

League Revenue

NCAA certification legislation prohibits a certified league involving currently enrolled Division I student-athletes from:

1. admission fees for games;
2. raffles or similar activities;
3. live television or radio broadcasts; or
4. parking fees to attend games.

If you intend to receive revenue by any of these means, this activity will not be eligible for league certification and Division I student-athletes will not be permitted to participate.

Note: It is a violation of NCAA legislation to sell videotape of league games in which Division I student-athletes are participating.

If revenue is made by an NCAA-certified league by one of the identified means, current or future certification of the league may be affected. See: [Warning - Division I Student-Athlete Rendered Ineligible](#)
