-testing crew at the headquarters hotel.

NCAA/NCAA Representatives’ Hotel

Quarterfinals. One (1) room for the NCAA site representative shall be secured. Please confirm the arrival date with the representative. The room and tax (excluding incidentals) should be direct-billed to the host institution.
Officials

*Quarterinals.* The NCAA will assign five officials for each game and one (1) room should be reserved for each official that is required to stay overnight, if needed. The room and tax (excluding incidentals) should be direct-billed to the host institution.

Merchandising

The hotel understands that the NCAA exclusively will have first right of refusal to sell products licensed by the NCAA for merchandising at the selected hotels. If the NCAA executes this right, the hotel agrees to provide space in its lobby, tables, electricity, dedicated phone line and a secure storage location for such sales at no charge to the NCAA merchandising agent. The NCAA guarantees that the merchandise will be displayed in a neat, professional manner.

In return, the NCAA merchandising agent will pay to the hotel a percentage of the net sales from the hotel location. Net sales are defined as gross sales minus sales tax and credit card fees. The percentage rate will be a pre-determined, non-negotiable rate included in the contract between the two parties, except as specified in the following sections.

SECTION 19 – Media Services

Championship Records

NCAA championship records are available in PDF format at NCAA.org. Once you are logged onto the site, hover over the specific division and click on the statistics link. Click on the appropriate sport and scroll down to the records book section.

Credentials

*Quarterinals.* All media credentials are authorized and issued by the host.

PDF templates are available for preliminary round credentials if desired. Please contact Sahar Abdur-Rashid ([srashid@ncaa.org](mailto:srashid@ncaa.org)) or Jenn Rodgers ([jrodgers@ncaa.org](mailto:jrodgers@ncaa.org)) for more information. If you are producing your own credentials, the “Conditions Placed on Use of Credentials” should be placed on the back of all credentials. That text, located at [NCAA.com/credentialterms](http://NCAA.com/credentialterms), should also be visible at credential pickup.

Credentials may be issued to the following, if applicable:

- **All Access** – For event management-type people who need access to every area, including game surface.
- **Event Management** – For event management staff not needing all access (based on space and demand, it may not be necessary to produce a staff and an all access pass).
- **Media** – For members of the media to provide them access to press areas (press box, media room, interview room, locker rooms (postgame only). Subject to limitations of space, media credentials shall be assigned in accordance with the following priorities: (1) certified media from the immediate locale of the championship or the immediate locale of the competing teams; (2) national/regional certified media; and (3) campus media certified by the director of athletics and/or sports information director of each participating and host institution.
- **Participant** – For student-athletes, coaches, equipment managers (essentially anyone in the official travel party). The travel party for the championship is 34. Up to nine (9) additional credentials may be requested; however, these persons must have a ticket for admittance to the facility. The credential will allow them access to the locker room and interview area. Individuals not included with the travel
party of 34 must purchase tickets. The following will be admitted free of charge: 25 band members, 12 cheerleaders and one mascot. These individuals will be admitted via a gate list and will be provided credentials for access while inside the building.

- **Photo** – For still photographers and television camera operators (if the contest is not going to be televised) to allow them access to appropriate areas [playing surface, locker rooms (postgame only), press box and media room].

- **Radio Providing Play-by-Play**. Credentials may be provided to the number of individuals required by a station or network to originate games during the regular season. However, in no case may more than four credentials be provided for any single station/network. Broadcasts of any championship game must conform to the general broadcasting policies established by the Association. For the radio agreement form, and radio and Internet policy, refer to ncaa.com/media.

- **SID** – For sports information directors of the participating teams (may allow access to media areas and locker rooms as needed).

- **Television Network** – If the game is going to be televised by ESPN, Turner Sports, etc., a total of 50 credentials shall be provided to the entity televising the games and claimed in person by the producer to allow access to specific places such as the truck compound. Please refer to ncaa.com/media

- **Other Television**. Television stations and/or networks will be limited to two credentials (one talent and one temporary television) unless a union contract dictates the presence of a sound technician.

- **Gambling**. NCAA policy prohibits the issuance of media credentials to representatives of any organization that regularly publishes or otherwise promotes the advertising of “tout sheets” or “tip sheets,” or other advertising designed to encourage gambling on college sports events. Institutions hosting National Collegiate Championships competition are subject to the Association’s enforcement procedures if the media coordinator disregards this policy.

It is up to the tournament director to determine which areas may be accessed with each credential type. The use of any other credential or entry badge is prohibited, except for concession workers, maintenance personnel, ushers, security officers or ticket takers.

- **Printing**. The NCAA will print the credentials for the Women’s Frozen Four only.

- **Labels**. The name of each credential recipient should be affixed to the credential by using a label.

### Credential Qualification and Acceptance

#### Quarterfinals

Media coordinators should send a credential request form to members of the local media to determine who will be covering the event.

**Working credentials will not be mailed**. The media coordinator should issue credentials individually at an appropriate site at the venue or at the designated headquarters hotel. A government-issued photo ID is required to pick up credentials. Credentials are non-transferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed.

### Credential Boards

#### Quarterfinals

The host will provide credential boards, if necessary.

### Final Results Books and Statistics

The final results book for team championships should include, at a minimum, final statistics and results as well as a quote sheet from at least the two head coaches (inclusion of at least one student-athlete per team is preferred). The final book also may include a cover sheet, recap, postgame notes, and/or a play-by-play summary.
The host institution shall provide complete statistics of all NCAA championships competition.

**Flip Cards**

Flip cards should be provided to all media members for easy reference to participating team information. The flip cards should include all players on the roster and a minimum of their uniform numbers along with the head coach and any assistants. The flip card should include team results as well as standard information regarding the game, such as date, location and opponent.

**Live Scoring**

Please refer to the ncaa.com/media.

**Media Accommodations**

*Hotel.* If necessary, the media coordinator should arrange for a block of rooms to be set aside for media, preferably at the headquarters hotel. Media members should be given a contact at the hotel that they can call to make reservations; this can be listed on the credential application form along with the room rate and deadline for making reservations.

*Meals.* A hospitality area, preferably adjacent to but not in the press area, should be established to serve up to 50 individuals. Disbursements should be guided by the budget which was originally submitted by the tournament manager and approved by the NCAA national office.

*Parking.* Media parking is desired at each site, and required at most. The media coordinator should determine if it would be more effective to use parking passes or a parking list. If passes are used, the host institution must generate them. Media shuttle systems may also be used provided any costs are approved in advance by the specific sport committee and NCAA championships staff liaison.

*Work Room.* If necessary, a media work room should be designated at each site, where media members can file stories following competition.

**Media Guides and Postseason Guides**

The host media coordinator should notify each school that qualifies for the championship how many media guides and/or postseason guides should be sent to the championship site. The media coordinator should provide an overnight address where the schools can send the information (their office or the facility) and a deadline as to when it should arrive. Consider security when selecting the location where these materials will be shipped.

**Microphones**

The placement of microphones on a team coach, in team huddles and bench area, in the penalty bench area or in the scorer’s table area is prohibited at all NCAA championships.

