Section 1 • Introduction

During the 2017-18 academic year, the Association will sponsor 90 national championships — 42 for men, 45 for women, and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, five are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the team and/or individual selection process.

Site Selection. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.
Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Sport Science Institute website for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of...
the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

**Section 4.2 Drug Testing**

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Divisions II and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Division I), 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

**Section 4.3 Honesty and Sportsmanship**

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

**Section 4.4 Misconduct/Failure to Adhere to Policies**

**MISCONDUCT**

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

**FAILURE TO ADHERE TO POLICIES AND PROCEDURES**

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere to policies and procedures.

**Section 4.5 Sports Wagering Policy**

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions in which there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests in which there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4.6 Student-Athlete Experience Survey
After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90 Award
The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel
NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online.

Section 7 • Logo Policy
A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Division II

Section 9•1 Division II Philosophy

1. In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members of Division II believe that a well-conducted intercollegiate athletics program, based on sound educational principles and practices, is a proper part of the educational mission of a university or college and that the educational well-being and academic success of the participating student-athlete is of primary concern.

2. Higher education has lasting importance on an individual’s future success. As such, Division II supports the educational mission of college athletics by fostering a balanced approach in which student-athletes learn and develop through their desired academic pursuits, in civic engagement with their communities and in athletics competition. Division II athletics programs also are committed to establishing an inclusive culture in which persons of all backgrounds are respected and given the opportunity to provide input and to participate.
3. Division II members abide by the following principles that help define and distinguish the division:

   a. Division II colleges and universities are expected to operate their athletics programs with integrity and in a welcoming manner that complies with conference and NCAA rules and regulations. Institutional control is a fundamental principle that supports the institution's educational mission and assumes presidential involvement and oversight; *(Adopted: 1/21/17 effective 8/1/17)*

   b. Division II members fund their athletics programs in a manner that aligns with the institution's budget and educational mission. This method of funding features a "partial scholarship" model that allows Division II schools to recognize student-athletes for their skills through athletics-based grants, but student-athletes can accept merit-based aid and academic scholarships as well; *(Adopted: 1/21/17 effective 8/1/17)*

   c. Division II beliefs in a balanced approach that integrates athletics into the college experience and allows students to focus on their academic pursuits and participate in other campus and community activities. This "Life in the Balance" emphasis facilitates learning through: *(Adopted: 1/21/17 effective 8/1/17)*

      1. **Academics.** Division II offers exceptional teacher-student ratios that provide student-athletes with a quality education in the academic curriculum of their choice. The division structures its eligibility requirements to facilitate student-athletes earning their degrees, which is measured in part by an institution's student-athletes graduating at least at the same rate as the institution's student body; *(Adopted: 1/21/17 effective 8/1/17)*

      2. **Athletics.** Division II supports athletics achievement through highly competitive programs that strive to participate in the division's 25 national championships, which offer the best access ratio among the NCAA's three divisions. Division II also supports a regionalization model in scheduling that reduces time away from campus and keeps athletics participation in perspective within the educational mission; *(Adopted: 1/21/17 effective 8/1/17)*

      3. **Community Engagement.** Division II athletics programs actively engage with their communities to enhance relationships between student-athletes and community members and develop a shared civic experience. Division II promotes engagement at the local, conference and national levels, including at all Division II national championships; and *(Adopted: 1/21/17 effective 8/1/17)*

      4. **Post-graduation Success.** Division II supports a higher education model that shapes student-athletes who graduate with the skills and knowledge to be productive citizens. The balanced approach allows student-athletes to focus on their academic pursuits, their internships, and whatever else it takes to prepare them for life after graduation; *(Adopted: 1/21/17 effective 8/1/17)*

   d. Division II members support the utmost in sportsmanship by committing to a "game environment" initiative that establishes an atmosphere at athletics contests that is both energetic and respectful; and *(Adopted: 1/21/17 effective 8/1/17)*

   e. Division II promotes student-athlete involvement in decision-making through campus, conference and national Student-Athlete Advisory Committees that provide leadership opportunities and offer a representative voice in the division's governance structure. *(Adopted: 1/21/17 effective 8/1/17)*

**Section 9•2 Division II Code of Conduct**

**CONDUCT POLICY STATEMENT**

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletics participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship will be issued a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.
MISCONDUCT

The NCAA Division II Manual Bylaw 31.02.3 defines misconduct as: “… any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.”

EXPECTATIONS

Each games committee shall hold a pre-championship meeting with the representatives of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sport committee.

EXPECTATIONS FOR STUDENT-ATHLETES, COACHES AND ADMINISTRATORS

● Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
● Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
● Discuss misconduct and possible consequences with all members of the travel party.
● Have an administrator or designee present at all competitions.
● Communicate issues and concerns in a honest and timely manner with NCAA staff.
● Follow team, university and NCAA guidelines throughout all championship-related activities.
● Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
● Abide by state and federal laws and facility requirements throughout the championship event.
● Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

POSSIBLE PENALTIES FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sport committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice. The penalties include, but are not limited to:

a. Public or private reprimand of the individual;
b. Disqualification of the individual from further participation in the NCAA championship involved;
c. Banishment of the individual from participation in one or more future championships of the sport involved;
d. Cancellation of payment to the institution of the Association’s travel guarantee for the individual involved;
e. Banishment of the institution from participation in one or more future championships in which its team in that sport otherwise would be eligible to participate;
f. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
g. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
h. Financial or other penalties different from (a) through (g) above, but only if they have prior approval of the Championships Committee.

