NCAA, NCAA logo and NATIONAL COLLEGIATE ATHLETIC ASSOCIATION are
registered marks of the Association and use in any manner is prohibited unless
prior approval is obtained from the Association.
Section 1 • Introduction

During the 2017-18 academic year, the Association will sponsor 90 national championships — 42 for men, 45 for women, and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, five are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Pre-Championship Manual. Resource for institutions to prepare for the championship.
Administrative Meeting. Pre-championship meeting for coaches and/or administrators.
Appendixes. Any supplemental documents to be provided and distributed through the various resources.
Championship Manager(s). The NCAA staff member(s) responsible for the operational oversight of the championship.
Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA national committee.
NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.
Non-predetermined Sites. Those sites that are selected to host at the time of the participant/team selections announcement.
Playing Rules. The rules under which the competition will be conducted.
Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.
Preliminary Rounds. The rounds of the championship before the final or championship round.
Regional Alignment. The geographic location of institutions or regional advisory committees.
Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).
Selection Criteria. Policies and procedures in place to guide the team and/or individual selection process.
Site Selection. Policies and procedures in place to guide the site selection process.
Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.
Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.
Executing championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.
Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.
Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.
Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Sport Science Institute website for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of
the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship
that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the
bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be
ineligible to participate.

Section 4.2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Division I Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Divisions
II and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4
(Division I), 18.4.1.5 (Divisions II and III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-
athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-
athletes who are tested shall remain eligible only if they test negative.

Section 4.3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics
and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics
as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally
recognized high standards associated with wholesome competitive sports.

Section 4.4 Misconduct/Failure to Adhere to Policies

MISCONDUCT
Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach
of law, occurring from the time the championship field is announced through the end of the championship, that discredits the
event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of
participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES
A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to
adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to,
failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-
in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see
the full misconduct/failure to adhere to policies and procedures.

Section 4.5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on
the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or
contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports
wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry
fee is required and there is an opportunity to win a prize.

The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or
professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in
emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in
exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions in which there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests in which there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Section 4•6 Student-Athlete Experience Survey
After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90 Award
The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel
NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online.

Section 7 • Logo Policy
[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics
equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2¼ square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Division II

Section 9•1 Division II Philosophy

1. In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members of Division II believe that a well-conducted intercollegiate athletics program, based on sound educational principles and practices, is a proper part of the educational mission of a university or college and that the educational well-being and academic success of the participating student-athlete is of primary concern.

2. Higher education has lasting importance on an individual's future success. As such, Division II supports the educational mission of college athletics by fostering a balanced approach in which student-athletes learn and develop through their desired academic pursuits, in civic engagement with their communities and in athletics competition. Division II athletics programs also are committed to establishing an inclusive culture in which persons of all backgrounds are respected and given the opportunity to provide input and to participate.
3. Division II members abide by the following principles that help define and distinguish the division:

   a. Division II colleges and universities are expected to operate their athletics programs with integrity and in a welcoming manner that complies with conference and NCAA rules and regulations. Institutional control is a fundamental principle that supports the institution’s educational mission and assumes presidential involvement and oversight; (Adopted: 1/21/17 effective 8/1/17)

   b. Division II members fund their athletics programs in a manner that aligns with the institution’s budget and educational mission. This method of funding features a “partial scholarship” model that allows Division II schools to recognize student-athletes for their skills through athletics-based grants, but student-athletes can accept merit-based aid and academic scholarships as well; (Adopted: 1/21/17 effective 8/1/17)

   c. Division II believes in a balanced approach that integrates athletics into the college experience and allows students to focus on their academic pursuits and participate in other campus and community activities. This “Life in the Balance” emphasis facilitates learning through: (Adopted: 1/21/17 effective 8/1/17)

      (1) **Academics.** Division II offers exceptional teacher-student ratios that provide student-athletes with a quality education in the academic curriculum of their choice. The division structures its eligibility requirements to facilitate student-athletes earning their degrees, which is measured in part by an institution’s student-athletes graduating at least at the same rate as the institution’s student body; (Adopted: 1/21/17 effective 8/1/17)

      (2) **Athletics.** Division II supports athletics achievement through highly competitive programs that strive to participate in the division’s 25 national championships, which offer the best access ratio among the NCAA’s three divisions. Division II also supports a regionalization model in scheduling that reduces time away from campus and keeps athletics participation in perspective within the educational mission; (Adopted: 1/21/17 effective 8/1/17)