**News Conferences**

The media coordinator, or a member of the coordinator’s staff, shall attend all press conferences, including any conducted before the start of championship play. A media coordinator can decide to have a pre-championship news conference if the number of media or interest in the championship warrants it. If a formal press conference will be held, the media coordinator should produce name (table) tents to place on the dais/riser to identify coaches and student-athletes.

**ALL STUDENT-ATHLETES AND COACHES MUST BE MADE AVAILABLE FOR INTERVIEWS.** The open locker room policy applies to all formal press conferences and to any interview requests for coaches and/or
student-athletes not involved in the press conferences. Failure to do so may result in a misconduct finding, as determined by the respective sport committee.

(Note: In the event that a student-athlete has been selected for drug testing, all media obligations must be fulfilled before going to the drug-testing center.)

**Team Championships with a Formal News Conference.**
The winning team shall have a 10-minute cooling-off period before reporting to the interview room. The cooling-off period starts once the head coach and all of the student-athletes have reached the locker room area.

It is mandatory for the head coach and at least one student-athlete to report to the press conference following the cooling-off period. However, media coordinators should request a minimum of two student-athletes. A coach can shorten the cooling-off period but cannot extend it.

The head coach must complete all NCAA championship media obligations before honoring any in-season radio or television contracts. Coaches or student-athletes may only conduct interviews with rights-holding television or radio networks (including ESPN or Westwood One, but not school radio stations) before the press conference following the conclusion of a game. These interviews are permitted during a period totaling no more than four minutes for all interviews, immediately after the game. The media coordinator or designee has the responsibility to terminate the four-minute interview period, NOT the network/station that has purchased rights. (Assistant coaches are not obligated to the entire media staffing the championship and may grant postgame radio interviews at any time after the conclusion of the game.)

**Order of Appearance.** The winning coach and players shall be scheduled in the interview room before the non-winning coach and players, with the exception of the national championship game, after which the non-winning coach and players shall be scheduled first. The players should report to the interview room wearing their game jerseys or institutionally provided apparel.

**“Selected Media” Policy.** Coaches may open their dressing rooms and/or report to the interview area before the cooling-off period ends, and make themselves available to all media representatives staffing the championship. Should a coach permit one media agency to enter the dressing room before the cooling-off period has ended, the dressing room shall be opened to all other media representatives desiring access to the area.

**Quotes** – shall be distributed to the media immediately following each press conference.

**Moderator Duties**
1. The moderator should give pertinent game statistics (i.e., leading goals, assists, saves) to media while they wait for the first team to arrive. Statistics should be distributed to the media, coaches and student-athletes as soon as they arrive.
2. Sports information representatives should obtain the names of the student-athletes who will be attending the press conference and give them to the host or NCAA media coordinator, who then will provide them to the moderator so that they can be announced in advance.
3. The moderator should repeat all questions from the media, even if he or she thinks that everyone has heard the question.
4. As the coaches and student-athletes are seated, the moderator should inform them that he or she will repeat all the questions before the coaches and student-athletes attempt to answer them.
5. The moderator should open the press conference by asking the head coach for his/her opening statement.
6. After the coach’s comments, the moderator should invite questions from media.
7. If necessary, the moderator should direct a question to student-athletes to get them involved, if the media does not do so.
8. Limit the losing team to 10 minutes and the winning team to 20 minutes.
9. The moderator should keep the flow of the press conference moving. If there is a gap of time between questions, limit questions to one more and then thank the head coach and student-athlete(s).

**News Conference Setup**
Each host media coordinator should designate an interview room or area at the facility, and an individual to coordinate the activities in it. The interview area should have a public address system and an elevated head table.

**Holding Area.** An area adjacent to the interview room shall be designated as a holding area for players waiting to be interviewed. It should be situated so players do not have to walk through the actual interview room to reach the holding area. Chairs and water should be provided so players are able to wait comfortably.

Media coordinators should use an audio mixer (mix down unit) in the interview area to permit individuals using microphones to attach their equipment to it, eliminating the presence of audio equipment and/or operators in front of, or adjacent to, the speakers at the dais.

The following is a checklist of suggested minimum requirements for the interview room:

- Seating for a minimum number of media or VIPs (check with previous host for approximate number)
- Risers or an area with an unobstructed view for television cameras
- Table for a minimum of 4-6 interviewees
- Sufficient electrical outlets
- Sufficient lighting for dais and work spaces
- Mult box

**News Film and Mini-Cams**
Please visit [www.ncaa.com/media](http://www.ncaa.com/media) for updated information related to television, video and ENG policies.

**Officiating Questions**
If it is deemed necessary to get an interpretation from an official regarding a specific play or occurrence during a contest, a “pool reporter” shall be named by the NCAA media coordinator or championships staff member, or in the absence of one, the host media coordinator. Interpretations are not given if the situation in question is a judgment call.

The pool reporter shall accompany a member of the sport committee to the official’s locker room to receive an interpretation in order to enhance the public’s understanding of activities that occurred during the contest.

In most cases, the head official will provide the interpretation on behalf of the officiating crew. In the instances in which a playing-rules liaison, secretary-rules editor or the coordinator of officials is onsite, they are able to answer the questions instead.
The host or NCAA media coordinator will be responsible for disseminating the information to the rest of the media present. In most cases, the media coordinator should designate either the reporter from the Associated Press or the local newspaper as the pool reporter.

**Personnel**

Each media coordinator is responsible for organizing workers to assist in the media operations of the championship. It is important to remind volunteers that they may see very little of the championship competition because of their responsibilities and the NCAA cannot pay any expenses. All volunteers should be a minimum of 16 years or older and may not be employees of professional sports organizations. It is preferred that all media coordination volunteers have experience with media relations or championships.

The number of workers will depend upon the media demand for the games at the site. Communication with the participating SID's and the media coordinator’s knowledge of the area media will help with advance planning.

The following is a basic list of duties for volunteers (if applicable):

- **Copy Machine Personnel** – Photocopies materials (stats, notes, quotes, etc.).
- **Credential Distribution** – Pass out credentials to the media; check government-issued photo ID.
- **External PA** – Announcer for fans.
- **Internal PA** – Announcer for the media.
- **Locker Room Attendant** – Person to identify when the locker room is open and closed to the media.
- **Note Takers** – Compiles worthy notes during and after the game or day.
- **Photo Marshall** – Ensure photographers stay in appropriate places; hands out photo armbands, if necessary.
- **Press Conference Moderator** – Introduces players and coach; directs questions from media.
- **Quote Takers** – Records postgame quotes from the press conference. A minimum of one person should be designated to take quotes for each team. They should get quotes from the head coaches and student-athletes.
- **Results Disseminator** – Transmit stats, notes, quotes, through appropriate means (e-mail, fax, etc.).
- **Runner(s)** – Distributes photocopied materials (stats, notes, quotes, etc.).
- **Spotter** – Helps the official scorer identify assists and any other assistance for official scorer.
- **Stat Crew** – Records the official stats.
- **Team Escorts** – Escorts the coaches and student-athletes to the postgame press conference.

