

NCAA RESULTS REPORTING

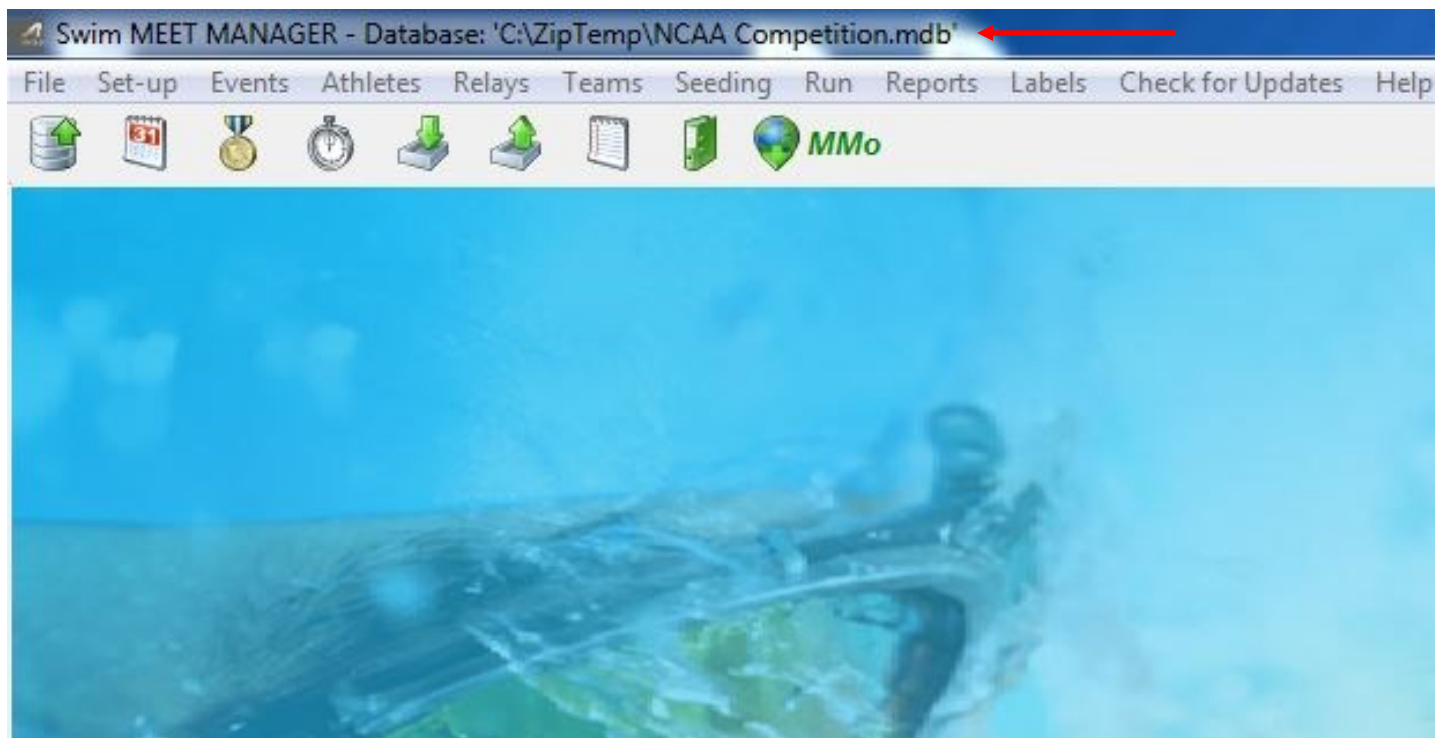

It is the responsibility of the host and/or the head coach from each competing institution to submit competition results within 72 hours after the meet ends.

Please allow USA Swimming up to 72 hours to upload results. If you do not see your team's times on the NCAA times searches within 72 hours of sending the results, please reach out to ncaa@usaswimming.org.

The times appearing on the NCAA times searches are considered official and eligible for entry to the NCAA Championships.

*** These directions only apply to Meet Manager version 2.0 and higher. We **cannot** upload meet backup files, PDFs, .html files, or results files from Team Manager.