      (3) **Community Engagement.** Division II athletics programs actively engage with their communities to enhance relationships between student-athletes and community members and develop a shared civic experience. Division II promotes engagement at the local, conference and national levels, including at all Division II national championships; and (Adopted: 1/21/17 effective 8/1/17)

      (4) **Post-graduation Success.** Division II supports a higher education model that shapes student-athletes who graduate with the skills and knowledge to be productive citizens. The balanced approach allows student-athletes to focus on their academic pursuits, their internships, and whatever else it takes to prepare them for life after graduation; (Adopted: 1/21/17 effective 8/1/17)

   d. Division II members support the utmost in sportsmanship by committing to a “game environment” initiative that establishes an atmosphere at athletics contests that is both energetic and respectful; and (Adopted: 1/21/17 effective 8/1/17)

   e. Division II promotes student-athlete involvement in decision-making through campus, conference and national Student-Athlete Advisory Committees that provide leadership opportunities and offer a representative voice in the division’s governance structure. (Adopted: 1/21/17 effective 8/1/17)

**Section 9.2 Division II Code of Conduct**

**CONDUCT POLICY STATEMENT**

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletics participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championship will be issued a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.
MISCONDUCT

The NCAA Division II Manual Bylaw 31.02.3 defines misconduct as: “... any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.”

EXPECTATIONS

Each games committee shall hold a pre-championship meeting with the representatives of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sport committee.

EXPECTATIONS FOR STUDENT-ATHLETES, COACHES AND ADMINISTRATORS

- Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in a honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

POSSIBLE PENALTIES FOR MISCONDUCT

In accordance with Bylaw 31.1.8.3, the governing sport committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice. The penalties include, but are not limited to:

a. Public or private reprimand of the individual;

b. Disqualification of the individual from further participation in the NCAA championship involved;

c. Banishment of the individual from participation in one or more future championships of the sport involved;

d. Cancellation of payment to the institution of the Association’s travel guarantee for the individual involved;

e. Banishment of the institution from participation in one or more future championships in which its team in that sport otherwise would be eligible to participate;

f. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;

g. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and

h. Financial or other penalties different from (a) through (g) above, but only if they have prior approval of the Championships Committee.

All correspondence regarding a violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.
Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such.

Section 9.3 On-Site Administrator at Team Championships

All team sports require that a designated individual be identified from each institution participating in the championship as the on-site administrator. This person may be any individual from that school with no on-site responsibilities. The role of the on-site administrator is to be present at the competition site and attend all events that are mandated for the team (e.g., travel from institution to and from the championship site, teleconferences, pre-championship meetings, practices, competition and community engagement, where applicable).

If no one is sent or identified, the site representative is to notify the NCAA championship manager and Division II Championships Committee liaison to administer a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president/chancellor, university director of athletics, senior woman administrator, sports information director and the compliance director. The NCAA championship manager will administer the fine and letter of reprimand to the institution(s).

Section 9.4 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office prior to September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Revised: 1/12/99, 1/8/01, 1/9/01)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the athlete shall compete on Sunday if required by the schedule).

Section 1.5 Division II Code of Conduct

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should manifest not only in athletic participation but also in the broad spectrum of activities associated with the championship events. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and misconduct incident to the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form before the start of the first competition of the championships will be issued a fine of $500, with a private letter of reprimand to be sent to the conference commissioner, university president, university athletics director, senior woman administrator, sports information director and compliance director.

Misconduct

The pre-championships manual and NCAA Division II Manual Bylaw 31.02.3 define misconduct as: “... any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.”

Expectations

Each games committee shall hold an administrative meeting before the start of the championship with the coaches of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.3). The Division II Championships Code of Conduct is to be part of the championship packet, and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day’s competition, during a break in the continuity of the championship (e.g., between rounds of a basketball
tournament), or when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sports committee.

**Expectations for Student-Athletes, Coaches and Administrators**
- Submit an accurate and complete Division II Code of Conduct Form before the start of the first competition of the championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.
- Discuss misconduct and possible consequences with all members of the travel party.
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in an honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

**Possible Penalties for Misconduct**
In accordance with Bylaw 31.1.8.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the championship event. The penalties include but are not limited to:
- Public or private reprimand of the individual.
- Financial penalty.
- Disqualification of the individual from further participation in the NCAA championship involved and/or banishment of the individual from participating in one or more subsequent championships of the sport involved.
- Cancellation of payment of the Association’s travel guarantee to the institution for the individuals involved.
- Withholding of all or a portion of the institution’s share of revenue distribution.
- Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate.
- Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships.
- Cancellation of all or a portion of the honorarium for hosting an NCAA championship.

All correspondence regarding violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.