**Photographers**

Commercial use of any still photographs is prohibited unless permission is obtained from the NCAA. Specific areas will be designated for photographers, and these areas will be limited by priority and space.

**Photography**

NCAA Photos (also known as Clarkson-Creative/Clarkson) will be on site for the final day of competition, unless otherwise specified. Hosts institutions are not required to have a photographer when Clarkson is not on site. An additional photographer may be hired by NCAA staff to shoot additional days and ancillary events, if the staff so chooses. For those instances, it is necessary to have the hired photographer(s) complete the photography services agreement.

All photographers will agree to the NCAA Championship Photography Terms and Conditions on requesting a credential; thereby agreeing to only sell NCAA Championship photos through the NCAA Photo Marketplace (www.NCAA.com/PhotoStore). Photo sells on site are strictly prohibited.
Images for use by NCAA member institutions are available at a special NCAA-subsidized rate of $15 per image and are bound by the following rights:

“For official NCAA member institution athletic department website and publications only. Other reproduction, distribution, and/or display print production is prohibited unless specified in writing.”

Please email Clarkson-Creative at info@ncaaphotos.com with the name of the image(s) you would like to purchase, and an online transaction will be set up to download the image(s). All images should be credited, where it appears, to: ©Photographer's Name/NCAAPhotos.

Anyone, with the exception of the NCAA membership, seeking a championship event photo must license it through Wazee Digital. To license an NCAA championship event photo, please visit www.NCAA.com/PhotoStore.

For additional questions regarding championship photography, please contact Levida Maxwell by email (lmaxwell@ncaa.org) or phone 317-917-6356.

**Photography Area Policies**

The media coordinator shall be prepared to designate “photographer positions,” should media requests warrant it. “Prime” positions should be rotated among members of the media. All special requests (i.e., placing a remote camera on the backboard) must be approved by NCAA staff or site representatives.

**Press Box**

At the Women’s Frozen Four, 30 positions and eight (8) photography/television spaces should be available.

**Scout Video Coordinator**

Institutions are permitted to videotape championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site.

A scout video coordinator is permitted to film the game from an upper video position. (A credential also may be issued to a team videographer). The scout video coordinator will receive a media credential, and may only film the game of the team represented by the video coordinator. Representatives of participating institutions may record the network telecast of any game at the site, using a video distribution outlet in the video distribution area. The institution must provide its own recording equipment.

**Seat Assignments**

Media coordinators should provide preferred seat locations for media agencies that regularly staff games played by the participating and host institutions.

Labels. Identification labels or place cards (by name/affiliation, if possible) shall be placed at all media seats.
Security

Security personnel should be instructed to protect the working media areas and interview area, especially before and after each game, and to limit access in all restricted areas to individuals wearing credentials. Game officials specifically are prohibited from this area.

Social Media Guidelines for Hosts

The official NCAA social media pages and official hashtags can be found here: http://www.ncaa.org/socialmedia

Host Promotion of Championships

A lot of hosts already have an established presence in social media. Examples are school, LOC, Sports Corporation, venue or city pages/accounts. These pages/accounts are all acceptable places to promote hosting of an NCAA championship through the use of marketing messages and products supplied from the NCAA (links, web banners, flyers, etc.). The NCAA also promotes the championships (and the host involvement) on the appropriate NCAA social media pages/accounts. If the championship does not have an official NCAA page on a social media site, a host is still not permitted to create a page for it. The NCAA will make efforts to promote this championship on the other established pages/accounts, as necessary. Collaboration is encouraged through the use of cross-posting on Facebook (@ linking within text to drive fans to each other’s pages) and mentions on Twitter (@ links to show coordination in posts). In addition to collaboration, idea-sharing is also encouraged and can be coordinated through the championships Assistant Director of Social Media, cdion@ncaa.org.

A host should not create a social media account or page (Facebook page, Twitter feed, Instagram, Snapchat, Tumblr account, etc.) solely devoted to promoting an NCAA championship. These pages become outdated, distract fans from established pages and fracture the NCAA message.

Top 9 considerations when planning for social media event marketing:

1. **Know your social media audience.** Utilize account analytics to learn about your fan demographics and monitor the engagement levels on your posts. Figure out what engages your fans.

2. **Encourage community.** Ask for feedback and opinion. This helps engage the user and may provide you with some good input. Also, reply to user questions with correct and helpful answers.

3. **Cross-post.** Cross-posting or mentioning others will help increase your visibility and spread credit throughout social media platforms.

4. **Use images.** Pictures are necessary to grab attention and interest. Users are more likely to engage versus text only.

5. **Be concise.** This is required on Twitter (140 characters) but should also be used on Facebook and other platforms without this limit. Get to the point within two sentences. Less than that, if possible.

6. **Lead your video.** You have mere seconds to garner a user’s attention on social media. Make sure your videos have an immediate point of interest to keep users engaged.

7. **Like or Follow people to help you.** Networking with members of the media, partner organizations and constituents on Twitter and Facebook is just as beneficial as in real life. On Facebook, like their pages, cross-post to them when you mention them or make them one of your favorites. On Twitter, retweet, join in on hashtags (#NCAA) and mention feeds in your posts.

8. **Keep it light.** While it is important to stay on message and deliver the facts, this is social media, after all. Have fun with it.

9. **If you hesitate about posting something, you probably shouldn’t.** There are no re-dos in social media. A “delete” doesn’t mean you can delete someone seeing it.
Please send direct questions to Chris Dion, cdion@ncaa.org, or send ideas or news to the general box, socialmedia@ncaa.org.

**Statistics Reporting to the NCAA**

During the championships and at the conclusion of the competition, the host sports information director, media coordinator or designee is responsible for reporting official results to the NCAA official website. Please email a copy of results to ncaacontent@turner.com. Please be sure to submit all information in the following manner:

- Send the information to ncaa-content@turner.com.
- Specify the sport (Division, Championship, Round) in the SUBJECT area.
- Paste the text directly into an email or send email as an attachment in a Word document.
- Please convert photos to JPEG format and attach to the email.

**Strobe Lights**

Strobe lights for photography are administered and pooled at the discretion of the NCAA or host media coordinator.

A maximum of three sets of strobe lights may be installed at an arena for media agencies requiring immediate news coverage. Strobe lights for a conventional arena must not exceed 2,400 watt-seconds for each power pack, and the flash duration should be less than 1/1,000-second. A typical approved installation consists of four power packs with tube heads on each pack.

All hanging or installed strobes must be as close to the playing surface as possible, depending upon the physical structure of the arena, near the corners of the playing surface. All strobes must be installed and tested, if necessary, at the site 24 hours before the start of the event during which the strobes will be used. The committee representative or NCAA championships staff liaison will grant final approval relative to the installation of strobes.

If the physical structure of an arena prevents a media agency from meeting these specifications, the agency may petition the specific sport committee for an exception.

No other strobes, including hand-carried units, are permitted in the arena, and no strobe or any other photography equipment may be placed on or attached to a goal standard.