All correspondence regarding a violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.
Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such.

Section 9•3 On-Site Administrator at Team Championships

All team sports require that a designated individual be identified from each institution participating in the championship as the on-site administrator. This person may be any individual from that school with no on-site responsibilities. The role of the on-site administrator is to be present at the competition site and attend all events that are mandated for the team (e.g., travel from institution to and from the championship site, teleconferences, pre-championship meetings, practices, competition and community engagement, where applicable).

If no one is sent or identified, the site representative is to notify the NCAA championship manager and Division II Championships Committee liaison to administer a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president/chancellor, university director of athletics, senior woman administrator, sports information director and the compliance director. The NCAA championship manager will administer the fine and letter of reprimand to the institution(s).

Section 9•4 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office prior to September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Revised: 1/12/99, 1/8/01, 1/9/01)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

**PRACTICES**

Practice access to all designated host-site fields is limited to the day before and the day of competition, weather permitting. If this is not possible, a practice field will be available to both teams the day before the game.

All practices held the day before games will be closed to all but credentialed media and credentialed participants. Only the 24 playing members of the official party are permitted to participate in practices. Student-athletes outside the official party are permitted to stand on the sideline but cannot be dressed in uniform or practice.

All first-round and second-round teams will receive a 90-minute practice on the day before the first-round game. The team receiving a bye in the first round will be given a 90-minute practice before or after the first-round game. The host institution, with approval from the NCAA, will determine the practice times, and the team traveling the farthest away will have the first choice on times, followed by the second visiting team. The host must use designated practice time that is still remaining. Teams are limited to the time that they are scheduled. The host institution is required to provide one set of goal cages for each team on the practice field and is urged to provide two (and creases, if possible).

No shootaround will be permitted, with the exception of championship game day.

**TRAVEL PARTY**

The official travel party is 30 individuals. This includes a squad of 24 student-athletes in uniform. In addition, the bench size is 38. Medical credentialed staff must be included in the bench number.

**Section 2•2 Results**

For preliminary competition, please specify the division, sport, region, date of competition, round and official result(s) (including any overtimes, etc.). For championship finals competition sites, please specify division, sport, round, date, official results, photos and provide a brief game summary.
Host institutions and sponsoring agencies should use the following method to report:

All host sites should use Stat Crew programs to submit statistics for the contests. At the end of each game or day of competition, a packed file from each regional/championship contest must be sent to ncaastats@ncaa.org and Lauren McLaughlin (lmclaughlin@ncaa.org) at the NCAA national office. These files should be sent immediately following each contest or day of competition. If you have any questions, please do not hesitate to contact Lauren McLaughlin (lmclaughlin@ncaa.org or 317-917-6889). Please ensure stat pack used is specific to women’s lacrosse.

REGIONAL RANKINGS

The Division II women’s lacrosse regional advisory committees will release regional rankings on the following dates:

- April 18
- April 25
- May 2

SCORE REPORTING

The score-reporting and stats-reporting processes are now combined for Division II women’s lacrosse. Schools will submit all schedule and results information to the NCAA statistics site (http://web1.ncaa.org/stats/StatsSrv/login), and this information will then be imported into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media services staff. For questions regarding the reporting process, please contact Lauren McLaughlin at (lmclaughlin@ncaa.org or 317-917-6889).

Any institution or conference interested in hosting a preliminary round of the 2018 NCAA Division II Women's Lacrosse Championship must submit a proposed budget, facility evaluation form, preliminary round form, key contacts form and video board questionnaire (if applicable) to be considered to host. A separate proposed budget and key contacts form must be submitted for each round that an institution or conference is interested in hosting.

Note: The proposed budget form has changed slightly to allow us to collect more detailed information when relevant. The form is now an expandable/collapsible tree format with the ability to upload supporting documents. Please note the unbudgeted expenditures section has been removed in the new budget form. As part of the bid, prospective hosts must enter a budgeted amount for the following items that previously were considered unbudgeted expenditures:

- Committee/site representative lodging
- Game officials lodging

Game officials will be reimbursed via the RefPay system for their game fee, per diem, mileage and luggage fees. Hosts will no longer pay these fees. Mileage is only for drivers and is not available for those who are carpooling.

For both the game officials and committee/site representatives, hosts will pay for their lodging expenses and be reimbursed by the NCAA.

POLICIES AND SELECTION OF OFFICIALS

All officials for NCAA Division II postseason games shall be appointed by the Division II Women’s Lacrosse Committee in conjunction with the NCAA national coordinator for officials. Any committee member whose team is selected to the championship will be recused from the process.

A sports committee or games committee may not require membership in any specific officials’ association as a prerequisite for selection to officiate in an NCAA meet or tournament. Officials shall adhere to the Association’s policies relating to gambling activities, drugs and alcohol and must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.

REQUIREMENTS

All officials assigned to an NCAA postseason tournament game:

1. Must register on the Arbiter Central Hub;
2. Must annually attend an NCAA rules interpretation session;
3. Score a 90 percent or higher on the annual rules test;
4. Must undergo evaluations through the NCAA national coordinator of officials and assignors; and
5. Referee a minimum of six NCAA contests during the current lacrosse season.

An official will not be assigned to a game if it involves an institution he or she attended, was or is an employee of, or if his or her spouse/partner or relatives have any of these affiliations.

ASSIGNMENTS

Three field officials and one alternate official will be assigned to all games.