Participation in an NCAA championship is an accomplishment and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such. Again, congratulations to you and your team. We hope this year’s championship experience is one that you will cherish for years to come.

Section 1•7  Equipment

Wilson is the official ball of the NCAA tennis championships and will be used during all rounds of competition. Balls will be shipped directly to the tournament directors at each site immediately after the selection announcement.

During competition, four balls per doubles match and one new can for each set of singles will be provided. Practice balls must be provided by the competing teams or individuals.

Section 1•8  Rules

[Reference: Bylaws 17.30 and 31.1.6 in the NCAA Manual.] Per Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization.

The United States Tennis Association and Intercollegiate Tennis Association rules will be followed, unless superseded by modifications adopted by the NCAA Division II Men’s and Women’s Tennis Committee. The committee has adopted the following modifications:

1. Changes in the lineup for reasons other than injury or illness must be requested 30 minutes before the scheduled start of the match to the chair of the games committee. The games committee has the right to review and, if necessary, overrule a coach’s decision regarding a lineup change, based on the ability of the players and the matches during the season.

2. The ITA carry-over rules will be in effect for the entire championships period (both team and individual). Penalties may be carried over to the institution’s next match. The ITA carry-over rule will commence with the preliminary-round tournaments. Penalties may be carried over from preliminary-round sites to the institution’s or individual’s next match at the finals site.

Section 2•1 Determination of Championships Participation

CERTIFICATION OF ELIGIBILITY/AVAILABILITY
[Reference: Certification of Eligibility/Availability in the Division II General Section and Bylaws 31.2.1.7 and 3.2.4 in the NCAA Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 3.2.4, member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

The penalties for using an ineligible student-athlete during the 2017-18 season are as follows:

CHAMPIONSHIP FORMAT

The championships shall consist of team-only championships. Tournaments shall be conducted according to the formats approved by the committee. All matches shall be played outdoors, weather permitting, as determined by the head referee and games committee.

The team championships shall comprise a maximum of 48 teams per gender. The teams will play a single-elimination tournament at 16 (men and women) regional sites (two to five teams at each site) and the finals site (16-team bracket) to determine the national champion. The matches shall be regulation dual matches (three eight-game, pro-set doubles played for one team point each, followed by six singles matches, each valued at one team point, played best-of-three sets). Regular scoring and a 12-point tiebreaker at eight-games-all in doubles and at six-games-all in singles will be used.

Preliminary-round matches may be completed after a team winner is determined if both head coaches agree and games committee approval is obtained. The games committee reserves the right to stop a match in the best interest of the administration of the tournament. If the aforementioned information is not met, the match is deemed finished once one team reaches five points. Finals matches shall not be completed after a winner is determined.

The championships will use the following schedule of competition:

*In the event of severe inclement weather, the tennis committee reserves the right to alter match formats in order to conduct and complete the championships (i.e., warm-ups, scoring format, match times, no-ad scoring, third set super tiebreak). Match times will take precedence over practice time.

TRAVEL PARTY

[Reference: Per Diem and Transportation in the Division II General Section and Bylaw 31.1.5 in the NCAA Manual.]

Transportation reimbursement and per diem will be provided for the official travel party of eight student-athletes and one additional non-athlete for each institution represented. *Institutions may compete with nine players; however, the additional player will NOT receive travel reimbursement or per diem.*

Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies are located on the NCAA website at http://www.ncaa.org/championships/travel/championships-travel-information.

LODGING

The tournament director of the host site will provide hotel information to participating teams. All teams must stay at the designated hotel unless you receive a written release from the hotel manager. Otherwise, you will be financially responsible for the rooms.

RESULTS

The official results of all championships competition, including preliminary-round regional tournaments, are to be filed with Roberta Page at the NCAA national office (rpage@ncaa.org). The sports information director of the host institution is responsible for forwarding the above official results of all championships competition immediately after the competition.

SCORE REPORTING

The NCAA is requiring institutions to enter schedules and results on the NCAA statistics site (http://web1.ncaa.org/stats/StatsSrV/login) for eligibility into the national championships. The NCAA requires only team scores to be entered.

**Section 2•2 Selection Information**

ENTRY/LINEUP PROCEDURES

Entry/Lineup Form

All institutions interested in entering a team must submit an entry/lineup form via the NCAA website for the respective national championship. This form must be received by 3 p.m. Eastern time on April 25.

The entry/lineup form will serve as notification of an institution’s willingness to participate in preliminary-round competition. Failure to complete the form is subject to an institution penalty of $400.