**Team Videographer**

Each participating institution may designate one individual as the team videographer. The team videographer will be provided a credential and a TEAM VIDEOGRAPHER or TEAM PERSONNEL armband/vest and will be permitted to film their game ONLY from a designated area(s) which serves all still photographers. During the game, the videographer should follow all rules that apply to still photographers. Access will also be provided to the ice during closed practices, the team locker room during pregame, halftime, postgame and any other times when the locker room is open to the media. In addition, the team videographer can shoot from any area that a still photographer has access to (e.g. concourse).

**NOTE:** The team videographer for the winning team will be allowed on the competition area to film the postgame celebration and awards ceremony, if applicable.

**PLEASE REFER TO THE NCAA CHAMPIONSHIPS DIGITAL HIGHLIGHTS POLICY FOR GUIDELINES AS TO HOW FOOTAGE MAY BE USED ON THE OFFICIAL ATHLETIC WEBSITE.**

http://www.ncaa.com/content/member-school-digital-highlights-policy
### Team Practices

All team practice sessions are open to the media but closed to the public, unless otherwise determined by the committee that practices shall be open to the public.

### Telephones/Internet

A minimal number of telephones should be installed in a designated media work room as a tournament expense if approved in advance, only if the cell phone service is not adequate. These phones should be limited to credit card, toll-free, or incoming calls. The media coordinator should determine the number of telephones (if any) required by evaluating the number of media credentials.

Wireless Internet access must be available at all championship rounds for media use. The host institution may NOT assess an additional “hookup fee” to any media agency. Any wireless charges should be charged to the host or reflected in the proposed budget.

Phones also may be installed in the press box as determined by the media coordinator. The media coordinator can either coordinate all phone line orders or provide the media with a telephone company contact for the site. If a media entity wants its own phone line, it shall be charged the exact cost of the installation. The host institution may NOT assess an additional “hookup fee” to any press agency. Any telephone line charges to the host or NCAA shall be reflected in the proposed budget.

### Video Replay

Space for three (3) plus equipment must be available.

### Working Press Room

The media coordinator is responsible for the working pressroom at the arena.

#### Working Area

Fifty (50) positions should be available.

#### Time of Operation (Women’s Frozen Four)

The working area shall be available to the media during the following times: Thursday 9 a.m. to 5 p.m.; Friday 9 a.m. to postgame; Saturday 10 a.m. to 5 p.m. and Sunday 9 a.m. to postgame.

#### Office Space

Space will be established for media coordination and the women’s ice hockey committee.

#### Printers

At least one high-speed printer with collating and stapling capabilities shall be available in the media area.

#### Photocopy Machine

At the arena, the host institution/sponsoring agency shall provide at least one photocopy machine with capabilities for reproducing statistics and other material on bond paper with a minimum per-copy speed of 60 per minute. This machine shall be in an area convenient to the media.

#### Facsimile

A facsimile machine shall be available at each working press room. If necessary, a sign-up sheet should be posted for use after each game.

#### AC Drops

Electrical outlets (110-volt AC) shall be provided to all working press areas. The minimum requirement is one outlet for every telephone installed in the working press room and in the press box. It is suggested, however, that one outlet be allocated to every two seats, both in the press box and in the working press room.

#### Computer Ethernet

At each site there should be a minimum of 2 ethernet connections or wireless (preferred) access.

#### Skirting, Pipe and Drape

Materials should be available for work areas as designated by the women’s ice hockey committee.

#### SID Needs

The media coordinator shall contact each SID representing a participating team at the site and request a shipment of media guides, statistics and other updated information. Each school’s information and materials, along with any materials the host institution distributes (statistics, game notes, quotes,
etc.), should be located in this area.

Coat Racks. Coat racks should be available for use by the media inside the security zone near the work area.

Refreshment Area. A refreshment area should be set up adjacent to or in the media workroom to accommodate the working press throughout practices and competition. Only NCAA, POWERADE and/or generic drinking cups (devoid of commercial identification) should be used in the refreshment area.

SECTION 20 – Medical Procedures

Institutions and athletics health care providers should adhere to federal, state and local regulations; NCAA bylaws and sport playing rules; and the NCAA Sports Medicine Handbook. Athletics health care providers for the student-athlete should be appointed by and should report to institution administrators who are independent from coaches (e.g., health center, campus hospital/medical center, student affairs).

Medical Facilities

Ambulance Service. At the NCAA’s expense, an ambulance shall be provided for event participants on game days. The ambulance should be equipped with advanced life-support equipment (e.g., AED with EKG capabilities, cardio-conversion drugs and emergency respiratory equipment).

Biohazard Cleanup. The athletic training staff shall prepare a biohazard kit to clean and manage all blood situations. Assemble and maintain supplies for cleaning and disinfection of hard surfaces contaminated by blood or OPIM. Items include personal protective equipment (PPE) (gloves, goggles, mask, fluid resistant gown if chance of splash or splatter); supply of absorbent paper towels or disposable cloths; red plastic bag with the biohazard symbol on it or other waste receptacle according to facility protocol; and properly diluted tuberculocidal disinfectant or freshly prepared bleach solution diluted (1:100 bleach/water ratio). These kits should be placed on each team’s cooler cart positioned at the end of the team benches.

General Public. The facility, at its expense, must provide certified medical personnel (independent of the competition medical staff) and a first-aid room for spectators on game days.

Hospital. The host athletic trainer shall identify a hospital, in close proximity, that will be available to participating teams and shall ensure that championship participants will be provided priority care and assistance.

Participants. Athletic training facilities should adhere to local, state and federal regulations pertaining to health care facilities. An athletic training room shall be open and a certified athletic trainer (the host institution’s athletic trainer) must be present for all practices and games at the facility. The training room must open a minimum of two hours before all practices and games, and remain open one hour after the conclusion of all practices and games. Two physicians (general practitioner and orthopedic surgeon) must be accessible by cell phone or pager during all practices and must be on-site during all games.

Supplies. All necessary emergency equipment should be at the site or quickly accessible. Equipment should be in good operating condition, and personnel must be trained in advance to use it properly. This equipment should include, but is not limited to:

- Automated external defibrillator (AED),
- A bag-valve mask, advanced airway tools
- A spine board and other stabilization supplies for the head and neck
- Splints
  - Immobilization splints
  - Immobilizer/knee stabilizer
  - Crutches
- Bleeding control materials, such as a tourniquet and large sterile dressings.
- Ice
- Blood-borne pathogen kit
- Moist hot packs
- Muscle stimulator
- Sharps kit/biohazard trash can
- Ultrasound unit
- Gurney
- First-aid equipment/athletic training supplies
- Suture materials
- Emergency eye care and dental equipment

Sports medicine providers should be trained to use emergency supplies.

**Locker Rooms.** The team locker rooms shall be equipped with hot hydroculators, biohazard trash cans and sharps containers. The sports medicine staff should be prepared to assist teams with cold baths, whirlpool tubs and exercise bikes. Each locker room or team bench should be equipped with similar equipment (if applicable).

