

Clarifications and Interpretations

By Newt Engle, Secretary-Rules Interpreter, Rifle Rules Committee

August 31, 2017

Question: May an athlete have one shooting jacket for 3P and another jacket for air rifle?

Discussion/Answer: No. One jacket and one pair of shooting trousers permitted for all rifle events.

Applicable rule:

7.5.1.2	Only one (1) shooting jacket and only one (1) pair of shooting trousers may be used by each athlete in all Rifle events in any ISSF Championship. All rifle shooting jackets and shooting trousers must have a seal with a unique serial number issued by ISSF Equipment Control and registered in an ISSF database. Athletes with jackets or trousers that do not have a seal must bring them to Equipment Control to have a seal attached and registered in the ISSF database. Only one jacket and one trouser may be registered to each athlete. Athletes with more than one jacket or trousers with ISSF seals must inform the ISSF Equipment Control which item will be used in future competitions and only one seal per item will remain. Athletes that change jackets or trousers or any with no seal (new or changed) must bring them to Equipment Control to obtain a seal and retire the previous seal (6.7.7.1.f). When an athlete is selected for post-competition testing, the test must confirm that the seal number registered to that athlete was the seal number on the clothing used by that athlete.