LINEUPS/REPLACEMENTS/ALTERNATES

The lineup must consist of at least four players present and physically capable of competing. The lineup shall always be based on order of ability. The committee will review all lineups for consistency and order of strength during the course of the season. Institutions that have modified their lineups to gain a competitive advantage as determined by the committee will be subject to Bylaw 31.1.9 (failure to adhere to policies and procedures).

Lineups for the 48 teams selected to the men’s and women’s tennis championships will be posted once all lineups are received on April 25. Challenges to the lineups must be made by 3 p.m. Eastern time April 26. Anyone submitting a challenge to a lineup must submit an official Challenge Declaration Form, which is available on the NCAA website. All challenges must provide written rationale. An institution whose lineup has been challenged has the opportunity to rebut before the committee makes a final decision regarding the challenge (one doubles team must have a history, as would a singles player; the
committee will consider two conference tournament matches or four regular matches as a definition of history; if a player/doubles team does not possess match history, they can only be inserted at the bottom of the lineup. Only student-athletes listed on the lineup form are eligible to compete).

In the event an institution’s lineup is overturned, the committee will impose a fine of $400. The lineup shall be the same for the remainder of the championships, except in case of injury, illness or extenuating circumstances (as determined by the coach, to be approved by the games committee).

If the change in lineup is approved, each player or team shall move up one place in the lineup based on order of ability. Head coaches are required to inform the referee of any changes in the lineups. The games committee has the right to review and, if necessary, overrule a coach’s decision regarding a lineup change based on the ability of the players and the matches during the last half of the season.

Substitution
Once lineups are approved, they shall remain the same for the remainder of the championships. If a player is removed from a lineup for singles competition due to injury, illness or extenuating circumstances, the entire lineup below the affected player shall be moved up one spot while remaining in sequential order. Further, if a player is removed from a doubles lineup due to injury, illness or extenuating circumstances, he or she shall be directly substituted with a reserve player. Doubles pairings shall not be reshuffled after lineups have been submitted for championships play.

SEEDING
The host site for preliminary-round competition will be determined by the NCAA Division II Men’s and Women’s Tennis Committee. Priority is given to the two top seeded teams, provided the minimum site selection criteria is met.

The draw for preliminary-rounds will consist of single elimination intra-regional competition. The two committee-selected sites for each region will host the remaining seeds which are determined and distributed by the NCAA selection committee. The winner of each regional site will advance to the round of 16.

Following preliminary-rounds, the committee will seed the top four teams (25 percent) and conduct a blind draw for the remaining 12 teams advancing to the round of 16.

In the three- to four-team preliminary-round tournaments, matches will take place over two days: either Saturday-Sunday, April 28-29 (Women); or Monday-Tuesday, April 30-May 1 (Men). In the two-team tournaments, a single match will be contested to determine the team that will advance to the national championships. The committee reserves the right to set match times, if necessary. (See Appendix A for tournament brackets.)

PARTICIPATION PROCEDURES
Teams from institutions that have failed to adhere to the entry/lineup and result-reporting procedures outlined in this handbook may not be considered for selection to the championships.

Men
A maximum of 48 teams will play a single-elimination tournament at 16 preliminary-round tournaments to determine the 16-team field. There will be 16 conferences that will receive automatic qualification. The remaining 32 teams will be selected on an at-large basis. Each of the following regions will conduct two preliminary-round tournaments: Atlantic, Central, East, Midwest, South, South Central, Southeast and West.

For the 2018 championship, bid allocations are as follows:

<table>
<thead>
<tr>

Two teams will advance to the finals site from each region.
The committee will consider only team results in collegiate play from Sept. 1, 2017 (or the first day of classes at the institution, whichever is earlier), through April 22, 2018. Any results from matches conducted after score-reporting information has been submitted must be reported to the regional chair via telephone or email on or before April 22, 2018.

**Women**

A maximum of 48 teams will play a single-elimination tournament at 16 preliminary-round tournaments to determine the 16-team field. There will be 21 conferences that will receive automatic qualification. The remaining 27 teams will be selected on an at-large basis. Each of the following regions will conduct two preliminary-round tournaments: Atlantic, Central, East, Midwest, South, South Central, Southeast and West.

**Section 2.3 Selection Criteria**

[Reference: Bylaws 31.01.2, 31.01.3, 31.02.4 and 31.3 in the NCAA Manual.]