**Communication.** The athletic trainer and physicians should be equipped with a means of radio communication.

**Teams’ Physicians.** Participating institutions may include team physicians on their gate list. If the physicians are not seated on the bench, the host athletic trainer should ascertain their seat locations, in case of emergency, and be prepared to escort the physician to the team locker room, if necessary. If the team physician has not been provided a credential from the team allotment, they will be provided a credential and escorted to the team locker room or athletic training room.

**X-Ray Technicians.** X-Ray equipment and technicians shall be on-site during the championship. Should the institution have equipment in close proximity to the facility (e.g., building next door), this equipment may be used with NCAA approval.

### Concussions

The NCAA has adopted legislation that requires each active member institution to have a concussion management plan for its student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions. A student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the
physician’s designee from the student-athlete’s institution. In the absence of a team physician or designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

<tr>
<th>Medical Staffing</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Host Medical Staff.</strong> It is the responsibility of the host institution/conference to provide medical coverage and care for participating student-athletes. In limited-access venues, the host medical staff will assess and remove from play student-athletes with injuries. Once removed, traveling medical staffs will have access to their student-athletes.</td>
</tr>
</tbody>
</table>

**Travel Party.** Medical personnel receive credentials for the championship as part of the normal institutional travel party. It is the responsibility of the participating institution to include medical personnel in their normal credential numbers. However, institutions may elect to pay for medical staff to travel in addition to the travel party limits though institutional funds. Competition site access can be secured by acquiring session tickets though purchase or an institutional pass list.

**Access.** Medical staff traveling with teams will have access to their team participants through the host medical staff, should an injury occur.

**Communication.** Contacting the host medical staff before arriving to the championship site is recommended. On arriving, understanding competition site access during the event will help coordinate access to injured student-athletes. Typically, an access point from the stands supervised by security will allow access to student-athletes.

<table>
<thead>
<tr>
<th>Portable Baths</th>
</tr>
</thead>
<tbody>
<tr>
<td>Portable baths (hot or cold) must be used under the direction of the host sports medicine staff, athletic trainer or physician within the venue of the championship. If the host sports medicine staff permits the communal use of the baths, they must be properly disinfected between individual use, filtered and with proper circulation or otherwise maintained in a manner consistent with local public health codes. The NCAA permits ice baths in designated areas as directed by an athletic trainer or team physician when the bath is used as a component of the emergency care plan in the event of an exertional heat injury.</td>
</tr>
</tbody>
</table>

**SECTION 21 – Neutrality**

Host institutions should keep in mind that an NCAA event is not a home event. Neutrality is important; therefore, such items as the use of players on programs and host institutional signage should not be used to create a "home" atmosphere. Traditional pre-competition or between-competition activities are not permissible (e.g. tossing items to the crowd, permitting mascots to lead "trains" through the stands, etc.).

**SECTION 22 – Officials**

Selection and assignment of officials for all tournament games will be made by the women’s ice hockey committee, based on recommendations submitted by the NCAA national ice hockey coordinator and NCAA conferences/associations. Officials shall adhere to the Association’s policies relating to gambling activities and drug and alcohol use.

<table>
<thead>
<tr>
<th>Confidentiality</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participating teams will be advised of the officials assigned to their competition the day of the game. The committee representative will meet with the officials (separately from the participants' meeting) to review their responsibilities, review the expense process through ArbiterPay, and distribute the NCAA patches.</td>
</tr>
</tbody>
</table>
Meetings
Referees and linesmen are required to attend the officials meeting prior to the conduct of the competition. All minor officials must attend. All officials shall arrive at the game site two hours before faceoff time and, with the tournament manager and committee representative, survey the arena.

Policies
A sports committee or games committee may not require membership in any specific officials’ association as a prerequisite for selection to officiate in an NCAA meet or tournament. Officials shall be selected and assigned by the sports committee or games committee, which shall ensure that officials adhere to the Association’s policies relating to gambling activities and drug and alcohol use. Furthermore, officials must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.

1. The two-referee, two linesmen system shall be used in all NCAA tournament competition. A conference that does not use this system during regular-season and conference-tournament competition shall not have its officials selected for NCAA contests.

During quarterfinal competition, the officials’ observer, assigned by the national officiating coordinator, will serve as the replay official. NCAA replay procedures shall be followed at all rounds (please refer to the 2016-2017 and 2017-2018 NCAA Ice Hockey Rules and Interpretations).

2. NCAA Divisions I and II conferences that sponsor women’s ice hockey will be asked to recommend the top six referees and the six linesmen believed to be capable of officiating in the NCAA tournament. In addition, each conference will be asked to submit a separate list of potential standby officials for quarterfinal games, if applicable. All recommendations will be considered by the committee without bias. The appropriate forms on which to submit the recommendations will be sent to conference commissioners in January.

3. No official shall be assigned to any session unless the official agrees to refrain from entering into any officiating commitment the day before the tournament game date. The official also must agree to be at the site of the game the night before the competition, if necessary, remain in the immediate vicinity and be readily available to the committee representative until the completion of his or her assignment(s) at that site. Each official must contact the women’s ice hockey committee representative immediately after arrival and notify him or her in case of any unforeseen delay.

4. Participating teams shall not be advised of the officials assigned to their competition until game time. Accordingly, officials shall not be contacted by or make contact with the host institution or any of its representatives; all contact shall be through and with the women’s ice hockey committee representative staffing the competition or the national coordinator of officials.

5. At quarterfinal and championship sessions, the tournament manager shall arrange for seating for the officials when they are not working a game. [Note: Their seats should not be in the press area or in the section reserved for a team.]

6. Officials will not participate in any tournament-related activities before, during or after the game, except officiating the contest.

Uniform
Game officials shall wear an NCAA patch on their uniforms or jackets while officiating in NCAA tournament play. Any other patch will not be permitted. NCAA patches shall be provided by the NCAA national office.
This championship will feature a digital game program that can be viewed online or downloaded at no charge. This program will be available online generally no later than two days prior to the first day of the event.

All digital programs available can be found at [http://www.ncaa.com/gameprograms](http://www.ncaa.com/gameprograms).

### Content/Editorial

**IMG College Responsibilities**

Responsible for all program production, including editorial content, layout and design, advertising, and printing.

**Host Responsibilities**

Media contact should provide IMG College with text and photos for editorial pages about host institution/venue/city, if requested by IMG College.

Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing ad space for sponsors, etc., should contact Doug Iler (doug.iler@img.com).

### Promotion

The NCAA will provide a PDF including a QR code that links to the digital program, a URL where the digital program can be accessed and imagery of the NCAA’s Corporate Champions and Partners. This PDF, or digital handout, is also shared with participating schools for their promotional use.

If you would like this information ahead of time, please contact your NCAA administrator.

