

STRATEGIC ACTION PLAN

Use this worksheet to plan next steps and identify potential campus collaborators and how you will engage with them.

Consider these questions as you plan your outreach:

- How can you find out about evidence-based strategies to address substance abuse and sexual assault?
- What other student groups on campus face similar issues as student-athletes?
- What types of substance-free events are being offered through your campus activities office?
- Who are “responsible employees” on your campus according to the Campus SaVE Act?
- If a student shares with you that he or she has been sexually assaulted:
 - » What are your next steps?
 - » Who can you refer them to (with or without his or her permission)?