**SELECTION REQUIREMENTS**

To be considered during the at-large selection process, a team must have an overall Division II won-lost record of .500 or better and at least four available competing student-athletes.
Bylaw 31.3.3.1 – Countable Competition

For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of four-year, degree-granting institutions located in Canada and the United States, its territories or possessions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

SELECTION CRITERIA

The following required criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition [Bylaw 31.3.3; Criteria for Selection of Participants]:

Required Criteria

- Availability of student-athletes for NCAA championships.
- Application of nullification.
- In-region winning percentage.
- Division II winning percentage.
- Division II strength of schedule (opponents’ average winning percentage and opponents’ opponents’ average winning percentage). See Appendix D for an explanation.
- Division II head-to-head competition.
- Results versus Division II common opponents.

In addition to Bylaw 31.3.3, the NCAA Division II Men’s and Women’s Tennis Committee has received approval from the Division II Championships Committee to consider the following sport-specific criteria in the selection of at-large teams for the NCAA Division II Men’s and Women’s Tennis Championships (not necessarily in priority order):

Sport-Specific Criteria

- In-region strength of schedule (opponents’ average winning percentage and opponents’ opponents’ average winning percentage). See Appendix D for an explanation.
- Results versus common opponents.

Additionally, input is provided by regional advisory committees for consideration by the NCAA Division II Men’s and Women’s Tennis Committee. Division II sports committees are no longer required to conduct a follow-up call with all respective regional advisory committee members in a given region before making a final decision during the selection call. The national committee must notify the respective regional advisory committee members of the changes before public release. Notification may be sent via email. Coaches’ polls and/or any other outside polls or rankings are not used by the tennis committee for selection purposes.

Section 2•4 Site Selection

Any institution interested in hosting preliminary-round competition of the 2018 championships must submit a proposed budget, respond to sport-specific questions (if applicable) and ensure that the institution’s key contacts and facility information are complete and current in the Championships Bid and Profile System. Please note that in order to submit a bid, you must first locate the desired championship in the “Championships Available for Bidding” section and select “Start Bid.”

The deadline to submit all materials for hosting preliminary rounds is Friday, April 20.

FINAL FINANCIAL REPORT

[Reference: Bylaw 31.4 in the NCAA Manual.]

A final financial report from each championship site must be submitted via the online host reporting system to the NCAA not later than 60 days after the competition.

CONTACT INFORMATION

If you have any questions regarding the bid process, please contact the NCAA Championships and Alliances staff at 317-917-6397 or championshipbid@ncaa.org.
CHAMPIONSHIPS BID AND PROFILE SYSTEM

The Championships Bid and Profile System can be accessed at championships.ncaa.org. The deadline to submit all bid materials is Friday, April 20.

In addition to projected ticket sales (if applicable) and game expenses, prospective hosts should include the following when completing a proposed budget:

- Committee lodging.
- Game officials’ lodging and game fees.
- State and city taxes/fees.
- Ticket and facility fees.

Committees’ per diem, mileage and luggage fees will be paid by the NCAA, not the host institution.

Appendix D • OWP and OOWP Calculation

Opponents’ Average Winning Percentage (OWP) and Opponents’ Opponents’ Average Winning Percentage (OOWP) Calculation Explanation

**Opponents’ Average Winning Percentage (OWP).** Take each opponent’s regular won-lost percentage against other Division II teams (excluding the results against the team in question) and average the percentages.

**To Calculate.** Team A Schedule is as follows:

<table>
<thead>
<tr>
<th>Opponent</th>
<th>Record vs. Team A</th>
<th>Revised Record</th>
<th>Revised W-L Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Team B</td>
<td>21-7</td>
<td>0-1</td>
<td>21-6</td>
</tr>
<tr>
<td>Team C</td>
<td>11-15</td>
<td>0-1</td>
<td>11-14</td>
</tr>
<tr>
<td>Team D</td>
<td>7-20</td>
<td>0-1</td>
<td>7-19</td>
</tr>
<tr>
<td>Team E</td>
<td>13-13</td>
<td>0-1</td>
<td>13-12</td>
</tr>
<tr>
<td>Team F</td>
<td>23-6</td>
<td>1-0</td>
<td>22-6</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td></td>
<td>74-56 (.5692)</td>
</tr>
</tbody>
</table>

**Team A’s Opponents’ Average Winning Percentage = .5585**

**Opponents’ Opponents’ Average Winning Percentage (OOWP).** The strength of each opponents’ schedule is measured by computing the opponents’ winning percentage for each opponent, then averaging the percentages. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

**To Calculate.** Take Team B, C, D, E and F schedules and perform the same calculation as above (OWP). It is important to note that the OOWP will support the OWP (i.e., if Teams A and B have the same OWP of .5692, Team A has a OOWP of .6125 and Team B has a OOWP of .4567, it would indicate Team A has the stronger strength of schedule).