### Best Practices

Below are a few best practices for promoting the championship digital program:

- Distribute the digital handout to fans
- Create signage to direct fans to the digital program by using elements on the digital handout
- Post the link on athletics and school-affiliated websites
- Share the link on athletics and school-affiliated social media outlets
- Share the link with student-athletes, faculty, alumni organizations and local media outlets, and any other group that may have interest

### Supplemental Handouts

At championships sites where a digital program is available, IMG College allows the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes) provided any such materials:

- Do not include any advertisements, local sponsor logos, etc.
- Include the QR code and URL to the digital program
- Include the NCAA Corporate Champions and Partners imagery

Printed supplements may be distributed free or sold, with all proceeds retained by the host. The host should not include expenses for such supplements in the championship budget and/or financial report. All supplemental content is subject to NCAA and IMG College approval.
Questions

If you have any questions, please feel free to contact your NCAA administrator or Chad Laytham (chad.laytham@img.com) at IMG College.

SECTION 24 – Safety and Security

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the Best Practices located HERE when developing a safety and security program.

The suggestions outlined in Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan, which would be inclusive of the NCAA Championships Safety and Security Team Contact Information form. Items must be submitted once the opportunity to host has been awarded.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

Preparation

The facility liaison and NCAA staff shall review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the facility or interruption of the game. Facility management is reminded of its responsibility to provide sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to players and credentialed individuals.

Each host will be asked to provide the following:

- Develop contact lists.
  - NCAA.
  - Local authorities and critical incident response team.
- Review emergency protocol prior to the start of the event.
- Identify chain of authority.
  - Incident commander (second in command).
  - Decision-making personnel/team.
- Identify incident command center.
- Identify incident communication plan.
- Review evacuation plan – review plan with facility manager.
- Review emergency response plan for typical emergencies.
- Review emergency response plan for national disasters.
- Review emergency response plan for terrorists’ actions.

In the event of a critical incident, contact the NCAA manager immediately before any decisions are made.

**Interruption of Game.** The officials have the authority to interrupt play. If play is interrupted because of events beyond the control of the committee, it shall be continued from the point of interruption at a time determined by the committee. If necessary, the remaining schedule of games also shall be adjusted by the games committee. The committee should review the following procedures for interruption of a game:

**Scorer’s Table.** Assure that the game clock and score are accurately recorded.

**Officials.** Assure that the officials know the exact game situation when play was halted.

**Student-Athletes and Coaches.** These individuals should proceed to the bench area or, on instruction from the NCAA staff or committee members, retire to the locker rooms or outside the building to await further instructions.

**Power Source/Public Address.** Facility management should protect the power source and the public-address system. If an alternate public-address location is available (i.e., away from the competition area) it should be used so communication is not interrupted.

**Responsibility.** Building security and/or law-enforcement personnel shall be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if play is otherwise disrupted. The NCAA suggests that law-enforcement personnel attempt to communicate with the leaders of the group occupying the competition area (if applicable) to ascertain whether the situation can be rectified in the short term. Under no circumstances are players, coaches, officials or NCAA representatives to become involved in the removal of such persons.

**Communication.** A senior member of the facility management and the senior law-enforcement officer at the site must proceed immediately to the scorer’s table with means of portable communication to and from other facility staff and security officers. The public-address announcer should keep spectators informed of the conditions, if possible. Teams and game officials must be kept informed throughout the delay.

**Meeting.** The committee chair, NCAA staff and game-management staff (facility manager, game management liaison and senior law-enforcement officer) should assemble immediately at the scorer’s table to assess the situation.

**Normal Conditions.** The committee shall determine when conditions have returned to normal.
Resumption of Play. As soon as possible, play shall be resumed from the point of suspension. The games committee shall determine the revised schedule after consultation with the committee. If possible, the contest should be resumed in the primary facility. If necessary, the games committee has the authority to limit attendance to credentialed individuals, those on each institution’s pass list, other individuals designated by each institution’s director of athletics and required facility operations personnel. Also, the games committee has the authority to reschedule the game or session in a nearby facility (e.g., on campus or elsewhere in the city) provided the alternate facility meets the provisions of NCAA playing rules.

Spokesperson. The committee chair or his or her designee, working with the facility management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

Crowd Control

The tournament manager must review crowd control policies with the committee liaisons and is responsible for strict enforcement of these policies.

Personnel

Adequate uniformed security (not necessarily uniformed police) must be provided for the team benches, teams’ and officials’ locker rooms, press conferences and working press areas, postgame interview room, hospitality areas and any other area for which a credential is required or where crowd control is necessary. The committee representative will discuss with the tournament manager specific plans in this regard (e.g., number of security personnel necessary in each area). The tournament manager is responsible for reviewing all credentials with security personnel.

Closed Practices. A minimum number of uniformed security personnel (normal arena security is fine) should be assigned to the closed practices. They are responsible for assisting the committee liaisons in ensuring that only those authorized by the coach (excluding media) are allowed in closed practices.

Emergency Plans. Facility management must have specific written policies and procedures outlining the facility’s emergency/evacuation plans and plans for assignment of security officers in and around the competition site. The NCAA representative and tournament manager should meet with security personnel to discuss existing security procedures and review potential security threats; review the facility to determine potential security problems, and discuss the emergency/evacuation plan.

Local Spokesperson. The host institution, working with facility management and federal, state, county and city law-enforcement agencies, shall designate one individual to coordinate security efforts and serve as a local spokesperson during an emergency.

Nonpermissible Items. The tournament manager and facility staff are responsible for enforcing the NCAA’s policies described on each ticket back or distributed at the point of purchase. The facility shall encourage patrons to return non-permissible items to their automobiles. Also, an area shall be established for the checking and securing of such articles at the patron’s expense.

Spectator Photography/Video Cameras

Flash photography is prohibited; however, spectators are permitted to bring video cameras. Fans must remain in their seats and not obstruct others’ view.
Weather

If weather conditions could alter the approved schedule, the tournament director and/or site representative must contact the NCAA championship administrator before any decisions to change the schedule are finalized and communicated to participants. Be prepared to summarize the weather situation and have a recommendation for an alternate schedule.

SECTION 25 – Tickets/Seating

### Allotment (Participating Institutions)

**Quarterfinals.** An adequate number of tickets should be provided to the visiting team. The women’s ice hockey committee reserves the right to determine the number of tickets.

**Bands.** For admittance, band members, not to exceed 25 in number, who are in uniform and performing at the championship will not be charged admission to the competition. The host shall inform each participating institution of the location of seats that have been designated for band members. This information also should be included in the participant manual.

**Player-Guest Ticket(s) Purchase.** Participating institutions are not entitled to complimentary tickets. The participating institutions must first purchase tickets, which then are treated as complimentary tickets for the student-athletes. Tournament managers should establish a "pass gate" for the involved individuals. A designated individual from each participating institution will be responsible for submitting the names to the appropriate individual (to be identified by the tournament manager) at the arena. The individuals will proceed through the pass gate to a nearby area (to be determined by the tournament manager) with a table or booth that will accommodate one individual from each institution. At the table, each individual will be identified by a representative of the appropriate participating institution. Each individual will be given a ticket stub and will be directed to his or her seat.

