2. Nonlegislative Items.

- **NCAA Academic Performance Census Deadline.** The NCAA Division II Academic Requirements Committee reviewed an update on the new NCAA Academic Portal. Due to technical issues with the new Portal, the committee considered extending the Academic Performance Census data deadline to minimize the impact on the Division II membership. The committee agreed to extend the Academic Performance Census deadline to July 1, 2017, for the 2016-17 academic year only. In addition, the Portal will open for Division II users not later than February 1, 2017. This gives users approximately 21 weeks to submit their data, including part of summer break.
