

RSRO – Secondary/Level III Violations – Conference Edit Feature

STOP CAUTION:
If a conference rejects the e-sign and institution has not e-signed yet, the case can be unsubmitted by the institution as it is still pending institutional e-sign.

However, if a conference rejects the e-sign after institution has e-signed, the case is no longer pending e-signatures. In this scenario, the institution should contact NCAA to have the case moved from a "Rejected" status.