**Payment.** Full payment for tickets must be forwarded to the tournament manager within 45 days of the last date of competition at the site. Hosts are required to include their vendor identification number on each ticket invoice to allow the participating institutions to expedite payment. A $500 fine shall be assessed for each day an institution fails to pay for its tickets after the 45-day deadline. The women's ice hockey committee may waive this provision based on extenuating circumstances. If there are any outstanding payments on the 45th day after the competition at that site, the tournament manager should notify Keith Willard at the NCAA national office with details regarding this delinquency on the same date.

**Locations.** Unless otherwise specified by the NCAA, prime tickets are considered those between the goal lines either in the lower or second level of a facility.

**Seating Chart.** The tournament manager will provide, in the participant manual, the competing institutions a seating chart specifying the location of their seats and the area where the band and cheerleaders will be located.

### Allotment (Other)

**Drug-Testing Crew.** In the event of drug testing, each of the 10 members of the drug-testing team shall be provided a seat. These seats may be located in the nonplaying participants’ section, an “overflow” media section or an area approved by the NCAA. Members of the drug-testing crew will have a special credential [provided by The Center for Drug Free Sport, Inc. (The Center)] that will admit them to the arena, locker rooms and drug-testing site.
Ice Hockey Committee. Representatives of the ice hockey committee should be issued a credential that gives them total access to the facility.

Professional Hockey Organizations. Representatives of professional hockey organizations will not be provided complimentary tickets or issued working press credentials.

Volunteers. It is not permissible to issue credentials to volunteer workers except for those directly involved in event management.

The NCAA retains the right to withhold any honorarium associated with hosting the championship until it has received all email addresses collected as part of marketing/promoting or selling tickets to the championship.</td>
</tr>

Any email marketing should include opt-in language for receiving more information from the NCAA.

A host institution/conference is permitted to merge any collected email addresses into its own database at the conclusion of the championship. However, a host may not use or create a specific database from email addresses collected as part of its championship hosting obligations.

- Wording like this is unacceptable: “WXYZ offers you a chance to win tickets to the NCAA championship in the WXYZ morning trivia contest.”

**Ticket Donation.** Host institutions/conferences should distribute a mailing to the local parks and recreation department(s) soliciting donations for the purchase of tickets for children who participate in recreational programs.

**Ticket Mailings.** Host institutions/conferences should send ticket information to the following groups:
- Booster club members
- Season ticket holders
- Previous year’s ticket holders of postseason competition, if applicable
- High school coaches in the area
- Local chamber of commerce and merchants
- Host institution’s faculty, staff and students

policies and procedures outlined in this section. Printing expenses are considered permissible games expenses. For on-campus hosts, processing and distribution expenses are also permissible.

2. **Ticket Pricing.** One hundred percent (100%) of the revenues from ticket sales shall be included in the championships receipts to help offset the championship expenses and further revenue sharing opportunities. Revenue from the sale of championship tickets will be exempt from sales, amusement, entertainment taxes and other surcharge obligations to the extent possible. The NCAA is a 501c(3) tax exempt organization. If a tax exemption is not applicable, then all applicable taxes and rates shall be disclosed (disclose in the sport-specific facility questionnaire) and any increases in the tax rates from the time the bid was submitted shall be absorbed by the bid respondent or rebated back to the NCAA.

3. **Control of Ticket Sales.** The NCAA shall control all ticket sales for the championship, assigning specific duties to the LOC/host and competition venue as needed. The NCAA shall not be responsible for securing an exemption to any exclusive contracts the LOC/host, competition venue or surrounding areas/facilities might have, nor will the NCAA be responsible for any buyout or other means necessary to secure such an exemption.

Admittance to the competition venue on game days will be by ticket or NCAA-issued credential only. Every individual, regardless of age, must have a game ticket for admission, unless specified by the NCAA or venue policy. Unless specifically granted an exception, the NCAA requires that the competition venue utilize a ticket scanning system at all general public access points into the competition venue. The host venue system will be used for access control, box office walk-up sales and day of event issue resolution in the box office.

4. **Control of Venue Seating.** The NCAA shall control all seating assignments within the competition venue, including club seating, press boxes, hospitality clubs and restaurants.

The LOC/host or competition venue may not re-sell allotted championship game tickets at any price, nor may enter into a sponsorship agreement or hospitality/travel package agreement with any ticket broker, tour packager or other secondary ticket marketer to provide championship tickets in return for other considerations unless specifically authorized by the NCAA.

5. **Suites.**

a. Subject to NCAA approval, suites not made available to the NCAA or its designees shall remain under the control of the competition venue, but the face value ticket revenue for such suite seats will belong to the NCAA.

b. Suite holders will have the opportunity to purchase tickets for the suite to which they have purchased tenant rights. The venue’s box office staff shall solicit and confirm suite purchases by suite holders. At that time, suites not purchased by suite holders will be made available to the NCAA for additional use/sales opportunities in accordance with the agreed upon financial parameters.

6. **Competition Venue Responsibilities.**

- **Final Ticket Database.** The competition venue’s box office shall send the final ticket database of purchasers to the NCAA at the completion of the event. Please provide both customer and purchase information in an excel file, be sure to include at minimum: First/Last Name, Street
Address, Email Address, and phone number. If easier, please pull an event audit report with corresponding customer and purchase tables, as this would also suffice.

**Ticket Sales**

Given that all members of the general public must have a ticket in order to enter the facility, a minimum number of ticket windows must remain open until the conclusion of the event.

**All-Session Sales.** Except as noted herein, all tickets must be sold as all-session tickets. For the semifinals and final, any unused all-session tickets may be broken and sold as single-session tickets 24 hours prior to faceoff of the first semifinal game. Any modification to the ticket plan must receive prior approval from the NCAA.

**Computerized Tickets.** Computerized ticket agencies may be used for ticket sales only with NCAA approval.

*Ticket-Related Expenses.* If a computerized ticket agency is used, the host may not include costs associated with ticket operations or distribution as games expenses.

**Credit Card Payments.** Credit cards may be accepted as a form of ticket payment, and commissions paid to credit card companies shall be submitted as an expense in the budget.

**Handling Fees.** A maximum handling fee of $2 or $3 per all-session ticket may be charged for mail and telephone orders. Charges shall not be applied to group sales (e.g., participating teams, NCAA corporate partners/champions). The host institution/conference may negotiate with the ticket agency to exclude other groups from the charges. All handling fees shall be reported on the championship financial report and forwarded to the NCAA as a portion of the championship receipts.

**Joint Marketing.** Marketing NCAA tournament tickets as part of a package with a host's regular-season or conference tournament tickets is permitted with prior permission from the NCAA. The sale of NCAA tickets may not be contingent on an individual purchasing regular-season or conference championship tickets made available by the host institution/conference.

**Reporting of Receipts and Expenses.** All service charges and handling charges collected by the ticket agency must be reported as receipts and as expenses on the championship financial report.

**Special Ticket Plans.** Any special ticket plans (e.g., local contributor/sponsorship packages) must be approved in advance by the NCAA national office.

