PROPOSED RULE CHANGES

Would you be in favor of the following proposed rule changes:

1. Only permitting substitutions before the first of two or three free throws and after the last free throw when it is successful (no substitutions between free throws unless required by rule)?

Rationale: To increase pace of play by not interrupting the administration of free throws.

2. Changing the definition of team-control foul to only include when a teammate of a player who is holding or dribbling the ball or when a pass between teammates is in flight, commits a personal foul? Fouls committed when the ball is loose due to a fumble, interrupted dribble or defensive deflection would merit free throws when the bonus is in effect.

Rationale: To increase consistency in the adjudication of fouls when team control may be in question.

3. Changing the definition of team-control foul to only include when a teammate of a player who is holding or dribbling the ball commits a personal foul? Fouls committed when the ball is loose due to a fumble, interrupted dribble, defensive deflection, or when a pass between teammates is in flight would merit free throws when the bonus is in effect.

Rationale: To aid officials in determining whether a foul by the team in control would result in free throws.