**Service Charges for Box-Office Purchases.** No service charge or handling fee may be charged for box-office purchases.

**SECTION 26 – Transportation**

**Participating Institutions**

The NCAA has contracted with GO Ground to provide ground transportation management for all NCAA team championships. GO Ground will be responsible for securing buses and equipment within each local market. Participating institutions should be instructed to call GO Ground at 866-386-4951 to make arrangements for ground transportation needs. GO Ground will be responsible for communicating the arrangements to each participating institution.
Local Transportation for Teams. The host institution is urged to assist each team in arranging for local transportation (i.e., reserve team buses in advance or provide names and telephone numbers of companies that could be contacted).

Parking
The host institution is responsible for securing complimentary parking at team hotels for team buses and any courtesy vehicles provided, if possible. The competition venue shall provide a designated complimentary parking area for team buses and courtesy cars at the competition venue.

Rental Cars
The NCAA shall pay for the rental of cars for a predetermined number of game officials and the NCAA committee representative(s). The championships staff will make all arrangements directly through Short’s Travel and communicate arrangements to the individuals who have been approved to rent cars.

SECTION 27 – Volunteers

Goal and Recruitment
A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests;
- Answer questions and provide information to visitors;
- Contribute to the general excitement surrounding the championship; and,
- To assist the LOC with championship operations.

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants. The NCAA may request additional volunteers from the LOC as necessary.

Waivers
Each volunteer must sign a waiver of liability before the start of the championship (see Appendixes). If there is a written agreement governing volunteer service, a release component must be added if one does not already exist. After the championship, all waivers shall be collected and kept on file, in case requested.

### THIS TICKET IS A REVOCABLE LICENSE

**USER ACCEPTS RISK OF INJURY**

The ticket purchaser/holder, on behalf of the holder and any minor accompanying the purchaser/holder (individually and collectively, the “Holder”) voluntarily assumes all risk of property loss and personal injury arising during its use and/or during the event for which the ticket is issued. Management may revoke the license and eject or refuse entry to the Holder for violation of these terms and conditions, facility rules, illegal activity or misconduct. Holder may not enter the competition area or other restricted area, or interfere in any way with the play of the contest. Any Holder interfering with the play of the contest may be subject to ejection from the facility. Holder consents to all searches of person or property as a condition of entry and confiscation of prohibited items. Tickets reported as lost or stolen may not be honored and may not be replaced nor the price refunded. This ticket may not be duplicated. Holder may not solicit contributions or distribute literature on the premises. Every person, two years of age and older, must have a ticket to enter the facility. Entry will be at the facility’s discretion, unless proof of age is provided. Those under two must be accompanied by a person with a valid admission ticket. Every person, regardless of age, must have a ticket to enter the facility. Unless specifically authorized in advance by the NCAA, this ticket may not be offered in a commercial promotion or as a prize in a sweepstakes or contest. This ticket may not be sold or resold above face value except in approved instances authorized by the NCAA. Persons selling or reselling tickets in violation of any applicable city, county or state regulations, ordinances or laws may be subject to arrest and prosecution. Persons violating NCAA ticket resale policies may face sanctions including but not limited to loss of future ticket privileges. The NCAA reserves the right to limit or restrict the number of tickets that Holder may purchase or possess. Access to the facility (or substitute facility) by any person other than the original purchaser of this ticket may be denied. If access is denied, no refund of the ticket price will be due. No refunds or exchanges will be permitted. **No re-admittance** **No firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers.** Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions. Holder may not bring alcoholic beverages, bottles, cans or containers, laser pointers, irritants (e.g., artificial noisemakers), video recording devices or strobe lights onto the premises. Promotional items (e.g., shakers, cups, flags, etc.) with commercial slogans or identification also are prohibited. Noncommercial signs, flags or banners that, in the opinion of the NCAA, reflect good sportsmanship, can be held by one individual and do not block the view of other ticket patrons, are permitted. No signs, flags or banners of any size may be affixed to the facility. Holder shall not sell, transmit or aid in transmitting any description, account, picture, recorded transmission, video recording or other reproduction of the contest to which this ticket is issued. Holder expressly grants the NCAA and its licensees the right to use Holder’s image or likeness in connection with any live or recorded transmission or reproduction of such event, for any purpose, including promotional purposes, without further authorization or consideration. The NCAA may choose to relocate the event to another facility, with or without notice, and without liability, to Holder. The NCAA shall not be responsible for punitive, incidental, consequential, or special damages. The Holder of this ticket agrees not to take any action, or cause others to take any action, which would infringe upon the NCAA’s rights. Purchase or use of this ticket constitutes acceptance of these terms and conditions.

Live Video Streaming Rights Requests (early rounds only)

Turner Sports owns the exclusive rights to stream all NCAA Championships. If Turner elects not to exercise its video streaming rights, then certain Third Parties may request permission to video stream select NCAA Championship events. All requests must be made at www.ncaa.com/rights-request

All non-commercial broadcasts will be free of charge and those that have commercials will incur a fee of $1,000 per stream. Please make all streaming requests at least 2 days prior to the start of the requested stream (if possible).
WebStream Sports is responsible for video content and live productions at more than 1,000 events annually. Since 2010, in partnership with Turner Sports and NCAA.com, WebStream has provided championship coverage for hundreds of NCAA events. Its team will work with each host to ensure that live video streams from the championship are high quality and stress free.

**Network Connection**

To deliver a high quality video production, WebStream Sports requires at least 5 Mbps sustained upload speed, with more preferred, dedicated to two wired Internet lines. It is extremely important that the IP network be addressed early in the planning process.

WebStream’s team normally arrives a day or two prior to the event to test network connectivity with Turner Sports. An IT representative from the host should be available to work through any issues.

**Equipment Setup**

The producer and equipment will need to be located within 100’ of the network ports. All equipment can be set on one or two 8’ tables. Please provide four chairs for announcers and production crew.

Our broadcasts generally utilize three to four cameras. The location of cameras varies greatly by sport.

In all cases, the cameras are cabled to the production position. WebStream will work with the host to determine the best camera locations. WebStream will request photos and/or a diagram of the venue. Also, if the institution has streamed events in the past, an idea of where cameras have been located is helpful.

The broadcast equipment requires minimal power. A standard power outlet (dedicated 20 AMP single phase 110V outlet. Non-GFI) will suffice.

If available, an audio feed from the public address system should be provided to the production position on an XLR connector.

**Equipment Receiving/Shipping**

Broadcast equipment will typically be shipped to the site via special courier. The shipment will contain on average 20-22 boxes ranging from cases the size of a laptop to larger boxes up to 100lbs. Once the equipment is set, the host will need to identify a location to store empty boxes that can be locked.

Following the event, WebStream will coordinate pickup of the equipment.

**Crew/Announcers**

Turner Sports provides all necessary equipment for a successful broadcast. The production crew and announcers are secured by WebStream Sports if the host institution already has contacts with local camera operators, a production company or announcers, please pass that information along. WebStream is happy to work with local crews and/or students at host institutions.

**Event Specific Accomodations**

WebStream Sports will make every effort to accommodate video needs host institutions might have. Identifying these needs early in the planning process is important. Please do not hesitate to reach out if you have any questions regarding the NCAA.com championship productions. All live broadcasts can be found on NCAA.com.
